The Man Who Baptized Raila

FINALLY DR. OWUOR REVEALS
DEEPER ON THIS HISTORIC EVENT

EXCLUSIVE INTERVIEW

HOW HE LED THE PRIME MINISTER TO THE LORD

He has stood out with a rare stature that in most cases has intimidated, especially within the religious circles of this land. While his entry into the Kenyan scene may have seemed quiet and unnoticed, one however cannot have the privilege of saying the same about his stern *dialogue* with the nation. It is the manner of his relentless pursuit of *reformation* in the land, that actually shifted the spiritual landscape of Kenya. In that way, it is no wonder he has made more enemies than friends across the church leadership in this country. This is none other than Dr. Owuor, the scientist-turned *world-renown* preacher whose prophecies had initially caused a serious stir across the nation. At first glance, what would immediately strike one, is his presentation that does match that of a fire-brand *maverick*, whose hardline message is virtually unalterable. Within the backdrop of all this mystery surrounding his message, Dr. Owuor is as a matter of fact, transforming historic multitudes in their millions, with the humble calvary message of *repentance* and the return to *holiness*. What

AFTER HIS HISTORIC BAPTISM BY DR. OWUOR.

becomes particularly even more captivating about him, is the fact that the majority of local preachers who had earlier on attempted to write him

THE DAY THE PRIME MINISTER WENT TO RECEIVE THE LORD

off as a ‘*doomsday prophet*’, have most recently made a turn-around when his prophecies were actually fulfilled in our time. Coupled with the tremendous *healing miracles* and the stunning *signs and wonders* that characterize his meetings, this man has, as a matter of fact, now become the biggest evangelist of this age. The accurate fulfilment of his prophecies has today turned Dr. Owuor’s meetings into phenomenal gatherings of historic proportions where record millions literally gather in one place. Principal belief has it that, it is the sheer magnitude of his gatherings that has finally drawn the attention of political leaders to this man. This comes as a surprise since most clergy had earlier on tried to discourage their flock from embracing Dr. Owuor’s heavy denunciation of sin and the gospel of ‘*sow a seed and receive your miracle*’. It is this particular failure of the men of the collar to dissuade their flock from listening to Dr. Owuor, that ultimately turned around and utterly exposed the decay engraved within the corrupt gospel of prosperity. As goes the old saying: *knowledge is power*, so have now many believers been driven to discontent with the *status-quo* that had prevailed in the church. That Dr. Owuor’s message of *repentance* is increasingly making great *in-roads* and gaining popularity, can today be attested by the majority of believers who now openly shun the deceitful gospel of prosperity. It is this man that has most recently stunned the country and he led the honourable Prime Minister of the Republic of Kenya to the LORD Jesus.

WHEN RAILA ARRIVED AT THE HISTORIC MEETING

The truth is that no one single person seemed to have the slightest hint on how the events of that historic March 28th 2009 would unfold. Nonetheless, by 10:00am that morning, there

already was a great and unique sense of expectation and generalized euphoria that animated across the tremendous humanity of millions

such an acute problem as many motorists could not get into the parking lot causing them to park as way back as the Nakuru Provincial General Hospital. That the Prime Minister was indeed coming to the meeting, could be seen from the provincial administration who were crisscrossing the meeting grounds as they lay the red carpet and put the security protocol in place.

The Grand Arrival

Immediately on their arrival aboard a private chopper, the PM over flew the venue once, and as though he could not believe what his eyes were seeing from above, he made a second *fly-past* just to confirm of the humongous humanity that had gathered at the showground. It is then that he landed at Nakuru Sports Club grounds. But, that two-time *fly-past* had its own share on the event as it sent the entire multitude that had gathered, into an immense over-explosion of *euphoria*. Even most remarkable was that the Prime Minister waved a white handkerchief above them from the chopper, in a language that could only mean *peace, blessings*,

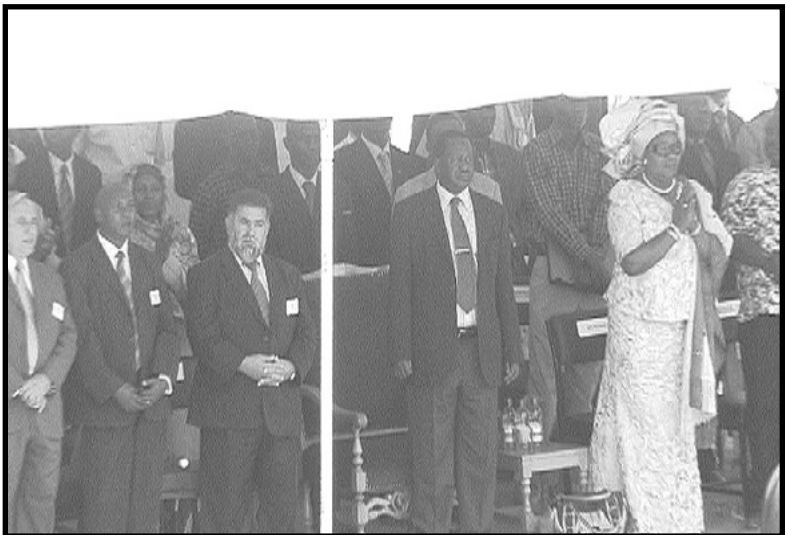

momentum of the event had been set prior by the national radios that kept announcing at regular interludes, of the fact that the Prime Minister of the Republic of Kenya, Right Hon. Raila Amollo Odinga would appear in person to attend the historic repentance meeting convened by Dr. Owuor. What was most astonishing of that meeting is that bus-loads of people began arriving at the showground, in their record numbers by Thursday evening. For a meeting that was supposed to begin on Saturday morning, this super-early arrival in itself was a record-breaker. At that point, it was already a significant departure from the norms of gospel crusades as we know them in this country. Nowonder, come that Saturday, a uniquely heightened sense of rush appeared at the gate of entrance, to the extent that even the traffic police had a very difficult time in crowd and vehicle control. Securing a parking spot became

joy and righteousness. The entire gathering clapped back at him in a great expression of appreciation, as he flew past above them. From the Nakuru Sports Club grounds, the PM then drove in a silver Range Rover of his motorcade, and proceeded directly to the Nakuru Showground to lead Kenyans back to the LORD in a *historic repentance*. As the Premier’s motorcade drove towards the showground, a huge amount of dust went up into the air in what culminated into the momentous arrival. The country was then in the midst of a horrendous drought that caused dust to *fume*. At that time, worship was stepped up as the faithful eagerly awaited.

GOD PLEADING WITH THE LEADERSHIP IN KENYA

Upon the Prime Minister’s arrival at the Showground, the Prophet of God, Dr.

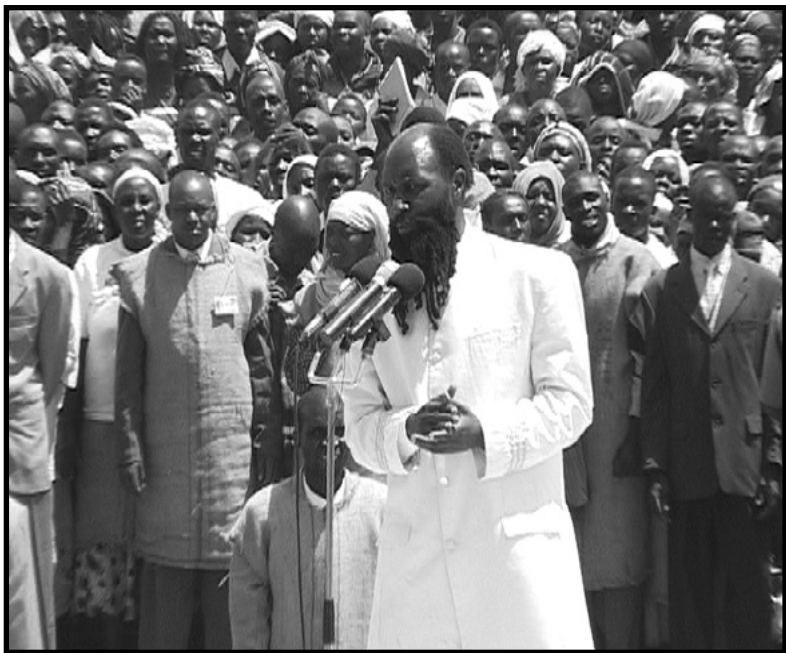

David Owuor immediately led the entire gathering into a very serious prayer which mainly narrowed-in on asking the LORD Almighty to intervene on the prevailing situation in Kenya. The Servant of the LORD then delivered a tremendous message in which he enlightened Hon. Raila Amollo Odinga that it was the high time he realized that God Almighty had raised him as Prime Minister of this nation, for a purpose. A serene silence reigned over the meeting as the Prophet reminded the multitude of what the LORD God Almighty had spoken to Kenya way back in 2004. It became a grim and sobering reminder to the multitude, most of whom were familiar with Dr. Owuor’s fulfilled 2004 prophecies, on the calamities he said would befall the nation in the form of bloodshed, quakes, droughts, famine and Kenyans going into refugee camps. The Man of God clearly asserted that Kenya as a whole from the top leadership (President) to ordinary citizens needed to *repent* and turn away from sin in order to avert the wrath of God that was on-coming. This, Dr. Owuor said, was supposed to be effected by observing a total NATIONAL REPENTANCE. Again, he repeated that this would be extremely crucial and critically pivotal in order to avert the wrath of God that he had already foreseen looming big over Kenya. Amidst thunderous applause, the mammoth gathering occasionally cheered aloud as they were reminded of way back in 2004 when all these calamities that have befallen Kenya, were prophesied to them on Jesus is LORD radio, many national broadcasters, and the print media. He further went on to elaborate how on August 19, 2004 through a mighty visitation of God, the LORD revealed to him the defiled state of the church of Christ in Kenya. The Servant of the LORD blatantly went on to elaborate the sins that had generated *controversy* between the LORD and the land as rampant *sexual sin* and *immorality* across the entire citizenry of Kenya and church. He further enumerated *deception, false prophets, witchcraft*, the *love of money* and the

false gospel of prosperity which he said was entirely designed to enrich the clergy at the expense of the flock. This, he said in the midst of thunderous applause from more than

two million people that gathered at that venue. The fiery-brand Prophet moved the crowd when he elaborated on how God Almighty had shown him that the altar in the church of Christ was completely broken by bishops especially those in Nairobi having fallen to the preaching of a compromised *money-oriented* gospel. Dr. Owuor even affirmed that this had resulted into a national decay, in which the church as the *light* and *moral* leader of the nation was now reduced to *rudimentary irrelevance*. The Prophet of God said that it was today common knowledge to all Kenyans that the church was wanting of *righteousness* and *morality*, because in the recent past, she has been exposed in bad light by the secular media. By this, Dr. Owuor was referring to the episodes in which pastors became tribal and partisan even during the post-election mayhem. What particularly did not escape the attention of this fire-brand Prophet, is the fact that some pastors in Kenya have reached the extent of charging for prayers and hence *conning* people off cars, property title deeds, large sums of money, in the greatest scandal of the underworld of our time. When the Man of God branched out, in that message, on sexual sin, he said amid thunderous applause, that all the scandals that had in the recent past plagued the church, even to the extent of being reported in both the print and electronic media, did not auger well for the image of Christ in the land. He further cited *tribalism* as a form of ‘*cancer*’ that had eaten deep into the fibre of the church such that many *tribal ministries* and churches were now flourishing across the nation. Dr. Owuor lamented that it amounted to the church operating without any power of redemption. The impact of the gospel he said, had been greatly reduced at a time when the nation most needed *direction* and *guidance* from the clergy. He cited vivid evidence of the leadership in Kenya trying to reach out to the church for prayer and the healing of this nation, but the latter were on

Man of God said, was the greatest icon of pride that has kept this nation far from the LORD. Dr. Owuor said that this was evidenced by the repeated prayer meetings convened at the KICC, a supplication that he added, did not have any significance at all before the LORD. He repeatedly said, as the crowd went wild, that only Jehovah is the one and true God from whom lasting peace can

be sought. In that tough message, the Prophet of God further added that the *inter-religious* prayers at KICC was such a fall in the church leadership, that finally caused the cup of the wrath of God Almighty to overflow, and unleash calamities one after the other on Kenya. In a dreadful tone, the Man of God said, that God Almighty, the Creator of Kenya had now become angry and rebuked the clergy. Dr. Owuor even reminded the faithful of the December 17th 2007 Kapkatet repentance meeting

that he held just a few days ahead of the General elections, with a stern message entitled “KENYA, I SEE PERILOUS TIMES AHEAD OF YOU”. Ironically, nobody paid attention as the church leadership continued to abandon their noble and high calling, while going directly into raw politics. And that is why God sent him to warn this land that unless they repented there would be horrific bloodshed. “In 2005, God told me to warn them of the earthquakes that were coming and later the bloodshed

that would flow on this land, and that Kenyans would walk in large columns into refugee camps. These messages I aired through national broadcasters and no man can claim ignorance. However, when I prophesied these messages, some church leaders and media players dismissed me as a ‘*Doomsday Prophet*’ while arguing that, since when did an island of peace like Kenya go to refugee camps.

the spiritual landscape of Kenya was just about to change because of the presence of the Prime Minister at that meeting. He emphasized that what was about to unfold at the Showground on that day would become a *landmark* event, witnessed by the international guests who included the president of the bishops’ council in Chile, bishop Mendez, his Chilean counterpart bishop Torres, pastor Golden from Goa, India, pastor Banza from the Netherlands, Rev. Rogers from Britain and other leading bishops and pastors from Tanzania and Uganda. Dr. Owuor ended by saying that the God of heaven, who had in the past united the twelve tribes of Israel, was equally able to unite the forty-two tribes of Kenya and heal them into national cohesion and peace.

WHEN THE PRIME MINISTER RECEIVED THE LORD JESUS

However, the real moment of *thriller* and *truth*, did not realize until the Prime Minister, the Right Hon. Raila Amollo Odinga was invited to the altar of the God of Israel, by the Prophet of the LORD. At that particular moment, when the Man of God called upon the PM to come forward and address the remarkable over two million plus very highly expectant crowd that had come from all across the regions and communities of Kenya, it was as though the entire *sky* above the meeting *broke open*. One would almost have a feeling that even a pin drop could have been heard. This for sure, marked the moment of truth for the nation of Kenya. What then came as a shock was that the PM found himself helpless when he climbed the podium at Nakuru Showground, to this powerful Man of God who rose from a humble family in Bondo District. Closely flanked by his wife Ida Odinga, the former Makadara lawmaker Reuben Ndolo and nominated MP Musa Sirma, the Prime Minister immediately shouted out “God is Good...” as the crowd shouted back in jubilation “...All the time” and he repeated “All the time...” as they yelled back at him “God is good”. As though to set the stage for his *maiden* and *landmark* speech, the PM first brought forward his wife, Ida Odinga to greet the crowd. She amazingly won her way into their hearts when she mentioned that such a congregation was the most genuine she has come across, as it sharply contrasted from the ones in the urban. In her speech, Ida Odinga made it unequivocally clear that in all her life, much as she had attended all types of gatherings including the moment of transitional power in 2002, she had never ever attended such a mammoth gathering of millions of humanity. It could be seen very clearly that her breath was taken away when she stood on the altar and looked at the non-ending *sea of people* that had gathered at the showground. She

commented that she was shocked by the fact that there were as many people in front of her as they were at her back. In her finishing remarks this is what she said, “NO ONE HAS THE AUTHORITY TO GATHER SUCH A HISTORIC MAMMOTH CROWD OF MILLIONS IN THIS LAND, UNLESS GOD ALMIGHTY OF HEAVEN BE WITH HIM.” Right following Ida, was the nominated MP, Hon Musa Sirma who addressed the Prophet of the LORD as “OUR BELOVED PROPHET”. Hon Sirma reminded the 2 million-strong gathering that he still vividly remembered when the Prophet of the LORD, Dr. Owuor had last visited Eldama Ravine in Koibatek on October 18th 2008. What puzzled most people at the gathering thereby generating a mighty applause, was when Hon. Sirma told the prophet that he truly remembered that at Eldama Ravine, He, the Prophet, had commanded *heaven to open* and bring down *instant rain*, and that heaven obeyed on that day. Hon. Sirma particularly caught the attention of all when he said that he very well witnessed how heaven obeyed Prophet Dr. Owuor on that October 18th 2008. It was under the same context, said the lawmaker, that he was pleading with the Prophet of the LORD, to ask God Almighty to open heaven again in the Rift Valley

Premier immediately after receiving the LORD.

since drought was devastating the nation. Even as he spoke, the evidence of that drought was for sure right on the face of everyone at the showground, as the clouds of dust were blanketing the multitudes. That request by Hon. Sirma for sure seemed to have moved the heart of the Man of God, as he was later caused to pray for the *instant rain* that fell on the showground, and went across the entire nation to date, thereby bringing to an end the horrific spell of drought that had already claimed the land.

Raila’s Landmark Nakuru Speech

When the real moment arrived for the PM to now speak to the eagerly

awaiting crowd, he requested that he be allowed to read a written speech before the gathering. In that speech, he among other things highlighted a biblical quotation from the book of 2 Kings chapter 23 verse 3. Going by that scripture, Mr. Odinga in his speech categorically said that every time a nation is afflicted with calamities such as had befallen Kenya, and that nation faithfully *returned* to the LORD God her Creator, in a genuine NATIONAL REPENTANCE, the God of heaven was always faithful enough to restore her and bless her land. The PM even stipulated that under such circumstances, the role of the king in the land was that of leading all the people, including the *church and clergy*, back to the LORD by renewing a standing covenant vow with God Almighty. “If my people humble themselves, leave their wicked and sinful ways, and call upon my name, I shall hear them from heaven and heal their land,” read the Prime Minister while referring to the book of 2nd Chronicles chapter 7 verse 14. Mr Odinga further added that the current famine was ravaging the country from north to south but Kenyans should no longer despair and instead they should have faith in the LORD who would grant them rain, to water their crops, and a harvest. This, he said would restore joy to the land and the people.

Raila says YES to the LORD

It was at the end of his landmark speech, that the Prophet of the LORD, Dr. David Owuor stepped forward and asked the Premier whether he was willing to receive the JESUS OF NAZARETH who died for the sins of man, as his personal LORD and Saviour, and turn away from all sin. To the greatest shock of all who had gathered, the Premier said *YES* to the *salvation* of the LORD. In the full view of the multitude that thronged the showground, Mr. Odinga then moved forward and raised his left hand in surrender to God Almighty in order to receive Jesus as LORD and Saviour of his life. Hardly did the Premier expect that he too would on this very occasion

meet Jesus and when his turn came, he humbled himself. It was then that Dr. Owuor performed the historic act of leading the Prime Minister of the Republic of Kenya, the Right Hon. Raila Amollo Odinga into the salvation of the LORD JESUS. This is the milestone prayer that shifted the spiritual landscape of this land, when Mr. Odinga repeated, “MIGHTY JESUS, I REPENT TODAY OF ALL SIN AND RECEIVE YOU AS MY LORD AND SAVIOUR. BEGINNING TODAY, I WILL RETURN THESE PEOPLE BACK TO THE KINGDOM OF GOD. YOU HAVE RAISED ME AT THIS TIME AS THEIR LEADER, THAT I MAY RETURN THEM TO YOU IN GENUINE REPENTANCE, FOR THE HEALING OF THIS LAND. THAT YOU MAY BRING RAIN AND FILL THEIR GRANARIES, REMOVE FAMINE, THAT YOU MAY BRING PEACE AND REMOVE BLOODSHED, IN THE NAME OF JESUS, I AM BORN AGAIN BEFORE YOU AND THIS NATION TODAY.” He said this while lifting his left hand amid deafening and roaring cheers from the worshippers who were drawn from across the communities of this country. What particularly caught people unaware was the level of wisdom that the newly born-again Prime Minister exhibited when he repented on behalf of the entire nation of Kenya, for her sin. This, he said also included the sin of *omission* and *commission* that has been perpetuated in this land over time and he asked the LORD to forgive this nation. Little did people know that this would later become the greatest highlight of the meeting with the crowd looking on, in a state of near disbelief as the PM received JESUS CHRIST OF NAZARETH right before all the television cameras, and all media, local and international. Upon completing the salvation prayer, the Premier raised both of his hands towards the crowd to celebrate his newly born status, as a christian. That is when the true lightening moment befell the gathering with a tremendous uproar, applause, jubilation, felicitation, celebration, joy, weeping, yelling, people falling down, others dancing in an incident that has never ever visited this land before. The joy that animated in people’s hearts and consumed their lives cannot be described by words. The live coverage of the event on Jesus is LORD radio magnified Raila’s salvation right into people’s living rooms, kitchens, kiosks, shops, board rooms, classrooms, staff rooms, fishing boats, gardens, name it all across the entire nation and into Tanzania and Uganda. It became an international joy, as congratulatory messages began to pour in.

What Raila Promised Kenyans
After listening to Dr. Owuor’s touching message from the Lord, Mr. Odinga promised to bring back the nation to God in an all out NATIONAL REPENTANCE that would be observed in all the

provinces of Kenya, and marked with a huge national meeting in Nairobi. This is exactly what caused the crowd to go absolutely wild in a massive celebration of joy, felicitation and jubilation that uncontrollably broke out in the entire field with people shouting, jumping and weeping aloud. It became the biggest ever expression of utter shock and surprise in the land. Observing it from a distance, what could not escape one’s attention is the sigh of relief on this crowd that came from

fasting, in prayer and *repentance*, noting that time had come for people to speak the truth and be hopeful in the Lord. He was also optimistic that with humbleness and the desire to seek divine intervention from the Lord God Himself, the *tribalism* and *ethnicity* that has continuously manifested in the country would eventually come to an end, and that Kenyans would finally live in harmony as one people, one nation. The Prime Minister on that day presented a complete departure from

the Kenyan people. Such a promise of organising a day of NATIONAL REPENTANCE is absolutely pivotal for this country to get out of the woods. The most probable reason for which such a great jubilation took place at the Nakuru showground, is that Kenyans had seen the full course of the darkest hour in the history of this land. And, now they are longing to see the light at the end of the tunnel. One can only hope that the Prime Minister understood the deep grief that has characterized the lives of the

rains may come, lest their harvest be destroyed. Some of these poor peasants do not even have enough money for fare to reach the district hospitals in case of sickness. Talking about true reliance on God, these were the people that have only survived on the mercies of God. And when the post-election mayhem broke out, these are the people that suffered most, causing them to now seriously pray that *peace* and *tranquillity* may return to the nation. Unfortunately, it is these very people that lost their

lives can only be restored by God Almighty the Provider of their *peace* and *bread*. To make it worse, some of them had not even buried their loved ones who were killed during the post-election mayhem. A case in time being the victims of the Kiambaa church fire. And that is the reason these peasants so much loved Raila when he promised to return them to the Lord, their GOD, very much aware that only GOD can heal the bleeding wounds of their hearts. But again, one can only wonder whether the Prime Minister truly understood the full extent of the meaning and gravity of the NATIONAL REPENTANCE promise he gave them. However, having said this, if the Premier would live up to his promise of bringing all the communities together in a NATIONAL REPENTANCE, that would mark the day when this country will begin her new journey of *healing* and *reconciliation*. It is a restoration that is so much needed across churches, tribes, communities and within families in this land. That Kenyans are hurting from the judgments of the post-election mayhem can vividly be seen in today’s IDP camps that have been moved from towns into the villages. Those IDPs today have no food being delivered, and their tents are torn as rain leaks through to drench where they sleep. The cold is horrendous even as their *little babies*

perpetually fall sick. They need a return to God in *repentance* in order to be restored back by him, to their normal homes and lives.

BURNING CHURCHES: Raila, God is Waiting
Does the PM Raila actually understand the gravity of what he *promised* before the Lord of Hosts? It is today true that going by what transpired in the Dec 2007 elections, that only the Lord God can raise PM Raila to the highest office in the land, and not man. That can only mean that he has to walk a very fine line with God in order to win the Lord’s favour. His salvation is by no doubt the first step in the right direction for the PM. Kenyans are watching whether he will become a *liar* or *fulfil the promise* to the Lord whom he so much needs on this journey. His Aides ought to advice him rightfully that every time a leader of his stature stands before the Lord of Hosts, and especially in the presence of a Prophet of Dr. Owuor’s calibre, and pledges a *promise* before the Lord, HE MUST FULFIL THAT PROMISE, lest things go sour for him. This matter is made worse by the fact that the *promise*, the PM gave to the Lord and the electorate of this land, is a *national repentance*. Is Raila aware that churches were burnt in this land and that the Lord has been, until now, awaiting a *national*

repentance in order to resolve the *controversy* that today still lingers between Himself, the Almighty, and the people of Kenya. But, since the true test is always in the pudding, will the Prime Minister really deliver to the *promise*? The healing that many millions of Kenyans still await todате, they are well aware and know that only the process of *national repentance & reconciliation* will accomplish it. Hence the question Kenyans are asking today is; will the Prime Minister truly deliver at this most important hour of need? Now, the stakes are even higher for the PM since both God Almighty, the One that raises kings, and the Kenyans, the ones that elect the king; both are now eagerly waiting and watching the PM. The fact that distinguished pastors and bishops from many nations that witnessed his salvation, were equally witnesses to his *promise*, can only make things worse for the PM. It would appear as though even the world is now watching to see if he can deliver to that most noble *promise*. What will throw the pundits of Raila’s salvation into the last lap of their confusion, is when the Prime Minister actually makes true of his *promise* and summons this entire nation to a *national repentance* led by the one and only Prophet of the Lord who spoke the judgment and it came to pass. We cannot even write-off the pundits in their schools of thought,

because Kenyan politicians being whom they are, have always been infamous for making empty political promises. But for the Premier, one can only hope that his advisors are doing their work right in enlightening him. One of the main sessions Kenyans would expect his Aides to pass him through is such a meeting that would clearly spell it out to him, that when one makes a promise to Jehovah, they MUST FULFIL IT lest they fall from favour. While going to Nakuru and standing before a humongous 2 million plus crowd, and receiving the Lord may have been the easier part, the latter part of bringing this country to *repentance* is for sure going to be the true test of Raila’s salvation and *commitment* to this nation. Likewise, while wonderfully walking into the cool waters of the Riverside house, coupled with the enjoyments of the full media attention, may have been the easier part, the true test of the genuinity in that historic baptism though, will only come on the day when Raila Amollo Odinga will call the nation of Kenya to a *national repentance* and reconciliation. If one were to be picked at random from the streets of Nairobi, and asked whether they needed that *national repentance* and healing, they would most definitely say that it should have come as soon as yesterday. This is because Nairobi too is hurting and aching in the way things stand today.

While the woman in the IDP camp has been so much written about in the press, the woman in Kariobangi south whose rental houses were forcefully occupied free of charge, and her life threatened, that Kariobangi’s woman’s story has not yet been heard. And, she awaits audience from the PM and the President and Kenyans, as the day of *national repentance* might as well give her the only opportunity to speak her story and receive her healing from the Lord. How about the man in Kibera, whose family was burnt in the house, and sons killed? Or that Kibera woman whose daughter was raped on that fateful night of Dec 28th? How about the mother in Kisumu whose son was shot dead? Surely, Kenyans must be waiting for Raila to fulfil the *promise* he pledged. For them it is life and death that God may heal them. People’s chests are heavy. And the question is, will Raila deliver? However, it must be remembered that if the PM’s advisors will wisely advise him to deliver this *promise* without fail, he will stand in the hearts of all Kenyans as the leader who helped them heal at their time of *greatest distress*. But Kenyans are watching, and the question that continually throbs in their hearts is, will Raila deliver?

all communities, tribes and walks of life in Kenya. It seemed as though, the nation of Kenya had been a long time in waiting for a national leader that would one day finally lead them back to the Lord in *repentance*. It also greatly underscored the fact that Kenyans have now come down to the realization that the healing of this nation can only come from none other than God Almighty Himself. Such a healing however, they all seemed to agree, would have to involve the top leadership in the land. The Premier further reiterated his promise to organize for a day in which the whole nation would dedicate herself for national day of

the known rhetorical norm, when he exhibited a rare level of resilience and humbleness. Looking at him even as he received the Lord, one could not help but begin to understand that things had changed for the nation of Kenya. It is the commitment with which he chose to receive the Lord in public, under the witness of millions of Kenyans, and many distinguished bishops from foreign countries, it is this that caught one’s attention most.

Gravity of Promise

The question to ask then, is whether the Prime Minister truly understood the gravity of the promise that he presented to

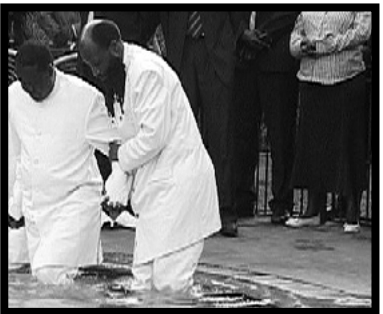

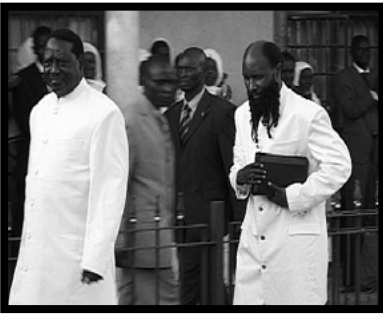

poor Kenyans ever since the post-election mayhem broke out. There are no better people to turn to in order to understand the true meaning of reliance on God, except the poor peasant farmers of Kenya. These are often the people whose lives have been closely tied to God Almighty on a daily basis. When they till the land, these poor peasant farmers often will wait for God Almighty to release the rains. And yet even as the rains begin to fall, they must keep their hearts in deep prayer that sufficient humidity will prevail in the soils during the entire length of the growing season. At harvest, they have to equally depend on God Almighty that no

wives, husbands, sons, daughters, property and livestock during the post-election mayhem. While it is rightful to form commissions to look into their predicaments, these poor Kenyans are very much aware that their *final plight* entirely depends on God Almighty. Now, these are the millions of poor people to whom Prime Minister Raila Odinga promised a national day of *repentance*. Being entirely dependant on God Almighty, these poor people upon hearing the promise by Raila to bring this country to a complete stop in NATIONAL REPENTANCE, wept uncontrollably. It is because they understand that their poor little

Raila’s Historic Baptism ANALYSING THE UPSHOT

THE DAY THE PRIME MINISTER WENT FOR BAPTISM

When Prime Minister Raila Amollo Odinga received the LORD in the presence of over two million Kenyans at the Nakuru showground, many political analysts and critics were thrown in a dire state of confusion because of this new and highly *unanticipated* move. Many political speculators were inevitably thrown back to the drawing board in order to try again and *sketch* out the exact road map for this country. Most crucial in their agenda however, was how this new move would factor in, considering the already complex *political equation* in Kenya. Pundits on the other hand, began to cast *doubts* and *aspersions* on this baptismal event because they did not seem to well understand how it would gravitate within the political landscape. While it may be right to say that matters spiritual can at times be too complex to discern, one cannot however, avoid what their exact *impact* is likely to bring. This is exactly what became most disturbing to the political analysts whose *drawn models* were already in place even as the nation advances into the next dispensational notch.

A comprehensive review of all the press and electronic media coverage, their editorials notwithstanding, clearly shows that there must have been a lot of *hair-scratching* and *gnashing* of teeth in their respective boardrooms, as consultations took centre stage on this issue. This can be well understood by all people of common understanding because many times salvation in christianity has been *catalogued* as the mother of all *radical* thought. The advent of Pentecostalism has not made this line of thought any better since it has essentially ushered in believers who at times opted to do their own thing regardless of the so-called societal norms. Nowonder, some preachers can be heard urging their congregations, to shun the life around them and live in an *island* that is heavenly focused. This is exactly what did not auger well with the regular mainstream journalism of this nation. When such historic events like the salvation and baptism of a national leader of Raila’s stature roll-out in a country like Kenya, the greatest position of advantage that one would take is that of an *observer*. This would most

definitely save one the *headaches* that arise from the failure of such significant spiritual events to fit into the already established political *paradigms*. What the political and media analysts hate most is to be confronted with the situation of unpredictability. A linear model with unchanging factors is often preferable not only in mathematical systems but also in engineering and socio-economic analysis. But, for political predictions, often the salvation of a key player renders the *paradigms* *transitory* and *wobble*. So was the case when the Premier surrendered his life to the LORD Jesus.

