Kenya Rejects REPENTANCE

And The Wrath Of God Pours...

By PETER MBAE

The fruitful vineyard of the Lord in the land of Kenya has become a *desolate waste*, the reason for which he sent them a prophet. Corruption and the preaching of prosperity has taken so deep a hold on the nation as to demand attention from the Lord Almighty. In October 2004, the Lord sent Dr. Owuor to Kenya with a very unusual message of *Repent or else be judged*. It is teaching that greatly deviated from the gospel menu that was routinely being presented at the table, for local consumption. Hence, the demand for confession of sin seemed to be a new and startling entry that immediately attracted a lot of resentment from the church leadership. As Dr. Owuor began to preach the turning away from all sin, and the return to righteousness, REPENTANCE seemed to be continually growing in popularity among the common people. However, many of the church leaders did not go to hear Dr. Owuor's appeals and denunciations

Live on Citizen TV on July 27, 2007, Dr. Owuor hosted by Swaleh Mdoe, on *Ana kwa Ana*, demonstrated the wrath of God that was coming to overflow over the land of Kenya. Dr. Owuor said on this program, that the Lord had commanded repentance from the King to the smallest person. It was way in advance, 5 months in advance of this judgment of the Lord. Kenya was well warned!

people came to where Dr. Owuor was preaching REPENTANCE and the return to holiness for the wedding of the Lamb. Because of increased spiritual hunger in Kenya, the popularity for this kind of message

"Comfort ye, comfort ye my people saith your God. Speak ye comfortably to Jerusalem, and cry unto her that her appointed time is accomplished, that her iniquity is pardoned. . . The voice of him that crieth in the wilderness, prepare ye the way of the Lord, make straight a highway for our God. Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight, and the rough places plain, and the glory of the Lord shall be revealed and all flesh shall see it (Isaiah 40:1-5).

This has definitely been a bitter pill to swallow because essentially what Dr. Owuor was speaking to the church in Kenya is that, she should return to holiness. Dr. Owuor emphasized on the teachings of the Spirit of the Lord as the ultimate authority delegated with the preparation of the bride of Christ. In this way, the message the Lord had sent to the land was pointing at the Spirit of the Lord as the only dominion with marvellous awakening power that can touch the soul and abase human pride. In his message, Dr. Owuor emphasized to the nation of Kenya that worldly pleasures and positions are worthless imaginations, and every high thing that exalts itself against the fear of the Lord should be cast down. This is the true meaning of every mountain and hill shall be brought down to prepare the way for King Jesus.

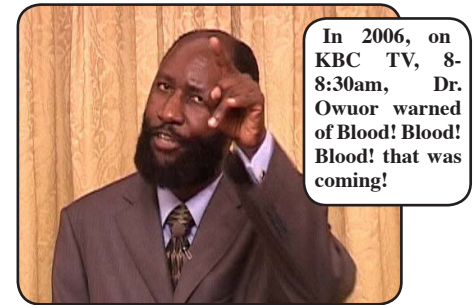

Because of the austerity of this gospel, most of the mainstream churches in Kenya rejected the message of REPENTANCE, without knowing that this would later turn out to be the curse that has now hit the land. If Kenya had received the message of REPENTANCE, surely peace would have been accomplished for her. The nation of Kenya rejected REPENTANCE because she had been inclined to the belief that God's love is eternal and nothing like judgment could ever touch her. Moreover, when heaven

bore testimony to Dr. Owuor's message of REPENTANCE in the Holy Spirit rain that came down at Kakamega, and the cloud of His glory that descended at Kapkatet, Kenya perceived it not because their hearts were already hardened and their understanding darkened.

Mass Media Reject Repentance

The danger of insurrection in the nation of Kenya, caused every popular REPENTANCE gathering led by Dr. Owuor, to be looked upon

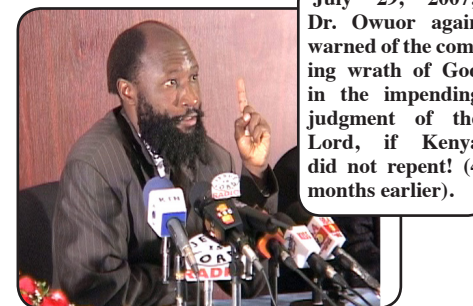

essentially preaching against the Lord himself, HE who had sent Dr. Owuor to ask her to return to Him. This rejection of the message and the messenger of repentance, would soon stir up the anger of the Lord

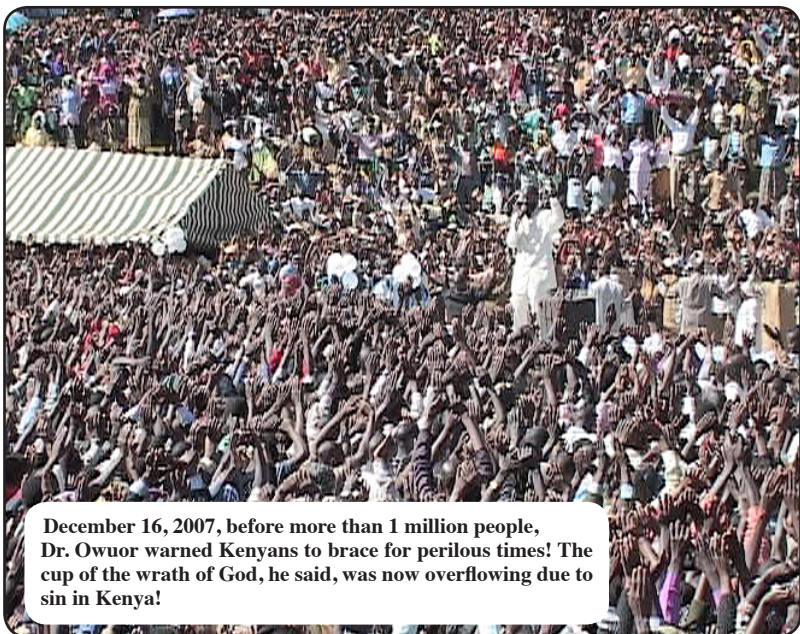

In 2006, on KBC TV, 8-8:30am, Dr. Owuor warned of Blood! Blood! Blood! that was coming!

February 22, 2007, Press Conference: Dr. Owuor warning of the coming wrath of God in failure to repent!

July 29, 2007, Dr. Owuor again warned of the coming wrath of God in the impending judgment of the Lord, if Kenya did not repent! (4 months earlier).

December 16, 2007, before more than 1 million people, Dr. Owuor warned Kenyans to brace for perilous times! The cup of the wrath of God, he said, was now overflowing due to sin in Kenya!

because they feared that lest they should be led to disclose the secrets of their own lives. As REPENTANCE began to take root, Dr. Owuor appeared to preach the direct announcement of the coming of the Messiah. On hearing this, a lot of

went up such that at one point, gatherings started attracting more than one million people. Such was the popular enthusiasm that the church leadership would be soon forced to either sanction or reject Dr. Owuor's work. It was long since the church in Kenya had had such reformation as was now on progress. Already the power of the church leadership over the people was waning. A section of the church leadership decided to join REPENTANCE despite fears of rejection from their peers. Another group of church leadership opted to theologically challenge the doctrine of REPENTANCE. But, this became complex because when they approached Dr. Owuor and asked him which doctrine he was preaching, the scripture he referred them to, is the beautiful prophecy of Isaiah:

On July 29, 2007 Press Conference: Dr. Owuor warned of the coming wrath of God 4 months earlier!

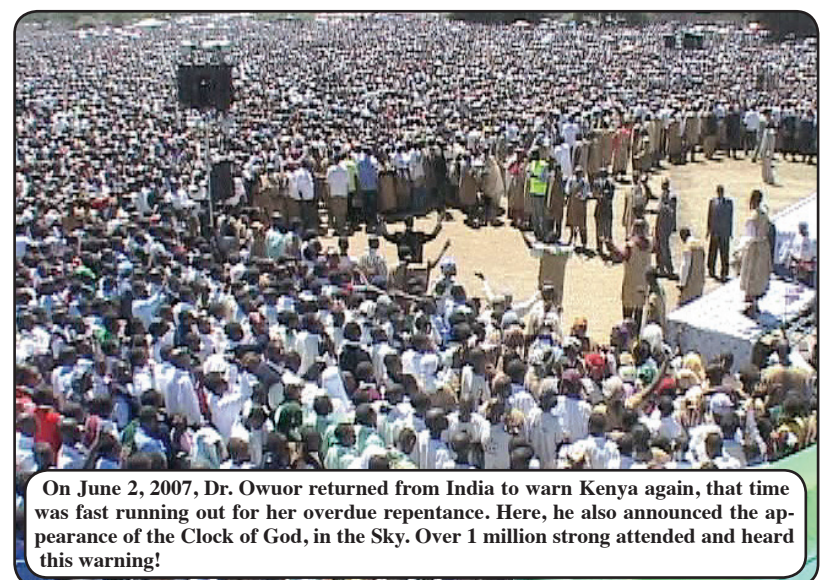

The Cup of God's wrath that was coming to overflow. This warning was issued on Citizen TV on July 27, 2007. Repent Kenya or Else...!

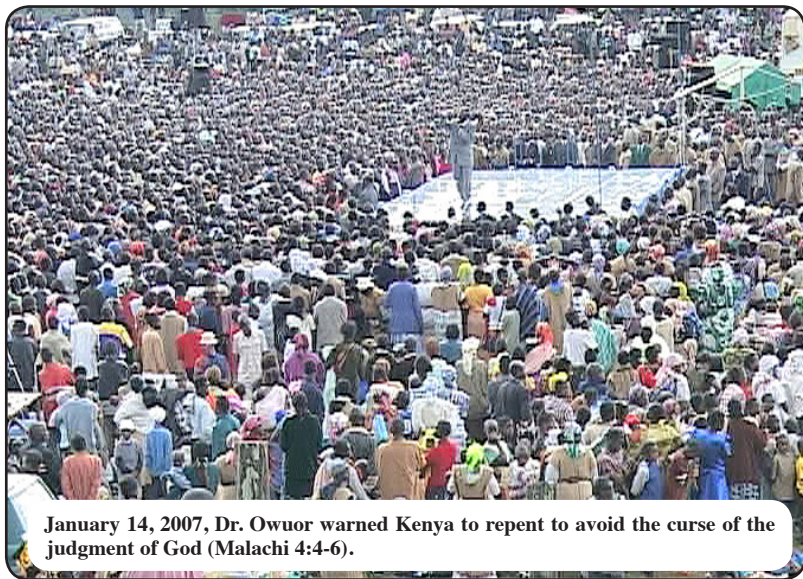

with a lot of suspicion by the church leadership. Whatever pointed towards what they considered "spiritual uprising" of the people (sheep), excited the fears of the church leadership, and heightened resentment. This led to a cascade of church, television, and radio preachings against Dr. Owuor in the land of Kenya that has for a long time been known as the paradise of peace, within an ocean of turbulence. But as a matter of fact, the nation of Kenya did not know that they were

leading to his wrath over the land.

In a staged television programme in this land of Kenya, some church leaders accounted that, as a prophet, Dr. Owuor was required to submit under their jurisdiction. This is a very sorry state of affair that must have driven the anger of the Lord to another level, especially given that never has he ever allowed any of his prophets to submit to man. At the same time, other church leaders were heard on radio as saying that the REPENTANCE Dr. Owuor brought

On June 2, 2007, Dr. Owuor returned from India to warn Kenya again, that time was fast running out for her overdue repentance. Here, he also announced the appearance of the Clock of God, in the Sky. Over 1 million strong attended and heard this warning!

was just like a passing cloud and they requested their church members not to worry about it. This means that a section of the nation of Kenya was almost impatiently waiting to hear that REPENTANCE had come and finally gone like a cloud. Thus, they had hardened their hearts. The memory of these events, are at this time revived because of the curse of judgment that has befallen the land. If Kenya had perceived the manifest presence of Christ, in REPENTANCE assemblies that were conducted across the nation, then peace and joy would have animated their hearts, and they would have been encouraged, blessed, and the Saviour would have been revealed in the land. Mayhem would never have had a chance in this country. Right now, her countenance has changed to mayhem. Every feature of Kenya's countenance has surely been transformed into desolation.

Among those who attended the REPENTANCE crusades, some pursued a second agenda apart from REPENTANCE. Of one purpose only were they conscious, one presence filled their thoughts, they craved for prosperity gains other than holiness. Many thus closed the door to the most precious opportunity that Kenya ever had, the opportunity to return to the Lord, the protector of Israel. Others still came to REPENTANCE meetings as critics, to judge the messenger and the message, but little did they know that this essentially meant judging the Lord Almighty.

The nation of Kenya failed to realize that it is contrition and humility that enables the soul to receive wisdom from God. In this REPENTANCE, the Lord was looking for a nation that would be earnest, ardent, with a deep affection for him, and yet contemplative of his coming (watchful). He did not get this here in Kenya.

Responding to those who opposed REPENTANCE in the nation of Kenya during the three years, Dr. Owuor once told the critics that the *saving* and *sanctifying* truth, can never be shut-up from a nation that is ailing like Kenya. In the midst of the heaviest resistance to the message of REPENTANCE that the Lord had sent him with, Dr. Owuor even once said that,

"Men may combat and defy the logic of the message, they may resist my appeals to this nation, but that a life of disinterest in REPENTANCE leads to judgement, is an argument they cannot gainsay."

Kenya Opts For False Prophets

AND FACES DIRE CONSEQUENCES

The fruitful vineyard of the Lord in the land of Kenya has unfortunately in the recent past, gradually deteriorated into a very desolate spiritual waste. It is as though the church in the land has ceased to be the *light* of the world that was her original and true destiny. The priesthood in this land includes the following; pastors, reverends, elders, evangelists, teachers,

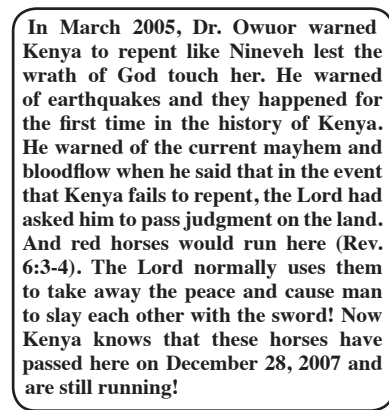

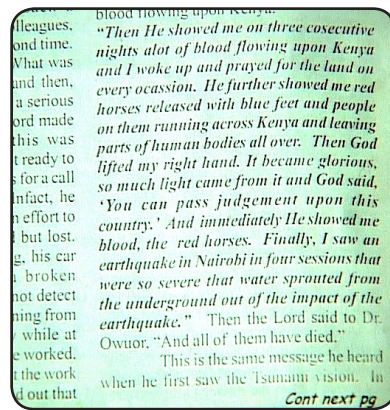

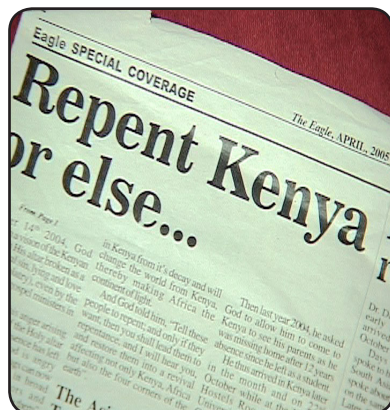

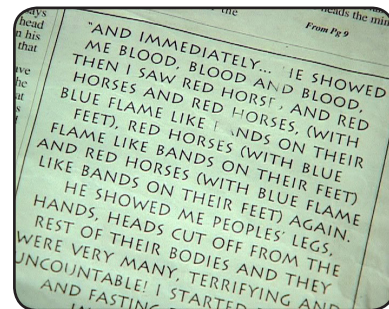

overseers, deacons, and bishops, among others who bear office in church. Such a rich spectrum of priesthood can do great exploits for the kingdom of God, when well aligned to the vision of the Lord in the land. Unfortunately, for the case of Kenya, there is a problem in this matter. In fact the current state of post-election violence and mayhem, is a blunt testimony of dysfunction at the altar of the Lord. In this land, it has come to pass that the priesthood has thoroughly been reduced to mere rudimentary levels. This degeneration has gone to such an extent that the priesthood can now openly consent to living for the service of self. When such a scenario peeps in the land, it out-rightly spells doom and a curse, because it is a clear indicator of the gross darkness finding its way into the nation. This is a matter of utmost grave concern especially, that the church is living in the end days at which the rapture can happen at any time. The condition of this kind, occurring in the house of the Lord, lays a heavy burden for restoration and therefore demands immediate redress. Often an error of this nature, can easily plunge a nation into mayhem as the judgement of the Lord reproves the land. Apparently, there is a complete bible in the hands of the pastors, but in most cases, it has been reduced to an instrument for earning an earthly living. Evidence shows that there is a quick shifting of pastoral population towards the fall. And this is mainly owing to the potent catalytic activity of the false gospel of prosperity. This gospel

unfortunately has its own peddlers who champion it day in, day out, these peddlers are the false prophets who are preaching in the outer court where the voice of the Lord is not, because of excess compromises with the world. Examining the false gospel of prosperity even as it is being preached in the outer court, reveals that it is mainly a horizontal preaching that simulates the ancient baalism because it promises quick prosperity without holiness. This is the catastrophe that has befallen the house of the Lord in Kenya causing her to desperately need urgent help.

There is no problem with preaching prosperity because the Lord himself declares that it is the longing of his heart to prosper the church. In fact, the bible is full of scripture ascertaining God's will towards the prosperity of the church. However, this kind of prosperity that God talks about, is prosperity within the realms of the fear of the Lord and holiness. Nevertheless, there is a real danger here because some preachers have taken this message of prosperity into their own hands and heads and championed the love for earthly wealth, without really leading the church to the Lord. This is a matter of serious concern as it has tarnished the Holy name of our Lord Jesus, not only within the christian community, but even more seriously among the heathen. And for one to be engaged in the false prosperity preachings, one has to engage the practice of falsehood and deception, which are actually the sin of the antichrist. So how is it possible that some pastors would

start off on the right footing and then detour into falsehood? The question is, where is the fear of the Lord? This is the situation that aroused the Lord's anger thus causing the cup of his wrath to pour on Kenya.

Puzzling as it may be, it is important to realize that the church of Christ in Kenya is herself to blame because she has basically entertained false prophets in the land. When Dr. Owuor brought the message of repentance and the return to holiness in this land of Kenya, one of the main items he sighted as being potentially deadly to the church is the practice of false prophecy. And unfortunately, it appears like the rejection of Dr. Owuor and the message of restoration in the church, coincided with the sudden ablation of false prophets in the land. This is an act that drove the Lord extremely angry because he had pity on his people and dwelling. It reminds one of the biblical times in Israel when the Lord sent his prophet Jeremiah to caution her of the impending judgment if she did not reform. It was absolutely incredible to see a mirror of defiled Israel replaying right in the eyes of the gospel audience in Kenya. And yet it doesn't take rocket science to extrapolate and accurately predict the consequences of opting for false prophets, while rejecting repentance and the return to the Lord. At one point, the church in Kenya went out to shop for other prophets who would come and give her "The message of Hope" or the "good news" or "A tolerant message". Isn't this the exact pictorial of when

October 8, 2005, Dr. Owuor stunned the nation from Gusii stadium in Kisii when he said that he saw a lot of blood flowing in Kenya if she does not repent. He said that the Lord had showed him large columns of people walking away from their homes into refugee camps. He said, "I see you going into exile and yet you are heading nowhere." He further said, "I see large columns of cars and you have wrapped your things in a *lesso* (Piece of cloth popularly wrapped around the waist). This was an apparent description of the refugee status that Kenya was to go into. Like Jeremiah, the Lord used Dr. Owuor to prophesy Kenya's exit into captivity before it happened, and during captivity! Surely, God's ways don't change! Kenya is right now held captive as a refugee in her own country and outside this land!"

the Lord sent Jeremiah to rebuke sin, and tell them judgment was at the door in failure to repent. In the book of Jeremiah 6:13-14, the Lord finally laments at Israel when he says of the false prophets that they mislead his people by preaching; “Peace, Peace, Peace, in greediness for gain, when actually there was no peace between Jehovah and Israel because of her sinful defilement.” In the bible, it comes out very clearly that the Lord ultimately unleashed his wrath and caught up with them thereby killing them inside the sanctuary, and scattering the remnant into Babylonian captivity. This became a very grieving moment for Israel because finally, she realized the nature of the Lord Jehovah, a nature that has zero tolerance to sin. To make matters worse the Lord ensured that the Babylonian slavery went on for a good seventy years just that he may fulfil the words of Jeremiah his prophet.

In the case of Kenya, it is so heartbreaking that she could not learn from this classical case of Israel. When many pastors rejected the message of Dr. Owuor as being too bitter to swallow, they even went ahead and invited “their prophets of hope” into this very land. Well, to their demise, this grave act did not escape the attention of the Lord, and as a matter of fact earned Kenya a place within the priority list of the Lord, among the nations that needed purification. The God of the bible is absolutely clear in his word, that when a land invites, receives, entertains, and enthusiastically listens to the words of the false prophets, the wrath of the Lord that visits the land is horrendous. When Kenya was playing the games of the false prophets in an attempt to

neutralize the holy message of the Lord, the message of repentance and the return to the righteousness of the Lord, she really hurt the Lord. It is at this point that she was enlisted for judgment, a judgment he showed his prophet, Dr. Owuor, way back as far as October 8, 2005. Upon speaking with the Lord on this, Dr. Owuor howled with all bitterness at the center of Gusii stadium in Kisii, saying

“Kenya, repent or else. Kenya, repent from your sin. Kenya, return to the Lord. Kenya, I have seen tremendous blood flowing over your land. Kenya, I have seen red horses running across your land. Kenya, what happened to you? Why have you disobeyed the Lord? Kenya, I see dead bodies littering your land. Kenya, I see you walking away from your home in large columns and yet you are heading nowhere. Kenya, I see you looking for your loved ones in a very bad place. Kenya, I see him coming to strip you naked in the eyes of the nations of the earth, Kenya, I see them talking about your story and it is not well.”

Surely, the Lord had spoken with his servant about the mayhem that has so much devastated this nation and put her at the brinks of oblivion. Kenya cannot blame the Lord that he never warned them. The Lord is truly a just God. And because of entertaining false prophets with their false prophecies that are sweet to the flesh, this country has had to pay a very unimaginable cost. Out of this, Kenya will never be the same again. And this time around, the land will fear Jehovah God because he even burnt down churches in a symbolic act of his rejection of the sanctuary at which the false prophets prophesied falsely across this country.

The Burning Of Churches In Kenya: Post-election Mayhem

Evidence arising from scripture concerning inferno in churches, points at a very fearful scenario. It is without a speck of a doubt that when God himself gets consumed with abhorrent disgust arising from the wrenching defilement of his dwelling by man, then he would consider closing the sanctuary. In his own words, when things get to this level, the Lord Almighty refers to this scenario of defilement as the lighting of *strange fires* at the altar. Such moments can attract a swift wrath of God, and even become deadly to partakers of worship at this kind of location. A monumental case of reference is that of Nadab and Abihu, who were killed by the Lord at the altar for the act of defilement (Leviticus 10). Another case that becomes relevant to the burning of churches in Eldoret, Mount Elgon, Nairobi, etc, is that of Eli, the priest of the Lord. At the time, defilement appeared at the sanctuary and predictably attracted the burning anger of the Lord Almighty. This led to the judgment of the Lord which consumed Eli and his sons (1 Samuel 4:1-16). In some cases, the defilement of worship can even attract the complete closure and destruction of such sanctuary. Such is the fate of churches that completely fall out of God's order.

Burning Of The Temple Of The Lord In Jerusalem:

LESSON FOR KENYA

When the Lord redeemed Israel from Egyptian slavery, there was one thing that he was longing for, deep in his soul. The Lord Almighty was longing for worship that would come from Israel unto him. It is no wonder that in a well structured dialogue between Jehovah and the pharaoh, a conversation that was meant to orchestrate the release of Israel from bondage, *worship* was featured very promptly. And the Lord, again and again, told the pharaoh, “*Let my people go that they may worship me...*” (Exodus 9). This makes worship a very central piece in the way man relates to God, and by extrapolation, making the worship sanctuary the most important location on the earth. The burning of it, as witnessed in Eldoret and Kenya, in general, therefore becomes totally incomprehensible. This is unless the Holy Spirit himself lays bare the explanation as to why church burning has occurred in the land.

When Jerusalem sanctuary celebrated high worship, the glory of the Lord was manifest in such a way that all bore testimony to *Immanuel*. However, in a gradual

In the recent spate of ongoing violence that has engulfed the nation of Kenya, one of the most remarkable highlights of the chaos has been the burning of churches. This, the nation has watched in utter disbelief, even as people have moved from one locality to the next, burning churches. The epitome of this horrendous act in the nation of Kenya was seen in Eldoret. In this particular Eldoret church, people fleeing from massacre and violence had taken refuge in a church. This church so happened to be located in a small village called Kiambaa, and the most rational and logical thing for a terrified people seeking refuge would be to run and shelter in a church. This is so, especially because in the church, there is expected to be the presence and protection of God. However, all the 35 people that sought refuge in this little village in Eldoret church, were attacked by the sword and burnt alive inside the church.

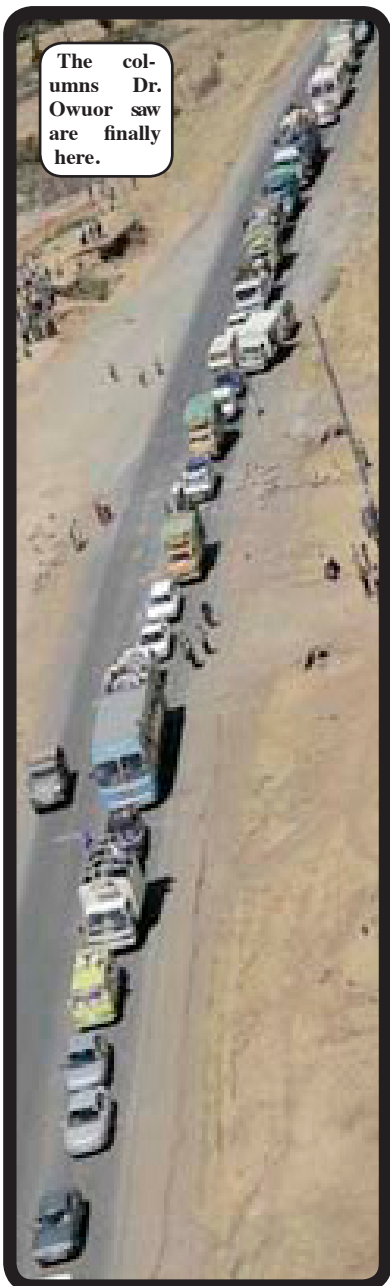

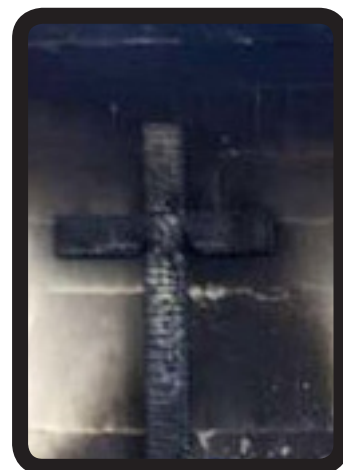

Precisely, the burning of churches in the land, would be considered the most abominable act of unimaginable magnitude under the sun. Such a significant act, occurring in a nation, often most definitely attracts severe and unquenchable wrath of God. This inevitably places church burning in a new category of its own, as a revered curse of the Lord that can ever befall a nation. It is all because the burning of a church touches directly on the very dwelling of the Lord Almighty.

Nevertheless, the act of church burning always bears an underlying symbolic significance that transcends way beyond the physical action. It

is noteworthy, that, in his mighty nature, no one can set the house of the Lord on fire unless the Lord himself permits it. For the case of Kenya then, what would be the symbolic value of the recent and still on-going rampant burning of churches? Addressing this kind of question in the midst of the strange post-election violence that has consumed Kenya, would require that one explores the biblical contents of this horrendous act.

Manifestation Of God's Wrath

There are biblical references to this shocking act of church burning that has all of a sudden emerged in Kenya. And a careful navigation through related scripture would, at this point, be of great service to the ailing nation of Kenya that is now seeking for some urgent answers in her mayhem.

Massacre In Eldoret Church

A quick glance across the land of Kenya today will almost immediately reveal a lot of dense smoke all over, and structures that have remained as empty shells littering the country. Among

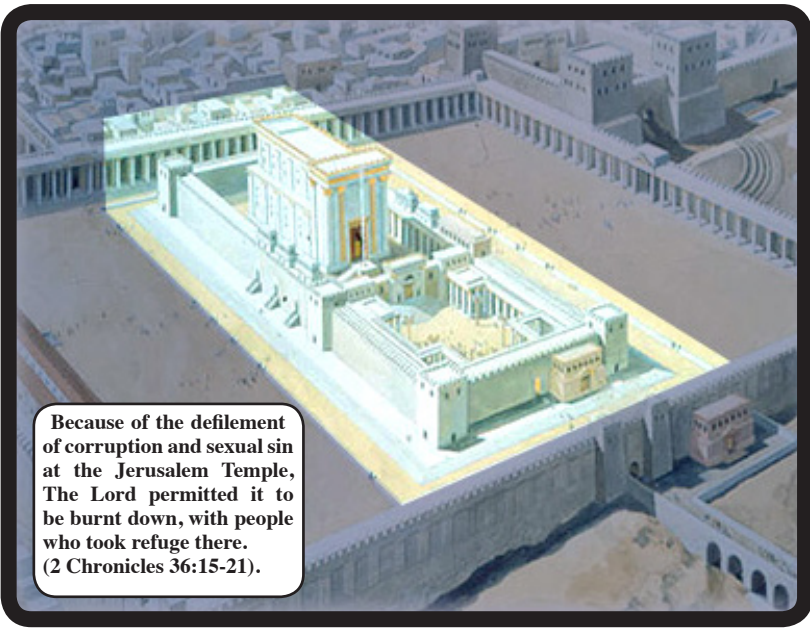

Kenya, clearly depicts the spiritual emptiness that had already taken shape in the church here.

Kenya, like Israel, had raised for the Lord a church of great significance not only to the region,

Kenya did not know, is that the God they serve is Jehovah the God of Israel, and he delights in being known as the most Jealous God. In a little prototype of the jealousy of God, one can imagine the jealousy of man. There surely, is nothing that the Lord will do without forewarning through his servants, the prophets. This nation was forewarned for more than three years, about the burning anger and wrath of God that was coming towards the church because of her defilement. The church of Christ in Kenya, did not take example from the bible, even when the Lord sent Jeremiah, the prophet, to speak destruction and fire to his house in Jerusalem. The Lord loved and greatly endeared the temple in Jerusalem to the extent that He would appear there in person, in the presence of His glory. But when sin and defilement entered into the Temple of the Lord, the Lord sent Jeremiah to warn them to repent. Jeremiah demonstrated to Israel, what would happen to them, in the event that their stubborn hearts led to failure to repent. Jeremiah walked with a yoke on his neck at the market gate and all people abused him calling him crazy. This is matter that greatly grieved the Lord and vortexed His anger, against His very own beloved Israel. But the day the wrath of God appeared, He allowed people to be killed inside the temple and burned inside there. That is the day when Israel woke up to the realization that between them and the prophet, God honoured every letter of the words of the prophet against them. When Jeremiah asked Israel whether it would be possible for the Lord to do with them like the potter does with clay, they did not know that time had run out and God was coming to crash them and mould a new vessel from the broken pieces. This is an act that would have to mess up the Lord's hands like the potter messes his hands with clay. JUDGEMENT!!! The time immediately ran out for the life and utility of the Temple in Jerusalem, the Temple at which the priests stood and abused Jeremiah.

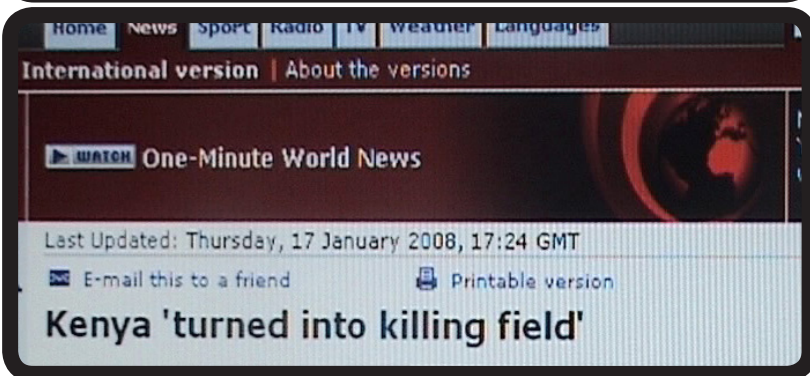

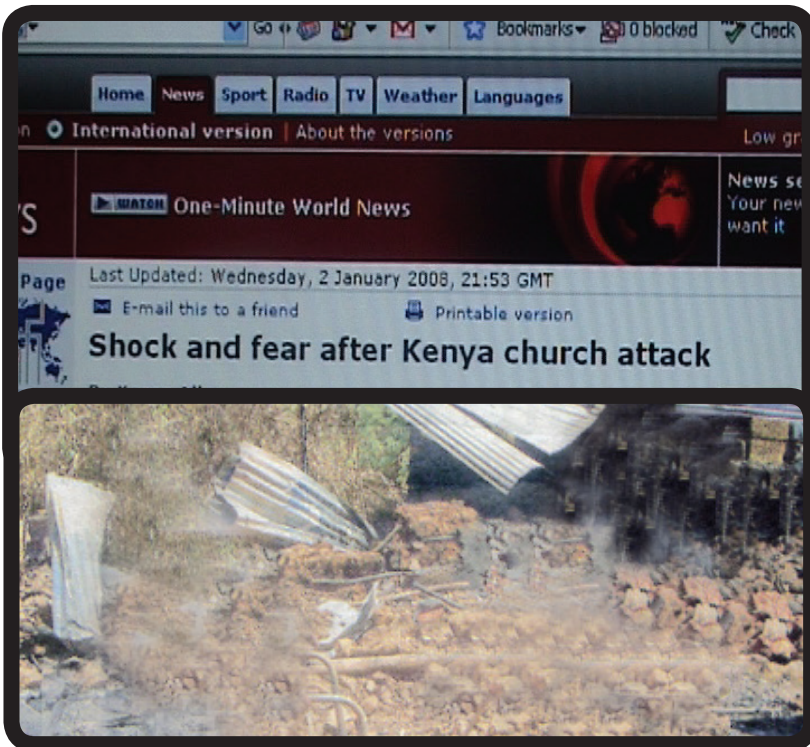

This interesting scenario slowly replayed in Kenya when the Lord sent his servant, Dr. Owuor to warn the church. Many pastors abused him, held meetings to discuss him and ate rice, nyama choma and soda, as they schemed on how to paint him with mud. They claimed he is ruining their businesses since they cannot trick the sheep anymore on the "sow a seed" trap.