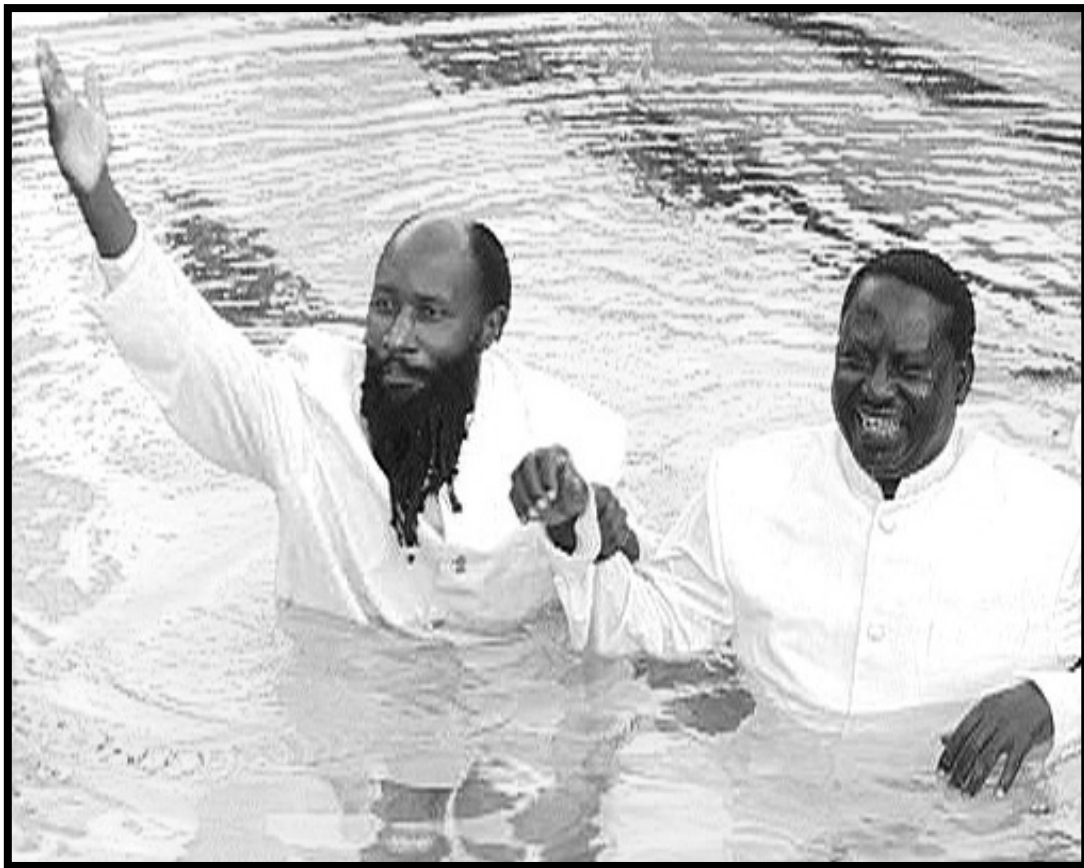

Cannot be ignored

What particularly left a bitter *after-taste* in the palates of the media champions of secularism, is the fact that much as Raila's baptism was for them such a complex phenomenon to understand, it nonetheless cannot be ignored. For a country that prides herself as being over 70% christians, the political *pundits* and media *intellects* were well aware that this event was of significant gravity to the nation. The critical question that continued to *oscillate* within the hearts and minds of the *intellectual* class in Nairobi, was, "Could this be the reshaping and most defining moment of the political history of Kenya?" This kind of question must have come about as a result of the historic and overwhelming response of *congratulatory* messages that overflowed the FM stations from all across the four ends of this nation. Radio stations were literally jammed with some people weeping, wailing, shouting, dancing and celebrating in an indescribable joy. As if this were not enough, on that material day of the Premier's baptism, which was carried live on Jesus is LORD Radio, a *significant portion* of Kenya was thrown right into an all night of tremendous wailing, weeping, dancing, celebration, felicitation, jubilation and unspeakable joy as people went into a state of *frenzy* because of what had just happened to the land. And since Kenyans are known to be a people so passionate about Jehovah their God, every writer and analyst clearly understood that Raila's salvation and subsequent baptism had just placed the nation at the most critical dawn of a new political season.

Transformation

Some of the most renowned scholars of this generation have gone down on record as saying, "change is the essence of renewed stability." When one thought that this statement would be a mere academic and theoretical *oratory* which is far removed from our society, then came the moment of truth. It is true that baptism is the highlight of a *repentance* process that is always accredited with the

AND THE PROPHET TOOK HIM INTO THE WATER

removal of all sins from a man's life, and the ushering in of a new being. When the LORD Jesus died on the Cross at Calvary, he essentially demonstrated the dynamics of the true process of *repentance*. In that symbolism, the LORD Jesus talked about the death of the *perishable* and the rebirth of the *eternal*. Put in other words, he brought us the process through which we would now be able to rid ourselves off the *corruptible*, in order to wear the *incorruptible*. This can only mean that what Prime Minister Raila Odinga did on that day of his baptism, was the greatest act of *humility* that can ever visit the political leadership of this land. He became a *New Leader* on that day. This is because he must have arrived at the most important threshold of his life, a junction at which he deemed it fit to seek a personal renewal, not from man, but from the Lord. And while the *pundits* were still absorbed in the little protocols of the actual event itself, then came the real acknowledgement of the reality at hand. The truth is that Raila's rebirth as a leader in this nation, had far-reaching repercussions beyond the little gated leafy, Riverside house. Raila's baptism represents a major challenge to the political class since it sets new rules to the game. To say that Raila's *evangelical-style* baptism urges all the politicians to now repent and walk in absolute *sobriety*, *renewal*, *righteousness* and *holy accountability*, would all constitute but just an understatement. Well, just exactly who is the winner here? The bottom-line truth is that the JESUS OF NAZARETH who died on the Cross at Calvary, and resurrected on the third day, is the final winner in this historic unfolding. That is because he has finally won Raila's soul into his eternal kingdom, thereby setting a new *benchmark* that even among the high and lofty of this world, he is still the KING. But as many *critics* may still be wondering as to how exactly this baptism would play out in the next few years, the solid fact that remains unchangeable, is that it has set out a *unidirectional* course for this country's politics. After being overwhelmingly and unanimously applauded by millions of Kenyans for his salvation and baptism, the one and only direction for any political leader in this country to survive, is going to have to be *salvation*. On the day of his baptism, the Kenyan electorate took note and raised their standard for all their leaders.

Church leadership

One thing that all Kenyans seem to agree upon today regarding Raila's salvation and baptism, is the fact that not only did it catch the *intellectual class* off guard, but also the church leadership and media. Previously known for their heavy demonization of the Premier, the church leadership in Kenya found herself in an *awkward* place when

Raila saw the *wonderful light* of our LORD Jesus and surrendered his life to him. It immediately raised the most important question in the land, as to how come Raila's soft heart had not been led to finding this Jesus, all this time. And to prove the case for the church being caught off guard on the Premier's salvation, they, as the supposed champions of salvation in the land, did not even remember to congratulate the Premier on attaining such *fete* in his personal life. While one would have thought that the most immediate response from the church leadership to Raila's baptism, would have been that of *felicitation* and *encouragement*, to not only the Premier, but also to all the other political leaders to follow him suit; the contrary played out the next day to the stun of the entire nation. The bible says in the book of Matthew chapter 3, that when Jesus was baptized in the Jordan River, heaven opened and the Holy Spirit descended on him, thereby proclaiming his sonship with GOD. And since JESUS CHRIST OF NAZARETH came to the earth to show us the way to the Father, then it can only mean that what Prime Minister Raila did on that historic day of baptism, was an act that essentially welcomed the Holy Spirit of GOD to lead us as a nation. Only the devil would be unhappy with this new move of GOD, and attempt to *trivialize* it. But, for all rational thinking Kenyans, let alone the over 70% christians, it was surely a day when Jesus became enthroned into the political leadership of Kenya. And the devil like it or not, from that day on, things can only get better for Kenya in her pursuit for a *national healing*. This is exactly why the church leadership in Kenya has to be very careful lest they be exposed in bad light and declared *irrelevant*. A failure to acknowledge the significant step that Raila's baptism brings into the political landscape, can only imply a very badly fallen church leadership. Likewise, a continued attempt by the church leadership to demonize the Premier's galant steps in salvation, will by all accounts imply that the church leadership in this land has not only become totally irrelevant to the requirements of the people, but also deaf to the Voice of the LORD. That would mean that their utility has run out. In most of the nations as we know them, the salvation of a key political leader of Raila's stature, can only provoke a national celebration and thanksgiving to GOD Almighty.

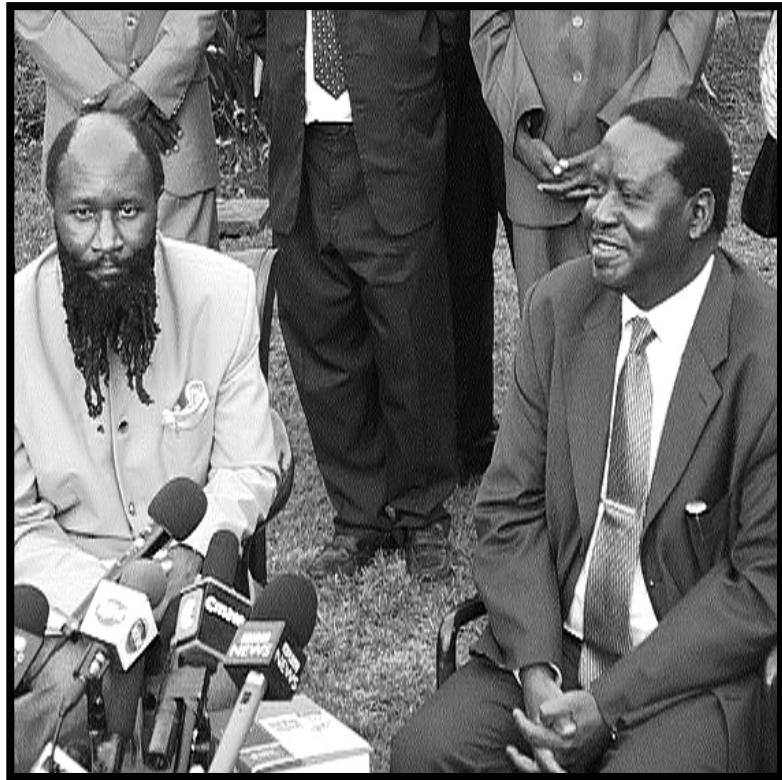

The underpinnings

What catches one's attention most in the Prime Minister's salvation, is the fact that when he had repented of his sins, he also went before the LORD and repented on behalf of the entire nation for her sins. This became the most important underpinning of the drive whose momentum brought Raila to

Christ. It was hence the realization that Kenya needed a national healing that could only come from a process of *repentance* and *reconciliation*

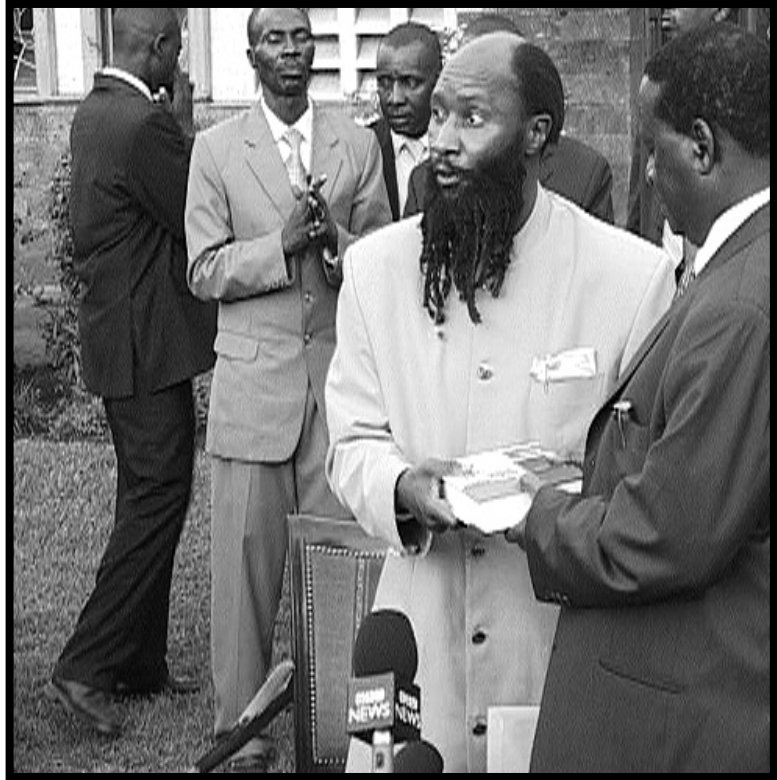

with GOD Almighty. If this spiritual process of *repentance* is allowed to roll out its full course, then it can only mean that different communities

AND OUT OF THE WATER

would have to repent to each other for the hurt they have caused against one another, and repent to GOD the Father for the disobedience they have lived. It must be acknowledged that such wisdom as would prompt a leader to repent on behalf of the nation, can only come out of a revelation of GOD. The fact that one leading *trailblazer* finds the path can always help the entire population and church leadership to get to the Kenya we want. Even in the bible, kings like Josiah led the whole land and caused the church to restore (2 Kings 23). Within the same underpinnings, present the conspicuous foundation that only GOD Almighty can heal the communities of Kenya and bring forth a national rebirth through *transformational change*. It is such national transformations, especially beginning with the top leadership, that have been known to sustain the stability of nations, as they make strides in development. No further does this get than it closes in on the same saying that, "Change is for sure the essence of renewed stability." That means that Kenyans must hence begin to embrace this new change by receiving Jesus in order to live lives of *righteousness* for the better *stability* of all the people of this land. When one thought that the most probable question would be why change and why now, then, came the *reality*. The *reality* though is that Kenyans today are absolutely certain that they would never ever want to revisit the events of December 2007 again. This is the fire engine that should now drive all Kenyans in pursuit of a *national transformation* and *renewal* in the LORD. Considering the foregoing, then one can only say that surely Raila's salvation and baptism, were as a matter of fact much deeper events than they appeared trivialized in some sections of the media. It means that the LORD who has called him into salvation is equally calling all Kenyans to *repentance*, the

AND THE PREMIER WAS GIVEN THE BIBLE

shunning of evil, and the forgiveness of sins for a national salvation. GOD wants to save Kenya.

Leading Raila

The greatest commission that Jesus ever entrusted the church with, is that of witnessing and evangelizing his wonderful *Light* to the dark world. For that matter, the bible presents two mirror images of this *light* as the yard-stick of christian accountability. In the book of John chapter 8 verse 12, Jesus said, "*I am the light of the world*." And yet when he turned to the church he had disciples, he told them in Matthew chapter 5 verse 14, "*you are the light of the world*." This became the age-old benchmark that denotes the demarcational domains within which the church ought to have operated. It implies that when the LORD Jesus redeemed the church at Calvary, he expected the church to operate in his character as *ambassadors* of Christ. Many times today, there is the talk of spiritual fathers and spiritual sons, a concept that has been often abused in this society. But little have people known that, "like father like son" applies in the spiritual realm too. And that is the reason one sees that today a whole generation of pastors with their spiritual sons may all be fallen. One cannot preach water while drinking wine in the secrecy of their dark lives, nor can one preach the holiness that one is not living. And this is why it becomes very important to examine under who exactly a christian get mentored. For Prime Minister Raila Amollo Odinga, there could have been no better person to turn to other than the Servant of the LORD, the Prophet Dr. David Owuor. World renowned as a fire-brand preacher of *righteous holiness* and the return to holy living, surely there was no better person to lead the Prime Minister to the LORD if at all that process were to make any significant difference in this land.

Dr. Owuor's Ministry of Repentance and Holiness has seen millions of Kenyans not only give their lives to Jesus as LORD and Saviour, but also delivered and healed from some of the most chronic sin and illnesses ever registered in medical practices. But, for the PM to have been led to the LORD through this uncompromising Servant of the LORD, it can only mean that his spiritual growth will have to depend on the strict diet of *righteousness* and *holiness*. Today, we know that feeding on the junk food of our streets has resulted into an epidemiological level of *morbid obesity* we see around. Such ill health obviously compromises on the quality and productivity of the citizenry. So it is in the spiritual realm, that feeding a newly born-again christian on a corrupt spiritual diet of prosperity can only compromise on their spiritual health hence lowering their expected productivity. And, one can only imagine that when Dr. Owuor will continue feeding the Prime Minister of the Republic of Kenya on the strict diet of *righteousness* and *holiness*, these will have to be the *hallmark* of his leadership. Then, the Premier will for sure have to articulate these values in that very important office of this land. Following the grand corruption scandals we have witnessed in this land, the unscrupulous conduct in parliament, stock brokers, Kenya as a nation appears to have finally arrived at a critical place in her life when she requires leaders of *righteousness*. It must also be remembered that it is this very *righteousness* that connects the leadership in the land to the LORD's favour in heaven. No wonder the bible says that blessed is the nation whose God is the LORD.

The Mystery

Like Jonah of the bible, Dr. David Owuor abandoned a lucrative academic career in the United States, to heed a unique calling of the LORD. Having been entrusted with such an enormous revelation to the church on the Coming of the Messiah, the LORD literally sent Dr. Owuor howling across many nations. It is in this very context that he was equally sent to prophesy on Kenya's precarious future should the leadership and citizenry fail to *repent* and live in *righteousness*. His stand-off with the church leadership began almost instantaneously when he commenced on a *tirade* that openly rebuked them for *corruption*, *ungodliness* and failure to lead the people to the Lord, in this land. Dr. Owuor's utterances became particularly most ominous and unpalatable when he exposed the fact that most pastors in Kenya were profiting on the sin and iniquity of their church members. This, he eloquently said, was the reason the gospel had become compromised, and hence lacking in *deliverance power*. In a stunning stance that sent ripples across the entire land, Dr. Owuor again reasserted then,

that the *proof* surely is always in the *pudding*, at the time of its eating. By this, he says that, all he meant is for the pastors in this land to learn to *walk the talk*. To prove his teachings, however tempting the huge multitude of millions who throng his meetings may have been, the Man of GOD

is particularly so, considering that he calls for no offering despite the historic healings that take place in those gatherings; ranging from cripples walking, HIV/AIDS healed and testing negative in hospitals, deaf ears popping open, through to the blind eyes that instantly open. As if to

gospel, that has essentially redrawn a new spiritual zone in Kenya. Operating under such a testimony, Dr. Owuor quickly became a lone-ranger within the clerical norm, thereby effectively confronting the christian fraternity with such a humongous challenge to discard their inherent *hypocrisy*, and instead *walk the holy Word*. As though this were not a hard-enough a testimony, for the church that was already enjoying a relatively stable equilibrium, Dr. Owuor swiftly *catapulted* christianity to yet another threshold. This has most recently surfaced when *Daktari*, as he is popularly known, called on all Kenyans from the President to the least, to embark on a 3-day prayer and fasting in *repentance*, to seek for divine intervention. The caveat though was the obligatory nature of this call to NATIONAL REPENTANCE, in which he said that failure to shun sin, would plunge the entire country into bloodshed, and a series of calamities that included fires. These calamities, Dr. Owuor said, would come as an act of GOD's wrath of severe judgment in the land for her abhorable perennial sin. At the time of his first utterances way back in the year 2004, it became very easy to quickly dismiss him because of the tranquillity that prevailed in the land. The real moment of truth though, quickly caught up with the nation when the calamities that this man predicted started occurring with such an accuracy that would eventually leave no room for doubt.

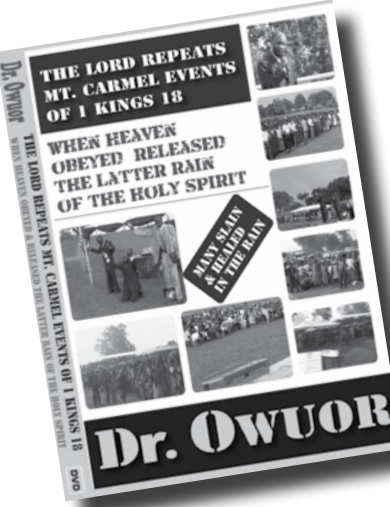

When Heaven Listens to him

The most distinctive moment though, that stunned multitudes of Kenyans to an unrivalled awe of GOD's mighty anointing, did not come until one day Dr. Owuor walked onto the altar of the LORD on a bright, sunny, summer day and commanded heaven to open and release instant rain. It had not rained for some time. On that dramatic occasion when he raised up his left prophetic hand and looked at the sunny blue sky at Bukhundu stadium in Kakamega, he asked GOD Almighty to hear him and bring down instant rain. This happened on that historic June 5th 2005, in a broad sunny, dusty day, in which one would have at first glance, easily dismissed him. However, the real moment of truth befell when after that brief prayer, to the stunning shock of all, the crystal blue sky suddenly turned black and a small cloud began to rapidly form. This was very surprisingly followed by an instantaneous downpour of a very heavy rain that only fell within the vicinity of Bukhundu stadium, in less than one minute. It became the highlight of fulfilment of his prophecy and unmatched faith in GOD Almighty, his sender. Perhaps, this threshold became the single most outstanding signature of the mystery that has now come to surround Dr. Owuor's ministry. This Bukhundu

incident, has imparted a unique sense of fear among the pastors that had as a matter of fact originally opposed him. To them, the saying that, '...*what you cannot understand, you don't meddle with*' has been rightfully fulfilled in their eyes.

How it happened

Speaking in a weary tone at the end of his fiery and long message, Dr. Owuor said: "...remember holiness, holiness; There

is rain coming here, the Holy Spirit rain, I am going to bring a revival here, the endtime revival, that no man can stop. And the nations of the earth will know that there is a meeting here. Listen to me heaven, listen to me the earth, listen to the words of my mouth, I have declared the release of the four white horses..." It is at the utterance of these mighty words that GOD Almighty in heaven listened to his Servant and heaven instantly obeyed, opened, and a strange heavy rain descended upon the multitude that had gathered at Bukhundu stadium. Shock and awe, fear and trembling, stun and astonishment all

befell the stadium at one instance as people were slain by the Holy Spirit in the rain, causing a bizarre spectacle to behold. The pastors who were sitting under the tent, jumped out in great shock as everybody permitted that strange rain to soak them proper. It was an occasion like no other, that saw both pastors and their flock wailing, crying, weeping, jubilating, and at times even dancing in the rain, acknowledging that the GOD of

heaven had visited them in person. It seemed as though the purpose for which the LORD manifested such a phenomenal *sign* and *wonder* of biblical proportion, was immediately achieved. To our shock and surprise, *Arise Africa* found out that truly such an incident had happened in the bible with Elijah the prophet of the LORD on Mt Carmel. He too commanded heaven to open and

Rain. If you didn't know, the four white horses whose release Dr Owuor proclaimed in that meeting, are the four *apocalyptic horses* which the Lord God had shown him in an vision, and that define the Coming of the Messiah. Now, it is this particular part that makes Dr. Owuor's ministry an absolute mystery, especially that beginning that point on, God Almighty started

THE PRAYER THAT BROUGHT RAIN AND ENDED THE 2009 DROUGHT

The dust that covered Nakuru showground demonstrates just how much it had not rained for a very long time. And severe drought had striken the entire nation.

Upon arrival, he asked heaven to listen to him and bring a downpour.

When heaven obeyed, a thick dark cloud formed.

And the cloud became darker and thicker.

And there was a miraculous downpour as heaven obeyed.

And tremendous rain fell across the entire nation todate, thereby marking the end of the drought.

released rain (1 KINGS 18). This is because at the end of the rain, the entire multitude broke down on their knees, into a very deep *repentance* in fear and trembling. Most remarkable though, was their vowing with GOD, promising him that this time around they would pursue *righteousness* and *holiness*. This is what has today become popularly known across the entire world, as *The Kakamega*

showing him the release of each *apocalyptic horsemen*. And given that on the August 19th 2008, the Lord showed him the vision of the release of the Black apocalyptic Horse, then it seems that what Dr. Owuor did at Bukhundu stadium was to literally announce the beginning of the zero-countdown to the return of the Messiah. As a proof of the Lord's doing, the DVD production of these

historic Kakamega events, have continued to exude such a tremendous healing anointing and revival across the earth, even as people continue watching them todate. Key among them is Pastor Jayne Muthoni Njage whose parallaxed eyes were instantly healed by just watching the video of this powerful rain event of Kakamega. But even more stunning, became the fulfilment spoken before the rain, when Dr. Owuor decreed that the nations of the earth would have to know that a meeting had taken place in Kakamega. Today, many nations that have watched the video of *The Kakamega Rain* have invited Dr. Owuor to conduct humongous national meetings in their land. The proof to this is that at the time *Arise Africa* interviewed him, he had just returned from a humongous meeting in Paris, France, and from Lusaka, Zambia, and was on his way to Tanzania and South America.

Repeating the Miraculous Rain

The *Arise Africa* team recently discovered that not only did Dr. Owuor command the release of instant rain from heaven at Kakamega, but that he also went ahead to repeat that exact Kakamega event at Njoro, Kapkatet, Nakuru, Kisumu and Eldama Ravine. An enquiry by *Arise Africa* as a matter of fact confirmed that these events actually took place in the mentioned towns, with the Njoro rain coming right in the midst of the horrendous January 2006 drought, that threatened to wipe out all the livestock in this country. All Kenyans can remember the heaps of carcasses and the smell of death that consumed the land at that time. Witness accounts reveal that the Man of GOD displayed the same demeanour as he walked to the altar, asking GOD to listen to him in a simple prayer. Then, also there were accounts of the great whirl winds of dust that had characterized the day, even in Njoro. And to their shock, GOD Almighty answered Dr. Owuor's prayers in the eyes of all who were gathered at Njoro, including University professors from Egerton. *The Nakuru Rain* however, occurred on two separate landmark events. The first one our team learnt, that it happened on August 23rd 2008, when again the Prophet of GOD walked into the Nakuru Girls' High School grounds that had been thronged by over 1 million people worshipping. At his arrival, Dr. Owuor is said to have commanded heaven to open on that ground in yet another sunny, summer day. And stunningly enough, surely heaven obeyed and a very heavy rain consummated within the high school grounds and its precincts. And indeed, a viewing by the *Arise Africa* team of the videos compiled at that August 23rd 2008 meeting, shockingly reveals that not only did it rain, but it also came down with strange hail stones, right after Dr. Owuor commanded heaven to open.

Moreover, most recently, even as the Prime Minister of the Republic of Kenya attended the March 28th 2009 Nakuru crusade, the Man of GOD again returned to the nation on to find her at the heart of a very severe *drought* and *famine*. It is then that he commanded heaven to open and release rain in the midst of that toughest drought that was already looming over this country. Again,

had actually earlier on, announced on Jesus is Lord Radio, more than two weeks before the Nakuru showground crusade, that on the day he arrived for the Nakuru crusade, heaven would obey him and open to release rain. Happening in the middle of a horrendous drought, this became very big. We found that farmers surely went to buy seeds for planting just upon hearing the announcement

THE SUNNY AUGUST 23RD 2008 DAY

And Dr. Owuor again asked heaven to listen.

Over 1 million people heard him talk to heaven.

And again heaven listened

Then the heavy downpour as heaven opened

to the shock and awe of all the two million plus who overflowed from the Nakuru showground, heaven obeyed Dr. Owuor's mighty words and rains had not fallen at all. Rain was not even in the nearest horizon for them. And on that day, when Dr. Owuor arrived at the Nakuru showground, he surely asked God to listen to him, open heaven, and release rain. And it truly rained not only in Nakuru but all over Kenya. This is what averted the calamity of drought that had drawn very proximate to Kenya. The same events, the *Arise Africa* team found documented for the Eldama Ravine

By faith Kenyan farmers went to buy seed expecting rain

But the astonishment of it all, came when we found out that Dr. Owuor

that Dr. Owuor would come again. This was an act of extreme faith since drought existed then, and rains had not fallen at all. Rain was not even in the nearest horizon for them. And on that day, when Dr. Owuor arrived at the Nakuru showground, he surely asked God to listen to him, open heaven, and release rain. And it truly rained not only in Nakuru but all over Kenya. This is what averted the calamity of drought that had drawn very proximate to Kenya. The same events, the *Arise Africa* team found documented for the Eldama Ravine

meeting of October 18th 2008. Stunningly enough, the prophecy about the fact that heaven would obey him and open at the Eldama Ravine meeting, we found as having been proclaimed in Toronto, Canada, a clear one month in advance on September 17th 2008. Evidently, upon hearing that prophecy in their own land, Canadian pastors who had heard that prophecy of the Eldama Ravine rain, came all the way from Canada just to attend and confirm the Eldama Ravine meeting just to confirm whether on the day Dr. Owuor walks into this meeting, God would obey him and bring rain. And sure enough, their airfare tickets were not spent in vain as Dr. Owuor spoke to heaven in their hearing and God heard his prayer and released instant rain. Likewise, in June 2006, Dr. Owuor asked heaven to listen to him again, and bring down rain at a mighty crusade attended by over half a million people at Kapkatet. Not only did it rain, but also the thick dark cloud of the LORD's glory came down onto the stadium in a bizarre sign and wonder of this age. The only troubling question though, is that how could all these earth changing phenomena of biblical gravity, be taking place in Kenya without Nairobi being aware. Nowonder, we have abused the most powerful messenger of God, and called him names by referring to him as a "DOOMSDAY PROPHET". By watching the videos from those historic events, one quickly understands that if a clear national repentance is not brought up on this matter, then for sure, the God of Heaven will have to severely judge this land.

Healing Rain

An indepth search through the literature reveals that only in the bible are such historic events documented. A case in time was when Elijah, the Prophet of God, was sent to restore the altar of the LORD on Mount Carmel (1 Kings 18). But to witness them happening not once but six-fold in this same country, and in our time, Dr. Owuor says that God Almighty must have loved Kenya a notch higher. It is vividly clear that this kind of anointing can bespeak the end days. It also emerged that most remarkably, these miraculous rains, brought tremendous healing on thousands of Kenyans who were ailing from all kinds of incurable diseases including HIV/AIDS, the crippled, the deaf, the blind, the mute to mention. They were actually healed by these strange rains, as did the Man of God promise them before the rains. At the end of the rains, Dr. Owuor often lifts up his left prophetic hand and commands all the sick to get up and be healed, and do all that they could not do before. It becomes quite startling to watch crippled babies begin to get up and walk as the crowd goes wild. Some of these crippled persons, such as Christine Metyang, the little girl who was healed at the

Nakuru crusade, evidently appear to have been crippled since birth. It is for this reason that the *Arise Africa* team developed a special interest to report on these miraculous rains. These healing miracles coupled with

Almighty, is clearly shown in the many muslims, hindus, buddhists, and atheists that receive Jesus in his meetings upon witnessing miraculous signs. Even the widows, orphans, unemployed youth, farmers,

picnics, dinner meetings, name it, in order to access people with the *life-changing* message of the Cross. In such circumstances, the tragedy has arisen from the fact that these efforts are merely physical, thereby

as defining sufficiency of the Holy Spirit? The open-heaven event that took place at Kakamega, Bukhungu on June 25th 2005, is one such event that would sweep away even a muslim's heart to be caused to swiftly accept the JESUS OF NAZARETH without much delay. God Almighty appears to again be speaking very loud and clear in these last days, but is the church leadership listening at all? Are the christians in Nairobi listening too? God forbid if the measure of stature for maturity at *rapture* is going to be the level of evangelization of Christ, then the church of Christ in Kenya has a long way to go.

THE EXCLUSIVE INTERVIEW

Who exactly is Dr. Owuor?

In an exclusive interview with Dr. Owuor, the Managing Editor of *Arise Africa* explored an indepth coverage of the story behind the life of this man, who not only has led the Prime Minister of this nation to the LORD, but also baptized him in the full glare of the media. Moreover, this same man prophesied the quakes that violently shook this country, and the bloodshed that befell Kenya, after the predictions he made as way back as 2004. The parts of human bodies that he prophesied as coming to litter and be strewn around this land way back in March 2005 in the press, were not only fulfilled during the post-election mayhem of December 2007, but also continued to resurface most recently in places like Karatina and Kirinyaga in 2009. If these were a measure of stature to go by, among them, Dr. Owuor has surely most recently stunned the nation by promising to lead even the President of the Republic of Kenya, Hon. Mwai Kibaki to the LORD Jesus. He said, this he would do in order to bring healing between communities in this land. Sitting with him on a one-to-one basis, one cannot help but wonder how he received this unique calling that has literally transformed millions of lives through the humble message of *repentance* and the return to *holiness*. In talking to Dr. Owuor, what clearly emerges is the long and tortuous process through which the LORD passed him, in order to get his undivided attention and commitment to the calling. Without shying away, Dr. Owuor speaks openly about how he abandoned a terrific academic career in medical cancer research for the sake of the message that the LORD entrusted him with.

Quit Science

Revisiting with him on his past, one quickly notices that at the time of his calling, Dr. Owuor had gotten deeply absorbed in the world of cancer research by narrowing-in on finding the cure for different kinds of *carcinomas*. His involvement in that branch of oncological medical research took him right into the novel area of *drug discovery* and *design* for future therapy. Among the institutions that Dr. Owuor worked in, include the renowned Centre for Pharmaceutical Biotechnology of the University of Illinois at Chicago Medical Centre. At that centre for Pharmaceutical Biotechnology, Dr. Owuor performed research on signal transduction as induced by cancer chemotherapeutic drugs. It was during that time that he also lectured to the Ph.D students of the pharmaceuticals and drug metabolism programme of the University of Illinois at Chicago (UIC). His area of speciality became the elucidation of *onco-protein* networks and their role as potential future drug targets in the human body. It is very captivating though to talk to the Prophet as he narrates his involvement in the fine-scale research of understanding how tumours and various cancers grow in the human body.

Nuclear radiation and his discoveries

Most of the terminology he presents as one engages him include what he referred to as his passion then, the understanding of the role of *protein phosphorylation* as the main mechanism by which cancer chemotherapeutic drugs elicit the required biochemical signals into the human body. He elaborated on how

that two breast cancer patients would be first distinguishable as to whether they are *estrogen receptor* positive or negative. And he said that the novelty of his work then, came about as a result of the fact that even two estrogen receptor positive breast cancer patients could still be further distinguishable as to whether they are estrogen receptor *alpha* or *beta*. This, Dakitari said, was key to reducing mortality among breast cancer patients since it opened a prime door to personalize medicine. The Man of God also never ceases to amaze as he talks about some of his discoveries at the time when he narrowed-in on understanding the role of transcription factors, and specifically the role of what he termed as *Nrf-2*, in cancer chemoprevention. For a moment, one easily gets stolen away as Dr. Owuor becomes fully absorbed in describing the novel career he quit for the sake of bringing the message of the Coming of the Messiah, to the nations of the earth. Evidently, a quick review of medical journals such as Biochemical Pharmacology, Journal for Biological Chemistry, Journal for Carcinogenesis, Pharmaceutical Research Journal, Journal for Mutation Research, among others, reveals that this Man of God surely and truly published his research findings in very competitive medical peer review journals. The Servant of the LORD speaks more like a medical specialist than your daily preacher, when he narrates his previous discoveries. He dwells on the importance then, of *Nrf-2* transcription factors in the activation of the human anti-cancer response system. Such systems, he said, include the expression of antioxidant response elements (ARE) - related

a great zeal for reaching out to the *village folk*, was actually a Research Teaching Specialist (RTS-III) in the Division of Surgical Oncology, in the Department of Surgery at the Cancer Institute of New Jersey. When you thought you had heard it all, then the Man of God now begins to narrate how he used to lead a group of surgeons in the pursuit of understanding a very critical process that governs cancer growth in the human body, a process the Prophet calls *Tumor Angiogenesis*. This, the Man of God says, was very critical in saving human life especially when many multi-drug resistant cancers exploited this *angiogenesis* for proliferation and spreading in the body.

Stopping cancer

And because *Arise Africa* deliberately wanted to get down to the bottom of the true background of this Prophet, in order to enlighten Kenyans on this man that has unfortunately been branded 'DOOMSDAY PROPHET', we allowed him to elaborate further. This he did to the point that he confessed that his interest then in surgical oncology mainly anchored on two primary genes that *modulate tumor angiogenesis*. These genes, the Man of God called *Vascular Endothelial Growth Factors* a and b (VEGFa & VEGFb), respectively. These two, he said, hold the key to stopping the growth of cancers hence elicited an enormous research attention as potential novel drug targets of the future. What will definitely blow your mind off as you engage this Prophet of holiness, is the fact that he also worked as a Consultant Specialist at the world renowned Civil Aerospace Medical Institute (CAMI), examining the contribution of *fatigue*, *inter alia* among airline pilots, on aircraft accidents. This was mainly in order to improve aviation and aerospace safety. Talking to this scientist-turned-Prophet overwhelms to the extent that one cannot escape the *shades* that consume as he describes his research into the contribution of *fatigue* among civil aviators, during his work at the Department of Forensic Toxicology and Aircraft Accidents of the Civil Aerospace Medical Institute. It is after all this, that Dr. David Owuor suddenly came to Kenya in the year 2004 following a mighty visitation of God Almighty, through dreams and visions. Upon arriving in Kenya, he immediately began to speak to this land on the urgent need for *repentance*, without which the judgment of God would come.

The Visions of his calling

In this exclusive interview, we asked Dr. Owuor how he received this unique prophetic calling. The Man of God took us on a journey regarding his calling, a journey that can only simulate the events of the bible. He said that while studying for

his doctorate in Israel, God Almighty visited him in a tremendous vision of the LORD. He said, that in that vision, the LORD speaking from the inside of a thick dark cloud called his name three times. After which he woke up aware that the LORD had called him. However, Dr. Owuor said that the dreadful part of that, was to be able to hear the Voice of God Almighty himself. Second to that, was the clear message the LORD left in his heart, to the effect that answering YES to this calling would mean an end to all the academic career he had spent time in pursuit of. Nevertheless, Dr. Owuor retorts, that he began the process of running away from the LORD. It is then, the Man of God says, that the LORD began to do strange things around him. One of these being the *bright light* that many people kept talking to him about. This continued until he graduated and began to work at the University of Illinois at Chicago (UIC). He says that it was then that one day as he was walking on Washington Boulevard when somebody honked at him and asked, "Sir, I don't know whether you are aware, but there is a lot of light around you. I was driving and almost got into an accident because the light around you covered the entire road" the man said. "I was shocked, stared at him for a moment and to gain control of the situation, told him that as a matter of fact, what he was seeing was the glory of our LORD Jesus whose salvation I had received," The Man of God said. Before parting, that stranger asked, "Do you remember Moses?" "Now, that greatly disturbed me," Dr. Owuor added, while referring to the fact that he had heard such a statement directed at him while in Israel. Dr. Owuor confesses that he was at this time living according to the Word of God and was attending church at the Living Word Christian Centre in Forest Park, Illinois. He further confesses that he was then able to begin to understand that God was communicating to him in a very strange way. That night, Dr. Owuor says, that he prayed for the LORD to reveal Himself and confirm whether the *light* that people said they were seeing around him was surely the LORD's and the "Remember Moses" reference. Owuor asserts that the LORD indeed visited him that night in a mighty vision in which God put a cloud around him and he could see the *deep red cloak* that runs from the LORD's left shoulder. "I trembled and cried saying 'LORD am sorry, I did not mean that I wanted to see you'", he narrates. The following morning, he went to narrate that mighty visitation to a christian friend who worked in clinical rheumatology on the first floor, that it may be presented for prayer at their daily christian fellowship meetings. However, Man of God took us on a journey regarding his calling, a journey that she had seen a dream that he, Dr.

Owuor, had had a visitation of the LORD. In a desperate attempt to run away from the LORD, he applied for a new position and relocated from Chicago to the State University of New Jersey. This was because he thought the visitation of the Lord had everything to do with Chicago. After adamantly disobeying the LORD and rejecting His call, the LORD made him run into a severe car accident. His car flipped over and his collar bone was broken; blood was flowing from his eyes in what would have been an indication of a possible brain damage. He and even his doctors were surprised to find that there was nothing wrong with him, and he could even remember the publication he was in the process of writing on *caspase lysozymes* and cancer. That night he says, the LORD visited again in a dream and said, "*You cannot run away from me*". Owuor admits he was running away from God, even after God had manifested Himself to him, because the Man of God had not yet known the gravity of his calling. Going by all this, it is obvious that Dr. David Owuor had surely not known the weight of asking God to reveal Himself. The Servant of the LORD further acknowledges that it was not easy for him as a young Kenyan abroad, to all of a sudden, simply give up his dreams and go into the iconically impoverished pastoral life. He was set on establishing a successful academic career. Dr. Owuor however, confesses that such a model of life that he pursued must have been imparted by the kind of academic system in Kenya. This is because most people go to school in order to succeed in life. Dr. Owuor acknowledges that the difficulty for him then, was to walk out of what was seemingly the height of success, to just let God call him into the unknown.

Writings on the wall

One of the main sources of fear that Dr. Owuor continually haboured in his heart at the time the Lord was calling him, was that he had not been to a bible college. And so, the Man of God contends that everytime the Lord visited and spoke to him in a vision, he wondered how he would be able to comprehend matters spiritual and relay them faithfully without attending bible college. But, to his shock, these fears were resolved in one night by the Lord. At that time, on every occasion when God visited Him in a dream, the LORD began to *write scriptures* for him on the wall in order that he may understand the message. He testifies that the most significant turning point in his life was when God visited him in a tremendous vision, and shockingly wrote for him the scripture of Isaiah chapter 43 verse 1 and verse 11, on the wall. This, the Man of God says, is what helped him get his rightful bearing and facilitated to hearken him to the calling of the LORD when he woke up and read the scripture.

the deep revelations that the Lord has downloaded to him on the coming of the Messiah, have consequently made the Man of God a very busy person with meetings across Europe, Africa, Asia and the Americas. But what has advanced a bitter acrimony between himself and the majority of today's pastors, is his departure from using such humongous gatherings and healings as platform for gathering money. Such a stance has further mystified his ministry as people wonder where his help comes from. The *seal* of approval that this Servant of the LORD enjoys from God

University professors, top lawyers, leading physicians, senior bankers, senior officers in the government, have too gotten to receive the LORD in these *life-transforming* meetings. When the bible said that it is not by mighty nor power, but by the Spirit of the LORD, the living Word of God meant exactly that. Many times, ministers of the gospel tend to crook ways by employing mere human efforts in order to evangelize the JESUS OF NAZARETH. This kind of human-based effort, has at times included the use of comedians, dance troupes, movies, social

being entirely based on persuasive techniques. But, in watching the way Dr. Owuor conducts his historic meetings, one is left *bamboozled* as to how powerful the Holy Spirit of the LORD is, in accessing the innermost chambers of a man's heart. What particularly caught our attention as a media house, at *Arise Africa*, is the fact that even muslims, hindus and buddhists, upon witnessing the mighty works of God's miracles and the *signs* and *wonders*, they often surrendered willingly to the LORD. Could it be that this kind of massive revival is what the bible has stood for

he became the first man to discover the link between what he calls the *p38* cell death pathway and the extra cellular regulated signalling kinases 1 and 2 (ERK 1, 2) via what he termed the *MKK6 oncoprotein* shunt. To the amazement of all, he even described how he used to employ the deadly nuclear radioactive phosphorus *p32* in radioactive labelling and tracking of biochemical cellular events within cancer cells. The Servant of the Lord baffles you when he says that Real-Time polymerase chain reaction (RT PCR) that he employed then, enabled him to profile patients to the extent

genes that are pivotal for the survival of man when subjected to what he calls environmental insults like tumorigenic chemicals, mercury, cigarette smoke, lead among others. After a successful career with the University of Illinois at Chicago Medical Centre, this fire-brand Prophet transitioned to the Cancer Institute of New Jersey, which is a world renown prestigious centre of excellence within the department of surgery in the University of Medicine and Dentistry of New Jersey (UMDNJ). It is even more sobering to realize that this preacher who has

He says that this truly confirmed his calling on that material day. He always tells people that when the LORD calls one as prophet, it is not yours to prove or confirm. This, he says, is because the Holy Spirit is the supernatural power that propels the prophets of the LORD. He further adds that for one to be a prophet of the LORD, GOD Himself would have to come down and manifest Himself in mighty visitations, as He calls the prophet. “GOD presented Himself to me in a mighty cloud during a vision of night in which His left hand touched me and pointed me towards a lot of churches that He instructed me to go preach to and pray for. In that vision, I looked at where His hand was pointing towards, and I saw many countries that He was sending me to. Making reference to Deuteronomy chapter 18 and verses 17 through 20, Dr. Owuor says, “God talks to me by voice” and continues to cite consequent verses stipulating that God Himself will put the false prophets to death, because they grossly mislead his people. If a prophet says things that do not come to pass, he should not be feared or respected. He further added that however big the event one prophesies is, be it quakes, it must always come to pass. He says that when he came here, people would call him Dr. Owuor, and he told them he had discarded that professional title to follow and serve the LORD GOD Almighty. Consequently, many started calling him a prophet, because the things he said started happening. He says that when he arrived in Kenya he saw perversion, which was the physical sign of a church that was fallen. Dr. Owuor says that his dilemma when he came to deliver the message of repentance to Kenya was that he found so many false prophets, who were roaming the land and promising a lot of blessings and prosperity to a sinful church. “How will these people believe me?” he wondered. Asked about the many *miracles, signs and wonders*, including the commanding of heaven to open and bring instant rain, that are today known to manifest in his meetings, Dr. Owuor said, “the Holy Spirit uses these signs to convict and convert them to JESUS OF NAZARETH.”

Tsunami & calamities

In the course of speaking with the Man of God Dr. Owuor, it was most notable that he for sure had prophesied several earthquakes that came to pass across the globe, including in Mexico, Chile, Afghanistan, Russia, Iran, Sulewasi, Quetta, Italy, among other places. It is then that *Arise Africa* team took the opportunity to ask him on how he feels when he prophesies such terrible events like earthquakes and they come to pass with a lot of fatalities. At that time, the Man of GOD said that the bottom line is, “the message is not mine but the LORD’s, and I have no authority to change it whatsoever except to be a faithful

vessel that transmits it accurately.” When we asked him as to whether he would be afraid of the country would be hit by earthquakes and bloodshed, Dr. Owuor found a country that was comfortable in sin. He knew that it was going to be such a task to get them out of their usual comfort, to a place where they would be provoked to repent and return to holiness. But today, Dr. Owuor celebrates the fact that in his meetings, many people including muslims, hindus

as major spiritual *landmarks* towards the Coming of the Messiah. He further added that the *repentance* GOD Almighty has sent him to bring to the church is not bad news but the biggest *Good News* that can ever visit a land. This, the Servant of the Lord said, was due to the fact that *repentance* brings reconciliation between the people and God Almighty. In that way, he asserted that he actually is a messenger of peace between Man and GOD. What is most astonishing about this Man of GOD, is that he precisely, prophesied the coming of the first dreaded Asian tsunami. The evidence of this being an email that he sent out on November 25th 2004, exactly one month before the occurrence of the horrific December 26th Asian tsunami. It is amazing that in that email he actually describes the exact graphic events that would later become the dreaded Asian tsunami. In that email, Owuor elaborates how GOD Almighty had spoken with him on that November 24, 2004 night, about the tsunami floods that eventually wreaked havoc in Asia and many people lost their lives. GOD Almighty had asked him to warn the eastern religions especially in Asia to repent and receive Jesus for their restoration. He also said that on the exact eve of the horrendous tsunami holocaust, GOD Almighty asked him to fast and pray during that Christmas

because it was about to happen. It is then that the tsunami took place on the next day, on December 26th, 2004. He added that it was during the same time-frame, as he was receiving the tsunami message, that he was also shown the defiled state of the church in Kenya.

Harvesting Souls

When he was sent to Kenya to tell the people to repent or the country would be hit by earthquakes and bloodshed, Dr. Owuor found a country that was comfortable in sin. He knew that it was going to be such a task to get them out of their usual comfort, to a place where they would be provoked to repent and return to holiness. But today, Dr. Owuor celebrates the fact that in his meetings, many people including muslims, hindus

and eastern religions are converted to JESUS CHRIST OF NAZARETH. This he says is directly related to the tremendous miracles that the Holy Spirit performs in his meetings. It is a direct action of the convicting power of the Holy Spirit. After the Tsunami took place, Dr. Owuor started to tell the church in Kenya to restore the altar or else judgment would have to fall on them. He confesses that it was very difficult for the church

leadership to accept him and his message of repentance, because a life of holiness has today become very unpopular even among christians. But eventually, he says, the Holy Spirit brought his wonderful works in his meetings, and the cripple stood up and walked, the blind eyes opened, the deaf ears popped open, the mute tongues were loosened, HIV/AIDS was healed and tested negative in hospitals, and the *signs and wonders* manifested. The Man of God says that Jesus himself asked the Father in heaven to perform powerful works in order to convict the people that he was actually sent of GOD. This, Dr. Owuor reiterated, is the reason that now when he calls for a meeting, it always becomes the largest meeting taking place on the earth, since more than one million people gather at one place. “In that way, I can harvest them all for the LORD Jesus in one massive altar call, in these last days” he says. Dr. Owuor specifically states that while christians hold the key to the kingdom of God, they have instead resorted to *fritter away* God’s opportunity to serve mankind with the many divisions, conflicts,

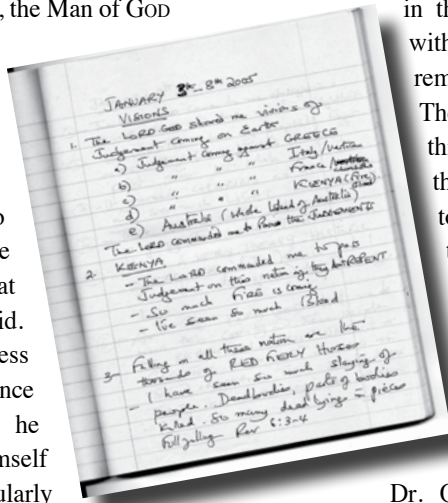

sexual sin, lies, witchcraft, etc., in the churches. “When the church openly airs its dirty *laundry* in the public, she essentially acts as a blockade that effectively deter people who are seeking for solutions and direction for their lives from finding JESUS,” he said. The Man of GOD reaffirmed that there is no better time on the earth than now during the global financial crisis, when all people seem to be looking for solutions in their lives. On the dressing protocol, Dr. Owuor decried the manner in which current *fashions and fads* have rendered most of today’s christian women virtually *nude*. This, he says, is worsened by comedian preachers who preach as a form of entertainment for laughter and comical ends. It practically keeps the Asians away as they have a serious approach to their idol, yet useless gods. “They dress with fear and do not show off their bodies; neither do they even display their altars on television.” lamented the Man of GOD.

What GOD said about Kenya

During this interview, it emerged without a doubt that when Dr. Owuor appeared into the Kenyan scene with the message of the LORD, he spoke about the events that were about to befall the nation, without *mincing* his words. It was with such a *fierce stance* that he said these things, causing a great awakening that stirred the hearts of many with the *foreboding* divine judgment of God that was impending unless the nation REPENTED as in the biblical days of Nineveh. This Prophet who was largely unknown within the religious circles in this land, appears to have surprised the nation when he suddenly burst onto the Kenyan spiritual landscape in 2004 with a message as shocking as were his pronouncements. In the heat of that moment, the Man of God appears to waste no time as he quickly gathered a press conference to speak to the nation on what Jehovah had said. It is the boldness and confidence with which he expressed himself that particularly seemed to have caught the attention of Kenya as a nation. This especially came out when he started speaking about the earthquakes, bloodshed, and famine that would come to this country in the event that she failed to repent from the rampant and chronic sin that has plagued her. Speaking such *ominous* words to a land that was accustomed to *comfort preachings* and messages of blessings, Dr. Owuor right away presented an *enigma* way back in 2005. Listening to him then in 2004,

and reading the archives of the messages he put in the print press more than four years ago, and further even watching the library video clips of the television programmes he aired in 2005, it becomes soberingly clear that this man had actually spoken with God. Perusing through some of the old notes he hand scribbled every morning following the dreams, as early as January 3rd 2005, concerning the bloodshed, fires, scattered pieces of human bodies, famines and quakes, that would afflict Kenya; becomes particularly disturbing. In those old notes out of a *Kartasi* school exercise books, he warned this nation of the impending judgment that specifically mentioned fires and blood. Observing what has since transpired in Kenya, the *Arise Africa* team was left with no choice but wonder how all these calamities could have actually been averted, had there been obedience in the land. On reviewing his prophecies then, and now observing their current fulfilment, there is no choice but to go down on the knees and ask the God Almighty, the Creator of Kenya, for the forgiveness of sin. Dr. Owuor’s list of controversies the Lord God had raised between the land and Himself, included; the rampant sexual sin in the land, and within the church, the deceptive gospel of prosperity that was totally bent on enriching pastors through corrupt means. Dakтари also did not spare the false prophets whose falsehood had strayed the land to believing that God was happy with the people. These, he said, are the pastors who had earlier on called themselves the ‘prophets of the nation’, and hence disseminated falsehood that was sweet to the flesh, but *lulled* Kenya to believe peace with God. In that round of condemnation, the Prophet of GOD, Dr. Owuor, also confronted the witchcraft that is being practised in this land head-on without any form of remorse or mercy. The bottom-line of this fierce message though, was the tone with which all the condemnation by the LORD was actually directed to the church of Christ and its *shepherds* (Ezekiel 34).

Dr. Owuor, the man who sees many visions, reasserts that God was and is still extremely angry with Kenya over her unrepented sin, and more so the defiling of the altar of God Almighty by the very stewards of the Word. Why would GOD direct his wrath to the church? Understandably, this must have come from the fact that in every country the church is the one and only institution that is charged with the responsibility and task of giving guidance to the people. In this interview, Dr. Owuor continues to assert, as did he in his

press conferences, that the church is the *light* of the nation without whom a dispensation of darkness would befall Kenya.

press conferences, that the church is the *light* of the nation without whom a dispensation of darkness would befall Kenya.

Discarding Foetuses

The Prophet Dr. Owuor retorted with much fear the fact that *abortions* had become a norm in Kenya, encompassing high school children, universities and the general public. The picking of discarded groups of foetuses along the Kenyan roads, especially the Nairobi-Thika highway, would most definitely attract the severe wrath of GOD on this land, the Man of GOD said. The immoral dressing that has now characterized the attire of Kenyan women, did not auger well with the holiness requirement of the GOD of Israel, who created Kenya, he lamented. The Prophet said this while referring to the biblical scripture that says, ‘whoever looks at a woman and lusts at her has already fallen into adultery.’ While such a standard may have seemed too high for the Kenyans to meet at that time, today it is clear that there is a very serious truth to it. Most recently, the entire nation of Kenya was treated to another bout of shock when a local daily had an inside story entitled “Rogue Pastors”. In the article, that investigative journalist boldly says that today one need not go anywhere to elucidate the dark sexual sin-lie of the pastors, other than to the Sunday schools of the churches. That local daily, in its Saturday feature further painfully elaborated that just by a mere look the pastors’ ears and a corresponding look at the ears of the little babies in the Sunday School, one is able to quickly pick

out how many extra-marital kids the pastor has fathered. This article came out just recently in mid-May 2009. It underscores the importance of Dr. Owuor’s pronouncements and acrimonious bitter denunciation of sin that was directed at church leadership.

Judging Kenya

In his message to the nation, then and now, Dr. Owuor spoke to us without any shreds, on the coming wrath that GOD has revealed to him in case the nation of Kenya fails to heed the command to repent and turn away from sin. If you thought that this was just mere rhetoric, then you should watch the video productions of the 2005, 2006, and 2007 warnings that this scientist-turned Prophet blasted at the nation of Kenya, in a national broadcaster. The prophecy he gave then forewarned of a harsh verdict that GOD Almighty was going to bring on Kenya unless she repented. Within the realm of God’s judgment, he included the coming of a horrendous bloodshed that would cause Kenyans to leave their homes in very large columns, and check themselves into refugee camps. At times screaming at the top of his voice, in a different appearance that presented him as relatively younger in 2005, before he even sprouted his beard, Dr. Owuor can be seen warning that GOD

Almighty was about to shake the nation of Kenya in a cascade of non-stop quakes. He further reiterated that a ravaging famine was also in the offing, in the event that Kenyans failed to repent as required by GOD. The Man of GOD at that time called out aloud to the leadership in the land to lead the entire citizenry in an all out *national repentance* that would purge sin off the lives the majority of Kenyans. He

persistently kept referring to the biblical scripture in Jonah chapter 3 where *calamity* of GOD’s wrath was about to befall that land, only to be *averted* by the king of that country declaring a *national day of repentance*. Such *repentance*, Dr. Owuor said, would require that Kenyans wear sackcloth and ashes on their heads because of the abhorable nature of sin that has established in the church and the land. Kenyans initially took these prophetic utterances with a pinch of salt arguing that after all, who was this unknown prophet who had descended on Kenya from nowhere? To others, perhaps the *qualms* were over the authenticity of this new messenger, who appeared to carry the

EDITORIAL REVIEW ON THE KENYAN EARTHQUAKES

Are Kenyans Today Beckoning Quakes

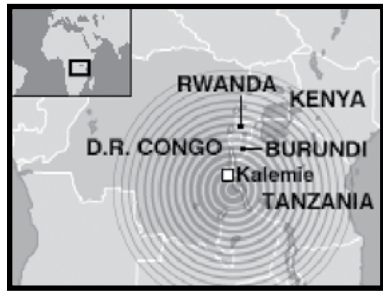

By Nzuki

As though to mock and ridicule GOD Almighty for his mercies, Kenyans were recently treated to extreme shock and astonishment when a section of the media abused the Prophet of the LORD, Dr. David Owuor in a manner that clearly shows the highest level of *contempt* ever registered against God’s authority. They claimed that Dr. Owuor’s message of *repentance* in order to prepare for the glorious *apture* of the church, was a ‘DOOMSDAY’ message. As though that were not serious enough, they even went a step further to allege that Dr. Owuor’s prophecy on earthquakes which we all covered live on February 22nd 2007 and became fulfilled in July 2007, was not sufficient enough for them. This, they alleged despite the fact that when the quakes came in July 2007, we in the media covered Kenyans running for their lives. Millions experienced the greatest grief when the same media houses purported that the

divine caution that GOD had caused to *delude* other christian leaders. While he was giving the predictions for the sinful situation right inside the altar, there were other opposing messages of peace from other church leaders. But the Prophet of the LORD picked out the irony in this, by asking how it could be possible that GOD Almighty would speak peace to Kenya at a time when the church has fallen and sunk to such phenomenal low levels. The man of God kept referring to the scripture in the book of Jeremiah chapter 6 verses 13 and 14. But probably what may have *lingered* as a *silent caution* within the audience across this nation, is the fact that, “How would it be possible for one so trained in a very specialized profession, to all together drop it in response to the strong voice of GOD proclaiming *repentance* from sin?” Such was the assignment with which he raised a lot of dust in the secular as well as christian circles when he, without much preamble, made weighty and profound pronouncements that Kenyans could not just wish away.

Fulfilled Prophecy

Like a *lull* that steals away into a fatal comfort right before the onset of a humongous storm, so was Kenya slowly swayed away from this prophecy of the impending judgment of GOD, when it slightly tarried for *repentance*. Unfortunately, the tragedy then suddenly ensued when Dr. Owuor’s predictions became fulfilled with such an impunity that had shook the entire nation from corner to corner. The first wave of fulfilment touched down when the earthquakes he had warned about in 2005 and

can ever come up to a place and predict that an earthquake would come to that place. Nowonder, the reason insurance policies do not cover earthquakes is because they are termed “Acts of God”. And for Dr. Owuor to have walked in to this country and hold a press conference in 2005 predicting quakes; then announce the same in a big gathering at Kapsokwony, Mt. Elgon, on October 31st 2005, and finally follow it up with a subsequent February 22nd 2007 press conference, warning of the same, it must have been God Himself that sent him. Unfortunately for some in the media who recently attempted to wish away Dr. Owuor’s predictions, all Kenyans know it too well that it barely took one month from the October 31st 2005 Kapsokwony prophecy, than the historic East African earthquake took place thereby shaking Nairobi *sawasawa*. To their own demise, those in the media who have recently attempted to minimize Dr. Owuor pronouncements, little have they known that these predictions, the Man of God made in huge gatherings, in the hearing of all, and were repeated

during that infamous February 22, 2007 press conference, finally appeared into Kenya. This is exactly the shock that took Kenyans by storm, literally catching them unaware. In what began as simple dismissible tremors, an escalated cascade ensued including a 6.1 endless quake that began to totally consume this country. Even todate in May 2009, a massive tremour that shook the entire nation testifies to the seriousness of his predictions. As people ran helter skelter for their precious lives across the cities and villages, one thing for sure rang out very clear in their ears, that this was all prophesied. In a flash of a moment, the truth began to dawn on this nation to the fact that disobedience to the Word of GOD spoken by Prophet Owuor, had as a matter of fact now earned them GOD’s inescapable wrath. A survey by the *Arise Africa* team then, revealed that people even refused to go to work in the fear that the tall buildings in the city were just about to come tumbling down. Many even refused to return to their homes and opting to spend the night at a more flatter ground at Uhuru Park. From the *grass-thatched* huts of the villages, to the tall *skyscrapers* of the green city in the sun, there was a massive shaking that generated such anxiety of unmatched proportions. What made things even worse was the continual predictions of the coming of a huge earthquake, predictions that continued to linger in people’s minds day in, day out, as the tremors reigned the land. summarized together, Kenyans for the first time understood the fact that no man can ever run away from the judgment of the Lord, when it falls.

on November 7th 2005, on national television. Millions of Kenyans are today aware that on December 5th people in Nairobi ran for their lives when Dr. Owuor’s earthquake prophecy was accurately fulfilled. Those running helter skelter in the city included the very members of the media when the city was violently shaken. To make it worse for the same section of the media that tried to undermine Dr. Owuor’s prophecies, they are operating in ignorance and are not aware that during the Kapsokwony predictions the Man of God mentioned Lake Tanganyika by name as he pointed his left prophetic finger towards it. At times it gets very shameful to operate out of ignorance, the reason for which millions Kenyans turned off their television sets from the said section of media, and called the radio stations as they lamented the misreportage and ignorance. When the December 5th 2005 quake fulfilled Dr. Owuor’s prophecy, the source was a little town by Lake Tanganyika called Kilemie. And as the BBC and CNN and other global news outlets mentioned the name Tanganyika in their breaking news

nation know the following, a) That God Almighty through this endless mercy and love for Kenya, surely tarried in order that Kenya may have time to repent to avoid the full wrath of earthquakes. b) That massive earthquakes are not anything to beckon, admire, long for, or desire in a nation, because it takes one visitation of huge earthquake to delete the history of that nation and wipe out an entire generation. This editorial appeal is to the section of the media that beckoned for a bigger quake, that please for the sake of the healing of this land, please do not ask God to bring on a heavy earthquake. The fact that the quakes were prophesied and they hit upto 6.1 on the Richter scale, is reason enough for us to run to this most abused Servant of the LORD and ask him for direction on how the next level of quakes may not visit. The blood flow Dr. Owuor prophesied right before our own eyes all the way from 2005, with some of us covering his press briefings and publishing, did for sure come to pass with such a shocking level of impunity. Moreover, the parts of human bodies that he prophesied in March 2005 as coming to strewn the land, which we well published even as a newspaper, have come to pass with such a shocking level of accuracy and fear, including most recently in Karatina, in 2009. Please, for the sake of the healing of this land, let us be a little bit more responsible in our journalism with the realisation that there is God Almighty who still oversees the nations of the earth; our own Creator that watches over this nation on a daily basis. The only thing that we at *Arise Africa* seem to pick out as the requirement of the LORD, is that Kenyans repent to each other, one community to another and as a nation to the LORD and God would heal Kenya. This editorial, *Arise Africa* has written, with much

respect and fear that the God of heaven would enlighten us more on his humble ways. But, we also fear that at times the way the Lord humbles nations is through a severe act of judgment (Jeremiah 18:7-10). May God humble the hearts of the members of the media.