During one of the meetings in Eldoret, Dr. Owuor said, that he was seeing a very dark cloud coming over Eldoret, thick darkness; at another time, when pastors in Kericho repented and recycled back to sin, Dr. Owuor said live on radio, that the fire of the Lord was coming to purify worship in Kericho. At yet another meeting, Dr. Owuor warned the pastors in Nyanza and especially Kisumu, who were trying to block repentance there, that the wrath of God would touch Kisumu in such a way that the nations of the earth would live to remember. The pastors from Nairobi and central province were no exception from this abuse of the servant of the Lord, Prophet Owuor. The sins Dr. Owuor asked the church to repent from, are obvious to all Kenyans, and his message from the Lord represented love. These sins include sexual sin, idolatry, love of money, witchcraft, false prophets, neglect of widows and orphans, etc.

decay that marked worship, the Jerusalem Temple on Mount Moriah fell out of order with God. Well, in his compassionate nature, God sent his prophets to tell the house of Jacob to restore her worship unto him. Sexual sin and corruption had infiltrated into the sanctuary and slowly became the order of the day. This is a state that extremely grieved the Lord, thereby leading him to have pity on his people and his dwelling. Because of the inflated worship, most of the warnings from the prophets fell on deaf ears and went entirely unheeded. The word spoken by the prophets, and directed to the sanctuary of the Lord, and her vain practices therein, was purely REPENTANCE. In fact, this was for the purposes of restoration that was very much needed in the land. The climax of disobedience in the house of the Lord, came when ultimately, the priesthood and people began to mock, despise and scoff at God's prophets. This abuse of the prophets and more so Jeremiah, is said to have aroused the rare and unquenchable wrath of God against Israel. In that state, the Lord brought forth the Babylonians to invade the sanctuary of the Lord in Jerusalem. It became a historic invasion that, other nations like Kenya, can now learn from. The Lord, the God of Israel permitted the Babylonians to kill the young and the old, men and women, inside the sanctuary. In human terms, it would be absolutely logical and conceivable that during such mayhem, the safest place at which to seek refuge, is the house of the Lord. But because of the way they rejected his prophets, the Lord pursued them with the Babylonian sword right into the sanctuary where they had taken refuge. Much blood was poured and the Lord allowed the Babylonians to set the sanctuary on fire thereby burning down all

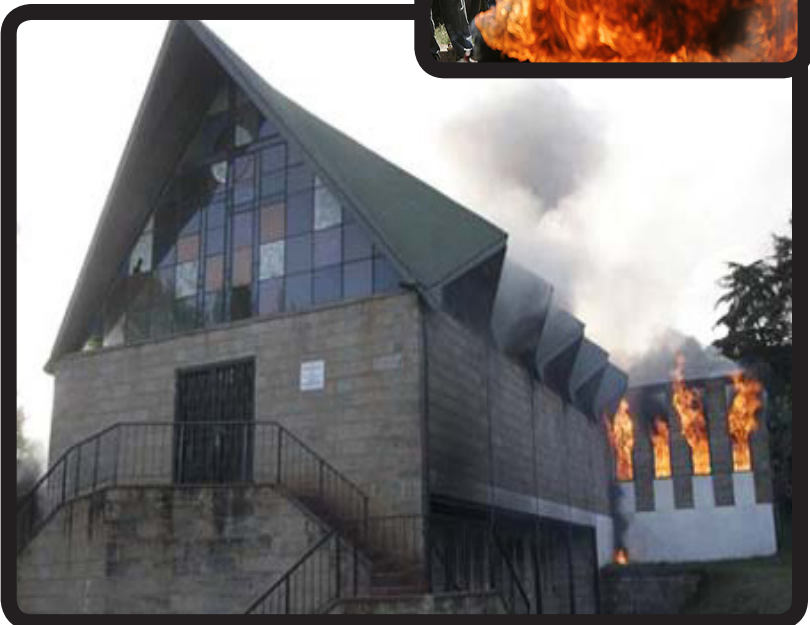

their valuables including the walls. The remnant that escaped death at the branding of the sword by the Babylonians, were all chained up and taken into captivity. It is said that the Lord did this in order to fulfil every word of Jeremiah, his prophet and friend. It became a calamity of colossal proportions and Israel is still grappling and trying to cope with this issue todate. The scriptural exposition of this climax is what became the final antidote for the abomination that had been established in the sanctuary. What Israel did not know, was that the detestable abomination in the sanctuary had already led to a spiritual desolation in the house. In which case, the Lord opted to lift away his glory from the temple in Jerusalem. This gave him a free hand to unleash the wrath of his judgment against the sanctuary. Again, the epic of this judgement was the unrelenting setting on fire and burning of the house of the Lord. It is an ugly picture that essentially marked the beginning of judgment because it practically meant that there would be no more worship in the land. The Lord then said that he took pleasure in the physical desolation of the burnt temple because it finally allowed the land to have its respectable and well deserved sabbath rest (2 Chronicles 36:15-21). Having said this, can the burnt church of Kenya see herself in this picture?

these empty shells stand the burnt churches. These were previously centres of worship unto the Lord, and their being burnt is not just a physical portrayal of the state of the nation. It is in fact, symbolic of the underlying spiritual desolation that had already entered the church in Kenya. And it was just a matter of time before it would show in the physical. While the burning of the church in Eldoret, and the consequent massacre of a large number of people that were recuperating there, may have been the lead story in global news networks, there is more to it than that. The burnt out shells of this church in Eldoret, with the shell of the wheel chair of a disabled woman, who also died in there, fundamentally represents the burning of the different churches that took place across Kenya. The spiritual symbolism of this sudden cascade of church burnings in

but to the entire four ends of the world. It can be remembered that when the Lord raised Israel, he wanted to use her as an example unto all the nations of the earth, on how they can worship him. More recently, the church in Kenya had grown in significance ever since the Lord sent Dr. Owuor to the ends of the earth, to prepare the way for the coming of the Lord. This is the message of REPENTANCE and holiness that has recently ignited a mighty Holy Ghost and holiness revival in Kenya. Interestingly, many churches across the globe having watched the DVDs of REPENTANCE revival meetings in Kenya, have very much longed to see the same happen in their land. In this way, Dr. Owuor has been hosted by the church in many countries as he took them the message of REPENTANCE and holiness.

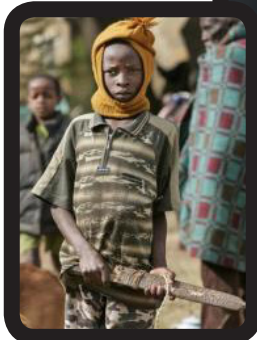

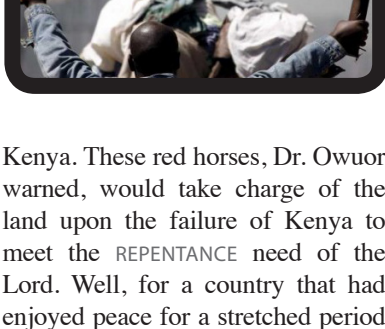

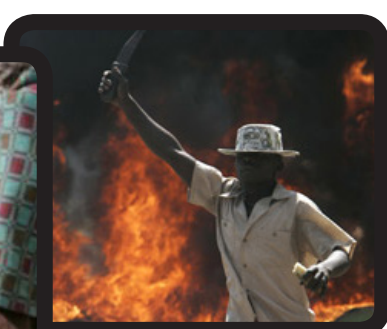

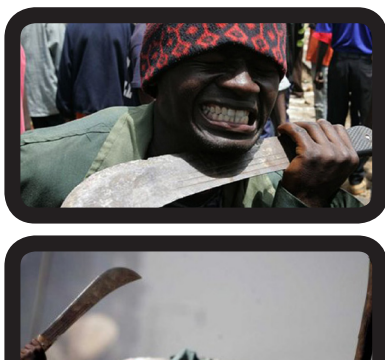

What the church leadership in

The Sword Of God Against Kenya

I see RED HORSES & BLOOD...

The post-election violence that erupted in Kenya, following the disputed presidential polls, has left much to desire in this nation. Watching this post-election violence take a deadly turn is one of those moments that can never dwindle away from one's memory. For a country that had eloquently prided herself in peace and tranquillity, the level of violence witnessed in recent months, is surely alien. And to turn around and start welding machetes at each other, in the heat of the raging fires that are indiscriminately burning down structures, Kenya seems to have put on another identity. It became mind boggling to see neighbors that had lived side by side peacefully, across Kenya from the Indian Ocean, Rift Valley to Lake Victoria, drinking from the same well, borrowing salt from one another and sharing grazing fields; all of a sudden turn around and start slashing one another. Surely this event appears to be driven by an undisclosed factor beyond the reach of Kenyans themselves. To make matters worse, what catches one's immediate attention, in this Kenyan violence, is the fact that even little babes have been spotted welding machetes. To this end one may wonder, as to why a babe who is not yet even endowed with the strength to cut, can go around welding a sharpened machete. Men have now been reported to be walking with a sharpened knife or machete as they go about their daily routines. As though this were not serious enough, international media has been treated to the broad array of weaponry that is on display in the Kenyan war theatre. These have ranked from sharpened and forked arrows, poisoned arrows, blunt spears, sharp broken bottles, and all manner of crude weapons. Of course, these weapons have not been on aesthetic exhibition but have actually been used to take away lives and caused grievous injuries on the young, mature and the aged. It is a scenario that has driven this nation to speechlessness as she grapples with the truth that is being flashed on her daily menu of news items. It is a distasteful situation that all Kenyans have now come to confess as not

October 8, 2005, Dr. Owuor stunned the nation of Kenya when he said, "I see RED HORSES running across this nation & horrendous Blood, flow across the land . . . (Rev 6:3-4).

understanding its origin, and even the possibility that it could be occurring on their very land. Seeking explanations for such weighty moments on a nation, can only bear fruit when a people inquire of the Lord.

The word of God that came to Dr. Owuor regarding the judgment coming to Kenya, warned about the massive red horses that would run across

Kenya. These red horses, Dr. Owuor warned, would take charge of the land upon the failure of Kenya to meet the REPENTANCE need of the Lord. Well, for a country that had enjoyed peace for a stretched period of time, this kind of utterance would most obviously attract ridicule and mockery from across the political, clerical, and civil society. This notwithstanding, Dr. Owuor's utterances on the red horses that he said would be released into the land, continued from meeting to meeting, and nearly became the monotone of the past three years within the Kenyan Christian circles. In the same tone, Dr. Owuor warned that in the stubbornness of her heart, he was able to see the future of Kenya. In these utterances Dr. Owuor plainly put it that he was seeing a lot of blood flowing across the country, a lot of dead bodies

littering the land, and the stench of death saturating the air that they breathed. While prophesying this to Kenya in the event that she fails to heed the call to REPENTANCE, Dr. Owuor stunned the huge gatherings at which he preached when he said that, he was seeing parts of human bodies chopped off and littering the land.

The biblical definition of the red horses can be sighted in the book of Revelation 6:3-4. In this scripture, the Lord describes the judgement that he brings into the land when he takes away his peace from the land. The Holy Spirit further elaborates that the rider of the red horse is an angel of the Lord, that passes through the land and causes men to slay each other. This leads to widescale hacking of each other to death in the land. It is a state that gives birth to a horrendous level of blood flow in the land. At the slightest provocation, men will slash men with a sword and thereby creating horror in the land. If this is what one red horse can do, then how about a few red horses running across a nation? It is this that the Lord asked Dr. Owuor to pronounce over the nation of Kenya.

When the Lord judged Israel for her detestable worship, he employed the Babylonian sword to slay her. In the case of Kenya, it has come out very clearly that the brandishing of the machetes is an orchestrated event to highlight the sword of the Lord that is butchering the nation. No wonder, the global audience has been treated to scenes in Kenya that are littered with parts of human bodies, hands, legs, heads, etc, in what has become a gruesome massacre in the land.

That the Lord warned about it through his servant, gave more than two years within which the church should reform, and finally executed it thereby fulfilling every word of his prophet, makes the Kenyan case a classical lesson to the nations of the earth. In this lesson, the Holy Spirit is teaching on the gravity of REPENTANCE in the heart of the Lord God. We can see very clearly that the demise that has befallen Kenya comes from her failure to repent. While it may sound ironical that the biggest endtime REPENTANCE revivals have actually began from Kenya, it is however, very critical for one to be enlightened on the ways of God. In this case, despite her meaningful attempts to REPENTANCE, the Lord has still gone ahead and severely judged Kenya in a manner that would be classified as brutal. The word of God that came to Dr. Owuor, in 2005, likened the demand for Kenyan REPENTANCE to that of Nineveh. This by extrapolation put a demand on Kenya to repent in the same fashion as Nineveh did if she were to avert the impending judgment of the Lord. The nation of Kenya quickly understood that the Lord was actually requiring of her, to wear the sackcloth in this modern age of the year 2008. She quickly

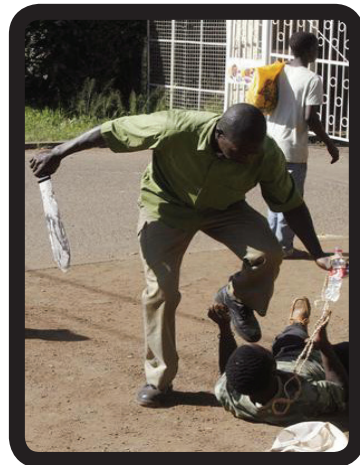

dismissed it as a tall order that was out of touch with reality, given that the church had moved on. At this rate, she also understood that ash must be on her face and hair, an aspect that made this whole event impractical and totally unrealistic to a church that was enjoying peace. Little did Kenya know, that all these demands were being levied on her squarely because the Lord was out to purify worship. This would have to happen in such a prophetic dispensation of REPENTANCE in which the church is being asked to return to the wilderness righteousness. It is a transformation that would most definitely return the church into the highway of holiness (Isaiah 35:8).

By now, it is obvious that when Dr. Owuor was howling day and night across the nation of Kenya, at the top of his voice, that he had experienced the John the Baptist visitation, not many understood it. The true revelation of these utterances across Kenya is the fact that the season had changed and time had come for church to prepare the way for the coming of the Lord. And John the Baptist visitation essentially pointed directly to the need for the church to return to the wilderness of REPENTANCE and righteousness. This is the exact message that the church in Kenya did not understand. It is a message that echoed the words of the book of Acts 17:30, which stipulate that in the past, God may have overlooked the ignorance that prevailed in the Kenyan church, where sin was more or less institutionalized. And that now, God was levying a demand

that had to be met by the church, the demand of REPENTANCE and the return to holiness. This is directly related to the coming of the wedding of the Lamb of God, popularly known as the rapture of the church. The failure to understand the context within which Dr. Owuor was issuing prophetic utterances on REPENTANCE, led to the failure of Kenya to repent and hence became a costly mistake that she is paying for right now.

It is the reason the Lord has released his sword in the land, a sword that has been largely symbolized by sharp machetes in Kenya. These machetes encompass the full spectrum of forked arrows, poisoned arrows, blunt cutting metals, among others. Surely, today Kenya can testify to the scripture in Hebrew 10:31 that says, it is a horrendous thing to fall in the hands of the living God judging you. This is the revelation in which the healing of the nation of Kenya is embodied. The sword of God surely, does not discriminate on the basis of age, tribe, race, wealth or health. What is even more worrying, is that through his servant Dr. Owuor, the Lord has also spoken a severe and massive famine and disease that is coming to the land. Surely, Kenya has been judged by the most terrible God.

It is a severe judgment that is synonymous with the fall of Jerusalem (2 Chronicles 36:15-21). The judgement of the Lord at the sanctuary in Jerusalem, was both the end and the beginning of events that were to befall the land.

The fire that engulfed the house of the Lord in Jerusalem essentially marked the end of defiled worship that had driven God to anger, while also underscored the beginning of seventy years of desolation. In lay man's terms, one can consider the fire that gutted the house of the Lord in Jerusalem, as the ignition spark that sent Israel into Babylonian captivity.

In the same token, the nation of Kenya can now see the greater spiritual significance of the fire that gutted the church in Eldoret, and has continued to consume the

house of the Lord in different localities in this land. The inferno that ravaged and devastated the church in Kenya is essentially a protest vote by the Lord against the detestable practices that had characterized worship in Kenya. In this church, the gospel has been commercialized and is now being purely transacted based on monetary terms. The syndrome of "sow your seed" to get "your miracle now" has been the rule and not the exception in the house of the Lord. It is without a doubt that the Lord would have to order the

"Babylonian fire" to gut down such a defiled house because it ceases to be his. This is the revelation of the endless fires that have rendered the church, business premises, homes, work places, among others, to remain nothing but empty shells. These shells speak of what used to be, and for the church, it speaks of the worship that used to be but is no more.

Painfully so, it is extremely bitter to realize that God's ways never change and they are located in his Word. Now, going by his ways, it then becomes possible to say that

the judgment of the Lord that has entered Kenya, has actually just began. According to the standards of the Lord, it will then have to go the entire haul in the land of Kenya. No wonder, it has been flames and flames and flames all across the nation. In Israel, this flame razed down all the valuables that were being treasured in the land and the lives of the people. In Kenya, we have seen in the recent past that people's valuables and homes and properties have been razed down leaving them in a state of utter hopelessness. It is a moment

of reality because it brings out the book of Malachi 4:4-6 very clearly in the eyes of the nations of the earth. In this way, Kenya enters the history books in the wrong way as the nation that God persistently spoke with again and again, pleading with her to repent and yet she deliberately rejected the call leading to a landmark judgment of God. Therefore, observing the fires as they rage across this land gives a much deeper spiritual connotation to the spate of violence that has characterized this land. It also speaks of the walls that have been destroyed just like was the case in Jerusalem.

The 2005 Prophecy On Chaos & Its Fulfilment

EXCERPTS 2005 From March EAGLE MAGAZINE

Zechariah 13:7-9 / and the sheep will be scattered . . .