Rejected home

What is most baffling is that when *Arise Africa* confronted Dr. Owuor to comment on the fact that the section of the media was longing for a massive earthquake to really confirm that his prophecy had been fulfilled; he comfortably spoke with a smile. And retorted that surely if God Almighty sent him, then it is just obvious that he would never have been accepted in Kenya. In this way he meant that a prophet is always rejected in his hometown and asserted to the *Arise Africa* team that if he had been warmly received by all the media, then he would not have been sent of the LORD. The Man of God says that the true *litmus test* that he was sent to rebuke the sin in this nation and call her to *repentance*, is that this nation would have to reject him just as they did Jesus. But going by such arguments from him one is left with no choice but wonder and contemplate how heavy a price it is that must be paid by a nation that rejects the prophet of the LORD. What becomes particularly fearful, is when Dr. Owuor smiled this question away and said that the section of the Kenyan media that mocked him, calling him "DOOMSDAY" prophet, did not as a matter of fact mock man but God. This, surprisingly the Man of God said, as he referred Kenyans to Galatians 6:7 which states that:

"Do not be deceived: God cannot be mocked. A man

reaps what he sows.

If this is the kind of scripture that a prophet of Dr. Owuor's stature can be reading to Kenya at this time, in the year 2009, then there is cause to worry. Considering the afflictions that Kenya has undergone in the recent past from the onset of these prophecies and judgments, then for sure we can understand why when Jehovah called prophets from Israel, to the people of Israel that always meant paying such a horrendous price. Among the prices Israel paid, included going into captivity. And for Kenya, it is amazing that captivity has surely come and happened in our lifetime in the form of IDP camps that Dr. Owuor prophesied live on television every Sunday including on that February 12th 2006 and February 19th 2006. That these IDP camps still litter this land, is supposed to be a humbling factor to bring about repentance, and not for provoking God and his prophet. At *Arise Africa*, we feel that this is our ardent responsibility to enlighten the people of this nation on the nature and ways of God Almighty, that a little few may not spoil for the rest. But how much more suffering should Kenya long for before she can stop beckoning the LORD for increased wrath. And yet things are already very bad. May the God of heaven forgive us for abusing his anointed one. And as a christian publication, we at *Arise Africa* both repent and apologise to the nation on behalf of the small section of media that instead of repenting during the window of grace, asked for a bigger earthquake that should tumble down the buildings.

Post-election Mayhem & Karatina Massacre

When asked about the post-election mayhem that surely brought the

bloodshed that he had prophesied in March 2005, this is what Dr. Owuor answered, using the book of Jeremiah chapter 18 verse 7 though 10, that;

⁷ If at any time I announce that a nation or kingdom is to be uprooted, torn down and destroyed, ⁸ and if that nation I warned repents of its evil, then I will relent and not inflict on it the disaster I had planned. ⁹ And if at another time I announce that a nation or kingdom is to be built up and planted, ¹⁰ and if it does evil in my sight and does not obey me, then I will reconsider the good I had intended to do for it.

The Man of God said that the way for Kenya to follow was made very clear since the Lord sent him. Owuor reiterated that upon his arrival in this nation, he clearly spelt out for Kenya the junction at which she had arrived. "You have finally arrived at this crossroads and this time around you must make up your mind, and come out with the real decision on which way you would like to go as nation. One road, I see, leading to *bloodbath*, parts of human bodies strewn around in the land, machetes, famine, earthquakes, fires, and calamities. While the other path, though seemingly unpopular, I see it bringing you into a land of plenty, prosperity, development, national cohesion, peace, health and blessings" he said. The Man of God says that when he spoke with a sober clarity to this nation, he enlightened them on the fact that he had laid before them, the choice of a *curse* or a *blessing*. And he contends that in every meeting at which he preached in this land, he earnestly pleaded with Kenya to choose the *blessing* by

organizing a *national repentance* in which the President of this land, Hon. Mwai Kibaki, would lead all Kenyans including the church, back to the Lord. Testifying to his commitment in helping lead Kenya out of the woods, Dr. Owuor said that it is the reason he, himself organized the June 25th 2005 *national repentance* at Uhuru Park. But, in a rare twist, the Prophet added that, "when the quakes I prophesied took centre stage in the lives of these people, little did the nation know that it was those massive July 2007 temblors also symbolized the tremendous shaking that was just about to hit the very core of this society for failure to repent. And that is exactly what later came to take place on the fateful black December 28th 2007, in what became known as the post-election mayhem. That judgment broke out across this land in her entirety." The *bloodshed* has not stopped flowing since the prophecy was given, Dr. Owuor reaffirmed. "With the most recent mungiki vs vigilante *massacres* that occurred in 2009 in Karatina and Kirinyaga, it shows that the prophecy on the *bloodshed* is still being fulfilled todate," he said. The Prophet of the LORD said that parts of human bodies are still littering the land of Kenya implying that the prophecy will continue to be fulfilled unless the leadership of this country, heed the command of God Almighty to repent. He warned that the continued presence of the IDP camps in Kenya imply that the judgment of the LORD still stands. He concluded by saying that the hand of the LORD is still heavy on this land. Dr. Owuor exclaimed that it is now upto the Kenyans themselves to choose *repentance* and be restored or continue in *disobedience* and face the increased wrath of God.

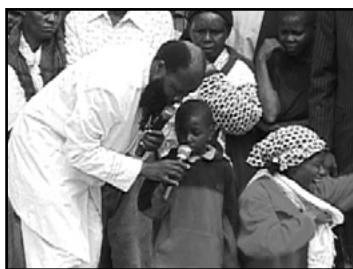

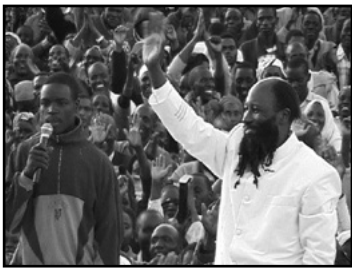

stories, every Kenyan was for sure aware that a prophet of God Almighty had walked this land. And to try to diminish his stature in such an uncouth manner as we recently watched on television in this land, can only help to underscore the need for a media regulating body. Only such an independent body can restore the confidence of the Kenyans and moral responsibility on our reportages. Now, if it is true, as it seems now without a doubt, that it is God Almighty who had spoken to Dr. Owuor on the earthquakes, then we members of media owe this nation an apology. How come the media does not know that when God sends a prophet to a land, it is a symbol of love to that people. Moreover, as if to confirm that Dr. Owuor is his mouthpiece, God Almighty again permitted his February 22nd 2007 earthquake prophecy to be fulfilled a

mere 5 months down the line in July 2007. Again, we, as the members of the media, covered this event as it rattled across the land to the extent that people even refused to return to their homes and a huge panic ensued with most people were believing for a huge earthquake at that time. But we bless the Lord that he tarried and as members of the media we need to understand that when the Lord tarries it is for the sake of repentance. That is a lot of love from God Almighty, the Creator of Kenya and should not be used by a section of the media as a source of ridicule, aimed at mocking his word and scoffing at his prophet. Under all measure of maturity and moral responsibility to our nation, I would like to submit here that the nation of Kenya has committed a grievous sin through the media by literally beckoning God Almighty, to bring on a larger earthquake that

would cause the buildings to tumble down. It at times appears as though a significant level of responsibility is required when a section of the media proposed live on television, that they would not consider Dr. Owuor's prophecies fulfilled until a big earthquake that tumbled down the buildings is realized in the city. God's ways are very different and they should in no way provoke his anger. This is because many of us in Kenya do not know the gravity of when an earthquake visits town. The irony though is that the same Dr. Owuor that a section of the media was challenging to speak to Jehovah his God to bring on the huge *temblor*, is the same prophet who has prophecies some of the most devastating earthquakes that caused a lot of damage, and loss of life. Does anyone remember the 2004 asian tsunami and how Dr. Owuor prophesied it on

November 24th 2004, exactly one month before it happened? How about the Iranian earthquake that Dr. Owuor's prophecies on 25th March 2006 at Nyamira, an earthquake prophecy that was rapidly fulfilled in 5 days when on that Friday, March 31st 2006 the entire western Iran was devastated and ravaged including a city called Lorestan? How about the Russian earthquake that Owuor prophesied at the same Nyamira meeting on that March 25th? And we clearly saw that on the 21st of April 2006 a historic 8.1 magnitude earthquake devastated Far East Russia (Kamokocha). Quakes in Afghanistan, the recent Italy quake, the recent Chile quake, Sulewesi, Quetta and Hurricane Katrina all prophesied by Dr. Owuor, accompanied by video documentation, in this land. And

when the Lord tarries, and delays the huge earthquake that he had promised Kenya, causing him to bring a minor shaking of 6.1, then it is a sign that God is loving Kenya and patiently awaiting her repentance. A failure to which a calamity will strike. We should never provoke God Almighty to now bring the huge quake that should tumble down the buildings by abusing his prophet. All of us in this

THE MIRACLE

This phenomenon that one may be HIV positive and even suffer from HIV/AIDS, and then suddenly turn out to be HIV negative, this historic phenomenon has never been recorded in medical journals.

THE “DOOMSDAY PROPHET” ARE KENYANS NOW ABUSING GOD ALMIGHTY?

In this editorial, I want to particularly begin by saying that, at times one has no choice but to question whether there is any little sense of moral intellect left at all in this land. While Kenyans pride themselves as a nation of over 70% christians,the conduct and demeanour presented thereof, however, points to the contrary. Christians ought to exercise a significant sense of moral leadership in the land because after all they are the image of Christ Jesus himself. But when a nation that has been so well kept and preserved by the LORD to the point that even the post-election mayhem did not degenerate to the Rwanda levels, begins to abuse the very existence of the LORD her God, then it cannot help but emphasize just how far fallen the country is. However, I have to exempt the majority of the millions of Kenyans who for sure in their greatest sincerity are God-fearing and honour Jehovah. But the recent portrayal by a small section of the media, of the Prophet of the LORD, Dr. David Owuor as a “Doomsday prophet”, will definitely not auger well between this land and Jehovah that sent him. While Dr. Owuor himself seems to enjoy the name-calling labelled on him, as a confirmation that he was sent by God, we at *Arise Africa* have every reason to worry about this and to be fearful of its consequences *thereof*. To him, the Man of God says, this can only help him know that he for sure is walking in the *footprints* of the path followed by Jesus the Messiah and all the biblical prophets. The Messiah was not only called names, but got thoroughly abused, and so were the prophets. While Dr. Owuor contends

that Jeremiah’s rejection by Israel pointed to the fact that Israel had become so defiled that she could not face the *truth* anymore and repent. He further asserts that Isaiah the prophet was rejected and hence there is no way he, Dr. Owuor, would have been accepted by the Kenyan world. The Man of God further says with a smile that Jesus, the Son of the Living God himself was contested even when he healed the blind man. If that is the case, the Man of God asks, how much more does Dr. Owuor deserve to be rejected? Nonetheless, in our editorial, we are today examining as a moral responsibility to the public, the fate of nations that have gone down on record for abusing the Prophets of the God of Israel. In the book of 2nd Chronicles chapter 36 verses 15 through 21, the holy bible says that when Israel had sinned enough

to them through his prophets again and again, because he had pity on his *people* and on his *dwelling* place. To Kenya, that can only imply that when the LORD sends a prophet to a nation, it is an expression of a lot of love emanating from the fact that God has noticed their demise that is otherwise at hand. However, when the Israelites *mocked, despised, and scoffed* at his prophets, the wrath of the LORD God was heavily aroused against them to the extent that there was *no remedy*. Examining this in the context of the current Kenyan scene, and how the LORD sent the prophet, Dr. David Owuor to love this country, as a watchman who had foreseen the bad things that were coming Kenya’s way. The message that Dr. Owuor brought to Kenya was that she *repents* and turns away from sin in order not to face the *affliction and calamity* that

as a ‘*doomsday prophet*’ then I can speak in my editorial with absolute certainty that the judging arm of the LORD must, and I repeat must, touch the land of Kenya. I am not sure whether the section of the media that recently branded him a ‘*doomsday prophet*’ are aware of the deepest revelation that God has entrusted him with, a revelations that has caused many nations of the earth to long for him as he conducts massive revival and repentance meetings across the globe. Unless we clearly come out and repent of this national abomination, I can promise you that the same God who cannot be mocked will not take it lightly with Kenya and as a matter of fact will fulfil the

recently because he did a good thing of leading the Prime Minister to the LORD Jesus hence baptising him in the open daylight. It is common knowledge to all Kenyans today that Dr. Owuor is the Prophet sent of God, in our time. But, the recent *mocking, ridiculing and scoffing* at this Prophet of God by a very small section of the media branding him a “doomsday prophet” when we actually know that he is from the LORD, and brought us the *good news of repentance*, that act

Christine Metyang, born a cripple, was mightily healed in a Repentance Meeting after prayer by Prophet Dr. Owuor and learnt to walk for the first time in her life.

will not be well received by God the Father in heaven. If it is true that God the Father in heaven himself sent Dr. Owuor to proclaim *repentance* and all the things he has decreed, and yet now without a doubt it has clearly emerged that it is the case, he is sent of God, then there is a heavy price for this nation to pay. What worries me most, is that the *word* of God itself says that when they *scoffed* at his prophets, his wrath was aroused against them, and as a matter of fact *there was no remedy*. And if Kenya for sure has labelled this Prophet that has been prophesying the glorious coming of the LORD in the *rapture*,

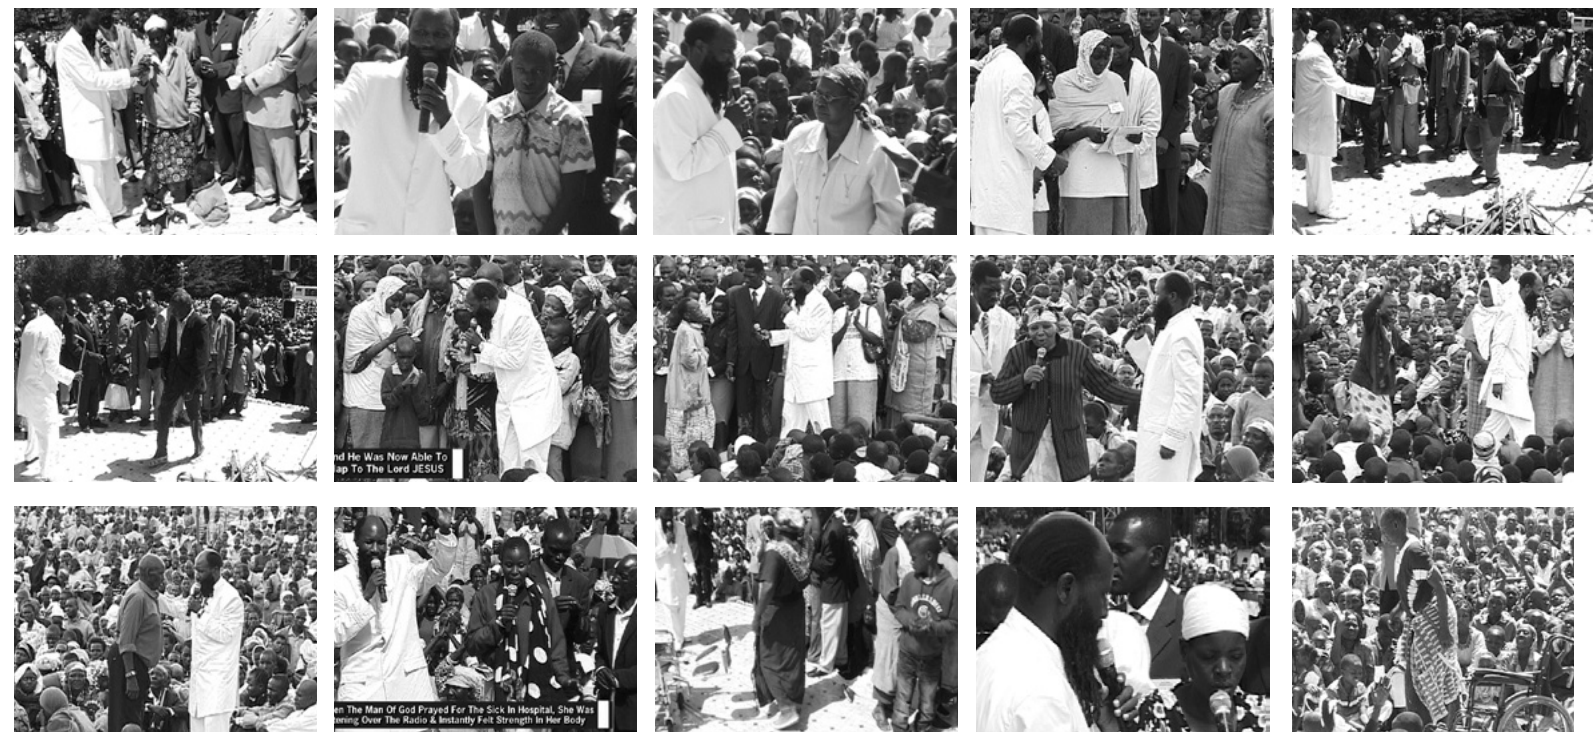

scripture that says,

’Do not be deceived: God cannot be mocked. A man reaps what he sows. (Galatians 6:7)

What is even most fearful is that the Dr. Owuor does not even seem to care about the name-labelling by a small section of the media. If he cared, then we would be more content. But, that he does not care, does not seem well for this land. Just going by the thousands of people whom the LORD God Almighty has used him to bring healing to, including many cripples

Other Healed Diseases

the populace of what lies ahead of them if they continue in like manner. I myself, as the managing editor of *Arise Africa* was present on March 19th 2006 at Dr. Owuor’s meeting at Afraha stadium in Nakuru when a crippled girl was instantly healed right before our eyes and the whole multitude celebrated and we walked with her from the stadium towards town. Since then, we have gotten to know this girl as Christine Metyang who as a matter of fact today is using her healed and strengthened legs for tailoring. She has also made herself available for any interview and any press. Why didn’t the section of journalist that branded Dr. Owuor, ever bothered to enquire of these things before name calling. Is that the moral responsibility in our Kenyan media? The millions of Kenyans are still lamenting today on radio having watched that name-calling and switched off their television sets. It is the reason we at *Arise Africa* have championed this very noble cause of disseminating *just and fair*

information to our people in Kenya, who so much love the Lord. By the way, the majority of Kenyans long for healing and not the added wrath of God. When Dr. Owuor led the Hon. Prime Minister to the LORD, that surely must have been one of the greatest moments of joy in the kingdom of God. It also marked the beginning of a walk in the right direction, a walk that if all our leaders can follow, the healing to this country would take place. Otherwise any failure by the Kenyan political leaders to follow Raila’s example will only mean that this nation will have a very long way to get out of the woods. For sure, the God of heaven who never slumbers, and created the eyes and all the ears, he too can see and hear what has been hurled at his prophet in this land, and the rest is left to your own discernment. This so called “*doomsday prophet*” that now walks our land might be the only one that we will one day have to turn to, for the healing of this nation. He may one day have to plead with God

Almighty to have mercy on Kenya. It is already too bad to witness how heavy the judging arm of the LORD has descended on Kenya, to the extent that our own sons can turn against us and butcher us with machetes, be it vigilantes or mungikis. But, this is exactly what we see in the archives of the print press when Dr. Owuor forewarned in March 2005 that parts of human bodies would litter the land in the event that Kenya failed to repent. It is very fearful to even look back at these papers and video clips and realize that what is going on today was forewarned by this abused one whom we have now labelled a “*doomsday prophet*”. And the question we now advance to our readership, is that will God one day ever forgive Kenya for such a great abomination of our age? It is so fearful to encounter the reality of God and this kind of awakening is what we at *Arise Africa* are referring to as our moral responsibility, that we are at all times obliged to advance into the society we so find ourselves

in. Where will Kenya enter for her eternity when she mocks those sent by the God of Eternity himself? This, together with the relentless beckoning and baying for a massive earthquake that we have horrendously in shock, seen in the past weeks, will surely hurt. Today, more than 90% of Kenyans can for certain perceive that the message of *repentance*, which this so-called “*prophet of doom*”, brought us was as a matter of fact, a message meant to bring healing between us and our sons, between us and our wives, between us and our communities, between our communities themselves and most importantly between our nation and Jehovah God, the holy One of Israel. Only *repentance* admits people into the kingdom of God, how could we reach this abhorable extent of insulting the Spirit of grace presented to us in *repentance* (*Hebrews 6:4-6*). Surely Kenya must repent as a nation. Yes indeed, she will need to repent, without which she has no place with God.

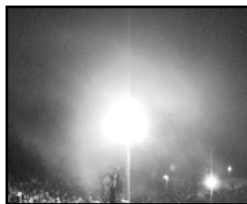

The Sign & Wonder in Prophet Dr. Owuor’s Meetings

Kericho Dec 21st, 2008: When the Shekinah Glory Descended

BEFORE THE GLORY DESCENDED

AFTER THE GLORY DESCENDED

THE CURRENT SITUATION IN KENYA

The Call For Snap Elections

Arise Africa spent some time talking with Dr. Owuor about the current socio-economic and political situation in the country. We wanted to know what exactly the LORD God may have revealed to him about the situation in Kenya today.

Dr. Owuor, I know that you are currently very busy initiating revival in the church of Christ across the globe. Well, I understand that you have just returned this week, from a huge revival meeting in Paris, France and Lusaka, Zambia. The LORD must have placed a burden in your heart to bring restoration to the church across the globe. But, let us begin from here at home, we know that there is an integral relationship between the church and the state. What is your take on the current political stalemate that appears to be recurrent and non-ending in Kenya?

Look, there is nothing that happens outside the know of God Almighty in heaven. You know very well that he created all the nations of the earth including Kenya. And for that matter he has a purpose and plan for the nation of Kenya. Again, I must repeat here that, that purpose and plan was rolled out very early in 2004 when I walked into the scene and declared that while in the past God may have overlooked such *ignorance* as was being *peddled* around the land. But, now the dispensation had changed and God demands *purification*. Kenyans know too well that there has been a great disposition of love from God Almighty to this nation, but, as it was in the relationship between Jehovah and Israel, both parties must be able to respect the provisions of the *covenant*. I read the book of Acts chapter 17 verse 30 which was the call for *repentance*. And I categorically said that God Almighty wanted to use Kenya in this *last watch* of the night in order to revive the church across the globe. When I spoke, I introduced a new concept within the spiritual landscape of this country as I said, “KENYA REPENT OR ELSE...” The “ELSE” I meant was the impending judgment of the LORD that would appear in this land in the event that the people of Kenya refuse to *repent*. I mentioned in newspapers that came out in the public domain, as way back as March 2005 when I said that in the event that Kenya failed to *repent*, blood would have to flow in this land as the wrath of God takes hold of the nation. But, you see that God does not speak judgment and give no escape routes. Jehovah had spoken with me and said that the escape route for Kenya to not

see his judgment was *repentance*. I also mentioned that parts of human bodies would litter the land. Now, all Kenyans of all walks of life know that these prophecies have been accurately fulfilled to the letter. But, the tragedy though is, that even after the LORD has *smitten* the land, in the *bloodshed, famines and quakes* that I prophesied, she has not yet *returned* to the LORD in *repentance*. Dr. Owuor added, that the Kenyan situation as it stands right now, reminds him of Israel in her worst form as presented in Amos 4:6-7:

6 “I gave you empty stomachs [a] in every city and lack of bread in every town, yet you have not returned to me,” declares the LORD. 7 “I also withheld rain from you when the harvest was still three months away. I sent rain on one town, but withheld it from another. One field had rain; another had none and dried up.

That is the reason you see a *political* and *socio-economic quagmire* persisting in this land. That is also the reason you see *tragedies* and *calamities* such as *fires* and *blood* that I mentioned in 2005, to be more specific between January 3rd-8th 2005. These afflictions are still in the land of Kenya. The LORD’s position is absolutely very clear, that Kenya must *repent*. And, between the LORD and Kenya, who is it that will finally bow down to the other? I don’t know whether you see what I see, but I see a standoff between two giants. One giant is the proud Kenya who promises not to bow down, while the other is the Mighty God of Israel who will never ever bow down to man. OK, lets wait and see! And that is why there is still no peace in Kenya despite the enormous *human efforts* that have been put in place. You asked me as to what the LORD has spoken with me regarding Kenya today. And the answer is this, that he is so disgusted of the sin in this land to the extent that he has now demanded a complete *national repentance*.. He is demanding *repentance* and his word will not change until it has brought forth the rightful fruit for which it was intended. Kenyans have to remember the scripture in the book of Isaiah chapter 55 verse 11 that says:

...so is my word that goes out from my mouth: It will not return to me empty, but will accomplish what I desire and achieve the purpose for which I sent it.

I may have spoken to this land in a simple tone, like a no body, but,

the bottom line being that God has spoken with me regarding *repentance* here. And there is no letting until it is done right, like I said.

Servant of the LORD, in your earlier conversation with this land, when I first met you in 2005, you appeared to have been sent to awaken the land to repentance and the return to the LORD, but, listening to your tone at that time, it came through as though in the whole bigger context of the national repentance you were calling for, the church was at the centre of the controversy between God and the land. Is the LORD still targeting the church for an all out repentance? Or has the Word changed since then?

Listen to me, the church is by all standards meant to be the *moral leader* in the land and consequently the *light* of the nation. Well, look at it another way, the church was meant to have been the *Rod of God* in the land. That means she is supposed to have been at the forefront of showing *moral leadership* and presenting an impartial position in *conflict resolution*. It is for this reason that God Almighty had to surrender his one and only beloved Son, our LORD JESUS CHRIST OF NAZARETH, in order to redeem the church from a fallen and powerless state, to a place at which she is now up again and empowered by the Holy Spirit. In looking back at the life of Israel, everytime the Israelites fell into sin, it became apparent that also did their relationship with the LORD *fall away*. In Kenyan too, that *apostasy* has manifested big.

Mocking Prophets...

That is the reason that on every occasion when God Almighty saw *apostasy* in the house, he raised forth a Prophet and sent him to the house of the LORD. The only reason there being that all *authority* in the land had been vested with the house of the LORD. A case in time is Jeremiah the prophet, who was sent to proclaim *repentance* and the turning away from sin in the house of the LORD on Mount Moriah. It never ceases to amaze me that while one examines all the biblical prophets, one sees an inevitable common *denominator*. That baseline is the following, that as they proclaimed *repentance* and the turning away from sin, they became most unpopular with the land and were seriously castigated. And this is because the human nature is inherently inclined to sin. And the failure of the Israelites to listen to Jeremiah the Prophet, earned them a very severe

judgment of the LORD that they are still grappling with until today. The sentiments expressed by Jeremiah in chapter 18 verses 1 through 10, go a long way in emphasizing this point. That the LORD was desiring to build a new relationship between the fallen Israel and himself. He was longing to renew her because there had been a dispensational change in the spiritual realm, a change that now required a more respectful and holy relationship between the two. But in her stubbornness you see that Israel could not comprehend the purposes of God for her.

Full Circle

Looking at the church in Kenya, I can see that we have gone full circle and arrived at the same place where Israel was in her most disobedient state. The church is still at the centre of controversy between the LORD and the land because again like I said, she has been given the power and authority to reign as the *moral leader* in the land. I remember when the LORD was sending me to the church in Kenya, there is one thing I saw very clearly in that vision, that they would fight me and resent me in the strongest terms possible. By they, here, I mean the church leadership. That is the exact *beauty* in my calling, because you get to know things in advance before they happen. And, the true test of whether I was truly sent of the LORD, would have to be that I be rejected. And that is why people do not understand when I say I long relationship with the LORD *fall away*. In Kenyan too, that *apostasy* has manifested big.

Nevertheless, God’s solid foundation stands firm, sealed with this inscription: “The LORD knows those who are his,” and, “Everyone who confesses the name of the LORD must turn away from wickedness. “In a large house there are articles not only of gold and silver, but also of wood and clay; some are for noble purposes and some for ignoble. If a man cleanses himself from the latter, he will be an instrument for noble purposes, made holy, useful to the Master and prepared to do any good work.

LORD. The mere fact that the LORD is using me to ignite a global revival in Europe, Africa, South America, the US, Australia, Asia, etc implies that God had a specific purpose of gravity levied on the church of Christ in Kenya. And, as the bible says, in the book of 2 Timothy chapter 2 verses 19 through 21, *repentance* is the only way to purge off the dross and bring renewal of purpose and service within a *dispensational transition*, a transition for which a prophetic timeline was already laid at the surveying of the foundation of the earth. And that transition has by no doubt realized in the church and so she has to choose which way to go. She will not be lavished with the luxury of *hybrid* worship anymore. This kind of *hybrid* wavering between two gods has gone on for a long time in the church of Christ in Kenya to the extent that the grace of God has been literally abused. And that is the reason you see that they can invite me and ask me why the huge earthquake did not happen. It is the lack of understanding on the grace of God to the extent that anything goes. While I cannot blame those baying for a huge earthquake, I must say this, that the church has not instructed the land on the ways of the LORD. If I were to ask is sexual sin still in the church? Is the preaching of the false doctrine of prosperity still happening in the church? Are women still dressing immoral in the church? Has the church been sent to the perishing world? And if so, did she accept the calling and go? Or she is busy enjoying a defiling *status quo* that is constituted by compromises with the sinful world in all the facets of her life? The LORD is still asking the church these question that I read on June 25th, 2005 at Uhuru Park, in the initial *national repentance* meeting.

Prophet of the LORD, now I want to ask you this; there is confusion reigning in this land with some in the church leadership calling for snap elections. What is the position of the LORD on that?

Thank you for asking that very important question. And I am glad that in that question you have actually mentioned that there is confusion in the land. I would say that at this very juncture, to call for elections would be the most vivid manifestation of a fall in the church. God has a spiritual purpose for this country, and the solution to her problem is spiritual and not physical. How then, can church leadership that is supposed to be transacting the spiritual affairs of the LORD begin to misdiagnose the problem in Kenya and consequently provide a wrong prognosis for the situation at hand? We know too well that only a *national repentance* that will be attended by the President, Prime Minister and Vice-President, and observed across all the provinces of this land, will for sure bring healing to this land and its people. Now, considering that the Interim Independent Electoral Commission has just been constituted and barely have the commissioners even put their feet down well, and how then, can the church leadership go ahead and call for elections under such circumstances? Secondly, we also know too well that the nation has not yet healed, since poor women and children, widows, and rightful citizens in this country are still languishing in IDP camps have not yet returned to their properties. We

are also aware that many people lost their national identity cards and voter cards in that mighty judgement of the LORD that presented in post-election mayhem. People are still traumatized to the extent that a mere mention of election triggers the wrong button to go off in their brains, causing fear, anxiety, etc. Furthermore, we all know how expensive the electoral process is, especially when the commission will begin to delve into reconstituting the voter register. Where will Kenya get that money at this juncture, especially when the global economy has crashed, and the poor woman in Pokot, Lodwar Kitui, and Siaya, is facing a historic and most ravaging famine in the history of the land. And that is the reason I said that for some in the church leadership to call for snap elections today, amounts to plunging this country back to violence. The term I used is *reckless irresponsibility*, if we can at this time disregard the situation as it is and call for elections. Kenyans first need to be reconciled in a *national repentance* between communities in order that a lasting peace may prevail before we can engage in an election. Today, we have also known that there is a dire need to reconcile the people within their own communities, because of what we recently witnessed in Karatina and Kirinyaga. The sons and the mothers and the fathers need to be reconciled in *repentance*. How can sons turn against fathers and hack them to death? That essentially means that the relationship between the people of this land and God Almighty has been impaired. What Kenya needs today is a total *repentance* and a spiritual national transformation in which Jesus Christ will be enthroned in this land, in the hearts of the people. But, the church leadership in this land has to come out clean and repent first for rejecting the warning of the LORD when in came in 2004, and for meddling into politics. Some of those pastors and bishops who rejected this warning from the LORD have blood on their hands for failing to lead the nation into *repentance* and avert *bloodshed*.

The church of Christ in Kenya must *repent* beginning with the leadership.

I take serious issues with shepherds who still continue in propagating falsehood to the extent that the eastern idol gods have now been fully institutionalized in the church. The God I serve, the one that sent me to warn Kenya of this on-going judgment, He is the God of Israel, He is Jealous. So, I can speak very clearly today to this nation, that remission from the pains of judgment will not come from organizing the so-called inter-religious forum prayers at KICC. It amounts to the most abominable sin of grievous proportions because the pastors in those inter-religious fora are literally

Nairobi, yet to be visited equating Jehovah to idols. They are agreeing with the priests of idol worship that, look all our gods are same. That, will cost Kenya her peace with God. The healing of this land will come from returning to JESUS CHRIST OF NAZARETH, the Prince of Peace.

Dr. Owuor, again I thank you for taking your time to speak to us. It is our greatest conviction in Arise Africa that this interview with you comes at the most critical time for the nation of Kenya, because she needs direction. Well, now I would like to change direction a little bit, Prime Minister Raila, you led him to the LORD in the open public and then baptized him in the full glare of the media. If I may ask, what is the significance of that conversion, especially by such a high office in the land?

I bless the LORD that you have finally asked this very important question in the history of this country. You know that when I first walked into this land, you were among the first

few journalists to come to me and go with me all around this country as I proclaimed the need for *repentance* in order to avert the *bloodshed* that was coming. In those proclamations, you know too well that the LORD commanded a *national repentance* in which the national leaders, together with the cabinet would observe three days of prayer and fasting, culminating into a holy national assembly in which all people would be required to *repent* of their sins and return to *holiness*. Having said this, you can now already begin to understand the gravity of the fact that the Prime Minister of the Republic of Kenya, came out in the open to receive the *salvation* of our LORD Jesus. As a national leader, that can only mean that he is *trailblazing* and *path-finding* for the rest of the members of the cabinet that they too may choose the way of *repentance* from sin. You talk of corruption as being a national cancer, but how is it that the people of Kenya cannot see clearly, that the eradication of corruption will only come from instilling the fear of the LORD in the hearts of the leaders. But, that process of drawing the leadership of this land into the fear of the LORD, has no other avenue except through receiving the JESUS CHRIST OF NAZARETH. The political bickering that you say has made Kenyans pretty tired and exhausted, since the formation of the coalition government, those political squabbles can only be extinguished by us leading the political leaders of this land to JESUS OF NAZARETH, the

Prince of Peace. In that way, their value systems and priorities will have no choice but to shift in favour of *righteousness* in the land. It is for that reason, that what the Premier did became the biggest symbolism of the way forward for this nation. And I am also going to lead the President Hon. Mwai Kibaki to the Lord for the sake of the poor women in the IDP camps. The church very well knows that receiving Jesus as a personal saviour involves the *repentance* from sins, and the highlight of which is *baptism*. In Romans chapter 6, the very scripture I read for the Prime Minister right before his baptism says that, when we get baptized in Christ Jesus, we die to sin and get buried with him and yet resurrect with him as new creation. In that way, the old is gone and the new has come. And by so doing, in the eyes of the media and the nation, the intent was to go for their healing as a people. And since I baptized the Premier, it can only mean that he is drawing his

entire cabinet with him into baptism for the salvation of our LORD Jesus.

One may ask that after the Premier's baptism, what is the role of the church?

I would like you to know that as of now, the Premier is a newly born spiritual baby and all that the church leadership can do is to encourage him to continue walking that way, while urging all the other members of Parliament, cabinet minister, Permanent secretaries, directors of institutions, teachers, doctors, lawyers, pilots, engineers, farmers, mechanics, city hall sweepers, all and beyond, to receive the JESUS OF NAZARETH for a national *revival* and *healing*. The church leadership and the christian body at large should now be in prayer for the Premier to continue in the process of his spiritual growth that his soul may finally enter into the kingdom of God. It is for this reason, that I will continue being in touch with the Premier, praying for him and doing bible study with him for the healing of this nation. And you must remember that when people receive Jesus they become more cautious of what they do and say and that is the beauty of it all in this kind of *spiritual transformation*.

Dr. Owuor, tell me, we heard that immediately you baptized the Prime Minister, you released a statement saying that you were now headed for President Kibaki, to also lead him to the LORD Jesus and baptize him.

I knew that you would raise this question because it can only make sense because after the Premier received the LORD, I have to get to the President of this land, to tell him what the LORD has said about Kenya and the need for a *national transformation* beginning with the leadership. It is true, I am in the process of praying for President Kibaki that when I meet him, he may receive the JESUS OF NAZARETH as his LORD and personal Saviour. This will be followed by a national *baptism* of the President. The primary role of church leadership in this country was meant to be the evangelism of JESUS CHRIST OF NAZARETH to all people regardless of *political* or *economic* stature. That is the reason I stepped out to serve Jesus, and I will always introduce all living beings to this wonderful and marvellous *Light*, the *Light* of the world, Precious Jesus. And even when all man have been evangelized, then I will preach it to the rocks, the trees, the stars, the moon, the sea and all creation.

Prophet of the LORD, today we have extensively exhibited in this paper, some of the great works that God Almighty has been using you to accomplish in this land. We are seeing a record number of people healed from all kinds of incurable diseases including HIV/AIDS and

entire cabinet with him into baptism for the salvation of our LORD Jesus.

Prophet of the LORD, today we have extensively exhibited in this paper, some of the great works that God Almighty has been using you to accomplish in this land. We are seeing a record number of people healed from all kinds of incurable diseases including HIV/AIDS and

millions upon millions of people attending your meetings. Why is it though that you have mainly focused on Nakuru, Rift Valley, Nyanza, Western, Nyahururu, Kinamba and not much is known about those works in Nairobi? Isn't Nairobi the most important centre from which you should have began that historic revival?

Blessings my son. First and foremost, I want to say that you are right that there is a historic revival sweeping the Rift, Nyanza, Western into Tanzania. But, having said that, I must make it abundantly clear that I only operate under the direction of the Holy Spirit. While it is true that Nairobi is the most important centre in this country, I must say that the vision I saw when I walked into this country in 2004, was that, the massive endtime revival that is now sweeping the nations of the earth, would have to start from the western part of this country. Faithfully following that instruction, has now led to the single biggest revival on earth taking place in the western part of this country. In fact, it is the video recordings from those meetings in Nakuru, etc, that have ignited revival in South America, Central America, Europe, Asia, US and even Southern Africa. The revival in the western part of Kenya is so humongous that now every christian in that zone is at least aware of the day of the wedding of the Lamb. That essentially is the day of *rapture* when the holy church, who is the bride of Christ will be taken into the kingdom of God (Rev 19:6-9).

Talking to Nairobi

I am already speaking with the LORD on Nairobi and I know that the day the LORD brings me to the city to conduct a mighty crusade, that will be the day of breakthrough in this land. I would like to conduct a healing service in the city, that their cripples too may walk, their blind may see, their deaf may hear, and mute may talk, their paralyzed may walk, etc, like we are seeing in the western part of this country. But, most importantly, I would love to begin those missions with a *national repentance* service. I know that my team has now planned meetings in central province and the coast. That will be a significant visitation, I can assure you. What will be most astonishing to the christians of Nairobi, Central and Coast, is that the process for preparing the way for the coming of the Messiah, already began with the huge *repentance* revival that we are now seeing in the western. Also key to this will be the need for christians in Nairobi to adjust themselves accordingly for a *holy* and *righteous* living before the LORD. As we can see, in that scripture I just quoted in the book of Revelation chapter 19, *righteousness* becomes the most important hallmark and *benchmark* with which the church can gain entry into the kingdom of God. I know that right now in Nairobi, the

christians are living a casual life in which at times it gets very fuzzy to know whether one is a christian or not. But the day I step foot in the city it will become absolutely very clear to the church in this city that..."for without holiness, no one will see the LORD" (Hebrews 12:14). And since I actually know that no christian in Nairobi would like to go to hell, and yet I am very much aware that in fact not only do they fear hell, but they also dread it day and night. For as long as this is what their position is, then I know that I will have a very sober conversation with them. That I will do in order to remove the gray areas that have beclouded their christian walk to the extent that the grace has been abused in this land. You know, at times the way you read the bible, and wonder whether others see what you are seeing, that is exactly what is happening to me right now, when I look at the scripture in the book of Hebrew chapter 6 verses 4 through 6, Hebrews chapter 10 verses 26 through 31; and 2 Peter chapter 2 and verses 19 through 22; in fact even in the book of Numbers chapter 15 He still emphasized the same matter that you cannot abuse the grace and get away with it. I intend to dwell on this when I get to engage Nairobi, on this matter of eternity. Furthermore, I know that even as the LORD visits Nairobi, the church in the city will be in shock because I do not take offerings even as the LORD does the biggest miracles in the history of the church. The rampant selling of the blood of Jesus at several market prices, that you see going on in the city today, must come to an end as the Holy Spirit will start building faith in the hearts of the shepherds. That faith will become very crucial in awakening them to the fact that the LORD can surely provide for his servants without them corrupting the gospel. To tell you the truth, I cannot wait for when the LORD will usher me into the city for a mega revival.

Dr. Owuor, I would like to now shift gears completely and focus on the oversees mission that you are currently engaged in. In Kenya, the message you were given was that Kenya must repent from sin to avoid the current on-going judgment. How about the other nations? Is God speaking to them about the same judgment or is there a significant departure in the Lord's tone?

Well, I think this is probably now the most important question that you have put forward. In so saying, I do not mean that the other questions are of lesser significance but I am actually implying that this is the climax of our conversation. To begin with, one may ask, why *repentance, repentance, repentance*, in every country that I go to? Why is the LORD sending me to bring *repentance* to those nations across the globe, including to the church? Listen my son, the underlying factor of all my

missions of the LORD is that the LORD GOD Almighty has spoken to me about the coming of the Messiah. There is a lot of revelation that he has downloaded to me in different dreams and visions of the LORD. One of them is the mighty visitation of November 1, 2006 at 3:00am, in which he opened heaven into the sky and placed two golden glorious wedding rings in the sky.

The Vision

Before I share this vision with your readership, I would like to bring to your attention that the remarkable silence that has lately typified the relationship between the church of Christ and the LORD GOD, clearly notates the spiritual infancy with which today's christians have perceived the Word. The christian walk has today degenerated into a meander that has at times recycled the church right back to the sin of the *world*. The hearts of the believers seem to have become so petrous that they are literally impervious and inaccessible to the life-transforming gospel of our LORD Jesus. The mediant pseudo-melodies that are currently arising from this seemingly simple, but very highly perceptible *fall* in the church, presents a complete departure from the original calling with which she was initially ordained. It is a degrading state that has created two apparent positions in the present-day church of Christ; with one position being the current compromised condition of the church, while the other is the spiritually lofty place she ought to be. The redemption of today's church will have to come from bridging the gap between these two spiritual positions in favour of the superior location of complete *holiness*. Although in the natural, restoration of today's church may appear far-fetched, but it is otherwise

the simple one-step process of *repentance* that is able to fully restore the *holiness* of the church. A genuine repentance revival in today's church is capable of eradicating the *mean free path* along which the church *fell* and separated from God. Backsliding in the church has become common practice because of the rampant spiritual *wafting* and *drifting* away from the true Word of God. Everytime Israel drifted away in the same manner she always plunged along this *mean free path* to destruction. Like Israel, this fall has almost derailed the church from the most treasured spiritual *appanage* that the LORD Jesus won for her at Calvary. It is incredible that even with such a spiritual inheritance, the church has continued *wandering* away from the will of God. GOD Almighty in his endless mercies has however *pertinaciously* continued to

pursue the church in order to salvage her greatest inheritance of eternal life. This persistence of the LORD to draw the church back to the righteous *highway of holiness* that leads into the Kingdom of God, achieved its greatest height on November 1st, 2006. The events that transpired on that mighty November 1st, 2006, vision will live to be remembered both in heaven and on earth, forever. It becomes the mightiest *milestone* in transducing the love of God Almighty to the present-day church.

Wedding rings in the sky

I would like your readership to understand that this was a marvel of extreme spiritual propriety in our time, for the LORD GOD our Father in heaven to copiously lavished the church with this privilege of *eavesdropping* into the conversation going on right now in his throneroom. Happening in a mighty one-of-a-kind vision of the LORD, in the early quiet 3:00am wee hour of November 1st, 2006, this spiritual occurrence has become the greatest expression of the *appetence* GOD has for the church. Such uncommon *appetence* of great desire and longing for the church's return is a gesture that today's christians cannot take for granted. Not only has this vision directly indicated on the things about to happen, but also become the most important turning point in the history of the church. It all began on that November 1st, 2006, when I saw the visions of the LORD GOD Almighty. The vision I saw was that of things about to befall the earth. In this vision, I saw heaven standing open into the sky and an *overwhelming* amount of glory outfluxed through the entrance that was opened. The mighty glory

The mighty vision of the LORD of the white glorious horse in the sky.

of the LORD fully and totally covered the entire sky into its horizons. This amount of glory that I saw coming out of heaven was so immense that it literally endued the entire sky with the glorious presence of God Almighty. Observing the brilliance of the glory of the LORD, even as it made its way from the inside depths of heaven and into the sky, presented such a spectacular sight. This caused such a startling radiance across the sky in a majestic splendour that to

a point is frightening. Clustering around the entrance to heaven that was opened into the sky, this stunning glory of the LORD of Hosts gradually colonized the entire expanse right before my very eyes. It became the point at which it was then possible to envisage just a little glimpse of the unmatched massive authority of God's presence that manifests inside heaven. In a short time-span, the gross *darkness* of the night that typifies the midnight sky had been completely enfeebled to no existence at all. A partial comprehension was at this time dawning upon me to the end that something entirely new and historic was about to unfold onto the earth. What has never ceased to amaze me todate is the rate at which the clustering glory of the LORD poured into the sky, claiming it from a pleasant toning, to a sky bustling with an pure *lustre* of God's presence. The clusters of glory that engaged the skies continued to issue beams of flashes like lightning, thereby illuminating all the way into the *dark* earth. On this day, I surely perceived the authoritative glory and majestic power of God Almighty in heaven.

Little did I know, that all this spiritual magnificence across the sky was just but a mere array of *fore-runner* events in prospective arrival of what was about to be rolled-out. At once in this vision, I was now able to spot from the distant inside glory within the depths of heaven, what looked like a little golden tinge beginning to punctuate the *luminous* heaven. Persistent scrutiny of this golden touch that was now developing off the heavenly splendour, is what made me realize that this golden tinge was actually dynamic. It was not static at all but appeared to be moving towards the entrance to the sky. The closer this golden touch in the glory came towards the entrance, the larger it became. While still *puzzled* by this, I quickly noticed that what I was seeing was actually a well-adorned golden casing that spotted the heavenly glory of the LORD, and was *sky-bound*. When this golden casing approached proximate to the sky, it was suddenly opened and two golden and glorious wedding rings came out of it. This probably marked the most dynamic interface between the sky and the inside of heaven. As the casing and the wedding rings traversed the *threshold* of the entrance to heaven that stood open, the casing was placed on the left-hand side of this opening, while the two wedding rings were deliberately positioned at the entrance to heaven. This position of the rings was bearing a little right of the opening.

Revelation on the rings

Like I have said, at the entrance to heaven, in this vision, were the two golden and glorious wedding rings that lowered from heaven. These two wedding rings that I saw were very identical in size and shape thereby passing for mirror images. The manner in which their exposition across the sky was arrayed disclosed not only identity in size but also mirror-image in quality at both the external and interior surfaces. Absolutely certain that I was fully focused unto the wedding rings he placed in the sky, the God of heaven at this time began rotating and tilting the wedding rings in all directions. This he did in order to facilitate my complete viewing of the wedding rings in the sky. Moreover, the LORD GOD also intended this to bring my complete understanding into the great skilfulness and marvellous craftsmanship that he had invested into the designing of these rings. The LORD did this so as to emphasize the gravity of importance that he attaches to the wedding of the Lamb. In their being rotated and flipped, the wedding rings emitted fabulous glory even as the clustering brilliance of God's presence wrapped and *engirded* them. How long this flipping, tilting and rotating lasted, I could not say but all I can remember is that the LORD made me aware of his *heart-felt* sense of accomplishment and achievement at this adornation. It were as though God Almighty was contently saying, "Look and see what I have done all this time in preparation for the wedding of the Lamb." This offered me a great lesson on the importance of not only doing things to accomplish God's assigned task, but most importantly doing them most excellently. It became possible to read into the inevitable challenge that this spectacular show of the beautified wedding rings obviously posed to the nations of the earth. This was a difficult spiritual moment, a true hour of reality that directly hinted on what is in the mind of God. It unveiled the fact that God Almighty had once again accomplished his portion of the task to redeem the church. The first portion was clearly the crucifixion of Jesus at Calvary to redeem the church from the death that sin had brought on man. And now his second part being the preparation for the wedding of the Lamb. Since neither the angels in heaven nor the Son of Man knows the day and hour of the wedding of the Lamb, then surely this task of preparing the wedding rings must have been the LORD GOD's undertaking. The closer I narrowed in to observe these two wedding rings, the more revealing they became. The spiritual honour and wilfulness of

heaven to the wedding of the Lamb was indeed obvious on this day on the *titivatedly* adorned faces of these two wedding rings. The rings I saw are truly imbued with the novel royalty, majesty and wealth of the kingdom of God. Unmistakably, it was possible to see the immense illimitable authority that these two wedding rings welded in the sky. This authority had the capacity to enervate all the distractions of this *world* that have preoccupied the church. The radiance of the glory of the LORD coming forth from these wedding rings was so brilliant that not even a single dust-like speck of sin could go unnoticed. Such a capacity to expose sin spoke of the purity quality of the potential wearers of these rings. This aspect of the rings I did not know of before. The LORD made me know that these two wedding rings have the power to capture the total attention of the whole earth. Regarding this, it then becomes easy to comprehend why the LORD Almighty expects the church to have put her total and unwavering attention into the events leading to the wedding of the Lamb. The way the two wedding rings conspicuously and completely occupied and glittered in the skies seemed to have given no room to any other event in heaven or on earth. Everything else became inconsequential. It speaks of how central Christ Jesus is in the whole heaven and the earth. This centrality though, the earth does not seem to have discovered. The affluence depicted by the gold that endowed these two wedding rings, was so immeasurable that it seemed to practically erase all earthly wealth ever known combined. Such was the power of the royalty of God that was set before me in this mighty vision. The surfaces of the two wedding rings were well finished with such a beautiful decoration of dot-like rich gold. These dot-like decorations landed on the surface of the rings like droplets of rain, while at the same time punctuating out as little protrusions. Such were the dots of rich gold that covered their outer surfaces thereby presenting an impression that when touched, these rings would produce a feeling of easy traction. The colour of the gold itself did bring out a richer component of this metal. Most notably is the outer part that normally displays when one wears a wedding ring. This specific portion was relatively over-pampered with additions of diamond-like gold. It slightly over elevated with a near flat-top effect that availed the platform on which to release the total craftsmanship. The near flat-top influence ran on the entire portion of exposition, but when it reached the carved edge that descends to hold the ring under the finger, it harmoniously joined the curvature. A myriad of glitter emanated from this section of the ring and created an indescribable blend of very rich reddish-brown gold within diamond-

like *motifs*. On this day and in this vision, I surely saw an excellent display of the perfect wealth of God Almighty in heaven. At this juncture within the vision, I could almost hear the quiet undertones that appeared to be saying "*Then what amount of wealth on earth has man got in order to ignore me?*" It was nothing but an incomparable splendour of God! Still in the process of viewing this once-in-a-lifetime sign and wonder of this age, I was able to notice that the inside part of the ring that gains contact with the finger, had a magnificent beautiful smoothening that presented a *spread-out-from-centre* pattern. This pattern was not straight but beautifully waved its way towards the edge of the ring as though grated with the finest of graters ever existed in the universe. In all this, one would not escape to recognize that every described pattern of one ring was the exact replica of the other. It surely takes the perfection of God to do this kind of photocopy-like *sistering* of design and embossment on the wedding rings.

The mighty voice of God Almighty

At the height of this glamorous display of the two wedding rings in the sky, then came forth the mighty most dreadful voice of the LORD GOD Almighty. The powerful voice of God Almighty that I heard came forthright from the inside of heaven, thundering its way through the still skies right towards the earth. This caused me to tremble in this vision as the mighty voice of the LORD said,

"From today on, all authority in heaven and on earth has been given to Christ Jesus."

Right after this mighty voice, a quiet still arrested the skies again as the two golden and most glorious wedding rings continued to reign above the earth. Having heard this authoritative voice of God, my entire perspective on these two wedding rings now changed. At this moment I had began to comprehend that not only did these rings express the authority of God, but also what that authority would accomplish on earth. Talking of dispensational changes, at this time I had come face-to-face with one. Increased viewing of this developing manifestation of God's splendour became more enlightening at this point. No longer was the glory across the sky a mere laxative outpour of excessive splendour from heaven. But this time I too well understood that all this glory was actually that which the Father had deliberately apportioned to Christ the Messiah. Nonetheless, in the course of my undivided attention on the wedding rings, then came forth the most powerful voice of the LORD GOD again. This time the mighty and dreadful voice coming from the

brilliant cloud of his glory, said,

"Look and see who is seated on the white horse."

Immediately again, came the still silence that cut across the sky as though one would hear even the slightest of a pindrop. Observing these two wedding rings flipping in the midst of the mighty voice of God and the still frozen silence, provided such a complete understanding of the purpose and intention across the sky.

Vision of the white horse in the sky

The mighty voice of the LORD said, "*Look and see who is seated on the white horse.*" In response to this dreadful voice of the LORD GOD that resonated across the sky, as I looked slightly above the two golden wedding rings, I saw the clusters of the LORD's glory conglomerated in heaven above. The clusters of glory then began to divide up exposing a spectacular view of the precious inside of heaven. Unwrapping in this way, the glory of the LORD finally presented the most powerful and glorious white horse of God in heaven. The white horse that I saw in this vision, was so mighty and *bravura* as no man can ever fathom. He was standing while fully covered on all sides by the marvellous glory of the LORD. It is then that suddenly having realized that I had seen him, the sturdy horse began to get ready to leave. The entire episode took place so fast on the right-hand side of heaven, i.e on my left-hand side. I could then clearly see the tail of the mighty powerful and glorious white horse wagging in readiness to go. It was possible to hear with impeccable clarity the potent *neighing* of this white horse signalling his preparedness to depart. The more I listened to the *neighing* from this tremendous heavenly host, the more I perceived that he presented a state of being delayed to leave, when he actually is ready to. Then, in a split-second the mighty glorious white horse left at an ultra high speed racing across from the right to the left-hand side of the sky. It is at this instant that I was then able to look above the white glorious horse in an attempt to see who the Rider of the horse was. The mighty voice of the LORD had spoken about the Rider of this horse. To my greatest astonishment, I saw the Son of Man, our LORD Jesus, riding the white glorious and most powerful horse across the sky in such a splendour and majesty. The Rider of this white magnificent horse is our LORD Jesus, the coming Messiah (Revelation 19:11-21)! This now became the flash of reality and a serious awakening within this apocalyptic November 2006 vision.

The revelation

The unequivocal message that permeates from this mighty visitation of the LORD GOD

himself, is that time has run out for the church. Far from the usual rhetoric on the coming of the LORD, the moment of truth seems to have hit the home stretch, into the church. This seems to have come with a series of potent heavenly events already lined-up for the highlight event of our lifetime. If there was anything to snatch and run away with from this historic vision, it is that preparations for the wedding of the Lamb of God have been finalized in heaven. The *cadre* of preparedness that God the Father has entered into, is one seldom seen in his previous contact with the church. Spectacularly displaying the beautifully finished wedding rings, implicitly points towards the fact that the wedding is now ready. Moreover, the perfect combination of splendour, majesty and glamour, accompanying the style with which the LORD GOD paraded the two golden wedding rings into the sky, puts a new twist of extreme gravity onto the *rapture*. A visitation of this nature can only wax-up the fear of Him that is seated on the right-hand side of God. Having gone through this mighty visitation, it is as though the church has walked without revelation on who actually the Messiah is, and what level of preparedness is required of his coming. For heaven to mobilize her entire resources for his wedding, surely Christ Jesus is greater than the church has known him to be. Even replaying Colossians 1:16 is not sufficient enough to describe the finery of resources marshalled for him. When heaven opened into the *dark* sky in this vision, a special message was released right there. In this kind of conversation with the church, the LORD GOD seems to have changed his tone. It is especially relating to the humongous acts that he is now able to expose right before the eyes of the church. The passage of seasons since her inception appears to have at this point brought the church right into the fullness of time. The magnitude of this new dispensation has caused God the Father to involve the church in a more direct conversation about a significant event that matters to Him. No one can take this for granted especially that even Jesus spoke to the church in parables. But the presentation of the actual spiritual wedding rings for the wedding of the Lamb is an affectionate spiritual deed never witnessed ever. Most recently, the church has gone through a dry spell in which the Spirit of the LORD has been rare and visions disappeared. This is exactly what has led to the blooming of false prophets that have recently been witnessed in church. For the clusters of glory to descend from heaven, most definitely it meant a massive outpour of this time. It is an appraisal to the church on the fact that the time for *open heaven* has arrived. This becomes more critical because the church has to prepare in order that she may receive this latter anointing. The rapid conquering of the *dark* sky by

clusters of heavenly glory relays an important message on the utility of this latter outpour. It is solely meant for the purpose of ridding the church off the current *darkness* that has beclouded her vision. This *darkness* has been endemic to the church for sometime now hence eroding the eloquence of her lamp as the light of the *world*. Furthermore, one quickly sees the LORD's major depiction of a new day dawning in the life of the church. This new day is most certainly a day of light and not *darkness*. To this end heaven bore testimony by the extraordinary brilliance that covered the entire expanse including the earth in this November vision. In that way, God Almighty is prevailing upon the church for a *behavioural* change from the nightly nocturnal conduct of darkness in drunkardness and immorality, but into *righteousness* and *holiness* (Romans 13:12; Hebrews 5:13). The church was handed down an appanage of heavenly inheritance as children of the *light* (Ephesians 5:8-11). It is this latter glory coming in clusters that will purify today's church by making her radiant to the point where she can be found worthy to wear the brilliant wedding ring. Remembering that the brilliance emitted from the wedding rings will not permit any speck of a dust of sin to go unnoticed. This glory that appeared in clusters, is the same glory that came down when Jesus was baptized in the Jordan, and remained the same glory that came down on the mountain of *transfiguration*. Like did this glory transform the *raiment* of the LORD at *transfiguration*, so will it cleanse the wedding gown of the church for the *rapture*. This explains why on April 2, 2004, during the mighty John the Baptist visitation, his *raiment* changed to glorious as his *raiment* and the entire grass around was transfigured, as that glory came down. It is amazing that the same glory lifted Jesus off into the *rapture* after his resurrection from the dead (Acts 1:9). This cloud is the mighty Holy Spirit whom the church is expected to embrace and walk in. The opening of the entrance to heaven also emphasizes that God himself is now ready to receive the *fruit* of the Cross, which is the holy church of Christ into heaven. This is synonymous with when one goes to a restaurant, only to find that it is yet too early and the doors 'CLOSED'. Most often than not, a note will be hanging on the glass door reading "CLOSED". Even though one were able to see the restaurant attendant walking around inside, cleaning, putting foods in urns, etc, one would still not be able to access the restaurant because the sign on the door reads "CLOSED". But when the time for opening the restaurant strikes, the owner is usually seen opening the door, inserting the door-stopper and flipping the written sign to now read "OPEN". In the same way, the LORD GOD Almighty in heaven has now opened the spiritual door into heaven, pushed the

spiritual door-stopper into position, and flipped the spiritual sign into the sky to now read “OPEN ”. The implication is that at this moment God Almighty is ready to receive the church when the *midnight hour* strikes. Such a period has long been awaited in the church.

When the skyline has changed . . .

In this whole conversation, I would like your readers to not forget that what the prophet Isaiah foresaw in a vision, was as a matter of fact, the dispensation when the door of heaven would be opened and the LORD’s people would be required to rush into their *rooms*. After their entry the door would be closed behind them, as the wrath of God consumes earth (Isaiah 26:19-21). Furthermore, Isaiah prophesied about this time when he said “...And to proclaim the year of the LORD’s favour...” (Isaiah 61:2). It surely is extreme favour that calls on the church to clear up her spiritual vision so as to be able to see this *open heaven* that stand right above her. Lately, the vision of the church has been beclouded with the *world*. But now the LORD is asking the church to lift up her head and look into the sky to see what He has done. Like it was when Israel was in the wilderness towards the Promised Land, they had to focus their eyes into the sky in order to know which way and when to go. When the glory lifted they moved on and when the glory settled they pitched camp. They wouldn’t have known which way to go had they focused their eyes down on the earth (Numbers 9:15-23). In doing so they completely obeyed the LORD even though they had never been this way before. Only the LORD would know the direction leading to the Promised Land. Likewise, the church is being called upon to remove the veil of the horizontal earthly realm and begin to focus into the heavenly realm in the sky. It is the only way in which she will be able to see that things have dramatically changed in her spiritual skyline (1 Thessalonians 4:16-17). The exhortation of the church on the wedding of the Lamb has never been so powerfully real as it does now. Such a heavenly instruction as manifests in this vision, endorses to the church the fact that she has a share into the glorious Kingdom of God. That spiritual *open door* in heaven is for her sake. However, this visitation does not come without a levy of equivalently pursuant responsibility on the church. The narrative on the perfectioning artwork, design, craftsmanship and the final development of the blueprint on the wedding rings, directly conveys the seriousness with which the LORD God treats the wedding of the Lamb of God. By looking at the two wedding rings, I was able to see the mirror

image of the perfection of the LORD God himself. But now that the two wedding rings are so wonderfully decorated with a precious rich gold, the question then becomes; what could be the message to the church? First and foremost, when it comes to the wedding of the Lamb of God, a festival is commanded by Jehovah in which a trumpet blast must be realized. In observance of such an event, God Almighty commands that at that point, no other type of sacrifice be offered except one that is prepared by *fire* (Leviticus 23:23-25). The procedure employed in the production of pure rich gold of the nature Jehovah God presented in the sky on November 1st, 2006, requires the use of high temperature *fire*. This course is followed in order to separate out the different impurities that might defile gold and reduce its intended worth. It surely is common knowledge that different metals have different melting points. The more the heat is fired on during the processing of gold, the more impure metals such as iron, zinc, aluminium, bronze, name it, etc, melt out. It is really this melt-out that leaves alone the pure gold. Without such high temperatures, the other metals would not let go of good gold. Similarly, when the LORD God Almighty presented the two wedding rings out of pure rich gold, he most definitely implied to the church that from then henceforth she would need to strive to become *golden*. But the process of the church becoming golden equally requires the purification by *fire*. It is such *fire* that dislodges and separates the spiritual impurities of sin from the church in order to restore her original intended worth. Well, being spiritual wedding rings, the golden artefacts that the LORD presented in the sky, can only have been purified through the mighty works of the *fire* of the Holy Spirit (Zechariah 13:7-9). And by this, the LORD is asking of the church that she avails herself to the *fire* of the Holy Spirit for purification. Among the impurities that the Holy Spirit would like to dislodge off today’s church include sexual sin, love of money, witchcraft, false prophets, false apostles, homosexuality, lesbianism, kingdoms of man, and many others. Therefore, it is extremely exigent that the church would move with speed to redeem the lost time so as to allow the Holy Spirit to purge the dross off her. Until this happens, the LORD God will have no reason to exonerate her. The *fire* of the Holy Spirit becomes so important into the life of the present-day church because this defiling intermarriage between her and sin is totally an aberration of the truth. It is all known too well that Christ the head of the church, is completely *immiscible* with sin. To this end, the church too was called (2 Corinthians 6:14-18). It is the purification by the *fire* of the Holy Spirit that would bring the much needed second deliverance

into the church. Such a deliverance was promised in the bible especially in the days prior to the *rapture*. The cleansing of sin from the church is spiritual even because the wedding rings in the sky are equally spiritual. Notwithstanding, with the exhibition of such mighty splendour in the sky, the Holy Spirit is telling the church that it is upon her purification and dressing in a white spotless, glorious gown, bright and clean, that such heavenly splendour will have accomplished its intended end (Revelation 19:6-9; Psalm 45:12-15). However,the wedding gown made out of fine linen, bright and clean is the righteousness of the church. *Holiness* then,becomes a spiritual attribute that the church ought to crave for right now (Hebrews 12:14; 1 Peter 1:15; 1 John 3:3). It is the brilliance of the wedding gown which the church wears that will emit the fragrance of gladness during the wedding of the Lamb. Unfortunately, the church of Christ currently lives much lower than what her true identity calls for. Through this visitation thence, the LORD is appraising the church by urging her not to forget of her royal inheritance. She is a royal bride and cannot stoop too low onto certain modes of conduct. It will create shame unto the King. The description of the wedding gown that the church ought to prepare for the auspicious *rapture* includes the beautiful adornment of her wedding gown. Such purity of *holiness* must

be achieved in the church for her to enter into the wedding of the Lamb of God (Revelation 19:6-9). This is the message that the LORD handed down to the church on November 1st, 2006 when he presented the two wedding rings in the sky. By placing the golden glorious wedding rings at the entrance to heaven, the LORD God was introducing the church to the looming make or break phenomenon that would soon consume her reality. In other words, Jehovah is saying to the church that only through the wedding of the Lamb of God and by wearing this wedding ring, can she enter into heaven (Matthew 13:44-45; Matthew 25:31-40). In all cases, purification will always lead to a remnant pure bride implying that Jehovah God is looking forward to a holy church. Such is the church that is dressed in righteousness, making her purely golden hence entirely snatchable (Revelation 16:15). The sheer fact that the two wedding rings are very identical therefore passing for mirror images, implies that the church which enters

the *rapture* must be clothed with the *holiness* that mirrors the LORD Jesus (2 Corinthians 6:14-18). The mediocrity of infant christianity that is lacking in holiness will not pass on that dreadful day of truth. In this vision of the wedding rings, the LORD also revealed at which location the wedding of the Lamb of God will take place. The day of the wedding of the Lamb of God most assuredly will take place when heaven opens, and the voice of the archangel heard, followed by the trumpet call of God, the resurrection of the dead, and then the transformation of the living holy christians into their glorious bodies (1 Thessalonians 4:16-17). And for God Almighty to present the wedding rings as ready in the sky for practical purposes, can only mean one and only truth, that the wedding of the Lamb will take place in the sky. However, the placing of the two wedding rings at the site of the wedding reveals that things are super ready! The empty casing that the LORD placed on the left-hand side to the entrance of heaven into the sky reveals much. A blood red inner lining of velvet, definitely depicts the Blood of Jesus from which the wedding of the Lamb was birthed out. At the same time, the emptiness of the casing does imply spiritual emptiness which will consume the earth after the church is *raptured* away. This emptiness will manifest as spiritual *darkness*, since the church, the light of the *world* will have been snatched away. That would automatically leave behind the reign of spiritual terror in the *darkness* of the antichrist (Matthew 5:13-16).