The year 2005, saw a mighty prophetic explosion in the land of Kenya when Dr. Owuor was sent to the church. This meant that the Lord would now start talking directly to the nation of Kenya concerning his will for this land. As Dr. Owuor began to proclaim the Word of the Lord to Kenya, he did not show much departure from the prophets of the old because he spoke and they happened. Most notably, was the fact that he spoke huge tumultuous events of

for saying, "Repent Kenya or else..." However, the church did not know that the law of God is actually an intimate expression of his character. And that if they wanted to learn the nature of the Lord they worship, they needed to adhere to the law of God in the bible. To a church that was fully absorbed in the round of externals

this became a bitter pill to swallow as they said God is a God of love and not judgment. But Dr. Owuor retorted, and questioned the nation on how the Holy God of Israel could love a nation like Kenya

that is so proverbial for her sins and wickedness. It is in that context that Dr. Owuor started prophesying "Kenya, repent or else..." Among the "or else..." Dr. Owuor said, he was seeing "... a lot of people, people, people, moving away . . . , and cars, cars, cars . . . , carrying people away in the event that Kenya does not repent.

This he published in the March 2005 Eagle magazine preached all around this country and also in widely covered press conferences. Dr. Owuor also particularly pointed out that the mass exodus by pastors from pulpit to the parliament would ultimately ignite the unquenchable wrath of God upon this land. It may have taken two years for the Lord to plead with this land to return to

hands, heads cut off from the rest of their bodies and they were very many, terrifying and uncountable! I started praying and fasting for the land immediately then.

him, but it is an extremely shocking lesson to Kenya, how God came true to his Word. The pastors and bishops in Kenya had told the nation "Let us wait and see...". They truly gambled with the life of this nation and have a lot of blood on their hands because the wrath of God has poured in the land.

Truly, truly, the law of God is the true expression of his character. This, Kenya has learnt the hard way. They don't live in their homes anymore, they are found walking in refugee camps.

shocking magnitudes. The contentious issues that the Lord commanded Dr. Owuor to address in the land of Kenya, included; the defiled state of the church in the land, sexual sin, false prophets, idolatry, witchcraft, homosexuality, prostitution, tribalism even in churches, among other vices. The boldness with which Dr. Owuor articulated the Word of God, practically turned tables in the church, and pointed towards Jehovah being the uncompromising God of the law. Dr. Owuor can be remembered

The enemy leaves no means untried in his relentless effort to ensnare the church, and is unwearied in his pursuit to thwart the effectiveness of the church. If the church leadership is not well established in the holiness of the Lord, the entire land fall right into sin and the subsequent curse of the Lord. Kenya was such a case in which the church is corrupted by the devil. The low estimate with which the church is held in this land, reflected in the media portrayals and reportages, had to definitely attract the attention of the Lord Almighty. In Zechariah 13:7-9, the Lord talks about the purification of worship in the land. He says, for their sins, he would scatter them across the land. This he did in 2008 in Kenya regardless of tribe, health, wealth, status. He is God and must be feared in the land that bears the name Kenya. That land he created.

PROPHECY: Alert::

Severe Famine Coming to Kenya

By Dr. OWUOR

In the month of August 2007, the Word of the Lord came to me concerning the nation of Kenya, while I was preaching in Jakarta, Indonesia. Thus saith the Lord of Hosts,

“I AM going to shake this place and cause the nation of Kenya to incline her ear towards my Word; I will take away bread from the table of the woman in the field; neither will I leave the educated woman unworried for her evening bread; the kings and the poor will share from one basket and fail to agree, because I AM the Lord.”

Following this conversation with the Lord, I earnestly and urgently began proclaiming the coming of a very severe famine into Kenya. In this way, I have said, that I am seeing a lot of women together, both educated and the maiden servants, sharing corn from one basket. I have also intimated that in this vision I can hear them in great anguish and despair saying, “Now, how can one share this little amount of food?” The Lord said this would be a historic famine, that would humble the nation and cause her to fear the holy name of the Lord. She would in this position, then be able to incline her ears towards the voice of the Lord and repent accordingly (Isaiah 66:1-3).

Again, on January 28, 2008, while in a mighty revival meeting, attended by over 1000 pastors in Mumbai, India, I received the Word of the Lord concerning Kenya another time. In that visitation of the Lord, He presented what Kenya would look like in the near future, in the event that she still fails to repent. In this message, I have said that I am seeing a severe scarcity of food coming to consume Kenya to monumental proportions. The Lord has once more sent me to pronounce this judgment against this nation for her wickedness and detestable worship in the church.

Once more, the Lord is trying to get the attention of the nation on the state of the church. The Lord is demanding for repentance in the land of Kenya. The message of the Lord to Kenya requires that she gets learned of heavenly things and separates from the acquisition of the things of the world. The church in Kenya possesses precious and amiable traits, but they are *nerveless* and virtually *useless* when difficult national obstacles are to be surmounted, like now. The church should have realized that it takes much spirituality to bring the Lord to a secular nation, like Kenya, hence she should train in the Holy Spirit since the days are evil and time is out. The minds of her hearers are supposed to be set free, being carried away from their current earthly exile into their heavenly home (*rapture*). This is what the hearers of the worship coming from the church should experience in the land when the church is Christ centred. In this pattern, the church will show the nation the way. And its for this reason that the Lord is concerned about the defiled state of the church in Kenya, thereby obliging her to incline her ears towards his voice of repentance. The Lord Almighty in these last days has commanded repentance from sin in order to *prepare the way* for the coming of the Lord. And when this comes to pass, it shall be known that the mouth of the Lord has spoken.

Vision Of The Terrible Ants

THEY COVERED EVERY INCH OF THE LAND OF KENYA...

By Dr. OWUOR

In wee hours of the December 24, 2007, the Word of the Lord came to me concerning the nation of Kenya. In this particular conversation, the Lord gave me, a mighty revelation on what was about to take place in the nation of Kenya. In that conversation, the Lord, by voice, asserted that he had decided to bring a very severe judgement against the nation of Kenya. Immediately, his voice was followed by mighty vision in which the Lord, He released the innumerable number of ants that began flocking into Kenya

I also did stress that the love of money had persisted in the church and the nation of Kenya seems to have become numb to the voice of the Lord. Painstakingly, I did explain to the nation of Kenya, and live on radio, that ever since the Lord had sent me to rebuke the mass exodus of pastors from the altar of the Lord into the parliament of Kenya, no meaningful repentance had been brought before the Lord, the holy God of Israel. Instead, I mentioned that the loathful conduct of the pastors had continued at

sparing nobody, whether young or old, sick or healthy, poor or rich, including the animals in the land. The Lord further said, that time had come for Kenya to be purified in her worship. It is amazing that many times the Lord has used locusts, ants, bees and worms to emphasize the judgement of God that was drawing near. This conversation with the Almighty implied that the cup of the wrath of God was completely full, and overflowing, in which case bringing the judgement of God onto the land. This warning was broadcast exactly five days before the massive mayhem broke loose. And Kenyans began to butcher each other, burning churches, burning homes, blocking roads, stabbing each other with spears and arrows, evicting their own neighbors that they had lived with for decades. And this phenomenon was observed across the entire nation of Kenya from the coast province to the shores of Lake Victoria, from the northern border with Sudan to mount Kilimanjaro. Kenya on December 28, 2007 woke up to a historic day, a monumental day, a day that has since gone down in the history books as the most horrific day since the Lord created Kenya. The Lord He did all this because, despite my persistent plea

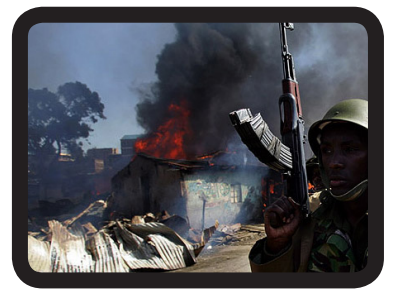

in such a manner that they covered the entire surface of this nation. The ants were moving in all directions and he made me realize that they had covered even the walls of all buildings in the land. It was a very shocking and pathetic state that Kenya had found herself in.

Upon this conversation, I called Jesus Is Lord Radio in Nakuru and went live on air, revealing to the millions of listeners that on that December 24, 2007, the God of heaven had asked me to pass judgment on the nation called Kenya. I, then, described the severity, and intensity of the judgment of the Lord that would befall Kenya. I, furthermore, emphasized to the church that the matter had been decided in heaven, and that in the manner of his presentation, the Lord of heaven was grieved at the state of sin in the country. I immediately asked the church to repent even as they awaited the coming wrath of God. In that radio interview aired live, I relayed that God was displeased with the continued sexual sin in the church, and the nation at large.

a greater scale, and unabated. This had essentially provoked the enemies of God to finally, and openly showing contempt unto the Holy name of the Lord. I have also come out very clearly on mass media, regarding the grievous sin of pastors attempting to abandon their sheep, essentially rendering them spiritually scattered, and breaching the covenant of trust that the Holy Spirit had built between the shepherd and sheep. Among other sins that I raised against the church, on that material day of December 24, 2007, and live on radio, covering the entire rift valley, western, Nyanza, Uganda and Tanzania, were the preaching of the false doctrine of prosperity; false prophets in the church; idolatry; witchcraft; the neglect of widows; and orphans in the land. Indeed, I have said, that the Lord Almighty presented a very serious case against Kenya and that the judgement would bite the four ends of Kenya

for the nation of Kenya to repent, she has continued to be stiff-necked. Kenya had essentially turned her back away from the Lord. This plea on the December 24, 2007, becomes yet another one of those multiple pleas that I have howled across this nation pleading with her to repent and avert the impending judgment of God that was at her doorsteps.

It is amazing that a nation that has brought forth the most glorious endtime revival of repentance and holiness, can in a split second face the full wrath of the judgement of the Lord. This the Lord did and astonishingly, used it to fulfil every letter of his word. Surely, the *rapture* is near and that which the Lord had

overlooked in the beginning, now he commands total repentance of all people, and more so, across the nations of the earth.

In the book of Acts 17:30, the Lord speaks about his uncompromising stance that would shock the nations of the earth when the dispensation takes a turn into the last days prior to the wedding of the Lamb (Malachi 4: 4-6).

When the church in the land falls to sin, she also inevitably falls asleep because she ceases to be sensitive to the Holy Spirit. In fact, she may even forget how the Lord, the God of Israel speaks. When Eli, the priest of God and the house of the Lord fell to sin, Eli even forgot how God speaks. And that is the reason when the Lord was speaking with Samuel, Eli could not discern that Jehovah was speaking until much later (1 Samuel 3:1-21). Likewise, when suddenly a record-historic locust attack appeared and disappeared in northern part of Kenya recently, neither the pastors nor the bishops nor the nation of Kenya understood what the Lord was saying.

If they had, they would have known that in the bible the appearance of locust in a land, spells doom, curse and judgment of the Lord. It is in the same context that the Lord had warned Kenya of the impending judgment when he spoke with me about the ants. Unfortunately, Kenya did not listen and now the ants are walking this land, for how long they will walk this country, no one knows except Jehovah himself.

THE KENYAN QUAKES

He warned & it happened!

WHAT WAS THE CONCEALED MESSAGE

By PETER MBAE

In October 2004, the church of Christ in Kenya experienced a new breed of a servant of the Lord when Dr. Owuor all of a sudden from nowhere, and totally unannounced, entered the scene with an uncommon message of repentance and the judgment of the Lord. This took the church by storms especially when he started pointing out the sins of the clergy right into the congregation. There was no way that the church in Kenya would have ignored Dr. Owuor, especially that he was preaching in the street corners, market places and bus stops. He laid an exposition at the sins of the church in the public fora, be it against the priesthood or the congregants. However, what was most intimidating about Dr. Owuor, is the fiery brand of a prophet that he presented, pointing the church directly towards repentance and holiness and preaching a message that was not palatable to this *market place*. It got worse when he started saying that the Lord Almighty had presented John the Baptist to him. This is the point at which the leadership in the Kenyan church sought to have audience with him in order to probe what exactly his mission was and who had sent him. Again, he quickly responded,

"Comfort ye, comfort ye my people saith your God. Speak ye comfortably to Jerusalem, and cry unto her that her appointed time is accomplished, that her iniquity is pardoned. . . The voice of him that crieth in the wilderness, prepare ye the way of the Lord, make straight a highway for our God. Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight, and the rough places plain, and the glory of the Lord shall be revealed and all flesh shall see it (Isaiah 40:1-5).

As though this were not enough, when the pastors and the entire church leadership was still grappling with the truth of the moment, trying to figure out whether it may be true that the Lord had sent them a messenger, suddenly, Dr. Owuor began to warn of an impending

judgment of the Lord that was coming in an earthquake. This became totally unbearable not only to the church but to the common man walking in the street especially because, in the history of her life, the city of Nairobi had never been visited by an earthquake. Well, a lot of exchange of information ensued, when Dr. Owuor chaired a press conference in which he spelt out very clearly that an earthquake was coming to the city of Nairobi if she did not repent and return to the Lord in absolute holiness. Many television and radio stations across Nairobi carried this weighty message, and specialists in the areas of geology and seismology became frequent guests to the different broadcasting houses at prime time news. The sole purpose for doing this was that the truth may be established once for all, in order that the population may live in peace, rest assured that no such phenomenon would be recorded in their land. One after the other, geologists discounted the claim made by Dr. Owuor on the grounds that no living human being could ever be able to predict with accuracy the coming of an earthquake and more so to a particular area. The seismologists contended with the fact that their machines could only be able to measure after an earthquake has occurred, a measurement that would replenish the public with the strength of the jolting, that a given area had experienced. And like the geologists, they said that there is no man under the sun that can wield such enormous ability to the extent of predicting the coming of an earthquake in a given locality. It is as though this is the confirmation that the pastors and the bishops had awaited in order to go out on a preaching tirade that was literally meant to scandalize Dr. Owuor. At their turn, pastors and bishops one after the other in their churches, on television, radio and every possible public fora declared to the nation that Dr. Owuor was somebody not worthy of listening to. They asserted that even the top seismologist in

the land, had written him off. The heart of the matter is that no such phenomenon like an earthquake had ever been experienced in Nairobi. And for somebody to walk in and cause a state of anguish, was a matter they treated with gravity especially in cautioning the public not to pay heed for it would cause them unnecessary worries when they had lots on their hands.

Dr. Owuor was even summoned at a meeting of all heads of churches in South C, a suburb of Nairobi. At this leaders conference, Dr. Owuor was challenged to present his case. What became very shocking to the leadership, was the fact that Dr. Owuor said that he had no proof to present except that the Lord had spoken to him about the need for national repentance in the nation of Kenya in order that she may return to holiness and prepare the way for the coming of the Lord. Well, as this high powered meeting proceeded, Dr. Owuor shocked the leaders when he pulled out an email he had earlier written to Pastor Nuyo Lopez, a Mexican pastor. As the attendees of this South C meeting started reading this email, they realized the email was dated November 24, 2004, and it was warning on the coming of the dreadful Asian Tsunami, and earthquake Dr. Owuor described in the email as having been revealed to him by the Lord Almighty. In the email, he said that the Lord God had spoken to him, by voice, on the coming of the historic earthquake that would change the history of the planet earth. Dr. Owuor, in his email, described especially the high speed floods that would come and kill a record number of people. This stunned the entire meeting because they realized that the horrendous Asian Tsunami that the earth had just experienced on December 26, 2004, had actually been prophesied one month earlier, by this man they had summoned to give clarity on his position and stakes. It was a chilling encounter, an encounter that saw church leaders walk out, one by one without saying a word. And in that

meeting, Dr. Owuor said,

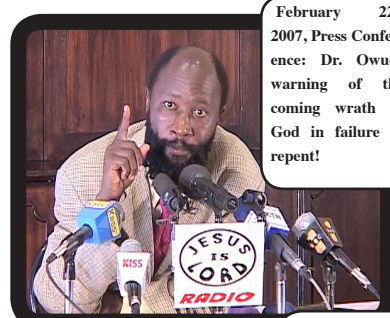

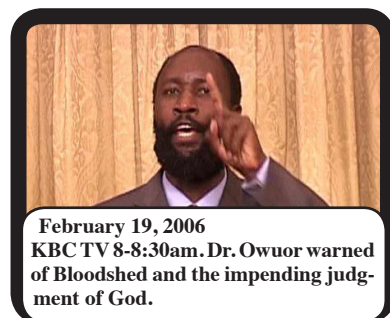

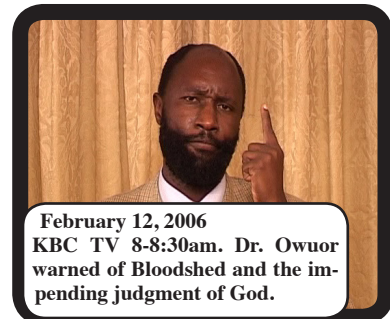

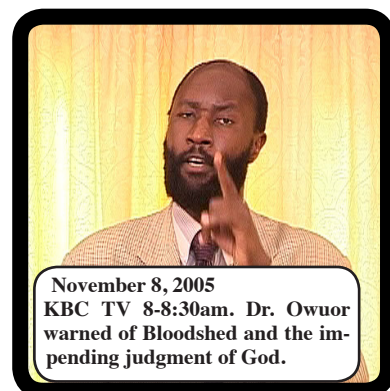

"Like I prophesied the Asian Tsunami and it came to pass for failure to repent, so will Nairobi be shaken by an earthquake, if she failed to repent." He added, "...and it shall be known, that the Lord, He is God and I am his servant and that time has changed in the church."

In conclusion, Dr. Owuor's last words as he left the meeting, were "Prepare the way, the Messiah is coming."