Wow! Thank you so much Dakтари, for sharing with the church, such a mighty revelation of the LORD. But, I would like to ask, is that all or has the LORD spoken even further? The reason I am asking is because the bible says that my people perish for lack of knowledge and we here, at Arise Africa, are committed to disseminating information that will help the church enter her most important inheritance in heaven.

I guess by now you can already begin to figure out that time is fast running out. Also, in the recent past it had seemed as though that God Almighty had stopped speaking with the church. Why would I say so? It is because of the apparent mismatch in the calendar of the church versus that of heaven. Even the bible says that we have to keep in step of the Holy Spirit as children of light. Listen, the LORD went further on to have a conversation with me regarding the day of rapture. I am going to share this conversation so that the church of Christ for which it was intended may prepare for the coming of the Messiah. In that May 3rd 2007 vision

of the LORD,he presented at 5:38am,a mighty golden Clock that he lowered from heaven, through the entrance to heaven that stood open in the sky.

Vision Of The Golden Clock In The Sky

Time Is Running Out!

Again, allow me to say this, before I can share this mighty vision of the Golden Clock of God. That the Sovereign LORD is such a mighty and powerful God who created all the universe and the galaxies. And yet within his might and majesty emerges unconditional love for man. He loves the church so much that he gave Jesus the darling of heaven to die for them on the Cross (Job 36:5). This marked the *blueprint* of man’s salvation and redemption. To say that God is fond of man would be an understatement as by his own authority he vowed that never would he do anything on earth except that he *forewarns* man as a window for *repentance*. Speaking about an event to come is one thing, but to articulate it three times is such a mighty favour that no man can claim to deserve. Central to the proper understanding of God’s love is the comprehension of his will and purpose for the church. And among all spiritual rationale for which Jehovah God created the church, only one remains predominant, that the church may enter into the Kingdom of God. To this end the LORD has perpetually made relentless efforts to redirect the path of the church and keep her in tune with the heavenly calendar. It is in this very context that on May 3rd, 2007, at 5:38am that God Almighty showed me the visions of the LORD. The mighty visions that I saw were about what is soon to befall the planet earth. And while in the vision, I saw heaven standing open in the direction that faces east. And in the process when I looked up I was able to see the very pitch dark night sky. Continuing to observe the night sky, I immediately saw the glory of the LORD coming out from the inner depths of heaven into the sky. The heavenly glory was so brilliant and spectacular as it gradually *poured* into the sky. This glory came out into the sky through the entrance of heaven that at that moment still stood open. The sheer magnificence with which the glory of the LORD adorned, beautified, and lit up the eastern side of the sky, was immensely dazzling in what until now marks one of the greatest additions the skyline has seen yet. However, as I got caught up in the amazement of the majestic display of the glory of the LORD in the sky then all of a sudden I saw a splendid most precious and very valuable Golden Clock being lowered from a very distant inner

depth of heaven. The Clock was being lowered towards the entrance of heaven in the sky that now stood conspicuously open and well lit. As the Golden Clock drew closer to the sky it became bigger and larger for me to be able to see the hour, minute and second hands, respectively. Upon reaching the glamorous threshold to the entrance that was open into the sky, the Golden Clock was immediately lowered into the open sky. Still watching as things unfolded in this mighty vision of the LORD, my eyes at once caught the reading of the hour and minute hands of this Golden Clock in the sky. That is the point at which I was instantaneously shocked to realize that this mighty Golden Clock in the sky, as a matter of fact, presented one minute to midnight. In other words this Clock had ticked to 11:59pm. It seemed as though the LORD placed a heightened sense of panic in my heart as in, to hasten and quicken my understanding to the fact that any minute then, it was going to be *midnight*. As this went on, I quickly noticed that the second hand was racing so fast in a manner that would bring the midnight hour any time then, in this vision. Panic gripped my heart even as I watched helplessly at this racing Clock. What is most incredible about this specific juncture in the vision, is that I felt absolutely helpless, thereby having no control whatsoever, in the way this noble Clock was running. However I was very much aware that at the stroke of *midnight* the earth would have to be greatly impacted by this Clock. When it came to the part at which the Clock was set to strike the *midnight hour*, it suddenly converted into a humongous writing across the sky. The writing I saw across the sky appeared more like the sky had been rubber-stamped with the inscriptions running in two semi-circles that simulates the margins of the Clock I saw. This writing across the sky was golden in an exposition that appeared to not leave out the signature of the majestic royalty of God in this greatest sign and wonder of this dispensation. The writings across the sky read:

Reading the Golden Clock of God in the sky

Basic biblical knowledge has it that there is nothing the LORD Almighty will speak about that is not targeted to the church of Christ. Moreover, part of the church’s maturity demands that she be aware that everytime the LORD God Almighty speaks whether in visions or audibly or both, that conversation must fully *tally* with the written Word. Having said that the question then becomes, what could be the message embedded in the Golden Clock that the LORD lowered into the sky on May 3rd, 2007? Is there any revelation to the church and if so how is the church expected to respond to such a message? The only way to discern the depth of the message embedded in this 11:59pm Golden Clock, is when one excavates from scriptures what the LORD intended everytime he spoke about the *midnight hour*.

Once again the church can learn some important tenets from Israel in this regard. When Israel was in Egyptian slavery she had to be treated with much cruelty to the point that she became desperate. The desperation grew by the day and got worse because her Egyptian slave masters became more ruthless in an attempt to subdue and exterminate the house of Jacob. Joseph had long died and the new pharaoh had no compassion whatsoever with the Jews. However, when Israel began to cry out to Jehovah their cry reached the LORD and he sent

in which the LORD will come for the church like a thief. That means no notice would be given to warn her of his impending descent for the church (Revelation 16:15). God Almighty himself has again and again presented a clear position of heaven, regarding this much anticipated *rapture* of the church. In heaven, it is known that not even the Son of Man nor the angels are aware of the calendar events as they relate to the date, day and time of the wedding of the Lamb of God (Matthew 24:36). The Word of God stands firm, remaining fully established in heaven and on earth across all generations to come. This hence stresses the secrecy surrounding the day when Jesus will come for his holy church. But how much love, that God Almighty in heaven, the One and only One that knows the day of the wedding of the Lamb, can now reveal a little glimpse of the hidden Clock he maintains inside the precincts his heart. It makes May 3rd, 2007, one of those most favourable days, that this endtime church has bumped into. God Almighty surely is the most powerful respecter of his Word. May 3rd, 2007, essentially shifted the *paradigm* and gave a new and greater spiritual appraisal to the scripture in the book of Amos chapter three verses seven through eight.

Joseph had long died and the new pharaoh had no compassion whatsoever with the Jews. However, when Israel began to cry out to Jehovah their cry reached the LORD and he sent

them Moses the prophet. When the hour for their deliverance by the LORD drew closer, the God of Israel spoke to them about the *midnight hour* at which he would himself come down to deliver them. On the other hand, God Almighty placed certain requirements on Israel in order that she could be delivered at the *midnight hour*. This deliverance the LORD said would come as a lift-off under the Eagle wings. The LORD commanded Moses to tell the children of Israel to prepare for their final hour of deliverance. It is this preparation for the *midnight hour* that the church can borrow from even as she awaits this dreadful hour of truth and reality. The LORD asked Israel to look for a lamb *without defect* and sacrifice it before him. Israel was then supposed to take the blood of the lamb *without defect* and smear it on the frames of the doorposts to the houses in which they lived. Apart from this, they were required to roast the meat of the lamb on fire and not cook it in water or eat it raw because the LORD Almighty demanded a fragrance from the lamb *without defect*. The eating of the lamb had to take place at the brinks of the *midnight hour*, with their cloaks tucked in while their sandals were on their feet and the staff on one hand. This was meant to be a hasty eating of panic as they awaited their most anticipated and overdue deliverance from the LORD. Such a deliverance was promised to come exactly at the *midnight hour* sharp when the LORD of Hosts would come for the sole purpose of bringing judgment unto the Egyptian Gods. This judgment was expected to go on simultaneously as the LORD *passed-over* the houses in which the Israelites lived. These Hebrew houses were expected to bear the blood of the lamb *without defect* on their doors. On that day when the *midnight hour* rang judgment stroke Egypt as Israel roasted the lamb *without defect*, eating it in a haste while chewing bitter herbs, in addition to eating *matsa*, the *bread without yeast*. All this was done while standing in haste and ready to go. On that day, Israel was led out of slavery in their divisions by the LORD God himself (Exodus 12:1-51).

The church

Like Israel the church is today living in a spiritual Egypt that is a land of absolute slavery to sin. There is the worshipping of many Egyptian idol Gods where the church currently resides. These Gods have found their way into the mainstream of the church and have started even being worshipped in the church. The Egyptian slave masters of today’s church are very ruthless and cruel to her, permitting her no chance of freedom of worshipping the God of Israel. They are LORDing

on her all their requirements that she must fulfil, such as payments of certain amounts of money to have her children prayed for, remitting certain established figures of shillings and dollars for her to be delivered from demon possession. Additionally, she must pay a certain amount of money for her to receive the Holy Spirit or her sick in hospital to be visited by the LORDing masters and pastors. The burden of slavery to sin is so heavy on this church in her land of spiritual Egypt.

Grief to sin

In spite of such suffering in Egypt, Israel was still aware of the eternal covenant she had with the God of Jacob. And so, she grieved and wailed out to the God of Israel for help. It is this wailing and crying out to the LORD that caught the attention of Jehovah thereby sending them the prophet Moses for deliverance. Today the Holy Spirit is using this to re-orientate and redirect the church in this hour of darkness. In other words, the LORD is using the 11:59pm Clock that he lowered into the sky to impress upon the church on the urgent need for her to be consumed with grief to sin. She must manifest a sorrow of wailing for her deliverance at this hour. It is this wailing that will catch the attention of God as a testimony of her dissatisfaction with sinful *status quo* in Egypt. The sinful *status quo* is the worldliness that prevails in the church to come out vividly clear and wail because of the state of sin in the church at such an hour. The church is being asked to do this understanding the present time, for the hour has come to wake her up from slumber to go on simultaneously as the LORD *passed-over* the houses in which the Israelites lived. These Hebrew houses were expected to bear the blood of the lamb *without defect* on their doors. On that day when the *midnight hour* rang judgment stroke Egypt as Israel roasted the lamb *without defect*, eating it in a haste while chewing bitter herbs, in addition to eating *matsa*, the *bread without yeast*. All this was done while standing in haste and ready to go. On that day, Israel was led out of slavery in their divisions by the LORD God himself (Exodus 12:1-51).

The blood

As the *midnight hour* drew closer Israel’s clock was showing 11:59pm. And if this is anything to go by in today’s church, then she ought to emulate every single command that God laid on Israel at such an hour. At this time, Israel was required to smear the blood of the lamb *without defect* on the frames of the door posts to the houses where she lived. Jesus of NAZARETH is the Perfect Passover Lamb of God that was presented to the church *without defect*. Hence the blood of the lamb that Israel was instructed to smear at the door, in essence symbolized the Blood of Jesus that the church would

be required to smear at the door of her heart prior to *rapture*. For that matter the LORD now expects the church at this 11:59pm to cover the house where she lives with the Blood of Jesus, our perfect Passover Lamb of God (1 Corinthians 5:7). He was slain on the Cross at Calvary that today’s church may have his Blood available to her right now. The LORD is essentially asking the church of Christ to make sure that where she lives (her heart) is fully covered with the remarkable Blood of Jesus at this 11:59pm. And when the *midnight hour* rings out Jehovah will be able to see the christians whose hearts are spiritually circumcised by the perfect Blood of Jesus, and he will then *passover* them into the deliverance of *rapture*. In which case, as the LORD will strike the Egyptian Gods of this world with the dreadful judgment of tribulation, the *raptured* church, will be in the safety of heaven. There she will promptly eat the wedding dinner of the Lamb of God inside the temple of the LORD God Almighty. This dinner takes place in the temple that the LORD presented in the March 26, 2008 vision. It is like God then was asking the church to focus upwards and not miss this dinner event that is about to take place inside that temple.

Nevertheless, why would the living God ask the church of Christ to cover herself with the Blood of Jesus, the Perfect Passover Lamb? Why would Jehovah ask the church to do this at 11:59pm? It is as though the LORD is saying to the church that I have watched you plus your conduct for a long time now and it has finally boiled down to one question in my heart. Are you really covered by the Blood of Jesus? This is the portrayal of a very pathetic spiritual state that has eaten right into the church. When the LORD surrendered Christ Jesus, the very darling of heaven to die for the church on the Cross, He was absolutely sure that the Blood of Jesus is more than sufficient to totally redeem the church from sin. This would serve as the *ultimate sacrifice*. And for the LORD to be asking the church as to whether she really is covered by the Blood of Jesus, means that he has looked at the church and seen that when she received Christ Jesus her identity essentially did not change. She in other words retained her identity of the *world*. Well, that presents an unredeemed identity and there is no way the God of heaven who shows such disposition to loving the church, can keep quiet on this matter at this 11:59pm! The Perfect Blood of Jesus has such an enormous capacity to *transform* the identity of sinners into the glorious citizenry of sons of God. Further, it is the anointing pervading the Blood of Jesus that bears the capacity to character-change today’s church. It then would appear as though the LORD has observed no significant change of character between when the people were in the dark *world*

and now that they are so-called born-again. God is absolutely justified to ask this question at 11:59pm because he did not present the precious Blood of Jesus in vain. And yet it is absolutely evident that the *world* has encroached into the church and the

lives of the christians. To the extent that the christians are now closer to the identity of the *world* than they are to Jesus, implies that they are virtually unredeemed. In such circumstances, the God of heaven uses this very simple benchmark of *holiness* to detect whether *redeemed* or *not redeemed* is happening in church. It does not take much to be able to plug into the life of the church and measure the rhythm of her heart beat, whether it is beating in step with that of the Holy Spirit or not. Just the mere way in which the present-day church lives her life is sufficient enough a gauge to tell whether she is born-again or not yet born-again. If she walks in *holiness* then she becomes the *light of the world*, and the fruit of her *repentance* is brought to bare. In this way, the church can win souls for the LORD at the darkest 11:59pm hour of the night. The 11:59pm Clock that Jehovah lowered into the sky on May 3rd, 2007, therefore presented such a mighty message of the Blood. And to the priesthood the LORD is principally saying that this is the time to be preaching nothing else other than the perfect precious Blood of Jesus. God is using this Clock right now to tell his priesthood to shepherd the flock towards that little abandoned hill of Calvary and pass the flock through the rugged Cross so that they may crucify their flesh. Only in this way, will they transition into spiritual beings whose walk is in rhythm with the Holy Spirit of the LORD and the spiritual calendar for the wedding of the Lamb of God. God has directed his attention to the pastors of today pleading with them not to cover the sheep with the prosperity of this *world* but to cover the hearts of the sheep with the Perfect Precious Blood of Jesus. That is the only identity marker that the LORD will see when the Clock hits midnight and the LORD descends down from heaven with a loud command and the voice of the archangel. Because the mighty Blood of Jesus is a wonder working Blood being entirely able to transform the physical into spiritual beings, then those christian that will be covered by this Blood will also be able to hear the spiritual voice of the archangel and that of the Son of Man at *rapture* (1 Thessalonians 4:16-17; John 5:24-28). Covering their hearts with big cars, big homes, private aeroplanes, large companies, fat cheques, degrees, green cards, visas to the west and the like, will not open their spiritual ears. Instead it will deafen their spiritual ears hence denying them entry into heaven (Matthew 19:16-26). When the LORD lowered the 11:59pm Golden Clock in the sky on that material day of

May 3rd, 2007, he practically rang out the message of THE BLOOD! THE BLOOD! THE BLOOD! The Perfect Blood of the Lamb!

Worship

Part of the instruction that Israel received about the coming of the midnight hour, was that she boil not, nor eat raw the meat of the lamb *without defect*, and that she was under strict instruction that this meat *must* be roasted over fire. The roasting of this meat over fire was for all practical purposes intended to exude a pleasant aroma of fragrance into the throneroom of God. It is this fragrance that would appease the Holy God of Israel to the point of forgiving enslaved Israel from her acts of defilements and hence permit her to come right into his holy presence. Such a fragrance had earlier on been presented by Noah when so much sin had brought judgment on earth, and God was so pleased to the extent that he developed a covenant with Noah (Genesis 8:20-21). Noah like Israel, was required to take clean animals for sacrifice. Clean here implies *without defect*. That notwithstanding, these biblical events speak much on the requirements of the LORD to the church at this 11:59pm. The fragrance that Jehovah expects from the church right now is that of worship in the spirit and in truth. The LORD expects the church to now step-up the worshipping of Jesus through the act of genuine *repentance* and holy living. If worship were taught on the Cross at Calvary when Jesus was crucified, then it is absolutely imperative that the LORD is telling the church to equally offer herself as a sacrifice of worship unto him through Christ Jesus. God Almighty is at this late hour not looking for those christians that will offer 50%, 70% or 99% of their hearts to him, but only those true worshippers who will move out of worship at the well of Jacob and crucify their entire flesh at Calvary with Jesus, thereby offering 100% of their hearts (Romans 12:1-2). This is because the moment of truth has arrived and the truth says that the church was created for Christ. Well, Christ is the Spirit-filled Man, the Golden Clock in the sky is a spiritual Clock, and the wedding of the Lamb of God is an entirely spiritual wedding. The church must still not lose track of the fact that the Kingdom of God into which she was purchased and given sonship is a spiritual kingdom. That demands of her to be completely spiritual in everything she does.

Bread without yeast

During Egyptian slavery, Israel had been accustomed to eating the loafy bread with *yeast*. Since this bread was

tasty, she devoted herself to tirelessly work for it. The bakers in Egypt were highly regarded and respected people who fed the family. Every family would at times strive to bake her own basket of dinner bread and yeast was in short supply as every single household strove to raise the dough. The baking skills resident in a household became such a treasure because there had to be a perfect knit between the baker’s skills, the dough and the yeast, in order to bring out a particular taste that was palatable to the tongue. This was an important gauge on to whether the household was well nourished or not. Each family had to be attached to a baker for their daily supply of bread. The Israelites became so much attached to the daily bread, a condition that made Jesus talk to them in terms of bread having seen how their hearts were tied to it. Jesus later said to them that he is the True Bread, the bread of life, and that whoever ate of him would never hunger again (John 6:25-59). This attachment to bread had been earlier on developed tightly during Egyptian slavery, where they literally laboured for bread. But when Jehovah told Israel that the advent of the *midnight hour* would require that they eat the lamb together with *bread without yeast*, they were startled and greatly panicked because in all their lives they had only been used to bread with *yeast*. What is particularly astounding is that they were also aware of the tastelessness to the tongue, that *bread without yeast* had. However, since this was a command from the LORD on their deliverance that night, Israel had to eat *bread without yeast* (Exodus 12:8).

The LORD requires of the church that she too, reverts back to *bread without yeast* at this 11:59pm. This is because *bread without yeast* is the True Bread, the Bread of Life. This particular midnight *bread without yeast* is our LORD Jesus who is the uncompromised True Word of God, that the church must now eat to make it. *Yeast* has lately infected the Word in today’s church thereby bringing in a swollen and tasty-to-the-flesh bread. Bread with yeast is entirely tasty to the tongue but totally undurable. *Yeast* represents the sin and defilement that has entered into the church. Such sin has included sexual immorality, the swollen gospel of prosperity and wealth transfer and all the seductive excesses of this *world*. Therefore, by lowering the 11:59pm Golden Clock in the sky on that mighty May 3rd, 2007, the LORD in essence instructed the church on a compulsory return to *bread without yeast*. By inference the LORD is telling the church that in the past he has watched her preach from other books that have exalted the things of the world over and above Christ. Such adulterated word has mainly majored in tricks for financial

anointing, becoming wealthy as a christian, successful living, healthy living, etc. At this eleventh hour

however, only the incorruptible and durable *bread without yeast* will see the church through this wilderness of *repentance*. It is time out for the tasty gospel that is itching to the flesh and edifying to the *world* in the church (2 Timothy 4:3). The *bread without yeast* brings about eternal life that comes from our LORD Jesus (1 Corinthians 5:6-8; Matthew 16:5-12). He who had rained *manna* from heaven for Israel in her most hungry state is surely able to equally recompense the hungry God-seeking church of Christ within these days of hunger. The church of Christ has for sometime now gone through a severe hunger, not for physical food, but for the true Word which has become very rare (Deuteronomy 8:3). It is this severe spiritual hunger that the adversary has taken advantage of in order to vend his yeast-exalted bread, in the lies of quick prosperity without *holiness*.

Chewing bitter herbs

For Israel to separate from Egyptian lifestyle and start listening to instruction from Jehovah God, she faced the stiffest resistance of bitter rejection. It relays a message of a people stepping out and rejecting the *status quo* of slavery to sin. Anyhow, Israel had previously suffered the extreme cruelty unleashed by their Egyptian slave masters. In fact, at one point all male children were killed during the time when Moses the prophet of the LORD was born. Israel was surely familiar with bitter rejection and suffering along her life. Slavery often means working for food in a hand to mouth kind of lifestyle. Egypt is known for the sweet breads and foods and this is what Israel had tailored her life to, causing her to toil day and night in order to earn some sweet bread in that land. Having this food was considered more like a luxury within the Goshem community of Israelites in Egypt. And for the LORD to tell the house of Jacob that she would now have to resort to eating bitter herbs at the 11:59pm moment just before the *midnight hour* stroke. Israel was very disturbed at this new development, given that they had gotten used to sweet foods for all their lives. However, by doing this Jehovah wanted Israel to live to remember the bitterness of slavery and rejection that had characterized her life. Todate, the Jewish people world over mark the *passover* feast by eating the bitter herbs in the fear that lest the modernity and prosperity of today make them forget who redeemed them from the bitter slavery. This they were instructed to do as a lasting ordinance between them and Jehovah Yahweh.

The church too is being instructed by the Holy Spirit at this 11:59pm moment to revert to *bread without yeast* and bitter herbs for a complete separation from the sweet defiled

pick up your cross and follow me” (Matthew 16:24; Luke 14:27).

Burning the midnight oil

Permit me bring this to your attention. The journey on the christian walk, though long can be a joyful one when the purpose is clearly well defined. The remnant church of Christ that defines this resolve well, will often adhere together in the love of Christ and the unity of faith. Such was the journey of the remnant ten virgins that set out into the *darkness* of this world with their lamps lit towards the *midnight hour* (Matthew 25:1-13). As the waiting process prolonged, this journey to wait on the bridegroom became tedious to the point that they all became drowsy and fell asleep. This tragedy occurred right before the *midnight hour* when the pitch darkness thickened and their systems gave in. Like today’s church, their most immediate perception was that the LORD’s coming would be delayed much longer. However, as the *midnight hour* drew closer the LORD sent them a voice that sounded a warning. At this warning, all the ten virgins woke up and trimmed the wicks of their lamps. But in the process, the five foolish virgins realized that they hadn’t any midnight oil to burn since their lamps had gone dry. Yet the *wise* virgins had the privilege of burning the midnight oil from the *vile* that they had earlier carried when they stepped out. It is a caution to the church that as the *midnight hour* draws very close (11:59pm), there will be a tendency of the church to become drowsy, lethargic and fall asleep. The *darkness* that befalls the world at the *midnight hour* is always the thickest and the deepest *darkness* of the night because it occurs in the heart of the night. Such is the *darkness* that was foretold to consume the four ends of the earth right before the wedding of the Lamb. This *darkness* if not well managed, can easily cause the lamps that were otherwise previously well lit to emit dim light. Such thick pitch *darkness* of the *midnight hour* in other words purposefully attempts to undermine the light that was previously sufficiently coming from the lit lamps. And that is why the trimming of the lamps becomes an absolute necessity close to the *midnight hour*. It is the gross thick *darkness* of the *midnight hour* that obliges the trimming of the lamps in order to improve the strength of the light emitted at such a dark hour.

Right now across the four ends of the earth, it is completely obvious that the *darkness* of the world has increased and thickened thereby even entering into the church. This gross *darkness* undermines the light with which the church has been operating hence calling for necessary lamp-trimming steps to be put in

place. Such *darkness* include the increased legalization of abortions, homosexuality, legalization of homosexual marriages, lesbianism, rapes, defiling of young children, shooting rampage in schools and malls, addiction to pornography even by pastors, drug addictions, alcoholism, abandoning of babies in garbage dumps, murders, false prophecies, money laundering, the gospel of wealth transfer and prosperity, removal of bible from EU constitution, removal of the God of the bible from the constitution of many countries, feminist movements, among others. This by all means is a signal that calls for the trimming of the lamp in the church especially now that the Clock of God reads 11:59pm and the pitch *darkness* has thickened. Jesus is the first born that *raptured* from the earth (Colossians 1:15-20). But now the time for the church to be birthed out into heaven has drawn nigh. By presenting the 11:59pm Clock, the Holy Spirit is warning the church to be very careful with sleep, but instead be *watchful*. At the garden of Gethsemane Jesus rebuked this *sleep* when the three disciples fell asleep instead of being *watchful*. The LORD at that time warned them

of sleep by saying that they needed to be watchful in prayer in order not to be tempted (Mark 14:32-42). It raises the flag on the rampant and increased temptation which would come down on the church like an *avalanche* at this hour. The LORD clearly became infuriated by the *sleepiness* of the remnant church that he took to Gethsemane. The LORD is currently unleashing this very fury towards the *sleeping* church of today. It is the same magnitude of vehemence that the LORD displays towards the remnant ten virgins that step out with their lamps into the *darkness* to wait for the *midnight hour* only to fall asleep. The five foolish virgins had to go buy some oil for themselves in an act that prefigured the fake anointing that would befall the latter church at 11:59pm. What is even more surprising is the fact that all the ten virgins had to be woken up, and the ten *wicks* be *trimmed*. That means that as the LORD God lowers the 11:59pm Golden Clock in the sky, it is a spiritual wake-up call. In lay mans terms, it would be as though one set the alarm clock one minute before midnight that the midnight hour may find them awake. The LORD is sounding this 11:59pm lamp-trim alarm to the church that she

may jump up from her deep sleep. The bible clearly outlines important elements worthy of notice when the church goes to sleep. She gets very unalert and begins to eat and drink with the drunkards. These drunkards can today be seen walking with the church because she has no deliverance power to lead them to Christ. The drunkards the LORD speaks about are symbolic of the homosexuals, alcoholism, love of money, false prophets, prostitution, interfaith fellowships with eastern idolatrous religions, witchcraft that have raided today’s church, etc. (Matthew 24:42-51). Most notably is the message coming from the selective entry of only 50% of the ten virgins that stepped out to wait. The five wise virgins that finally made it into the wedding of the Lamb, each had a *vile* of olive oil for burning. It is this *vile* of olive oil that constitutes the *morning dew* that Isaiah the prophet saw as having the capacity to *wake up* the asleep (Isaiah 26:19). Today’s sleeping church can easily wake up if she accepts to receive this *morning dew*. It is such a dew of the Spirit of the LORD that makes the whole difference between eternal life and death. The *vile* of olive oil represents the precious Holy Spirit of the LORD. Hence the most important message the LORD delivered to the church on May 3rd, 2007, was that only the Holy Spirit could now help her this late. It must be remembered however, that everytime it gets to 11:59pm that means that the old day is gone and the new day has come. This requires that the church now wear the character of the new day and walks as children of *light* (Romans 13:11-12). Time has run out for the church and she ought to move with the kind of haste that involves tucking in her spiritual cloak in, with her sandals on, in the knowledge that any second now there will be a lift-off from this slavery into eternal life with God himself (Exodus 12:1-29).

Finally, Servant of the LORD, I would like to ask this last question. This question relates very closely to all people across the world since it touches on the economy of nations. At Nakuru on that August 23rd 2008, you stood before a historic mammoth crown and announced that soon there would be a global famine and economic crisis. Surprisingly enough, it is surely here with us. It is as though the LORD did not tarry on that prophecy. What was that revelation about and how should christians adjust in the current economic circumstances? And in conclusion, please allow me to ask, what is the spiritual significance of the current global financial meltdown?

Thank you once more. I bless the LORD our God even for entrusting

me with such profound revelation that so much hinges, directly on the coming of the Messiah. Listen, I am going carefully share with you on this mighty August 19th 2008 vision of the LORD in which he released the apocalyptic Black Horse.

Vision Of The Apocalyptic Black Horse

Again this time around, I wouldn’t like to share this novel vision of August 19th 2008, on the release of the apocalyptic Black Horse without first bringing your readership to a common understanding on certain key issues. Look, my son, the ongoing persistent conversation between the LORD God Almighty and the church of Christ regarding the Wedding of the Lamb, is a clear testament of the gravity the LORD attaches to this event. For Jehovah God to engage in this manner of deliberate and systematic unveiling of novel visions concerning a day that is otherwise hidden, represents an unmatched disposition of love. In case you were not aware, the day of rapture is decreed by the LORD’s secret truth and hidden counsel (1 Corinthians 15:50-56). Revealed here is the obvious state of concern and urgency on the matter of *preparedness*. The sequence of visions that the LORD has persistently presented to me regarding the rapture of the church, run from the November 1st, 2006, 3:00am vision of the two golden and glorious Wedding Rings, that He deliberately lowered into the sky; through to the November 26th, 2006, 5:00am vision on how the holy dead will rapture; into the May 3rd, 2007, 5:38am vision of the Golden Clock that the LORD lowered into the sky, a Clock that reads 11:59pm. Notwithstanding, Jehovah even went ahead on November 20th, 2007, to present the grand desolation that has marked the church of Christ at this hour. In that vision, the LORD presented the *grass* that is growing in the church rendering it desolate. This is an apparent attempt by the LORD God Almighty to awaken the church on the need to restore her ways and subsequently be revived. While still grappling with the weight of these historic visitations, then came forth another most awakening night vision of the LORD, when He finally unveiled to me the holy and most glorious Temple of God Almighty in heaven. This happened on March 26th, 2008. Furthermore, in what would appear as a warning for the church to take notice, the LORD went ahead to reveal to me the release of the Red Horse that went across the four ends of the earth, on March 17th, 2008. However, the most astounding of them all then became the tremendous August 19th, 2008

visitation in which the Holy Spirit lifted me up into the throneroom of God, at which I saw one of the *Four Living Creatures* release the Black Horse from heaven.