Following this encounter with the theologians, a brief period of relative calm took hold of the nation and especially the city and its environs. What is particularly more pathetic

Kenya Well Warned Way From 2005

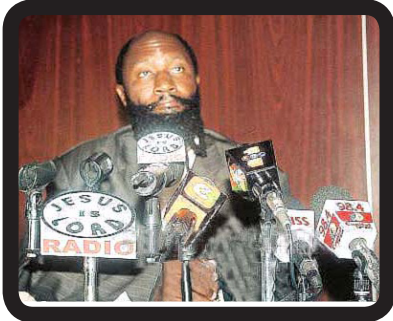

about the church of Christ in Kenya, is that there was relative peace that ushered in, following the rhetoric that had sent the city talking. This peace caused many to actually forget that such an utterance had ever been made in town. Dr. Owuor on his part continued to develop to gain in-roads as he propagated the message of repentance from sin and the preparing of the way for the coming of Christ the Messiah. It was a difficult sell, especially given

that not much had been said about the event that Dr. Owuor was calling the wedding of the Lamb of God. At times, he referred to it as the *rapture* of the church. This entire gospel audience in the church of Kenya had once in a while been accustomed to hearing about the second coming of Christ. But to tell them that there was another visitation that Jesus would come like a thief and steal a blessed few, became the biggest hurdle of their time, as they cross-referenced with their pastors find out what this new man in town was saying. However, to their dismay, the perplexity of the church did not deter Dr. Owuor from continuing to preach repentance from sin and the preparing of the way for the Messiah. To them, these were weighty words because they realized that this man was literally announcing the coming of the Lord.

As this spiritual debate went on, the Holy Spirit led Dr. Owuor to lead repentance in a little Mount Elgon town called Kapsokwony on the October 30, 2005. In the heart of the meeting, Dr. Owuor began to warn again saying that he was seeing an earthquake coming from Lake Tanganyika and saying, "Repent and turn away from sin' saith your God." This acted as a mild reminder of the initial debate that had stirred up the city of Nairobi on the issue of an earthquake. But giving the lead from the priesthood, a lead that asserted to them that there was no need to worry because their God, was a God of grace, love and peace. Most pastors had calmed down their congregations by saying that "we are living in the dispensation of grace and God would never be so cruel to start freely dishing out earthquakes at will." In fact, they said this went against the word. And once more they preached peace, peace, peace, when actually the Lord Almighty had spoken with Dr. Owuor saying that he had not peace with this nation of Kenya owing to her sins.

Then came the December 6, 2005, approximately a month or so from the Kapsokwony utterances, a massive *temblor* hit Lake Tanganyika just like the servant of the Lord had spoken, and this *temblor* hid itself under the depth of the bedrocks underneath the earth, skipping many towns along the way, and then emerged in the

central business district of Nairobi. This immediately rekindled the volatile debate on the nature of God and earthquakes. Dr. Owuor was called across the board with many people seeking to be reassured that all would be well, having escaped a near-death experience in the tall sky scrapers of Nairobi. On this day, all people in the nation of Kenya, surely said that Jehovah, He is God. Dr. Owuor proceeded to tell the nations that this earthquake was just a mere warning by the Lord, and that if the nation of Kenya did not repent, he would shake her right from the dead-core of her foundations. And Dr. Owuor continued to warn the nation of Kenya of a massive shaking that was coming if she did not repent, and that if the Lord were to shake Kenya, she would never be the same again.

It is amazing, that the nation quickly forgot about her near-death experience and anguish that reigned in the city on the day of the temblor.

Then Came The Second Quakes

After a series of mighty repentance revival meetings in Kenya, it came time for Dr. Owuor to exit the country. But prior to that exit, on the February 10, 2007, the Lord, in a mighty conversation with his servant, spoke about the coming of a massive judgment on the land of Kenya. This judgment he said, would include tremendous earthquake and other major shakings in the land that would affect food supply, civil structures like roads, and the general ambiency that Kenyans were accustomed to enjoying. However, in a major exit press conference in one of the major hotels in Nairobi, a press conference that was carried live by the Jesus Is Lord Radio across Kenya into Uganda and Tanzania, Dr. Owuor said there would be physical earthquake shake the land and they

would have a symbolic spiritual meaning. The spiritual significance of these earthquake that Dr. Owuor was announcing on February 22, 2007, he said, practically implied that the Lord was intent of thoroughly shaking the nation of Kenya because of her disobedience and wickedness. While it may be difficult to understand why a nation that had just seen an earthquake prophecy come true from the same tongue, why that nation would again bluff, scorn, scoff, mock and ridicule such a word. This was the case with Kenya. Immediately Dr. Owuor gave the prophecy on February 22, 2007, where he prophesied the coming of massive earthquakes into the nation of Kenya, many pastors and bishops laughed, mocked and ridiculed him on radio, television and in churches. It became a very sad event especially considering the gravity with which the Lord spoke to Dr. Owuor concerning the impending judgment on Kenya. This time again the nation of Kenya broke the heart of the Lord. The Lord Almighty was pleading with Kenya, again and again, through his servant, that Kenya may repent and return to him because, the advent of Christ is nigh. To be honest, this is a rare encounter between a nation and Jehovah as it greatly speaks of tender concern, love and favour, and the fact that the Lord is longing for her. But the pride and arrogance with which the pastors and bishops received this weighty and timely message that was intended

to be utmost love, leaves a lot to be desired. Again, repeatedly they mocked, scoffed, scorned, ridiculed and rejected the message. One more time, Kenya was sitting at a bad place having totally broken the heart of God. Surely, our God is a merciful God in the way he, again and again, pleaded with Kenya to return to him.

Ultimately, newspaper articles in the land of Kenya, wrote comical inferences aimed at Dr. Owuor, and they essentially propagated what would be termed pure malice at a messenger of peace. A messenger

who brought the message of peace between

Kenya and God. At this juncture it is important to mention that there is no peace that a nation receives except be it from God. And the provider of Kenya's peace having sent his messenger of peace, the one and only eternal peace that comes from reconciliation between God and man, now he the Lord was again faced with a humiliating defeat. No one paid attention, no one answered,

no one was even interested in seeking out, to find out what the Lord had required of the land. The biggest shock of all, again came from the pastors and the bishops in Kenya, and especially Nairobi, when they told the nation not to worry because they would go ahead and pray against it and nothing would touch the land. It is as though they put their own words against the word of Dr. Owuor, in what

looked a mismatched contest. They were the entire more than 80% of the priesthood in Kenya versus a one Dr. Owuor. In fact, in some television programmes, pastors were invited to debate this issue, with an inclination to scandalize Dr. Owuor once again. In one

occasion, one of the pastors in the panel of the television programmes retorted that no one had the authority to affirm

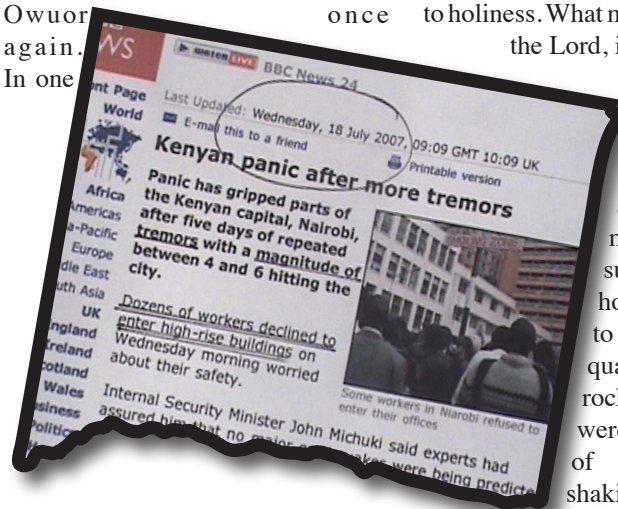

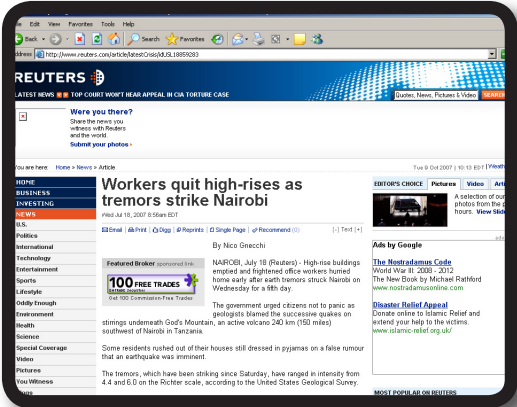

that judgment must take place. Then come the month of July 2007, when a massive wave and a non-stop cascade of earthquakes rocked the nation of Kenya. This became the moment of reality when people ran for their lives left and right, and for the first time they realized that when the judgment of the Lord enters the land, there is, in fact, no remedy. It also became very apparent to the nation of Kenya that God was very serious on the conversation he had with them, regarding the need for a national repentance. Moreover, a new truth hit the nation of Kenya in her pride, that she was actually very vulnerable before the Lord, thereby requiring his every protection. Many people even failed and refused to enter tall buildings because they ceased to be the normal work places, and had now been transformed into some kind of death traps. The people feared the buildings may have had their foundations cracked, because of the violent, daily non-stop quakes that rocked the nation of Kenya. It became a sharp turning point in this nation as the media houses called Dr. Owuor from abroad to come and explain why this was happening and what the remedy could be. Dr. Owuor upon arrival into what had now turned into an earthquake zone, made it very clear in a press conference and a television interview, that God was demanding repentance and an unconditional return to him. At this point, it appeared that God had not shifted his position yet, on repentance and holiness requirement in Kenya. What even stunned the nation most, was when Dr. Owuor took a white cup and filled it with water until it began to overflow live on television, right in the eyes of the entire nation of Kenya. When asked what that meant, Dr. Owuor said, it meant that the cup of the wrath of God was now full and would overflow at any time over the land of Kenya. This Dr. Owuor said repeatedly, in the hearing of the entire nation of Kenya. He added that according to God there was no letting on repentance and the return to holiness. What must have shocked the entire nation, again began to murmur, calling Dr. Owuor a cult, abusing him in all manner under the sun. Dr. Owuor, however, continued to say that the quakes which had rocked the nations were very prophetic of the massive shaking that the Lord had planned to do in the nation of Kenya. Again, the church of Christ aroused the

fearful and the unquenchable anger of the Lord. What is most amazing, is the fact that the Lord Almighty put to shame the prophets of baal when he refused to listen to the prayers of some of the pastors and bishops who had vowed to pray against the quakes. Perilous times had entered the land in a way that no one could stop. But what is more fascinating, is the way in which the Lord spoke to this nation. As the massive quakes gave Kenyans no rest, and as people became more scared of the big and ugly to come, the Lord as a matter of fact, was making a strong statement to the nation of Kenya. The shaking of buildings and the centre of the earth underneath Kenya, all across from Mombasa to Busia and from Lokichoggio to Namanga was actually a very symbolic act that the Lord was speaking to Kenya with all impunity. In this conversation with Kenya, events had quickly shifted from a dialogue, into an authoritative

monologue because this seemed to be the only way Kenya could be spoken to. People were sleeping even at Uhuru Park in the fear that their buildings would tumble on them in the event that the Lord did

the big and ugly. The quakes that Dr. Owuor prophesied and was ridiculed for, eventually turned into a national safety issue, prompting even the highest office in the land, to issue a statement. The earthquakes had now come into the homes of the proud Kenyans, these dreadful quakes had apparently also followed them at work, in their gardens and in the open terrains where there are no buildings, they were everywhere. Most importantly is the message the Lord Almighty was issuing within these tremors. In this way, the Lord was telling the entire nation of Kenya, across all the tribes, political and economic divides, that in the event she becomes defiant to the end and she refuses to repent, he would shake and crack the foundation of this nation in such a manner that no man would be able to run away from his wrath.

The Lord strongly continued to speak to his servant, Dr. Owuor, at this time, about the on-coming

bloodshed that would shock the entire nation regardless of tribe, politics, and economy. It was such a stern warning and the way it was spoken, would help one immediately predict what the outcome of such a shaking would be (Malachi 4:4-6).

The Lord loved Kenya so much that he hinted to her about the oncoming post-election mayhem, massacre and bloodshed. No wonder, the same Dr. Owuor that the nation despised and rejected, is the same one that called the Jesus Is Lord Radio on December 24, 2007, to warn the nation of the tremendous, historic and perilous judgment that was knocking at her door if she did not repent immediately. As Dr. Owuor terminated that radio broadcast on December 24, 2007, this is what he said,

"And when all these things come to pass, Kenya, you shall know that the mouth of the Lord, He has spoken, and that the prophet of the Lord, has walked among you."

No sooner had Dr. Owuor said so, than pandemonium broke loose on December 28, 2007 todate. A pandemonium that has, according to words of the prophet himself, shaken, ruptured and split open the foundation of the nation that mocked at him, the nation of Kenya. And todate, multitudes are running from east to south, north to west randomly seeking for answers to no avail. The most important common denominator in all these, is that now the nation

Buildings shook violently.

of Kenya knows that the Lord, He actually spoke to her and all this could in fact, have been avoided if she had been obedient unto repentance. Further to this, the nation of Kenya surely knows that Christ the Messiah is coming soon in the wedding of the Lamb of God. In conclusion, it is now plausible to say that it is actually Kenya, that depended on the Lord and not vice versa. The quiet tones of this apex is that there is no way the Lord would have used Kenya the way she was. It recalls to memory the three television programmes that Dr. Owuor aired on KBC TV between 8:00am-8:30am on Sunday morning, one programme being on

the October 15, 2005, November 8, 2005, and the one on February 12, 2006. These three television programmes were very unique in that Dr. Owuor, used them to warn Kenya of the massive blood letting if she failed to repent. He said on these programmes that he had seen very large columns of people leaving their homes to become refugees in their own land. Boldly he put it in these television programmes, Dr. Owuor said, "I see dead bodies littering your land, I can smell the strength of death in this land, please repent, repent, and ye shall see the salvation of the Lord."

It defeats common understanding to realize that the Lord had sent Dr. Owuor to warn Kenya of her current pathetic status. And the only requirement the Lord every demanded of her is repentance and the return to righteousness. Surely, as the scripture says, a prophet is not honoured in his home town, but Kenyans have now woken up to the realization that this is a very heavy statement and those that reject the messenger of peace, be it home town or non-home town people, the price they pay for that rejection is surely unquaffable on earth. The nation of Kenya, has paid a horrendous price for not listening. It is always important to listen especially when the person sent is preaching repentance, and holiness, and the coming of Christ the Messiah. The

kind of intonation is not a normal church chorus. Majority of the people across the globe have finally seen the nakedness of the nation of Kenya right into their living rooms. When Dr. Owuor, read from the scripture in Isaiah on how the Lord stripped the prophet Isaiah naked in the eyes of Israel, Dr. Owuor said God was also coming to strip Kenya naked in the eyes of the nations of the earth. Today, it is stunning and shocking and perplexing to realize that the Lord took the words of his prophets and made them come to pass. What a historic dispensation, the church of Christ has tumbled into. May Kenya one day listen, and not end up like Capernaum.

In finishing, Dr. Owuor said these words,

"Comfort ye, comfort ye my people saith your God. Speak ye comfortably to Jerusalem, and cry unto her that her appointed time is accomplished, that her iniquity is pardoned. . . The voice of him that crieth in the wilderness, prepare ye the way of the Lord, make straight a highway for our God. Every valley shall be exalted, and every mountain and hill shall be made low; and the crooked shall be made straight, and the rough places plain, and the glory of the Lord shall be revealed and all flesh shall see it (Isaiah 40:1-5)."

Seismic wave

The seismic waves were also felt in Nairobi, Central, Rift Valley, Mombasa and Eastern provinces. However no reports of the tremor were received from Nyanza, Western and North Eastern provinces. Some of the areas where the tremor was intense were parts of Nairobi, Narok, Machakos, Nakuru, Nyeri, Meru, Kericho, Thika, Naivasha, Kiambu and Embu among others. The major seismic wave, preceded ones that occurred at around 5:30am and 2:20pm yesterday.

Darkness Over Kenya

WHEN THE LORD TWICE WARNED THIS LAND...

By EAGLE REPORTER

While it may have sounded back then, simply as one of his routine denunciation of sin in this land, the nation of Kenya is now gradually beginning to grapple with the sobering truth of the words Dr. Owuor spoke in numerous 2006 meetings, when he said;

"The Lord has drawn for me the map of Kenya on the wall, and I see his hand painting it black, total black!! I have seen darkness covering the whole land of Kenya; Perilous times are here; repent Kenya!"

It is true that in the past, Kenya had considered herself to be unfilterable by dangers and calamities that have routinely plagued this region, because of the mere secure human systems she had installed around her walls. And the people of Kenya had to a large extent believed that nothing awful could ever conquer them, in their minds the future appeared pretty well secured. But the post-election violence, turmoil, mayhem, destruction and devastation, of both human life and property, has in essence exposed her vulnerability, thereby bringing down the very secure systems she had greatly relied on.

It would appear now that, the horrific bloodbath that the nation of Kenya continues to witness, has set the stage for this nation to recognize her dependence on God Almighty. The current state of helplessness and hopelessness that has today marooned the lives of millions in Kenya, naturally is supposed to usher in a dispensation in which all ears can now be inclined towards the Lord Almighty. In this way, they can now listen to the Lord.

city in the sun." But none of these achievements would now be able to avert the disaster she has fallen into. Many a time, when nations are adorned in such a state of beauty, and economic might, they easily deceive themselves into thinking that they have surpassed and don't need God's help. Kenya achieved

milestones of success of all kinds in the African region, and even globally, except one. The kind of milestone that Kenya forgot to strive for, turns out to be the one that really matter. This is the milestone that a nation would normally achieve when she builds her institutions under the solid foundation of the fear of the Lord Almighty. However, the awakening arising from the tribal, ethnic, and regional conflict that has now gripped Kenya, boldly presents the sober reality that no matter how successful a nation may seem, they are headed for destruction, if their lives are not in line with God's will. It never ceases to amaze how short-lived human memory is. The first lie ever told to man, was satan's promise to Eve that she would be just like God if she ate off the forbidden tree. And going by the recent trends in the church of Christ in Kenya, it

This new order, however, is a complete deviation that is alien from her norm because Kenya as a nation, has been known to boastfully congratulate herself on her beauty and accomplishments, and economic strength in the region. In fact, the city of Nairobi had even earned herself a name as "the green

would appear as though the church leadership in this land has believed that old, recycled falsehood of the devil. It is just obvious that when a church chooses to live in accordance to her sinful nature and the desires of the flesh, then she essentially has believed the same lie. A church that does things her own way, definitely

sets herself up as her own ruler, thereby acting as though she were her own god too. And in these kinds of circumstances, the only wise decision would be for such a church, together with her leadership to surrender her thrones, and demolish her kingdoms. The fear of the Lord, is surely, the beginning of such wisdom in church leadership.

And yet, by every human measure, the days of peace and tranquility in the nation of Kenya, appear to be in the past. It is amazing how God Almighty often uses adverse circumstances to minister to his obstinate people to achieve his sovereign will over their land. There are many such cases in the bible when God deliberately orchestrated the onset of adversity upon his people Israel in order that they may return to him for their much needed restoration. A case in time is when God raised up and used king Nebuchadnezzar of Babylon as an agent to achieve his sovereignty over Israel. While it may seem impossible to comprehend and even accept the fact that God could use an evil dictator or an adverse situation, as part of his plan, the fact of the matter is that such hostile forces have always been so effective in helping to accomplish God's purpose in our lives.

The Vision Of Darkness:

In a mighty night vision of the Lord, He continued to talk to His servant, Dr. Owuor, concerning the nation of Kenya, and her fragile future. In that mighty conversation in 2006, the Lord spoke, by voice, regarding the gross darkness that was coming the way of Kenya. This darkness, the Lord said, would paint the future of Kenya totally black, in the event that she maintained her disobedient stance, by refusing to repent as a nation. In the midst of this weighty vision, suddenly the HAND of the Lord began to draw the map of Kenya on the wall. In this vision, as Dr. Owuor continued observing, and paying particular attention to the map of Kenya that had now been drawn on the wall, the Lord opened his servant's eyes to another level, and he saw the HAND of the Lord beginning to paint Kenya black. In this progression of things, the HAND of the Lord continued on and on, until the entire Kenya was now very black. At this juncture, then an incredible darkness came over the entire nation of Kenya. When Dr. Owuor woke up from this mighty vision of the Lord, he immediately realized that all was not well with Kenya. To him, this conversation with the Lord regarding Kenya, signalled two very important things, that he needed to quickly relay to the nation. Firstly, it signalled such an unmatched, and unconditional love from the Lord Almighty to a nation that He had continually pleaded with, to repent. That he may warn them way in advance of the

"Kenya, it is now your turn..."
Warned Dr. Owuor on Oct 8, 2005!

This is not Darfur, it is Nakuru-Kenya 2008!

impending and looming darkness coming to befall them, is an indescribable act of overwhelming affection that the Lord held towards Kenya. Secondly, this vision carried with it such colossal responsibility

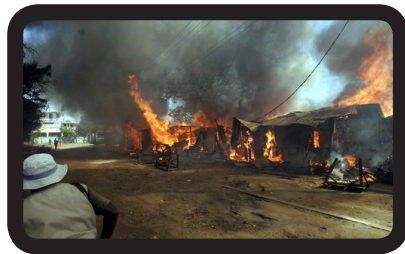

conversation, by using all manner of heavenly illustrations to try and point Kenya in the direction of national repentance. This, the former scientist said, was now becoming a sensitive and delicate matter, with

of Kenya if she did not repent. And to now present the *darkness*, that would come to Kenya, it right away signals that the Lord was running out of patience with Kenya. At this point, our minds can be rekindled to remember when Joseph, one of the sons of Jacob, was to interpret pharaoh's dream, he said that by the Lord presenting the dreams in two forms, it signified two things. It implied that the Lord of heaven had made a firm decision on the matter, that the matter would now have to take place and very soon (Genesis 41:32). So, pronouncing judgement in earthquakes and now *darkness*, the Lord was running out of time in his relentless efforts to redeem and restore this nation.

Then came the January 28, 2008, when the Lord again, spoke with Dr. Owuor regarding the gross *darkness* that was looming over the nation of Kenya. In that specific conversation, the Lord again paints the map of Kenya black in a dream! This happened recently when Dr. Owuor was in India, a matter that laid a heavy burden on his heart. One would imagine that the current post-election mayhem that broke loose, the worst hour had come for Kenya and that it could not get any worse. But for the Lord to revisit this issue in the middle of all this carnage, implies that even as the judgment of the Lord has entered the land, He is not yet done with Kenya. This is an emphasis on the nature of the Lord Kenya had not known, the nature that does not relent when it comes to repentance. The nation of Kenya knows very clearly what the Lord meant when He said, "My Word does not return to me void." It is a higher order conversation God is having with Kenya, given the current state of quagmire in which hundreds of thousands are displaced from home, multitudes sleeping in the open skies, homeless, beaten, and weary, lots of deaths, economic bog-down, and the virtual halting of key elements in the lifeline of Kenya. However, above all this, what really is the hidden revelation that the Lord is trying to get across to this ailing nation, and in this specific conversation?

Revelation In The Darkness:

It is no doubt in the minds of Kenyans that the Lord Almighty has for sometime now treated them with unfailing kindness. This unfailing kindness is what the bible has always described as the grace of God, a grace the same bible has warned the nations never to abuse. The serenity that has been prevalent in the nation of Kenya, and is now being taken away from the land, attests to such kindness from the Lord. However, at the height of this tranquility, Kenya was in the danger of failing to appreciate this gesture from God. This is seen in their failure to stay their minds upon God. As a result, their minds became cramped, a condition that has led to a widescale national neglect of spiritual watchfulness, thereby quickly becoming a destitute nation overnight. This is a culmination that has finally greeted the entire nation of Kenya with gloom and abhorable desolation. For the Lord to finally treat Kenya with such indignation, after repeated calls to repentance, it must therefore imply

that His presence has slowly left the land. Because the entire population in Kenya now appears to be rapt in the contemplation of the gruesome scenes of massacre and wanton destruction, new spiritual impulses are beginning to be awakened to the fact that *darkness* beholds the land. *Darkness* often implies the absence of *light* in the land.

Darkness In Church

The clarity of biblical scripture cannot afford the church of Christ in Kenya the room to pretend that they may have misapprehended scripture. This is so especially because the church is the *light* of the world, and was endowed with the authority to guide the nation into the

for some cheap worldly favours. And likewise, the church of Christ in Kenya should have learnt from Jesus, and should never have traded in her very life that was expensively purchased. The church was dearly redeemed by the precious blood of the Son of Man. In view of this, the earlier warning that the Lord Almighty had presented to Kenya, regarding the impending judgment of the Lord that would consume and devastate the land, seemed to have largely fallen on deaf ears in the church. Many church leaders in Kenya, were heard presuming that all things would be well, and pass-by in some unexplained ways without the nation taking square responsibility over her sins. However, what the church in Kenya did not realize, is that faith in Christ Jesus is in no sense allied to presumption. Why did they presume?

Why did the church leadership engage the nation of Kenya into such a costly presumption? Especially that they are very much aware of the unwavering position of the Word of God. A position that says God is holy and only repentance purchased the nations of the earth for him. Repentance is surely, the only door

light. Thence, when the church and its entire leadership in the nation of Kenya opted to delve into politics, tribalism, the preaching of money and the false gospel of prosperity, the accumulation of earthly wealth by church leaders, sexual sin in the worship teams, sexual sin in the congregations, sexual sin within the clergy at the altar, lies and deception, receiving and entertaining false

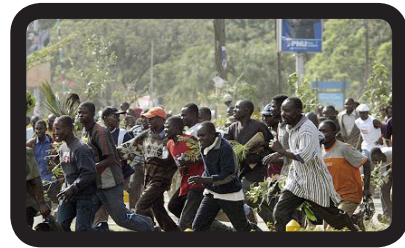

prophets nationally, inclining their ears to false prophecies, entertaining witchcraft, idolatry, etc., then definitely the nation of Kenya must have been aware that she had just plunged herself into *darkness*. But the *darkness* in which Kenya is now headed, is not a regular *darkness*, it is a gross and incredible *darkness*.

The example that the church in the nation of Kenya should have aped and presented up-front, is that of Christ the Messiah. Jesus as the *light* of the world, would not imperil his life in order to solicit

by which a nation that has fallen into chronic and perennial sin, like Kenya, can use to get back into the will of God. Dr. Owuor added that, Kenya as a nation, now can pass for a country whose future is painted *black*. This means she has all the marks that it takes for a nation to bear a *dark* future. Regrettably, these marks include the deep wounds that the on-going mayhem has afflicted

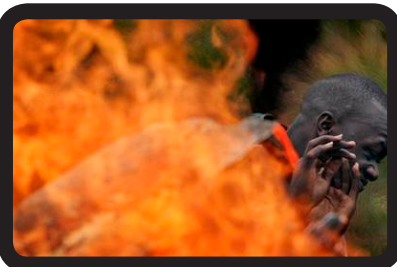

into the heart of the nation. The red horses that Dr. Owuor, for three years, has been warning Kenya about, are those found in the book of Revelation 6:3-4; and they basically represent the massive judgment of the Lord in which he takes away peace from the land. Slaying one another with machetes, evicting each other within the borders of this nation, death and suffering, have essentially planted what in human terms would be viewed as *eternal wounds* in the hearts of the Kenyans. That implies that peace will now be a long way from her.

Normally, when hearts are wounded and broken in such a manner in a nation, only the heart-mender, our

in that a failure by Kenya to repent as one man like Nineveh did, would have far reaching repercussions on her very future. Dr. Owuor, who had now made significant gains in articulating repentance, declared

a propensity to deteriorate into judgment. It marked a dangerous twist in the conversation the Lord was engaging Kenya in, because one can read His desperate attempt to reach her in all forms of instruction.

that such a dual-carriage message is often very tricky to navigate into the hearts of the faithful. This is because of the fear that such messages may transduce mixed signals that could distort the bottom-line purpose of God. God Almighty had always wanted Kenya to repent in a well celebrated national repentance beginning with their leader to the least person in the land. At this moment, the prophet said, it appeared as though the Lord Almighty was now engaging a multi-faceted

Earlier on, the Lord had spoken about earthquakes coming to the land

Lord Jesus, has the capacity to heal the holes in their hearts, and to beef-up the tear of the *myocardium* of their hearts. But how can the Lord Almighty even allow Jesus to heal the heart of Kenya, a nation that has blatantly and openly rejected repentance? By which way will she return to the Lord if not through repentance? The nation of Kenya has continued to base her presumptions on some whimsical notions that God will just let go his divine endtime will for repentance over her sins. Truly, in this unrepentant condition the future is very dark and black if the church in Kenya does not turn away from sin, get restored and lead the entire nation back to the Lord.

Though started by the post-election stalemate, the current bitter conflict accruing across the nation of Kenya, has stabbed wounds in the hearts of the all people regardless of ethnicity. It is common knowledge that these stab wounds are still fresh today and will remain so till Kenya repents

as a nation like Nineveh. A nation whose heart carries fresh and oozing stab wounds is a nation in pain and a nation at war with itself. That nation bears a black future because human reconciliation is not based on the wisdom of man, be it Nobel laureates, or world class technocrats. The current human and worldly solution that Kenya is seeking for her deliverance, may just treat the symptoms on the surface of her skin for a while, but leaving out the exact root cause. The cause of the current desolation that has consumed Kenya on the road, in the stadiums, at work places, in hospitals, etc., is THE LACK OF THE FEAR OF THE LORD in the land. Well, Dr. Owuor retorts that it will now become clearer for Kenyans to understand why on two consecutive occasions, one before the onset of the post-election mayhem and the other at the heart of this massacre, God repeatedly and consistently warned of a *black future* if Kenya does not repent and return to the Prince of peace as an entire nation.

How **GOD** Built The Case Against Kenya...

By EAGLE REPORTER

The Lord Jesus bore the burden of our guilt and woe. Every discord, and sin was torture to his spirit, but he was eager to bear the sins and iniquity of man. This is despite the fact that direct from the throne of God issue beams of his glory because he was already glorified from the beginning of time. He is the ancient one even before man was. The very atmosphere of his presence here on the earth, opened a new avenue for reconciling man with God, thereby making him the greatest messenger of peace. Even as great contradictions presented, His beautiful feet brought the Good News of this peace with God, and opened a new door for mankind. And it is through this door that he has always beckoned man to come in, into the kingdom of God. This door is covered with the blood of Jesus and is the door of repentance. Repentance, therefore, becomes the centerpiece and cradle of God's restorative relationship with man. The blood of Jesus, then represents that restoration through repentance. Cut off from heaven and alienated from perfect fellowship with God, man can now get a new hope in the blood of Jesus through repentance. This makes repentance the foundation and corner stone upon which the church is built. Apparently, repentance has not been an alien phenomenon in the relationship between man and God. It is because man has always fallen short of the glory of the Lord while Jesus is the lamb of God without blemish, spot, wrinkle or stain (1 Peter 1:19). Seeking clearer knowledge on repentance, and its central role in the life of the church, requires that one explores the mission with which Jehovah sent his prophets to the church. Almost invariably, one prophet after the other, always brought the message of repentance and the return to the ways of the Lord. In fact, it was so much that, everytime a prophet was seen in an area, the people knew that something had gone wrong and that God was demanding repentance.

Needless to say, is that because of man's over-indulgence in the sinful desires of the flesh, the arrival of the prophets in their strange errand always created excitement in the land because it reshuffled the *status quo*. This is because providence had ordered man's life and caused him to live in tune with earthly requirements. For that matter, prophets brought the message of rebuke against sin and all this was in harmony with God's will for man. It is in the same premise that the Lord sent Dr. Owuor to caution the nations of the earth, and in this case specifically Kenya to turn away from sin and return to him. However, like all the other prophets, Dr. Owuor was not received courteously. The indifference with which the people of Kenya have lived towards the Word of God, has become an abomination before the Almighty.

Holy as He is, this indifference is an act of darkness that He always must come up against to purify worship in the church. Unfortunately, as predictable as it may be, the process of purifying worship in the heart of man has always resulted in tumult. Biblical prophecy has again and again hinted on the period in the end of days when the Lord would have to come and purify worship. But this season of purification has been postulated as one that would bring in a lot of pains and clamor. When asked by his disciples what the signs of his return would be, the Lord Jesus himself, quietly whispered to them of the tremendous tumult that would consume the earth in the period immediately prior to his return.

The Lord always makes known, without a speck of a doubt, what His voice looks like. These among other things include the fact that His voice will always rebuke sin, champion holiness, and point man towards the coming of the Messiah. Signs and wonders too will always accompany his voice. Like all the other prophets of the Lord Almighty, Dr. Owuor, even as the Lord sent him with the message of repentance, has not been removed from the mighty miracles, signs and wonders with which the Lord authenticates his authority around his prophets. Kenya and many other nations that have invited him can bear testimony to this.

It is in the backdrop of these signs and wonders, and miracles, that the Lord commanded the church in Kenya to repent and return to holiness. This became the major mission that took Dr. Owuor all across Kenya proclaiming REPENTANCE and the turning away from sins. It is as though the Lord was building a strong case against Kenya in performing these mighty works in the land. While on this cross-country REPENTANCE trail, Dr. Owuor also proclaimed mighty prophecies for other nations of the earth. These prophecies literally spurned and greatly impacted the four corners of the earth. In this way, the Holy Spirit was using Kenya as a novel spiritual platform from which to launch and accordingly fulfill earth-changing prophecies.

Birthpains Begin

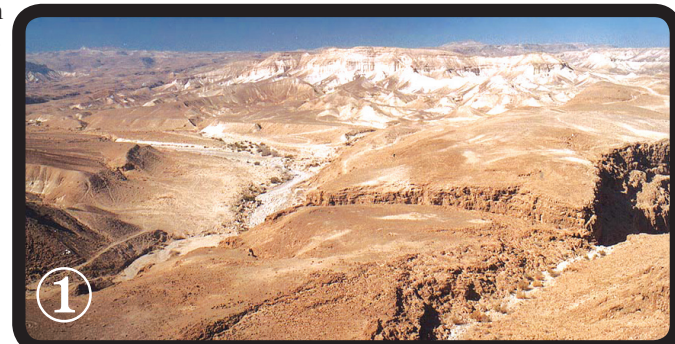

These prophecies included the massive Asian Tsunami which Dr. Owuor prophesied on November 24, 2004 and was mightily fulfilled one month later on December 26 2004; the Iranian and Russian earthquakes prophesied on March 25, 2006 at REPENTANCE meeting and fulfilled 5 days later on March 31, 2006 and April 21, 2006 respectively. He also prophesied the Hurricane Katrina on July 20, 2005 at City Hall, Nairobi and was promptly fulfilled one month and nine days later on August 29, 2005. Dr. Owuor also prophesied the Afghani earthquake on October 22, 2005 at Machakos REPENTANCE meeting and was shockingly fulfilled 24-hours later on October 23, 2005.

In the midst of all this, the nation of Kenya, and especially the church leadership allowed herself to be carried away by whimsical notions of self righteousness. Their pride, selfishness, cruelty and lack of humility did not make things any better. Their hearts were hardened and their understanding darkened throughout all the three years within which the Lord, through his servant, Dr. Owuor, pleaded with them to repent. Little did the nation of Kenya know that this was a systematic build up to the finality at which she would eventually have to be held to account. In which case, the Lord ensured that the church in Kenya, in her failure to repent, would have no case before him. Standing on his word, this would guarantee that the Lord judges Kenya.

In many respects Kenya in her spiritual conduct is synonymous with Israel. This is because the Lord raised Prophets that performed mighty works among Israel. A repeat of the same scenario is seen in the nation of Kenya.

John The Baptist

What is even more stunning is that Dr. Owuor persistently declared that he has had the *John the Baptist*

①

① The Lord has now commanded the church of Christ in the four ends of the earth, to return to the wilderness of repentance and be purified for this season. This will purify the church because it will make her familiar with poverty, humility, self control and privation, which draw the church closer to Jesus (Isaiah 40:1-5).