THE scroll of God ALMIGHTY

The Seven Seals....

By the time the first Asian Tsunami became a reality on that fateful December 26th 2004, little had been known of what the true manifestation of birthpains would be. As biblically predicted though, birth pangs have been mainly associated with the horrendous episode of human suffering that would befall the earth at the end of age. However, many advocates of modern theology had gone here and there purporting to know what perilous times actually meant. But, it was not until the Lord spoke with me in a mighty vision of November 24th 2004 night, that the true picture of endtime birthpains began to unfold. In that mighty vision, the Voice of the Lord came from inside of a thick dark cloud and said, “Tell them to repent in Christ Jesus, otherwise they will know that the mouth of the Lord God has spoken.” This was immediately followed, in that vision, by the Holy Spirit showing me the historic earthquake that would soon come and split open the Indian Ocean and unleash deadly floods upon the land. After the earthquake in that vision, I saw historic numbers of people drowned by high speed floods that had the capacity to destroy high-storeyed buildings. What particularly caught my specific attention was the presence of the Angel of the Lord who was involved in that occurrence. Jehovah allowed me to feel the sting of His wrath that was coming to consume the earth due to the abhorable state of sin. Even as I began prophesying the coming of the Tsunami, what emerged vividly clear was the general state of this information that had eaten into the church. Many had already postulated to the fact that the LORD would never purge off sin by means of floods again. And yet here I was, prophesying the coming of immense floods of fury. It is the coming of the consuming wrath of God that the Lord sent me to proclaim to the four ends of the earth prior to the occurrence of the Asian Tsunami.

Breaking The Seal

When the LORD spoke to Daniel the Prophet, He laid particular emphasis on the coming signs of the end of the age. A quick summary of the main features demonstrated in the book of Daniel

clearly brings out one and only most important Wedding of the Lamb of God. It is even more amazing to realize that Daniel was under complete instruction and obligation to guard that which he had been shown regarding the rapture of the church. After presenting the vision of *rapture* to Daniel the Prophet, the LORD commanded him to close up the *Scroll* and *Seal* it. Daniel was asked to keep that prophecy a secret by *Sealing* up the *Scroll* until the time of the end when many people would rush here and there to increase knowledge.

Considering the apocalyptic events as they unfold both in heaven and on the earth, the *breaking* of the seven *Seals* becomes the most important spiritual landmark that the church ought to pay attention to. This is because the *Scroll* that the LORD God holds with His right hand contains the most hidden secrets on the Coming of the MESSIAH. And, the seven *Seals* with which the *Scroll* was closed, denotes the sequential events that elaborate the *zero countdown* towards the end of age. This is the real *prophetic time-line* of God. Of the seven *Seals*, the *breaking* of the first four becomes the most critical threshold towards the *rapture* of the church. The opening of each of the first four *Seals* directly corresponds to the release of one of the four *apocalyptic horses* of God Almighty. It is the Riders of these four horses that are meant to release the specific effects of the birthpains intended to ripen the church for *rapture*. However, the *Seals* on the *Scroll* can only be opened by the Perfect Lamb of God owing to merit with which He redeemed mankind. This implies that only the Perfect Blood of JESUS has the power to *break* the seven *Seals* of the *Scroll* of God. Moreover, the true treasures of the hidden secrets of God Almighty reside within the *Scroll* at His Throne. The church has to learn to develop a private intimacy with the LORD in order that He may generously avail the secrets of His Coming to her.

TURNING THE STONES . . .

When JESUS walked from the Temple of the LORD, and His disciples had began to draw his attention to the architecture and buildings, He swiftly *vanquished* their adoration. He immediately said that all stones would be turned, and no stones left on another. His disciples right away understood that He was talking about the end of age and His Coming. At that very time, they at once sought His private audience and asked Him what the signs of His Coming would be. It never ceases to amaze that to do this, the disciples retreated with Him onto the Mount of Olives, thereby seeking His private attention. This is the secret the church needs to learn in order to captivate *spiritual audience* with the LORD. Moved by compassion

for them and their attentiveness, the LORD immediately revealed to them on the signs of the beginning of birthpains (Matthew 24:4-9). He said, of the most important spiritual landmarks that the church needed to watch out for, that; *nation would fight against nation, kingdom rise against kingdom, pestilences, famines and earthquakes in various places*. But the secrecy of His Coming lay on the fact that hinted on all these as being the beginning of birthpains, while in verse 9, He immediately said that many believers would be persecuted and killed for the sake of His endless testimony. This was the most important secret that JESUS ever released to the church regarding His Coming. But this secret was only released upon the acquisition of the appropriate private environment on the Mount of Olives. One of the most subtle enemies of spiritual vitality is the *influence* of others and their expectations on us. The world expects us to seek after possessions and prestige and to always fill our time with busy activities, whether meaningful or not. It is incredible we do allow the world’s expectation

and influence us and to dictate our spiritual lives as well. Often the christians act in order to please others rather than because they want to *please* God. Sometimes pleasing God may actually require that the church disappoints the world because she cannot fulfil their demands of her. *Solitude* however, helps us to break free from other’s expectations. It puts believers in a place where they can see most clearly of what the world is asking from them and what God demands of them. In *solitude*, we are more able to evaluate these expectations in relation to God’s desire for us and decide which demands should and should not be fulfilled. This helps the church to squarely prioritize in fulfilling the demands of God over her life. It is a posture that re-orientates the church towards the heavenly. It is in that *solitude* posture that JESUS was then able to bless the disciples with the greatest secret of His Coming. When the church would see the beginning of birthpains, she would then know that His Coming has drawn nigh. JESUS too always retreated and retracted from the world and the public in order to privilege Himself with the Father’s attention. For example, following one of the busiest days and

nights of His ministry, JESUS awoke long before day break and went out alone into the wilderness to pray (Mark 1:35). When the disciples came looking for JESUS to take Him back to town, for the people had been asking for Him, He told them instead that they must go on to other towns. Opportunity and success did not dictate the direction of JESUS, but God did. His time alone helped Him be directed by God alone. This is what the church of Christ today needs in order that she may get out of her hustle and bustle of this very busy world. The secrecy with which God upholds the revelation on *rapture*, could not be more demonstrated than when he said, “*Behold, I come like a thief. And blessed is he who keeps his clothes with himself that he may not go naked and be shamefully exposed.*” (Revelation 16:15). This greatly contrasts with the Second Coming when all eyes will see Him Coming in the clouds (Revelation 1:7). The *flash* and *twinkling* of an eye that is presented regarding the Coming of the LORD JESUS in the *rapture*, are just but the indications of how secret

at Calvary, could open the *Seals* of this *Scroll*, gives a direct indication of what is written therein. The *Scroll* then, must have been written with the Blood of JESUS, and the content of its text definitely defines the judgment of God against sin. It is because God Almighty in Heaven is Holy and separated from sin, that He released JESUS, His only begotten Son, to come and pay for the sin of mankind. That is the true meaning of redemption from death that God advanced to fallen man. But since we know that this was an extreme act of love, then the text within the *Scroll* also obviously defines the final entry of the church into the kingdom of God. This is the apex and *spiritual epitome* of redemption and salvation. But because man had no role of merit towards this victory then surely the text in the *Scroll* scribes the *Mercy* and *Grace* of God to the church. It was therefore imperative that within the *Scroll* be written the prophetic timeline of God as to when the church would enter into the Kingdom of God. This is because apart from defining how the church would enter into heaven, God most importantly defines when exactly that would occur. This timeline is hidden in the heart of God as no angel, not even does the Son of Man know the day or the hour (Matthew 24:36). That then means that the church ought to pay particular attention to the aspects of the script in the *Scroll* that talk about the season. What happens then when the *Seals* are broken?

THE FIRST SEAL: THE WHITE HORSE

On the 2nd of April, 2004, I saw the holy and mighty visions of the LORD regarding the Wedding of the Lamb of God. In that vision, the LORD spoke with me about the *breaking* of the first four *Seals* of the *Scroll* in heaven. Jehovah lifted me up into His Throne, and I found myself standing right in front of the Throne of God Almighty. The glory was so immense that it totally overwhelmed the entire surroundings and precincts of the Throne. And the Holy Spirit made me know that He who seats on the Throne was seated on the Throne. After that, I saw the moon draw near the mountain-like glory that abounds the Throne of God Almighty. In a split second, it dawned on me that the moon was covered with the Precious Blood of JESUS. Initially, I was not able to see the inside of the Glory of the Throne. But later, the LORD opened my eyes and I was finally able to see the four glorious Horses that were inside the Glory around the throne of God. The Horses I saw, were overtaken by the glory of the LORD hence radiated tremendous glory like flashes of lightning. However, what became

most important in this apocalyptic vision is the fact that the horses presented as though they were ready to be released. It is that readiness to be released that greatly spoke about the changing of dispensation in heaven and on earth. At once, I saw the *First Living Creature* standing around the Throne of God (Revelation 4). Then he released the White Horse. This release of the White Horse from the Throne of God coincides with the *breaking* of the first *Seal*. It also demarcates the point of departure from the norm, and the entry of the new spiritual dispensation in the church. The release of the White Horse with its Rider from the Throne of God, is a mighty prophetic event that begins the *zero countdown* in God’s timeline. Only the Lamb of God who was slain at Calvary has the authority to release this White Horse with its Rider. This, the Lamb of God does by *breaking* the first of the seven *Seals* that closed the *Scroll* of God, on the day that JESUS redeemed the church on the Cross. And that became the sacred, well kept secret in the heart of God because it literally unveils the timing of the end of age.

THE SECOND SEAL: RED HORSE - BLOODSHED

When the LORD God Almighty suddenly revealed to me the release of the Red Horse, in the vision of night on that March 17th, 2008, it surely marked a very important final stretch towards the Wedding of the Lamb. Prior to the release of the Red Horse from heaven, I saw the *Second Living Creature* within the tremendous glory around God’s Throne in heaven. He was like an *Ox*. In that vision of the LORD God, I saw a Red Horse released from heaven with his Rider moving at an ultra speed of lightning and cutting across the skies towards the earth. Upon reaching the earth, the Rider of the Red Horse raced across the land and in the seas. What would particularly catch one’s attention is that when he hit the seas with his Red Horse, this Rider split and cut the waters across them. In this dream, the LORD lifted me above the earth hence enabling me to observe how the Rider of this Red Horse spurned the four ends of the earth. Then came the Voice of the LORD that said; “GO TELL THIS PEOPLE TO REPENT AND PREPARE THE WAY FOR THE COMING OF THE LORD.” Upon awaking, I then realized that the tremendous Mouth of the LORD had spoken. The release of the Red Horse from the Throne of God is a well documented apocalyptic event that has for a long time been eagerly awaited (Revelation 6:3-4). This particular occurrence is meant to coincide with the *breaking* of the second *Seal* that had bound-up and secured in the hidden secrets of the *rapture*. The

advent of the Red Horse and its Rider is what brought forth tremendous bloodshed across the earth ranging from the war in Iraq, Somali, Afghanistan, South Africa, Kenya, DRC Congo, Burundi, Rwanda, Sri Lanka, Pakistan, Bangladesh, India, Mexico, etc. This has beautifully fulfilled and manifested the sign the LORD JESUS talked about when He intimated to His disciples that there would be the onset of perilous times; *and nation will fight against nation, and kingdom rise up against kingdom*. This the LORD said, while drawing inference to the horrendous bloodshed that would eventually take hold of the nations of the earth even as the *rapture* of the church draws nearer. The effects of the Rider of the Red Horse are here with us today and can only help to build up the horrific birthpain that is meant to birth out the church into *rapture*. In that way, the church would be the *fruit of the Cross*. Discouragement, despair and disillusionment are just but a few of the feelings that most christians may experience during this time as the beginning of birthpains set in and establish. However, believers need to watch out from being consumed by the despair of the day, and instead shift course to recognizing these pains as spiritual landmarks towards *rapture*. That would help the church *prepare the way* of the LORD.

THE THIRD SEAL: BLACK HORSE - FAMINE

Exactly five months from the release of the Red Horse, then came the release of the Mighty Black Horse from the throne of God Almighty. It was on August 19th, 2008, when the LORD God Almighty lifted me up in the spirit and showed me the tremendous glory around His Throne. In that vision of night, the Mighty God of Israel revealed to me the *Third Living Creature* around his Throne, and in allowing Him to come close to me, I was then able to see his *face of Man*. Being sure that I had clearly seen the countenance and recognized the *Third Living Creature* as he passed by, then the LORD God Almighty allowed me to see how this *Third Living Creature* finally released the Black Horse from heaven. However, I was also able to witness the next horse that came very close to the Black Horse prior to the release of the Black Horse. When the Black Horse was released, his Rider took him around heaven and brought him close to me in that vision of God. It was then that I was able to see the most amazing and unique feature that God Almighty must have only preserved for such a time as this. The Black Horse from heaven spotted extremely beautiful, white and

glorious long *mane* that flowed from his neck down to the front legs. The *mane* appears to have been well kept, shiny and greatly brilliant. Upon coming close to me, this Black Horse dramatically stretched the *mane* out into their respective lengths, and then resettled them back around his neck. At that time, the *Third Living Creature* around the Throne of God Almighty, released him unto the earth. I then saw the Rider of the Black Horse pacing across the earth from corner to corner. Then the Voice of the LORD coming from around the Throne said, “GO TELL THIS PEOPLE TO PREPARE FOR THE COMING OF THE LORD.” At that point, I woke up and

realized that Jehovah God Almighty had once again spoken to the church in no uncertain terms.

MEANING OF THIRD SEAL

Comprehending the importance of the conversation the LORD is engaging the church in at this hour, requires that the church reflect on relevant biblical scripture. This is what has always made the bible the one and only mirror of God through which to examine every conversation between the LORD and the church. The bible talks about the breaking of the Third *Seal* and the subsequent release of the Black Horse. But in the ranking of events in heaven, it is the *breaking* of this Third *Seal* that scores very highly in the church of Christ. When the Third *Seal* is open by the MESSIAH,

a notable sequence of events begin to take place in such a way that a precise message is conveyed across the earth (Revelation 6:5-6). First and foremost, the Voice of the *Third Living Creature* is heard announcing the release of the Black Horse and his Rider. Following this release of the Black Horse then, unlike the opening of the first and second *Seals*, this time around the Voice of God Almighty Himself is heard speaking from among the *Four Living Creatures*. Apart from the fear and trembling that consumes one on hearing His Voice, comes the most important, *what He says*. The Voice of God Almighty then is heard instructing the Rider of the Black Horse to ensure that

among other pains He is to afflict the earth with, the Rider of the Black Horse ought to ensure that *a quart of wheat goes for a day's wages, and three quarts of barley be purchased for a day's earnings*. In the Ancient Near Eastern definition of a “quart”, one would say it is a quantity of wheat just sufficient for one

person’s meal for a day. Which puts a lot of strain into the daily nutritional requirement of a family.

But this situation is made worse by the understanding that a whole day’s wage would then have to be devoted to only food, and strictly only one person’s food. That rules out any spending on other basic essentials of life. Because barley is of relatively low nutritional value than wheat, the LORD instructed the Rider of the Black Horse to ensure that three quarts of such barley goes for a day’s earnings (wages). Put in simple terms, God Almighty was essentially instructing the Rider of the Black Horse to unleash a horrendous brand of *famine* that the earth has never seen. This kind of *famine* can only be comparable to the one that happened during the time of Elisha, the Prophet of the LORD (2 Kings 6:24-31). At that time, Ben-Hadad, the King of Aram had mobilized his entire army and captured the whole of Samaria and its neighbourhoods, thereby laying a siege on it. Israel, that was well taught to fear, honour, and observe all the decrees and commands of the LORD, now finally jumped out of that covenant because of the ravaging

nature of that *famine*. The LORD had instructed Israel never to eat anything that had not been prescribed in the books of Moses. The Word of the LORD had strictly prohibited the eating of the donkey as the command equally defined the edible split-hoofed animals. But because of the devastating famine that ensued, a donkey’s head was sold for eighty shekels of silver while the dove’s dung went for five shekels. That explains very clearly the amount of lawlessness and desperation that had set in because of the famine. It is a famine that caused Israel not to fear the LORD’s command and to eat literally anything and everything that walks the earth. Considering that the donkey was an unclean animal to eat, then how much more unclean would be the donkey’s head? And yet even that most unclean donkey’s head went for a very, very high price of eighty shekels. Eighty shekels of silver was then a super exorbitant price to pay. That means attention was definitely not given to any other expenses for basic living. This defines an extreme and economic financial crisis.

PROPHECY OF FAMINE

That is the reason I stood before a huge multitude in Nakuru, Kenya on August 23-24th, 2008 and began to prophesy the coming of a horrendous *global*

economic and *financial crisis*, and *famine*. And sure enough, barely two months from the proclamation of that prophecy in Kenya and in other countries like Canada, it was fulfilled instantly and accurately. Come October 2008, all the global financial markets crashed throwing the earth into the current horrendous *global economic crisis*. It is an economic crisis like none other because it is even worse than the great depression of the 30s. People have lost their jobs in the millions making unemployment one of the biggest catastrophes of the day. Many have lost their shelters because of failure to meet rent or mortgage, while many now go without health insurance because it is a luxury need.

NOT DAMAGING THE OIL

Still at the Throne of God, the Rider of the *Apocalyptic Black Horse* was given yet another instruction by God Almighty. In this second order instruction, the Voice of the LORD coming from among the *Four Living Creatures* said, “*And don't damage the oil and the wine*”. What could possibly be the message that the LORD is giving to the church? Firstly, the Wedding of the Lamb of God is primarily about the JESUS OF NAZARETH. He is the Bridegroom and King of all kings. For that matter, considering His most noble stature, and what He already did to redeem the church at Calvary, it is only fair that this time around the church should seek JESUS out, on how to *please* Him. And the only way by which the church can please JESUS is

Europe, this famine has come in the form of many families going for food coupons, welfare relief, among others. In many nations of Africa, Kenya inclusive, families have even been spotted hunting down mice and roasting them for a day’s meal. This has created a previously unheard of horrendous and most disgusting twist of extreme desperation into this ongoing *global famine*. God has never permitted mankind to eat mice. Mice are literally uneatable by God’s command and for households to now turn around and hunt them for food, it bespeaks of the magnitude and gravity of desperation that this famine has brought in. Right now, people are dying in the thousands from the ongoing *global famine*. And all this has come about by just the first statement that came out from the Mouth of the LORD, upon releasing the Rider of the Black Horse. The statement said, “*A quart of wheat for a day's wages and three quarts of barley for a day's wages*.” These are the secrets that are encoded by the Blood of JESUS in the *Scroll* that was initially *Sealed*. These secrets are the perilous signs that were intended to navigate the church towards *rapture*. They were meant to create a spiritual awareness as to what exact spot the church is seating in within the *zero countdown* to *rapture*. In fact, one would call these signs, a wake-up call on the church upon slumber. And that is the reason why there was so much anxiety in the book on Revelation chapter 5 when no one was found worthy to *break* the *Seals* and open the *Scroll*. Only by *breaking* the *Seals* of the *Scroll* and opening it can the great endtime distress that was prophesied manifest on the earth. Even more clearer now is the revelation that the text of the *Scroll* between the first and the fifth *Seal* essentially reads THE APOCALYPTIC HORSEMEN.

by enquiring from the LORD as to what exactly *pleases* Him. It is like asking Him, “What would you like your bride to look like?” To understand the heart of the LORD JESUS regarding what He would prefer His bride to look like, there is no where to turn to except to examine His Words when He described her. This is what holds the key to understanding the major instruction that Jehovah gave to the Rider of the *Apocalyptic Black Horse* when He said “*Don’t damage the oil and the wine*”. In the book of Matthew chapter 25 verses 1 through 13, JESUS talked about His own wedding, dubbed the Wedding of the Lamb. In that narrative, JESUS compared His Wedding to ten virgins who went out to meet the bridegroom. Apparently, all the ten virgins fall asleep right before the midnight hour when the groom is just about to show up for the long awaited banquet. One can only imagine the level of energy-supping anxiety that must have prevailed in the hearts and minds of the virgins as they awaited for this *long-time-in-coming* Groom. They must have been exhausted by the time the midnight hour was coming hence became drowsy and fell asleep. From the way the LORD JESUS presented the parable, it would appear as though the drowsiness and sleepiness was definitely inevitable, and He could not hold it against them. This is because all the ten virgins had to fall asleep. But what seems to be the most important feature JESUS brings out regarding His bride is that she be able to recognize the moment of announcement regarding the Coming of the Groom. And even much more important is for that Bride to be able to wake up and trim her lamp coupled with replenishing the lamp with *Oil*. This is because the five wise virgins present the character of the Bride that Christ would prefer to have as compared to the five foolish virgins that did not enter the banquet. It seems to me that it is the *Oil* here that makes the big deal to the LORD JESUS. If then JESUS can lavishly talk about His bride that enters His Wedding banquet as she that bears the jar of *Oil*, then it is only reasonable to assume that a church who loves JESUS would most definitely want to know what it is that this *Oil* does to Christianity. Since eternity, GOD the Father and the Son, have celebrated a very close and greatly enviable relationship thence making the Father and the Son one and the same. JESUS himself spent a great deal of His time emphasizing this very important fact. For that matter, it doesn’t take a rocket scientist, or a brain surgeon to figure out that the *Oil* that GOD the Father was instructing the *Rider* of the *Apocalyptic Black Horse* NOT TO DAMAGE must have been the same *Oil* that JESUS OF NAZARETH was referring to. And more than that, it then becomes extremely important to explore as to what exactly this well celebrated *Oil* actually imparts on the Bride of Christ. It is like

asking what the impact of the *Oil* would be in today’s church. Going by the parable JESUS gave, one can clearly see that this *Oil* is capable of transforming a drowsy and sleepy church that one sees today across the street, into the ideal, Perfect Bride of Christ that enters into the heavenly royal wedding banquet. But, we now know that this much celebrated *Oil* is actually the Holy Spirit of GOD Almighty.

THE OIL & WISE

The only discernable distinction that we can today figure out in this dispensation, between the virgins that had the *Oil* and those that hadn’t, is *wisdom*. As a matter of fact, the virgins that hadn’t the *Oil* were referred to by JESUS as being foolish. One quickly begins to envisage the impact of this *Oil* that is highly cherished by both the Father and JESUS Himself. It appears that the *Oil* comes with *wisdom*. But then, what manner of *wisdom* would this be that GOD the Father Himself approves of? By just examining the current ongoing conflict between heavenly requirements and the happenings in our world, one is justified to submit that this *wisdom* GOD is talking about must be very different and far removed from the earthly *wisdom*. Inevitably, this then brings in the question, “What then is *wisdom* to GOD Almighty?” And who are the wise in the eyes of GOD Almighty. Put it another way, what is it about these *wise* that both GOD the Father and GOD the Son can be fond of? And why are both GOD the Father and the Son very protective of these mentioned *wise*? In exhaustively exploring these very important questions in christian walk, the church will be able to understand the message that GOD Almighty is conveying through the Rider of the *Apocalyptic Black Horse*. The bible plainly says that the *Fear of God* is the beginning of all *Wisdom*. This then definitely becomes the starting point at which it is possible to understand the instruction under which the Rider of the *Black Horse* is operating on the earth today. When GOD Almighty said to the Rider, “AND DO NOT DAMAGE THE OIL AND THE WINE” He must have then meant the spiritual *Oil* who is the Holy Spirit. In other words, He meant that when the Rider of the Black Horse would come and release his devastating impact on the earth, he was also given the authority to protect the believers that have received the Holy Spirit of the LORD. But, the immediate question then becomes, “Who are these believers that have received the Holy Spirit? What features or countenance do they present?” I believe that this juncture becomes the most important moment at which the church can now take an audit in

her spiritual life to find out exactly whether she exhibits the qualities of those who received the Holy Spirit. In 1 Corinthians 15 verses 50 through to 56 the LORD again talks about the Wedding of the Lamb of GOD though this time, He does lay more emphasis to the fact that only those who have stopped living in the flesh and blood will *rapture*. Well, the absence of the flesh and blood can only mean the presence into the spiritual. This is the main instruction that came through, when GOD released the Rider of the Black Horse. It is as though on that mighty August 19th 2008 vision, GOD was saying to the Rider of the *Apocalyptic Black Horse* that in all the devastation he was authorized to bring on the earth, he should spare those who walk in the Holy Spirit. These are the christians who have crucified their flesh by carrying their Cross and following JESUS. Yet we know even as the scripture says in the book of Romans chapter 8 verse 9 that . . . You, however, are controlled not by the sinful nature but by the Spirit, if the Spirit of GOD lives in you. And if anyone does not have the Spirit of Christ he does not belong to Christ. This explains very clearly why the *Oil* is extremely important in defining the true and perfect bride of Christ because the LORD clearly elaborates on the fact that those who have received the Holy Spirit no longer dwell and operate in the sinful nature anymore, but in the Spirit. Furthermore, by denying those who lack the Spirit of Christ as not being His, GOD Almighty is essentially saying that the Holy Spirit is the one and only vehicle that continually reveals the person of Christ to the believers, in a gradual process that perpetually transforms them to be like Christ. I even like it more, when he says that if Christ is in you, your body is dead because of sin while your Spirit is alive because of *righteousness*. It could never get better than to realize that actually all this conversation that was ongoing between the LORD JESUS and the church regarding the jar of *Oil* and between the Father and the Rider of the *Black Horse*, regarding the *Oil*, was actually the conversation on *righteousness*. Incidentally, this righteousness is what causes the great felicitation, jubilation and celebration in heaven, when the church gets ready for the banquet (Revelation 19:6-9). What becomes even much more important to note on this *righteousness*, is the fact that the LORD actually refers to it as the *fine, linen bright and clean* that the church needs to wear for the wedding of the Lamb. As though that were not enough, GOD Almighty even says that; “*...for without holiness no one will see the LORD*” (Hebrews 12:14). In definite terms then this means that the impact of the *Oil* in the life of the church, is the *transformation into righteousness* of the LORD which actually corresponds

to the *death of mortal bodies*. The *Oil* brings *wisdom* of the LORD into the church by instilling a life of the *fear of the LORD* among the believers that they may be more Christ-like even as the dispensation of the *rapture* draws nigh. And yet, only the Person of the Holy Spirit has been granted the mandate to increasingly reveal the person of Christ to the church, until she becomes more *Christ-like* and less *world-like*. It is perceivable then that the text inside the *Scroll* of GOD in heaven must have been inscribed for the righteousness of the LORD revealed to man. And since this *righteousness* is the *yardstick* to the wedding, then the *Scroll* of GOD in heaven must be the *blueprint for the salvation of mankind*. It is the *blueprint* that designed the architectural framework of how mankind would be redeemed. However, this process of redemption is not complete until the church has finally gained entry into the Kingdom of GOD in heaven. That in itself brings an important revelation regarding this mighty *Scroll* of GOD in that, it acts as a *spiritual guide map* that when well-followed would navigate the church along the path to the Kingdom of GOD. This offers a complete new meaning to birthpains that are manifesting right now across the earth, as a result of the *breaking of the Seals* and the release of the THREE APOCALYPTIC HORSEMEN. The renewed understanding is that whoever operates today in the Anointing of the Holy Spirit, would not be horrified by the current *global economic crisis* and *famine*, but would actually use them as *spiritual landmarks* to prepare very much aware that the Coming of the MESSIAH has drawn nigh.

WHAT TYPE OF OIL THEN?

Greater insight into the *Oil* that GOD Almighty commanded the Rider of the *Apocalyptic Black Horse* to *not damage*, is necessary for further unravelling the mystery surrounding the Bride of Christ. The events that GOD Almighty decreed in the bible appear to have a cyclical trend that can often help chart out what the next step would be and hence how mankind can prepare for it. To understand this spiritual phenomenon, there is no other place to turn to except in the Word of GOD Almighty. For example, the LORD said of the endtime, that it would be like in the days of Noah. That means that the level of evil would escalate beyond measure thereby making people’s hearts more petrous to the Word of GOD and the righteous decrees of the LORD. And all that was intended for purposes of caution that today’s church may be well warned in advance regarding the dispensation of evil. The mere mention on the

majority of the populace choosing to drink, eat and give in to marriages helps to dramatize the excessive over self-indulgence that consumed man’s preoccupation. But we know that JESUS himself, upon receiving the much-celebrated *Oil* mentioned above, He was led into the wilderness to *pray* and *fast*. This is a classical case of the symbolism that is meant to typify the protest that Christ-like believers should stage against the world. If the Bride of Christ is to be Christ-like, then for sure she ought to walk in His footsteps and do the same against the world. Another cycle that is worth mentioning regarding the *Oil*, is the first rain that outpoured in the upper room at Pentecost. It is amazing that the same LORD of the Harvest, upon releasing the first rain, went ahead to promise the Latter Rain in an event that completes the cycle. It is from here that the believers can then receive the revelation on what type of *Oil* GOD the Father was referring to as duly instructed the Rider of the *apocalyptic Black Horse*. Strictly basing on the quality of the outpour at Pentecost, the church can be able to envisage and postulate the character that GOD demands of the Bride of Christ in these last days. Consider this that at Pentecost, the Holy Spirit outpour caused a phenomenon empowerment of the church to the extent that she bursted out to go win the non-believers Jews and Gentiles alike. And this, the first church did regardless of the dangers of persecution even to the point of death, hidden therein. The testimony of the JESUS OF NAZARETH that died on the Cross and Resurrected, then became the mainstay and foundation of the Gospel they preached. This made it possible for the *Living Bread* to be available to them on a daily basis. In fact, they went into a habituation with the Word to the extent that without the Word they would never have survived. It is this *living bread* that the first church fed on, on a daily basis that actually enabled her to grow from a state of infancy, characterized with fear and hiding in the upper room, to a tremendous stature that allowed her to walk in *righteousness*. Righteousness caused the rebuke to sin to emerge prominently in their daily sermons, while it equally caused a sacred intimacy to develop between the believer and the LORD. Well, going by just a few of these spiritual traits that the first rain brought into the church, one can right away comprehend the spiritual personality that *Oil* is supposed to impart on today’s church. The quality that the Holy Spirit is meant to bring into the life of the now believer, must hence include a deliberate choice of righteousness, holiness, rejection of sin, rebuke to sin, ability to courageously and boldly evangelize the JESUS OF NAZARETH regardless of the dangers today, praying and fasting, etc. But just when you thought

that you had gotten it all, then comes the most important realization that the standard GOD has set for today’s christian is even much higher than that of the first Pentecost church. It is for this reason that the eloquence of the LORD doesn’t cease to be well pronounced when He says, *the Latter Glory of this house will be far greater than the former*. He did not just stop there but also allowed JESUS to paint a little picture of the things to come when the Latter Glory would befall the church. This the LORD JESUS did when He emphatically said, *Greater things than I shall you do because I go to the Father*. In essence, GOD is granting the church a greater level of the Holy Spirit in this dispensation because there is a lot at stake. So, in discussing the type of *Oil* that the *Rider of the Apocalyptic Black Horse* was instructed to watchout for, it is important to be cognizant of the fact that it is a much greater level of *Oil*. Such copious quantities of the Holy Spirit outpour were intended for purposes of purifying the church that is the Bride of Christ. Joel’s acknowledgement that this dispensation would see a greater number of people dreaming and seeing visions, was a direct notation on the higher quantities of the Oil that would have to be released from heaven. Notwithstanding, the level of darkness and evil of this dispensation seems to have been a consideration that the LORD factored in, in increasing the *anointing* of the Holy Spirit at this time. It is 11:59pm and there is pitch darkness all over the earth. This demands for large quantities of clear *Oil* made out of pressed Olives.