② The cave at which John the Baptist began to preach repentance in the wilderness. This cave, the Lord allowed only recently to be discovered. Dr. Owuor prophesied on the coming of this discovery from 2003. He said, that this would change the course of events on the earth and prepare the way for the coming of the Lord.

②

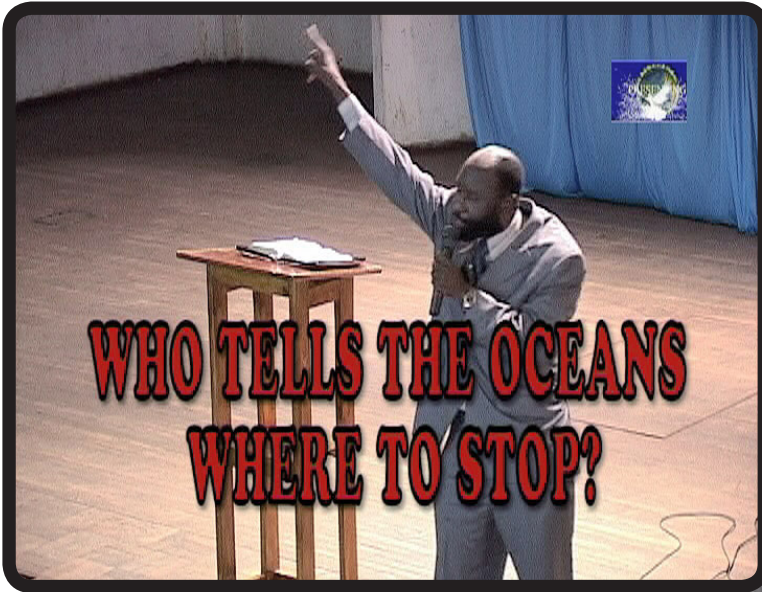

visitation and revelation concerning the wedding of the Lamb of God. He continually talked about having sighted the two wedding rings and the white horse in the sky. And most recently Dr. Owuor has spoken about having seen the clock of God in the sky (see page--). Indeed these messages are currently stirring up mighty global revival in several countries, a case that gives us no choice but to acknowledge that the Lord has lavishly favoured the church in Kenya hence releasing his most valuable revelation to her first. It is no doubt that the preparation of the way for the wedding of the Lamb is a global event that touches on the very heart of the church in all nations across the four corners of the earth. And for God to unveil his deeper secrets on the *rapture* from Kenya, is an attestation of the favour and love on this land. However, endtime favour of this nature does not come without a heavy demand on greater responsibility. In other words, the Lord actually levied this responsibility on the land of Kenya.

This kind of responsibility definitely is heavy on the holiness of the church, thereby requiring the purification of worship in the land. It is as though by sending Dr. Owuor from Kenya, to the ends of the earth, to prepare the way for the Messiah, the Lord was in

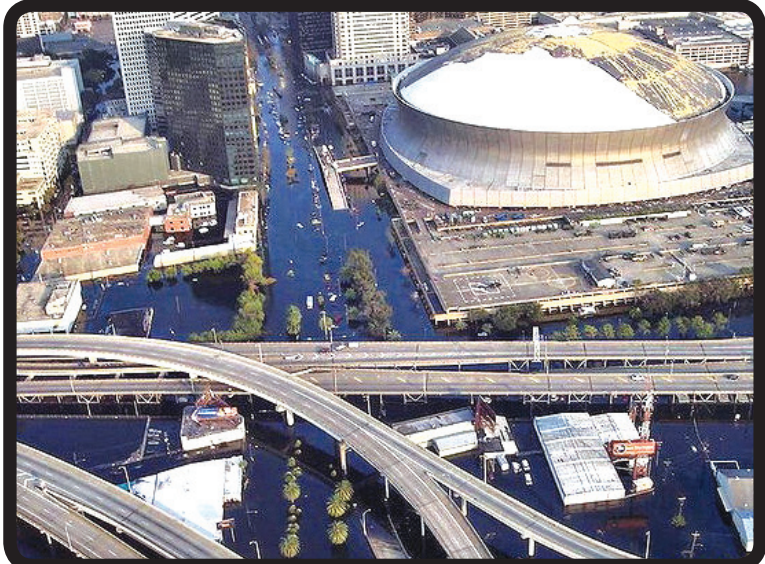

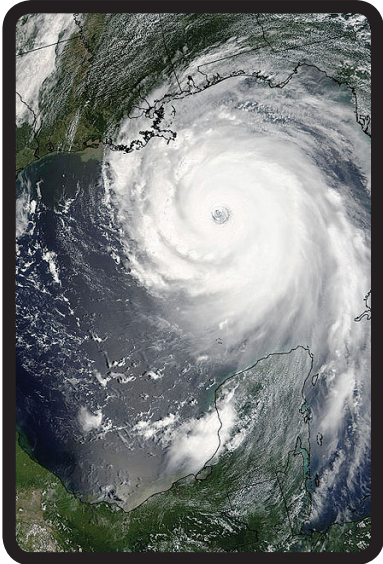

effect sending the nation of Kenya to other nations. We have seen God attempt to do this with Israel again and again. Amazingly, all nations that have seen the REPENTANCE revival in Kenya, have longed for the same purification to pave way for the wedding of the Lamb of God. The irony is that while the nation of Kenya repented in millions, they forgot the most basic tenet of REPENTANCE, which is the sustenance of holiness. This kind of piece-meal REPENTANCE, coupled with the failure of Kenya to shut down activity for three days of prayer and fasting like Nineveh, broke the heart of the Lord.

It is now possible to envisage the great anguish and distress that the Lord Almighty went through when Israel failed to measure up to the standard of holiness that he had set for her. In one occasion, the Lord retorted at Israel that she had lived far below the standards of even the most defiled nations around her. This is a state of affair that did not help at all except to flare up contempt against the Holy name of the Lord. A clear reflection on the state of the church in Kenya reveals the same chronology. The church in Kenya has largely been a modern church in which sexual sin, false prophecies, false prophets, witchcraft, deception, idolatry,

Katrina Prophecy July 20, 2005

Katrina Prophecy Fulfilled August 29, 2005

among other sins were largely accommodated. This detestable compromise with the world has led to the church loosing the glory of the Lord thereby predisposing her to the judgment of the Lord. Surely, in no way would the Lord ignite endtime revival from Kenya, while still accommodating the defiled act in the church. This is what has now led to the wrath of God boiling and overflowing over the land of Kenya.

It is written in the scripture, that of all things that can befall man, it is most horrendous to land into the judging hands of the living God. Those who have the true conception of the love of God, will often find him justified in correcting man, because he gave Jesus who laboured earnestly for humanity, with unfailing kindness. The church in Kenya needed to inculcate this into her lifestream in order to continue to enjoy the favour

of the Lord bestowed upon her.

Being the first country on earth from which Jehovah has chosen to launch the endtime restoration and revival of the church, Kenya surely, falls within the domains of the prophecy in Isaiah 19:19.

¹⁹In that day shall there be an altar to the LORD in the midst of the land of Egypt, and a pillar at the border thereof to the LORD.

The Lesson From Rwanda!

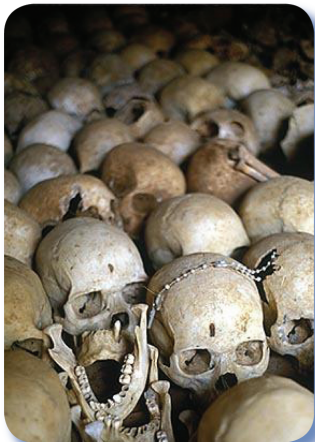

Tsunami Prophecy Fulfilled Dec 26, 2004

In July 2006, Dr. Owuor published the first edition of the Rapture magazine, in which he asked Kenya to repent to avert a Rwanda-like crisis. To demonstrate this, he published the heap of skulls that were reminiscent of Rwanda with the expectation that it would move the hearts of Kenyans to fear Jehovah and return to him in total repentance. Herein, is included an excerpt of the Rapture magazine published in July 2006. Dr. Owuor said that the Lord had shown him a Rwanda-like crisis that would befall Kenya, in the event that she maintained her stubbornness and defiance and refused to repent. This Rapture magazine excerpt bears testimony to the endless mercies of the Lord Almighty as he had pity on Kenya and tried to help her avert this tragedy of judgment. The skulls that littered Rwanda would by all standards move the hearts of Christians in a God-fearing country.

The fact that Kenya did not respond to God's plea of repentance is a clear indication that she does not live anymore in the fear of the Lord. In particular excerpt, Dr. Owuor clearly outlined in red, that when the Lord asks a nation to repent and return to him, he does not relent until that nation has returned to him. The fact that Dr. Owuor placed this warning in red in that magazine underscores the gravity of this grave issue that was coming to befall Kenya. When the Lord speaks, especially in these last days, and on repentance, and the return to holiness, it is extremely important that nations incline their ears to listen, because he is the Lord. Israel is the beloved of the Lord, but whenever she did not listen and repent, he swiftly moved in with record-breaking judgment to set the records straight for other nations like Kenya on this matter.

Rare Warning To Kenya

THE WAR IN RWANDA: Alarmed the whole earth until now nations have not recovered from it. It all started as Rumours of war in this central African nation and then developed into a war that birthed out one of the worst genocide ever seen on earth but the question is why should this war take place all of a sudden at this time. The LORD repeatedly sent a message to Rwanda asking them to REPENT but they failed (Joel 2:12-14). IT IS ALWAYS A GOOD THING TO REPENT IN THESE LAST DAYS AS THE RAPTURE NEARS, THE SEASON HAS CHANGED. (JEREMIAH 8:4-15)

IS THERE ANOTHER COUNTRY THAT THE LORD HAS WARNED TO REPENT? AND HAS SHE REPENTED RIGHT BEFORE THE LORD? REMEMBER JEHOVAH OUR GOD DOES NOT CHANGE AND HAS THE SAME STYLE.

The 2007 Indonesia Quake Prophecy

In July 2007, Dr. Owuor attended a mighty 21st World Pentecost Meeting in Surabaya Indonesia. At that time he warned the nation of Indonesia to repent and turn away from Islam and the Eastern religion lest a mighty Tsunami earthquake would hit them in 2007. This was the second time Dr. Owuor was prophesying Tsunami to Indonesia, the first time being the popular highly publicized November 24, 2004 email, that warned of the coming of the first Asian Tsunami in the event no repentance reach the throneroom of God on the matter of Eastern religions.

Again in Jakarta, on August 5, 2007, at a church in one of the suburb called Bogor, Dr. Owuor warned of the massive Tsunami that was coming if they did not turn away from sexual sin, idol worship, *eastern religion*, and all the other sins. Upon returning to Kenya, the Lord again spoke with Dr. Owuor regarding the massive Tsunami that would revisit Indonesia and the entire region if they did not repent in Christ Jesus. In this case Dr. Owuor wrote an email dated August 18, 2007, to his hosts to Indonesia, and among the countries Dr. Owuor highlighted for the impending Tsunami judgment were, Singapore and Malaysia. To the shock of the nations of the earth, on September 12-14, 2007, a massive wave of historic Tsunami earthquakes, that shook exactly as the word of the Lord had come, Singapore, Malaysia, and Indonesia. Undoubtedly, global

media networks reported this occurrence as the most historic push of the Indian Ocean to the extent that even Australia observed a high Tsunami alert.

JAKARTA, Indonesia (CNN) — A strong earthquake with a preliminary magnitude of 6.2 struck late Thursday off the western coast of Sumatra, the same area shaken by a major 8.4-magnitude temblor that killed nine people Wednesday.

The region has been wracked by quakes and aftershocks for the past two days.

The most recent quake struck at 11:09 p.m. (12:09 p.m. ET), 110 kilometers (65 miles) west-northwest of Sumatra's Bengkulu province at a depth of only 3 km (2 miles), according to the U.S. Geological Survey.

The Indonesian government issued, then canceled, a tsunami alert. There were no immediate reports of injuries or damage.

A quake with the same magnitude struck the region several hours earlier, at 5:48 p.m. (6:48 a.m. ET). The temblor vibrated under the Celebes

Powerful quake shakes Indonesia

A powerful earthquake and several aftershocks have struck off the western Indonesian island of Sumatra, sparking fears of a tsunami.

Tsunami alerts were issued for several nations in the Indian Ocean, though some have now been lifted.

Buildings collapsed on the west coast of Sumatra. Hospitals are on alert in case there are significant casualties.

A massive undersea earthquake sparked a tsunami that killed more than 220,000 people in December 2004.

The Pacific Tsunami Warning Centre issued an alert for the entire Indian Ocean region following Wednesday's main quake, which the US Geological Survey said measured 8.4.

JAKARTA, Sept 16 (Reuters) - The toll from a severe earthquake on Indonesia's Sumatra island last week has risen to 23 dead and 88 injured, an official said on Sunday, and the area is likely to experience further significant aftershocks.

The 8.4 magnitude quake struck off the coast of western Sumatra on Wednesday evening, and has been followed by at least 40 big aftershocks and several tsunami warnings, subsequently withdrawn.

Aftershocks with a magnitude ranging from 3 to 4 are likely to be felt along Sumatra's west coast for the next two weeks, the Jakarta Post reported on Sunday, citing the head of the earthquake and tsunami division of the Meteorological and Geophysical Agency.

Another Earthquake Strikes Indonesia

Quake Follows 8.4-Magnitude Tremor Earlier This Week

POSTED: 7:54 am EDT September 12, 2007

UPDATED: 2:48 pm EDT September 13, 2007

JAKARTA, Indonesia --

Another powerful earthquake has struck western Indonesia, triggering a tsunami alert.

The United States Geological Survey said the latest quake, which was early Thursday, had a magnitude of 7.8 and it was centered off the coast of Sumatra.

Why has the Lord, tied these Tsunami earthquakes and other historic events, to repentance? Upon being asked by his disciples on what the signs of the end of age would be, the Lord Jesus intimated to them that there would be perilous times visiting the planet earth in the end days (Matthew 24: 4-12; Luke 21). This becomes the generation that would see the dispensation of preparing the way for the coming of the Messiah, a task that has inevitably been linked to the bringing down of the mountain and the hills, and the exalting of the valleys to prepare the way for the Messiah (Isaiah 40:1-5).

THE DAY HEAVEN OBEYED & OPENED

CASE AGAINST CHURCH

By PETER MBAE

Repeat Of 1 Kings 18:

It is now common consensus that the post-election violence that has rocked the nation of Kenya, has literally impaired both her physical and spiritual appearance globally. This unusual devastation in the country makes it virtually impossible to imagine that it is the same land over which the Lord opened heaven in a historic visitation. Considering her current stature, in which she is confused on which way to go, one wonders whether the church is even aware that the land was visited mightily. Briefly, this particular landmark event transpired on June 5, 2005, at Bukhungu stadium in Kakamega. It is a mighty encounter that essentially transformed the spiritual landscape in the church of Christ across the four ends of the earth, right from this land. While it is truthful to confess that the extent and ramifications of the Kakamega event are yet to be fully understood, nevertheless, it gives no excuse for the church to find herself in the current awkward position she is in, in the nation. The church is, as a matter of fact, the only authority that should be demonstrating leadership now, especially when such crisis befall a nation. Could it be that failure of the church in Kenya to recognize the gravity of June 5, 2005 Kakamega visitation, may have been perceived by the Lord as gross disobedience? If the answer is yes, then this might as well have contributed to the wrath of God against the nation.

At this juncture, it is prudent to remember that this celebrated visitation on the land is occurring at such a critical threshold, when the advent of the *rapture* is nigh.

By the way, it is noteworthy for Kenya to realize that to the Lord Almighty, the Kakamega event is *the visitation*. The reason being that this event has long been anticipated in the house of the Lord, and marked as the milestone that would finally spark off the change of season. It is no wonder that biblical reference has for some time now advanced this critical threshold as the most fascinating moment of this age. It all because the accruing transition was meant to practically usher in the greatest outpouring of the Spirit of the Lord into the church. It is this outpouring that is meant to finally restore the church and consequently fulfil biblical scripture. It is mind-boggling to imagine that this seemingly obscure visitation, is actually the most crucial prerequisite in the preparation of the church for the wedding of the Lamb. The wedding of the Lamb of God is the *most important* day in the calendar of God, the very reason for which man was created (Joel 2:28-32).

It makes the experience that the little village town of Kakamega encountered the most momentous and fundamental reenactment of biblical scripture of our time.

At this event, the Lord literally repeated 1 Kings 18. What is even more astounding is that this highly celebrated visitation is testimony of not only the Lord's love, but also his favour upon the nation of Kenya. It is an overwhelming favour that transcends right from Kenya all the way to the four corners of the earth. Going by this, it is absolutely apparent that the favour of the Lord which poured on Kenya on June 5th, essentially transformed her identity into a revival nation. In this way, the Lord intended to use Kenya as the revival platform from which to launch the most authoritative endtime revival. And for Kenya to now wear this false image of post-election mayhem and violence, that is punctuated with loss of life, it takes gross disobedience unto the Lord. Developing a complete understanding of what the Lord was saying to nation of Kenya on June 5, 2005, requires that one explores the biblical expectation of the Lord during such august events. No wonder, when other nations of the earth watch this event, it immediately dawns on them that the dispensation has changed and they begin to REPENT.

In order to bring understanding to how the historic June 5, 2005 visitation may have *vortexed* the unquenchable wrath of God against Kenya, thereby spiralling her into a massive wave of post-election mayhem, it is only prudent that we examine biblical replica of such events. This most definitely will enlighten the nation of Kenya that is now at the *cross-roads*, on the response the Lord Almighty expected from the land.