THE OIL & THE FIRE

The Coming of the LORD in the *rapture* can be closely associated with the events that surround the Jewish New Year, commonly known as *Rosh Hashanah*, because it is the only occasion on which the *shofar* is blasted. The sounding of the *shofar*, is as a matter of fact synonymous with the *trumpet blast* that will sound in the sky on the day of *rapture*. Moreover, a closer look at the *Rosh Hashanah* service prior to the blasting of the *shofar*, reveals that it is mainly a *repentance* service. The Jewish New Year occurs in the seventh month of *Tishri*, and is then closely followed by *Yom Kipur*. The *Yom Kipur* draws is similarity to the day of the LORD. While the Jewish *Rosh Hashanah* is often referred to as the *Feast of Trumpets*, the *Yom Kipur* is designated as *day of atonement*. This Hebrew *day of Atonement* was typically the foreshadowing work of Christ our High Priest since He alone entered the Most Holy Place in order to redeem the church by the sacrifice of His Blood. Far from a mere observation of the events around *Rosh*

Hashanah, there is an invaluable lesson that the church of Christ ought to catch (Leviticus 23:23-25). It is the command that the LORD gave Israel regarding *Rosh Hashanah* that ought to play a central role to the Bride of Christ. The LORD mentions a *lasting ordinance* with the House Of Jacob in which He commands her on how to prepare for the *Rosh Hashanah; Feast of the Trumpets*. Of course, it is most obvious that the blasting of the *shofar* adorns this day with an unmatched elegance as the ancient people of GOD, Israel, usher in the *new dispensation*. The *shofar* blast is what demarcated between what had then been an old day, and what was now a new day. But in preparing for this *new spiritual dispensation*, Israel was commanded to have a sacred assembly and to *do no regular work* except presenting an offering made unto the LORD by FIRE. It is this required *fire* that relates very closely to the Oil that GOD Almighty instructed the Rider of the *Apocalyptic Black Horse* NOT TO DAMAGE. To best understand this, one has to turn nowhere else except to the book of Matthew 3 verses 11 and 12, in which it was said that, He who was Coming would be greater and would baptize the church with both the Holy Spirit and *Fire*. There is a significant close semblance between this baptism and the *Oil* that GOD instructs the Rider of the *Black Horse* not to touch. This is principally because the baptism of the Holy Spirit brings with it the *Fire* that burns away the defiling sin in the church. But we know that the sin in the church is her mortal fleshly body that is prone to death and decay. This means that the baptism of the Holy Spirit fundamentally kills the sinful desires of the flesh thereby converting the believers into sons of GOD. Death to the flesh can only mean life in the Spirit through the *righteousness* of the LORD. It is this *righteousness* of the LORD that admits the church into sonship with GOD Almighty. No wonder, after being baptised in the Jordan River, when JESUS walked out of the water, heaven opened and the Holy Spirit baptized Him, causing GOD to say; “*This is my Son whom I love, with Him I am well pleased*.” That is the kind of sonship that the *Oil* brings to the church. And because those that operate in that *anointing* of the Holy Spirit are now Sons of GOD, it is evidently seen that Jehovah instructs the Rider of the *Black Horse* to not touch them. Since the Bride of Christ is this way, operating in the *Oil*, then GOD Almighty is seen to show such a great disposition of love and protection over them during this period of the beginning of birthpains. Then the saying that is written comes true that; *for if you live according to the sinful nature you will die; but if by the Spirit you put to death the misdeeds of the body, you will live because those who are led by the Spirit are sons of God*. No wonder

He tells the Rider of the Apocalyptic *Black Horse* to protect them that operate in the *Oil*, for they are sons of GOD Himself. When the bible says that the believer did not receive a Spirit that makes her a slave again to fear but a *Spirit of sonship*, it literally implies that they have nothing to worry about since their names are now found in the *book*. And by Him these believers that carry their *Oil* should hence cry out, “*Abba Father*” since now the Spirit himself testifies that they are GOD’s children. These are the few who have not soiled their clothes hence will walk with the Lamb dressed in white (righteousness) for they have overcome and he will never blot out their names from the *book of life*. What is even more intriguing is that Daniel the Prophet of the LORD had seen *divine protection* coming in the way of the children of GOD during this current historic distress. Even most importantly is that Daniel goes ahead to say that those people who are the LORD’s, with their names found written in the book will be delivered. This is an observation that Daniel made in a vision that subsequently presented him with what the *rapture* would look like.

TENDING THE OIL LAMP CONTINUALLY

To best understand the nature of the GOD of Israel whom the church serves, it becomes beneficial to examine the manner in which He has built the new heaven and the new earth. It is common knowledge to all believers now that the new Jerusalem, is the *home of the righteous*, a city that does not need sunlight. Neither will it need moonlight because the magnificent Glory of GOD will give it light and the Lamb is its Lamp. This can only help to tell us that the GOD we serve, is a GOD of *light* and He hates darkness. Vividly more elaborate is the fact that to this end, GOD Himself commanded man to never entertain any form of darkness in the *House of Worship*. In the book of Leviticus chapter 24 verses 1 through 9, GOD Almighty commanded the Israelites to bring clear *Oil* made out of pressed Olives for the lighting of the lamp inside the interior of the holy House of the LORD. It is fascinating that the LORD repeats to Israel over and over again about the need for Aaron to *tend the Lamp* before the LORD from evening till morning and *continually*. And He stresses the need to observe this as a *Lasting Ordinance*. The importance of this ordinance from the LORD is emphasized in the fact that He repeats the same instruction in the book of Exodus chapter 27 verses 20 through 21.

The lesson that the church ought to take home on this, is that there comes a dispensation when darkness sets in within the House of the LORD, in which case requiring the lighting of the *Lamp*. It is suffice to say that the lighting of the *Lamp* alone does not guarantee the presence of light in the House of the LORD, across the entire episode of darkness. Except that it is the *continual tending of the Lamp* that gives assurance that in the presence of the LORD there will be *light* even as darkness sets it. What cannot escape one’s attention though, is that the *Lamp* is supposed to be *tended* until morning, but strictly and only with clear *Oil* made out of pressed Olives. We know that Olive *Oil* is the symbolism of the anointing of the Holy Spirit in the church. However, there is a great difference between Clear *Oil* made out of pressed Olives and the ordinary oil made out of crushed Olives. It is the process of preparing the Clear *Oil* made out of pressed Olives that really matter in this case. Clear *Oil* is made from raw unripened virgin Olives making it even much harder to extract the oil, while the golden coloured ordinary olive oil often comes from the

crushing of ripened olives. Just as there are differences in the processing, so are there contrasts in the quality of the light that the two types of oils emit. While ordinary golden tinged olive oil would normally give a glow with a little outer boundary of soot and smoke, the Clear Olive *Oil* emits very clear and bright light that is void of any soot or smoke. The LORD is using this to emphasize to the church that the evening dispensation of spiritual darkness has now set in and is here with us, and it demands that the believers in the church *tend the Lamp* of GOD *continually* till morning. It must be remembered here that JESUS said, “*I am the light of the world*” even as He told the church that, “*You are the light of the world*”. On every occasion when a person receives the salvation of our LORD JESUS, their spiritual lamps are lit at that very moment. However, in order to *tend that lamp* of GOD that is lit in their hearts, they will often require the in-dwelling of the Holy Spirit as the fuelling force to sustain the lamp.

As a caution though, when JESUS gave the parable of the Wedding of the Lamb in the book of Matthew chapter 25, he seems to have highlighted the presence of two types of *Oil*. One kind of *Oil* was that which the wise virgins received genuinely from the Holy Spirit upon being born-again (jar of oil); while the other type of *Oil* was actually just bought from the vendors of these world. It will again go down in record that the biblical cycle of the LORD will come to the fullness of time when the sons of GOD, who are the children of light will once again *tend the lamp* of GOD *continually*

in this hour of day, while refilling their lamps with clear *Oil* made out of pressed Olives. Today, it is a common occurrence for the believers to shop around for Olive *Oil* in the name of acquiring the anointing. Yet, in the parable that JESUS gave, it appears as though when one sees them running to buy oil from the vendors, then that also becomes the time to quickly prepare because the Bridegroom is Coming. There is no better word to define this hour than *apostasy* of the day. Now, it even becomes clearer as to why GOD the Father instructed the Rider of the Apocalyptic *Black Horse* that wherever the Rider sights the *Oil* he should not do damage. On the flip side of this, it becomes a command that the Rider of the *Black Horse* should actually protect all those that will be found *tending the lamp* of GOD *continually*, and strictly using clear *Oil*. It must also be remembered here that the *tending of the Lamp* by such a wise church is supposed to go on till the midnight hour when the morning will have precisely set in. No wonder the bible says of this hour, that the night is nearly over and the morning is here,”

“**And do this, understanding the present time. The hour has come for you to wake up from your slumber, because our salvation is nearer now than when we first believed. The night is nearly over; the day is almost here. So let us put aside the deeds of darkness and put on the armor of light. Let us behave decently, as in the daytime, not in orgies and drunkenness, not in sexual immorality and debauchery, not in dissension and jealousy. Rather, clothe yourselves with the LORD JESUS Christ, and do not think about how to gratify the desires of the sinful nature.** (Romans 13:11-14)

The church ought to emit the light of Christ by *worship*. *Worship* is a way of life not simply what we do for GOD in church. It is also who we are for GOD in the world. Our behaviour can inspire others to praise and thank the LORD or repulse them away from the LORD. Correct *worship* by the believers will always attract the perishing in the world back to the LORD. *In the same way, let your light shine before men that they may see your good deeds and praise your Father in heaven* (Matthew 5:16). In order to *worship* GOD in their daily lives, *worship* must then become the believers’ way of life as they allow GOD to transform their minds. In this way, their allegiance is transformed from the world to GOD. Furthermore, as the believers *worship* GOD, they ought to serve others with their gifts. In that way, GOD Almighty will be honoured by the full exercise of their gifts for it displays His glory as their Creator. And this Glory is the Lamp of GOD that dwells within the christians. By so doing, then the believers can rejoice in those gifts and use them

to accomplish God’s purposes. Also, when *worship* becomes the believers’ way of life, they can then reflect God’s love and grace to those around them. That is the second greatest commandment; that we should love others as ourselves. These are not simple humanitarian gestures, but are an act of *worship*, the act that pleases and honours God. By so doing, then the church will have illuminated and *tended the lamp* of God *continually* in this dark world.

Preserving the New Wine

From the vast stretches of eternity to the confines of time, so did the Son of God enter into this world. JESUS is the Creator of this world, but then He immersed Himself in His creation through the baptism in the Jordan River. God then became man and willingly sacrificed himself so that all who would receive Him could have forgiveness and redemption. The Holy Spirit has used several images to illustrate who JESUS is and how He gives us eternal life. JESUS is the *unblemished Lamb* of God who is sacrificed for us; He is also the *Bread* who satisfies our spiritual hunger. Our LORD JESUS is the *Living Water* who completely quenches our spiritual thirst; and yet He is the *Light* of the world who guides us. Moreover, He also is the *Shepherd* who leads us to greener pastures and the *Vine* who gives us life. Furthermore, Precious JESUS is our *Counselor* who comforts and teaches us. All these images are presented to us by the Holy Spirit in order to demonstrate that JESUS can give us all that we need for a new and abundant life. Also through the miracles He performed, JESUS showed us how His power can transform our lives. The gospel that was handed down to us is filled with examples of the Power of God in those needing a *New Life*. With God’s help therefore, we can drink the *New Wine* of a changed life and

accept responsibility for our lives by walking away from sin that has paralysed the church this long; and recovering from sicknesses; hence be healed from blindness to the truth thereby escaping from bondage to sin. The Power of God also offers protection from condemnation by emphasizing holy living hence raising us to a *New Life* full of power from the dead and empty existence that typifies the church today. The church today needs a *New Wine* full of effervescence.

APOCALYPTIC HORSEMAN & THE NEW WINE

When the LORD spoke with me about the release from heaven of the *apocalyptic Black Horse* on that August 19th 2008, it marked a very important spiritual junction for the church. The bible says that for the *Black Horse* to be released from heaven, the Lamb that is seated at the right hand side of God must break the *Third Seal* on the *Scroll*. The previous chapter highlights the revelation surrounding the Voice of the LORD when He instructed this apocalyptic horseman to *not damage the Oil* even as He brings the *global economic crisis* and *famine* to pass. However, in the same tone, God Almighty commanded this apocalyptic horsemen who mounted the *Black Horse, not to damage the wine* too. What then is the message to the church concerning the *wine*? To answer this question it becomes of paramount importance to examine the context under which the LORD often referred to the *wine*. In several occasions, when Jehovah spoke about *wine*, he often referred to the strength of the *anointing* of the Holy Spirit. For example, he told Isaiah the Prophet to instruct Israel to come and take some *wine* and milk that their souls may delight in the richest of fare. In this way, the wine represented the strength of the *anointing* of the Holy Spirit while the milk spoke about the holiness of the LORD about the *anointing*. For that matter, when the LORD instructed the apocalyptic horseman on the *Black Horse not damage the oil and the wine*, he essentially referred to the preservation of those believers who had received the Holy Spirit. By doing so, such believers were certainly operating under the influence of the strong anointing of the LORD. Notwithstanding, in the natural there are two different types of *wine* namely, *strong wine* and *weak wine*. More often than not, the *New Wine* tends to be stronger than the *old wine* owing to its freshness and newly invigorated power. So it is in the spiritual realm, where the old wine represents the *former anointing* while the *New Wine* stands for the *latter anointing*. The LORD then must have been instructing the *apocalyptic horseman on the Black Horse* regarding the *New Wine*. This is primarily because of the dispensation that the church has entered in.

THE WINE AT CANA OF GALILEE

To further understand the message the LORD is conveying to the church

in this vision, it is significant to examine the miracle that JESUS performed at the wedding in Cana of Galilee. Though little is known on how weddings were performed in the first century Palestine, it is a common consensus that the feast was very important and may have gone on for even a week. Excellent hospitality at the weddings, went a long way in enhancing the host’s standing in society. Such a family would then be highly regarded. But a failure in appropriate hospitality was a very serious offence to the community. It is the reason why when JESUS was invited to the wedding at Cana, it became a very symbolic event today. Cana is located West of the sea of Galilee, where Nathaniel came from. And while at this wedding, the wine got finished causing a serious *social embarrassment* to the family since it was the responsibility of the hosts to provide the wine. What is most interesting though, is the response that JESUS gave when he was approached by His mother to do something about the shortage of wine that was now looming large. He answered, “*My time has not yet come.*” This, the LORD JESUS was implying his complete focus towards the destiny for which He had come, to be a *Sacrificial Lamb* on the Cross. It must be remembered that at the crucifixion and resurrection of JESUS, is when the fullness of His time had come. Well, the LORD went ahead to convert water into a *New Wine* that tasted far much better than the initial *wine* in which the people had over-indulged.

To the church, it is more about the comments that the master of ceremony at the banquet made. He said that, most weddings presented the best wine in the beginning and then when all had over-indulged then they had the privilege of slipping-in the inferior wine. We must bear in mind here though that the best wine is often also the most expensive, while the inferior is always cheaper. Then, what would it be about the *New Wine* JESUS made that would make it far much better than the previous. It is an open secret that when JESUS performed this first miracle of his ministry, He in its entirety was referring to the spiritual Wedding of the Lamb. We must take into account that the first wine that was drank in the wedding came out of the process involving the *fermentation of yeast*. Unlike this first wine, the *Latter Wine* that JESUS brought is one that came direct from heaven and without the *fermentation of yeast*. It is this heavenly wine that God in heaven was referring to while instructing the *Rider of the apocalyptic Black Horse*. But keep in mind that just as it was at Cana, so it is in the spiritual realm. This is because God in heaven promised that the *latter anointing* of the Holy Spirit into the church would be far much stronger than the first outpour at Pentecost. One is compelled to not forget the

primary stages at Cana when the wine ran out and it brought in a great *social embarrassment* because of the obligation the hosts had to wine the guests. Looking at the church today, one cannot help but recognize that the first *anointing* from the Pentecost has run out and there is a great *social embarrassment* in the house. This kind of embarrassment comes about by the fact that the church was expected by obligation to have sufficient wine that could last her into the latter dispensation. But now look, she has invited guests who have just received the LORD in the church and yet the wine has run out. When Joel saw the season in which the church lives today, the LORD also opened his eyes to the extent that he saw the latter outpour visit her. It is that promised latter outpour that presents the *beacon of hope* to the church if she will hearken to the Voice of the LORD. Right now, the church is living in the era of *Open-Heavens* in which those who will return to the basic gospel of *repentance and holiness* will be heavily *anointed*. Only the *anointing* of the Holy Spirit prepares the church for *rapture* by making them sons of God. It is for that reason

therefore, becomes a very important prerequisite to the believer today because the LORD himself vowed that there is no way ever, that he would ever pour *New Wine* into an old wineskin. The *New Wineskin* is the vessel of the Holy Spirit that *repentance* creates in the believer. Haggai the Prophet was also able to see that the *latter anointing* of the House of the LORD would be far greater than the former. While Ezekiel the Prophet of God Almighty also saw the increasing levels of *anointing* that would animate in the church from the First-Century to the latter church. It caused Ezekiel to describe it like a river that begins at the ankle level, and transcends onto the knee level, being able reach the waist level, and finally becoming a river that no man can swim. That river is symbolic of the life-giving Spirit of the LORD that is expected to flow from the Throne of God into the church; awakening her from slumber; resurrecting her; renewing her; restoring and reviving her. Most importantly though, is that the latter oil and wine that God Almighty instructs the *apocalyptic horseman* to preserve, brings into the church

the *Wisdom* of God.

THE FEAR OF GOD

Given that the *Fear of the LORD* is the beginning of all *wisdom*, then it can only be obvious that God is instructing the believer to walk in the *Fear of the LORD*. No wonder, JESUS himself hinted that only the wise virgins would enter into the Wedding banquet. That is the wise church that lives in the *Fear of the LORD*. During the current horrendous *global economic crisis* and *famine*, even God the Father accords the wise church divine protection as she awaits entry into *eternal safety of rapture*. This is what Daniel the Prophet had seen written in the *Scroll* that was then sealed. Daniel had seen a level of distress that had never been felt from the beginning of creation of the nations, and that this distress would befall the earth at this time. But he also saw those whose names were found written in the Book, being delivered. It is a *divine protection* that transcends from the beginning of birthpains into the Kingdom of God. The *Scroll* of God in heaven, is

a heavenly text document that spells the true meaning of redemption. As a result of this, one begins to quickly understand the gravity of the text of that *Scroll* in heaven. In the spiritual sense, the *Scroll* essentially specifies the Judgment of God against sin; the Authority of God against sin; and the Power of God against sin. This is because the *elect* whose

names are found written in the Book, are those operating in the *New Oil* and *Wine* of this latter dispensation of outpour. It is these elect that do realize the spiritual milestone emerging from the current beginning of birthpains. The on-going global economic crisis, today’s horrendous floods, historic earthquakes of our time and this ravaging famine that is now sweeping across the globe, are the distress of the day that Jesus talked about. However, all this suffering has only one objective; to purify worship in man. The purification of worship in this season comes about by the sharp distinction that emerges between what is perishable and eternal. It is then that only the elect are able to recognize their eternal priorities and choose against the perishables. It is as though God were removing the hearts of men from the things of the world through the purification by famine, by the crash in the financial markets, destruction of treasured homes and buildings by earthquakes, the loss of mortgaged homes, and the loss of health insurance cover, etc. The current financial melt-down that has gripped both the richest and poorest nations of the earth becomes the greatest fulfilment of prophecy

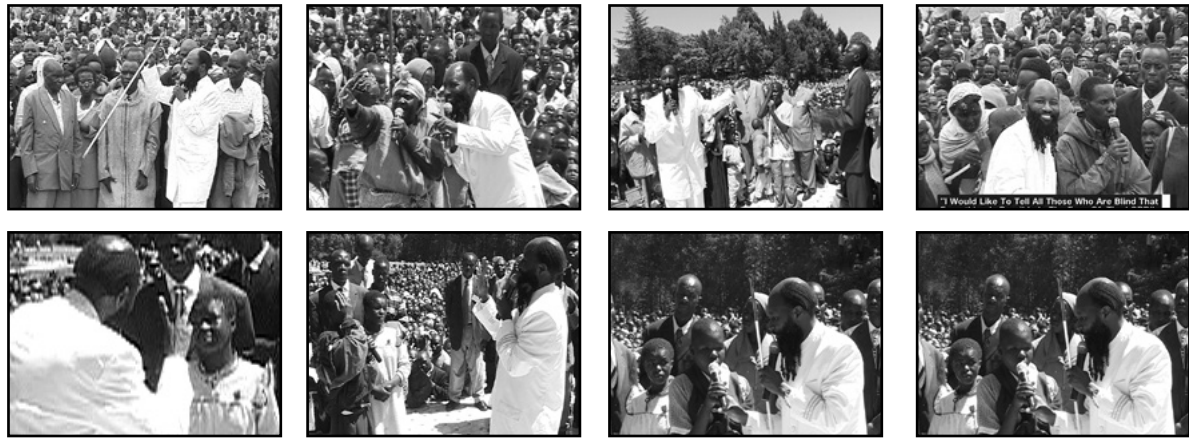

that the Lord has ever sent me to proclaim. In August 2007, when I proclaimed from Jakarta, Indonesia, that the Lord had spoken to me about an on-going global famine in which I had seen both rich educated and poor illiterate eating from one basket. It also became the greatest fulfilment of the August 19, 2008 prophecy on the release of the Black Horse from heaven. The church is slowly and quietly being lured from its siege by sin into gradually centralizing and fully depending on the Holy Spirit. Under this circumstances, the church may wish for an immediate, miraculous, and speedy deliverance from the present melt-down, but it doesn’t usually happen that way. God will often use the quiet resources of adversity and the steady support, encouragement and the quiet leading of the Holy Spirit to strengthen the church into spiritual growth until maturity. The unconsidered consequences of the church’s chronic dependence on the things of the world and prideful actions, will now come to a painful fruition in the present financial meltdown. We must always consider that God desires humility from us and that He, and not the world, is our true source of livelihood. It doesn’t surprise at all to read in the international press and watch on international networks, that many people in the developed world are now turning to the church to seek remission from the on-going global economic meltdown. The revival that has been experienced in the church under the gospel of prosperity has been largely halfhearted. And unlike that moderate and incomplete restoration achieved by many christians, the Lord is now saying that there could be no middle ground. All aspects of the long-standing idol worship must now be destroyed through the on-going fire of the purification of the Holy Spirit in the church. The Holy Spirit this time around will go to great lengths to reinstitute proper worship of the True God. And that can only mean that, as the christians begin to seek spiritual renewal, they must also strive to completely purge sinful practices off their lives. Some of the most important principles that today’s christians could well do with, may involve inbuilding in their hearts the ability to grieve, forgive and let go the hurt that the world may have afflicted on them. That brings tremendous remission of pain as they get healing by releasing the past. Some christians hold pain and fail to forgive for a long time without realizing that it is detrimental to their own spiritual growth. Jesus himself forgave us of all the abuse that He was treated to. Wise counsel can also help today’s believers to seek growth while preserving all their spiritual gains. However, having the courage to confront the truth will most definitely create room for reformation as they seek to even accept themselves as children of God wanting of the Blood of Jesus. Today’s christian

must tear down old idols that have lingered in their past lives as part of their spiritual transformation to light. What most christians seem to easily forget is that living in the fear of the Lord will constantly present a challenge for them to wait patiently on the Lord no matter how far they will have progressed in their spiritual growth. In a holy christian walk, there will always be room for increase and growth. And in order to continue preserving our spiritual gains we must constantly bear in mind to practice the first basics of repentance which will ultimately ensure renewal even in our born-again lives. The other most important key that the believer must continue to uphold, is that of seeking God on a basis through the reading of the Word. The Word is the daily bread on which christians must grow. Now, the reason that today’s christians will often show signs of no spiritual growth, is because they seem to quickly forget that surrendering to the Lord is a daily way of life. The practice of these biblical principles of holy christian living is what will advance growth and development in the body of Christ as we look forward to maturity right before rapture. Prophet Isaiah said, “Those who wait on the Lord will find new strength. They will fly on wings like eagles; They will run and not grow weary. They will walk and not faint.” (Isaiah 40:31). While Jeremiah the Prophet added by saying, “The Lord is wonderfully good to those who wait on him and seek him. So it is good to wait quietly for salvation from the Lord (Lamentation 3:25-26). That means that the Lord will always faithfully reward those who wait on Him. And the believers are greatly encouraged in these last evil days, to not only wait on the Lord, but to also do so calmly as the Holy Spirit patiently purifies them. When believers begin to sharpen their christian walk by living in the fear of the Lord, it amounts to adopting a new lifestyle. Because of the required adjustments though, some being brutal, there will always be winds of adversity. Hence, as devout believers develop a patient faith in God, they will eventually endure the race to the end and win.

SUPREMACY OF THE HOLY SPIRIT

Charged with such a humongous responsibility of bringing a *global economic crisis* and *famine* into effect, the Rider of the *Black Horse* has practically elevated the beginning of *birthpains* to a new high. Today, the most developed nations can confess to the fact that, this *global economic crisis, unemployment* and *famine* is one of its own kind since the nations of the earth were created. It is particularly most amazing to realize that both the rich and the poor nations have been

THE BLIND EYES INSTANTLY OPENED

equally and severely devastated. The LORD has in actual fact stepped up the *acceleration* of the fulfilment of endtime prophecy as the church winds up towards the *rapture*. In this way, the Rider of the *Black Horse* has reduced the power of man’s *safety valve* systems in life. In many nations, people have relied on their own efforts to achieve comfortable, satisfied and peaceful lives. Such human safety mechanisms have in the past included liquid credit lines, national food reserves, blossoming financial markets, stable employment and health insurance systems, peace and prosperity, among others. Yet, it is these very elements of life that the Rider of the *Black Horse* has crushed below the zero level. It is an occurrence that retuned people’s lives in all the six continents of the earth, as they have just woken up to the realization that all their securities have been reduced to fatality. Man has now been forced to seek for solutions elsewhere other than employment and credit that are not forthcoming any more. God Almighty has used this manifestation of the effects of the Rider of the *Black Horse* to rear the nations of the earth back to seeking the LORD. One would arguably say that the effect of the current *global economic crisis* is worse than that of the Iraq war, Afghani war, Somali war, Mexican drug war, DRC war, South African

Xenophobia, Sri Lanka war, Kenya post-election war, Madagascar war, all combined. The effects of the Black Horse has hence played a cumulative role of consecrating the effects of all those wars together with the *global economic crisis*. Many people are now forced to turn to God in order to seek counsel on what their next move will be. That can only imply that the first, second, and third *apocalyptic horsemen* have cumulative effect; to centralize and prioritize the role of the Holy Spirit in the lives of all the peoples in all the nations. Even secular media has begun reporting on how large numbers of people are now flocking to the churches to seek redress on their

personal predicament. In all these quagmire, there is a deep seated spiritual message, that the LORD is only after the *heart*. The current fire that has been unleashed on families through the soaring *global economic meltdown, unemployment* and *famine* is essentially meant to test the purity of the silver and gold resident in man’s heart. And when it is all said and done, it will be the LORD’s to test the *heart*. For a long time now, man has lived almost independent of the Holy Spirit because everything in life has been largely smooth and flowing. But now, only those who seek the LORD through the Holy Spirit, will be able to sustain themselves and live a life of dignity. The same situation applies to the church of Christ because many believers now find themselves caught up between scrambling for the things of the world and worshipping the LORD. Having reduced to rubble, the extensive affluence of life in the world, God Almighty has essentially redirected the christians to their one and only source, the Holy Spirit. With this kind of *global economic meltdown* raging-on in such a way that both the poor and the rich are eating from the same basket, one even looses interest in the pursuit of wealth. That is exactly the desired effect that the LORD has been awaiting, that He may finally

disconnect the heart of the church from the things of the world. This is because the craving for things of the world had embedded itself deep into the hearts of christian believers to the point that it had developed itself into a form of idol worship. It is no wonder that no Pastor could appear on any platform without preaching the gospel of prosperity of wealth and health. This is what the LORD has used the Rider of the Black Horse to obliterate from the church of Christ.

And as a result he has now centralized and well defined the supremacy of the Holy Spirit.

TIMELINE TO RAPTURE

The release of the *Black Horse* becomes the last call to the church of Christ to prepare for rapture. In order to best understand what exact position within the prophetic timeline that the Black Horse defines, we must examine what happens when the next seal is broken and the next horse released. In the book of Revelation chapter 6 verse 7, the fourth *Seal* is broken and the Pale Horse whose name is death, is released. Hades follows him close by and they are given extreme power to kill one fourth of the earth. After them the fifth *Seal* is broken and the gory picture of multitudes of beheaded souls cry out from under the altar for avenge. Those two *Seals* greatly talk about the most dreadful tribulation and great tribulation. But, we know too well that the tribulation does not come until the church and the Holy Spirit have been taken up in the *rapture*. That means right now as the third *Seal* has been broken and the third Horse released, the church of Christ is seating at the most critical threshold to *rapture*, in her entire history. She cannot wait for the next *Seal* to be broken by the Lamb of God because that will only mean that the *rapture* has occurred and the church taken up. The dispensation of the greatest *economic crisis* is tribulation. Thus the current *global economic crisis* is just but a prelude of the horrendous economic crisis of the tribulation where the antichrist will dictate the rules of commerce. And those who refuse to devil worship in the ‘*abomination of the desolation*’, will essentially be beheaded. But those who will have the mark of the beast will trade comfortably. The tribulation hence becomes the greatest season of deception and counterfeit because just like Christ JESUS placed the banner of His name on our foreheads, so will the antichrist put the mark of the beast on their foreheads. Those who have the mark may trade! Those who have ears today may hear! Time is out!

THE VISION OF THE WRITTEN NOTE FROM THE LORD GOD ALMIGHTY

MAY 11TH 2009 VISION

By Dr. OWUOR

At about 2:50am on May 11th 2009, while I was still in Paris, France, I saw a mighty vision of the Lord. In that vision, I found myself walking along a road that was well lit with brilliant light from above. Suddenly, a voice spoke aloud from above saying, "Look and see what has fallen at your feet." I remember that in that vision, instead of looking to see what had fallen at my feet, I looked up towards the sky from where the Voice of the Lord came. It was then that I saw a small piece of paper that had been dropped from heaven and as it came down, it floated on the air just like a kite

would float under the influence of the little winds within the atmosphere. All of a sudden then, the note fell on my right hand foot. Upon looking at my feet and seeing the note that had dropped there, and while still in that vision, I picked the note. It was then, that I looked at the note within the vision of the Lord. But, when read the note, I realized it was written three times in a descending order. The note I received was hand-written using an ink pen. When I looked at the first writing, that was above the two below, it read:

I am Coming.

While still in that mighty vision of the Lord, when I looking at the

second sentence that was right below the first, it also:

I am Coming.

And finally, when I read the last sentence, it still read:

I am Coming.

And hence, this is what the note read:

**I am Coming.
I am Coming.
I am Coming.**

It was then, that I woke up from that vision, and realized that the Lord had once again spoken about the Coming of the Messiah. What is most astonishing about this message, is

that it is in the last book of the bible; which is the book of Revelation, and in its last chapter, which is chapter 22, that Jesus mentions three times,

I am Coming.

The message from the Lord, on that May 11th 2009, is absolutely clear to all people, that the Messiah's Coming has now drawn very, very near. The Lord has sent me a hand-written note from heaven, alerting me that the Messiah is Coming. At first it was difficult on how I can share such an intimate secret publicly. But, it is upon the realization how this messages are not meant for me but for the church that she may not be caught unaware, then I was compelled to release this

special message to the church of Christ. Thus saith the Lord of Hosts,

**"I am Coming,
I am Coming,
I am Coming."**

As the Lord mentions, "I am Coming" in the book of Revelation, he doesn't forget to say that blessed are those who keep the words of prophecy in this book, until the end. That implies that the Lord at this time requires that the christians keep the words in the hearts. "I AM COMING, I AM COMING, I AM COMING" SAYS THE LORD. Let those who have ears listen to what the Spirit is saying, Amen.