Mount Carmel Event:

Gladdened by a similar visitation, Israel on their part delved right into a massive REPENTANCE that marked their historic return to the Lord Almighty. This they did as an entire nation, together with their king, and under the incontestable, authoritative leadership of Elijah, the prophet of the Lord. To Israel, it symbolized the most momentous occasion of their time, an occasion that actually took away the wrath of God and brought in a tremendous healing into the entire fabric of their society. Israel is composed of the twelve tribes of Jacob and when well examined, she presents such a diverse community. The healing emanating from this Mount Carmel event practically united all the twelve tribes, and gave birth to a very homogenous society. This therefore, appears to be a novel lesson that Kenya could borrow from, especially at such trying times when direction seems to have been lost. In Israel, this kind of visitation brought a very clear message, without a speck of a doubt, a message that said: "REPENT!"

REPENT! REPENT!"

Furthermore, it is amazing how the entire Israel, with all her diverse twelve tribes, got this message right and immediately REPENTED and massively, with genuinity of heart, only to avert a catastrophe that was looming at the door. Apparently, this appears to be the point of departure between the response of Israel as a nation, and Kenya as a nation. It is a costly departure that no nation would ever want to be associated with. For this matter, it is of great interest to examine how the Mount Carmel event unfolded. It all began with a very defiled church in which there were many false prophets preaching *peace, peace, peace* when actually there was no peace between Israel and God. At the time, these false prophets were branded the *prophets of baal*. As a consequence of this worship became detestable because baal promised them quick prosperity. It is a sorry state of the church that greatly grieved the Lord because Israel found herself walking empty without the holiness of the Lord. And because God had pity on his people and his dwelling, he sent them his fiery prophet Elijah, who actually preached the judgment of the Lord. The sheer unpalatability of this message raised a high debate in the land, especially coming from the leadership of church. It is a fatal misunderstanding that if not well handled can plunge a nation into a state of quagmire and bloodshed. This is basically because the underlying truth is that Elijah preached the message of love and eternal hope to Israel. This hope would come from her restoring her rightful (Holy; favorable) standing with the Lord.

The Lord had used Elijah to proclaim prophecy, in the hearing of the entire Israel, on the coming of a massive drought. The intricacy of this initial prophecy is that it placed threats on the process of REPENTANCE, and this became an attribute that the theologians sharply differed with. As a result of this theological disparity, the church leadership advised the nation not to pay heed to Elijah's prophecy as they said they pray for the nation not to see *that Elijah day*. But to the dismay of the church leadership and the entire nation of Israel, Elijah's prophecy came true and Israel experienced, so far the worst drought of their recorded history. Heaven was slammed shut, there was no dew, food was scarce; perilous times had entered the land. This meant that every man for himself and events quickly ran out of hand. It placed Israel in the most vulnerable position where she now had no choice but to turn around and now look for Elijah, the prophet of God, as the only hope of last resort.

When Elijah finally appeared, he summoned all Israel to meet him on Mount Carmel. At this summit, he rebuked baal and his false prophets consequently laying all the blame for the suffering of Israel on their hardened hearts and failure to REPENT. This is the moment at which Elijah also exposed the false miracle industry of baal prophets, a practice that had been well established as the channel for prosperity preaching in the church. The prophet of the Lord demonstrated mighty leadership by redirecting Israel on which way to go in order to receive healing in the

KENYA BEATS TESTIMONY FROM THE HOLY SPIRIT RAIN

How The Holy Spirit Rain Healed My Eyes

I had a problem with my eyes for fifteen years. I wore two pairs of spectacles, one for driving and the other for reading. There was Spiritual rain at Bukhungu Stadium that will not be found in Kenya again. It came during the times of Elijah (1Kings 18) and in the days of Samuel, (1 Samuel 12:16-18).

But this one in Bukhungu Stadium, fell after the Prophet of God, Dr. Owuor asked for it. The Bible tells us that during the days of Prophet Samuel and Elijah, the Prophets of God were feared. Therefore, when you see a Prophet of God doing this we should fear him because he is truly sent by GOD. I was brought the video of

Kakamega Repentance and was told that this was the repeat of I Kings 18. I experienced that rain in my living room. In the video, the Prophet said that the rain had come to finish our Spiritual and physical problems. He said, "If you have any problems touch where your problems is." I therefore removed my spectacles and touched my eyes and he prayed. I got healed instantly. Acts 3:19 says "Repent and turn to God so that your sins may be wiped out that times of refreshing may come from The Lord."

Your healing will come through Repentance if you follow the orderliness of Jesus. If you repent from your heart and turn to The Lord, you will be refreshed and you will see God's goodness and also produce the fruits of repentance. The Lord is able and for all those who have physical problems, I know the goodness of The Lord Jesus, He will heal you. Praise be to Jesus.

Jane Muthoni
Nairobi

How The Holy Spirit Rain Brought Deliverance To Many

The Lord also uses this kind of event, to assert his authority and restore his name over his people and dwelling (church). It is for that reason that when Israel was awed at such an occurrence he rapidly restored and healed her. The fact that Kenya seemed to have kept aloof from being awed by this very

event, this time happening in their own land, has majorly contributed to wrath of God. The favour of our Lord Almighty thrives in a land that has the fear of the Lord. But then how can they fear the Lord to whose mighty act they are not awed? Well, in her current despair, is Kenya aware of this?

land. However, what stands out in the cascade of Mount Carmel events as they unfolded, was the mighty act of Elijah raising the holy altar of the Lord in the eyes of all Israel. It is as if, at that time, everything broke loose, because the Lord had finally found a dwelling in the land. At this point, Elijah went ahead and commanded heaven to open in their hearing. This became the bold act in the house of the Lord, and has ever since been strongly associated with the REPENTANCE and the return to holiness. The Lord Almighty opened heaven, and

Kakamega the Lord repeated, to the letter, the tremendous event of Mount Carmel. In fact at one point if felt like reliving the biblical times. What is especially

disturbing is that the Lord Almighty seems to have spoken to Kenya in parable and yet expects the same response that was laid down at Mount Carmel. It has become the severest test of humility that this country has ever been subjected to by Jehovah God. This is because the Kakamega event bears every mark of the Mount Carmel event.

unleashed the fearful fire of the Holy Spirit on the Holy altar, Elijah his servant had raised unto him. But the caveat here is that the entire Israel, stunned by this, fell face down, and REPENTED, regardless of tribe or clan, wealth or health. It is extremely fearful to note that this is point at which the fate of Kenya must have been sealed. While Israel chose to be in awe of the greatness of Jehovah and his prophet, Kenya as a nation, appears to have chosen baal. Despite the Lord Almighty replicating the Mount Carmel event at Bukhungu stadium, the nation of Kenya seems to have deliberately stuck to the grossly ill-advised counsel of the prophets of baal in the land. It is a costly event whose impact one does not see immediately but when it *surfaces* can cause a tremendous toll on a people. In such a benumbed spiritual perception, the volatile anger of God is often riled up because of the blasphemy that becomes eminent as the land mocks, despises, ridicules, abuses and scoffs at his word, thus rejecting his prophet. Unfortunately, the mirror image of this degeneration in relationship between the land and the Lord Almighty was sighted in Kenya just prior to when the mayhem broke loose.

The Case Of Kakamega ...

The traditional formalism that has characterized the nation of Kenya, appears to have been their main undoing. Only this kind of formalism can cause a nation to be blind to such historic visitation of the Holy Spirit. It would appear as if at

Holy Spirit Outpour:

This is how it all rolled-out: At Kakamega, Dr. Owuor, in a broad, sunny dry summer day, c o m m a n d e d heaven to open and release the latter rain of the Holy Spirit. And in less than one minute of Dr. Owuor's utterances, as he lifted his hand towards heaven, stunningly, heaven instantly obeyed and released the massive Holy Spirit rain in that stadium. This bold, and strange, and unique act brought forth a massive rain while the sun was still shining. As this event was unfolding right before their eyes, it brought forth a sudden high when a massive healing and deliverance befell the stadium with people being randomly slain by the Holy Spirit.

It is incredible to observe how the outstanding Kakamega event, coupled with repeat proclamations by Dr. Owuor that he has had the John the Baptist visitation, has sparked off a mighty endtime global revival. It has rekindled the heart of the church in many nations (1 Kings 18).

Like the Carmel event, the Kakamega event was actually a call to national repentance. Failure of Kenya to repent following this mighty call puts her in a tricky place. This is because in the bible we see another event of heaven being commanded open by Samuel, the prophet of the Lord (1 Samuel 12:16-18). At this time, when heaven obeyed Samuel, the prophet of the Lord, the entire Israel was awed and repented accordingly. This surely confirms the fact that when the Lord performed this event in Kenya it was actually a call to national repentance.

In nowise, does the modernity of today exempt Kenya from the basic requirement of the Lord that were laid down on Mount Carmel. It is as though the Lord is asking the nation of Kenya:

Haven't I done these things in your land?

And where is the honour due Me?

Haven't I sent him in your midst?

Didn't I command him to speak My own Word?

How about Kakamega?

Is it not Kenya?

And who is it that spoke with you on that day?

Wasn't it repentance I spoke about?

How about time?

Who created the sun that rises in the east and sets to the west.

And you say it is night time?

You have lost your youthful taste!

And you are not even awed at My mighty works anymore!

When is your day of return?

For how long shall I wait for you to come back to Me?

My Name shall be feared among the nations of the earth because I AM the LORD, the Jealous God!

What about the opening in heaven?

Who is it that opened it?

How about on the day of the assembly, when My servant asked you to come before Me?

Why then did you dance in the dew of heaven, when I opened the gate over you?

On that day you were to Me like a young bride only to give worthless vows unto Me. Vows that don't please Me!

I AM holy!

You turn to baal who gives you no advantage at all.

And the ends of the earth will proclaim My Name!

The massive devastation that has clothed itself with the sporadic post-election violence that began on December 28, 2007, has left the nation of Kenya in a state of extreme anguish and despair. Seeing people turned into refugees in their own country and the horrendous blood flow in the land, attests to the fact that something must have gone wrong in the relationship between Kenya and her creator. It is definitely not a gesture of love, but an expression of extreme anger and the wrath of God. Buildings have been destroyed,

the recent past, has not just loved, but also lavished Kenya with tremendous favour. Evidence of such favour can now be retrieved from such meetings like the mighty Kapkatet REPENTANCE revival at which for the first time since the time of Moses, the Lord brought down the cloud of his glory. This cloud covered the whole meeting, enveloping their heads and settling at the altar of the Lord on June 4, 2006. Surely and rightfully put that is a demonstration of extreme favour of the Lord. The reason we bring this into the current Kenyan mayhem, is that it may help this ailing nation to retrace her footprints and hence locate the point at which she detoured from the will of God.

to find herself in the current shame and nakedness, typified by the appalling bloodshed that is soaking the land, strongly points to a great apostasy that has rapidly infected this previously precious nation.

In short, this is how the Lord had loved Kenya. Dr. Owuor gets up to the altar of the Lord, begins proclaiming that if the people would REPENT genuinely before the Lord, then the glory of the Lord would come down and visit them as a symbol of the favour of the Lord on the land. On this historic June 4, 2006, as the meeting progressed, all of a sudden, it became apparent that there was a heavy outpour of the Spirit of the Lord that randomly slayed a record number of people. Then instantly as Dr. Owuor lifted his hand towards heaven, he commanded the glory of the Lord to fall onto the meeting.

He could be heard saying, "Lord, you can visit your people today..." This was immediately followed by an abrupt appearance of a thick dark cloud of the glory of the Lord. The unique cloud covered the meeting leaving everyone dumb-founded. At that very juncture at which the cloud appeared, the REPENTANCE meeting took a swift turn when a girl that was born cripple, on the spur of the moment stood up and walked in the view of all. It is this miraculous manifestation that sent the entire crowd wild and totally out of control with joy unspeakable. The cloud of the Lord's glory persisted on, covering the entire altar completely, and totally diminishing visibility. It is then, that it dawned upon the crowd that biblical history had just been made in their eyes.

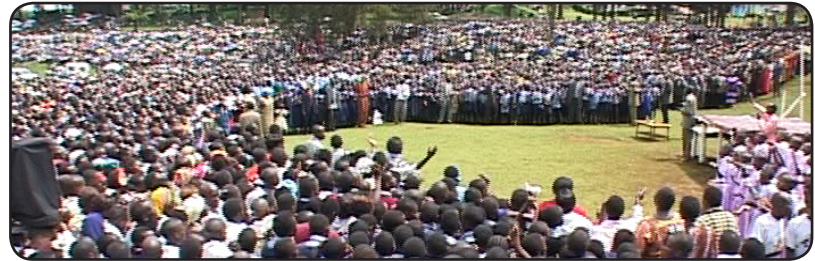

The God of heaven had just mightily visited the land of Kenya as a sign of approval. They woke up to the sobering reality that they had just witnessed a repeat of Exodus 34 events. By the Lord Almighty. What is even more startling is the fact that this mighty visitation of the Lord in the cloud of his glory, took place exactly one year after the stunning Kakamega event. Put together, one is left with no choice but to strongly reprove the nation of Kenya for her conduct of self-indulgence. The very affliction that has caused the Lord to withdraw his otherwise very obvious love and favour, and replaced it with the fiery wrath of his anger. It reminds us of Capernaum, a city that Jesus loved and performed many signs and wonders in her land, only to be finally sunk in the pits of hell. Oh! How one wishes that Capernaum had heeded the call to REPENTANCE. And in the same token, looking at the current pathetic state of Kenya, one wishes that she had read the signs of the times. It would have saved her a lot of mayhem.

How The Lord Loved Kenya...

roads blocked, dead bodies littering the land, and the entire nation has literally become helpless and hopeless. To call a *spade*, a *spade*, surely this phenomenon has not been experienced in any other country on earth. In fact in its own build-up, it seems to be over brewing past Rwanda. It is within the backdrop of this hopelessness that the global community has started asking as to the whereabouts of the church in all this. There is a growing inquisitiveness on what the role of the church has been before the outbreak of this strange mayhem. The bottom-line is that people are beginning to ask as to whether the church in Kenya has any favour before the Lord. Can she stand in the gap for the land that bears the name Kenya?

The magnitude of despair, perplexity and regret that has been experienced in Kenya within a very short time span, has as a matter of fact rekindled the hearts of the people towards the search for any residual love of God that may have been on the land. This is because, to say that God is not happy with Kenya at this time would be an understatement. The austerity of the matter is that the Lord Almighty in

The long cherished relationship that existed between Kenya and her creator, the Lord reached a new high prior to the onset of the current post-election blood letting. Right from the time when the Lord sent his servant Dr. Owuor, and commanded REPENTANCE across the nation of Kenya, it was pretty obvious that if she would REPENT, the uncommon favour of God would be hers. The evidence of this in the land can be extracted from the events that culminated at Kapkatet REPENTANCE when the physical thick dark cloud of the glory of the Lord, for the first time came down from heaven. Not only was this event so crucial for the church in Kenya, but it was also most pivotal for the entire church of Christ on earth. It was the first time the Lord had made such a bold step since the time of Moses, the Man of God. Such a demonstration of love and favour is normally expected to pervade its way down into the fine fabrics of the society and land. And for Kenya

Praise The LORD Joan!

I want to share these with your listeners Joan, The LORD has spoken with me again about this Nation. And this is what HE says: I am reading from the Book of Jeremiah, Chapter eight, I am reading Verses six. This is what HE says: HE says, "I have listened attentively, but they do not say what is right. No-one repents of his wickedness, saying, "What have I done?" Each pursues his own course like a horse charging into battle. " So The LORD again, is demanding Repentance from this country! HE is demanding a Total and National Repentance in CHRIST JESUS! The LORD is very upset about the Servants of The LORD; the Pastors and the Bishops going

Kapkatet said, "I see an Earthquake coming to hit you!" And they took it very lightly. They took it very lightly; they did not understand The LORD had spoken with them. And look at yesterday, we had 5.0 and 5.4 on the Richter scale reported by the United States Geological Survey. There is still tremendous time ahead of this nation, if the Church does not repent! The Church is the Light of the world. There is no way the Bishops and the Pastors can leave pasturing the sheep and turn into politics and become like the non-believers! The Church has become a shame unto The LORD! The Church has ashamed The LORD! They have taken JESUS back to

into politics, and they have literally abandoned the sheep and they do not repent of their sins even after I warned them on 22nd of February

The Cross! They have not become the Light of the world; they have fallen into the same game that the world has played! And now I have seen them running, I have seen very difficult time ahead of them! And so it shall be known, that on this material day, THE LORD HE HAS SPOKEN to you! Shalom!

Yes, Kenya we were warned, we were told to repent Kenya!

On this material day, the 24th December 2007 very early at seven in the morning, being a day prior to Christmas, the Church and the World alike was getting ready to go into celebrations and feasts; to eat drink and merry, at a time when The LORD GOD ALMIGHTY, through HIS Prophet Dr.Owuor, was having a tremendous live conversation with the Church and the Nation of Kenya again! Today the Church of CHRIST in Kenya, we stand before The LORD GOD of Israel, completely defenseless and without any excuse whatsoever, for our stubborn refusal to heed the warning, turn away from our wicked ways, repent and go back to GOD in Holiness!

This therefore comes as a sad reminder, that this judgment of the LORD that has finally hit the Nation of Kenya could have been averted had the Church taken heed of the warning of the impending judgment, as warned by The Prophet of GOD Dr.Owuor, way back in the year 2005, all the way to the very last moment on 24th December 2007.

THE FINAL WARNING ON DEC 24, 2008!

Halleluyah! Praise The LORD! I am Joan from The JESUS is LORD Radio. What a mighty yet a sad time we've lived to see in this nation Kenya! We have finally fallen in the dreadful Hands of the Living GOD in Judgment!

The LORD GOD ALMIGHTY sent HIS Prophet Dr.Owuor to the

Church of CHRIST in the nation of Kenya. For a period of about 3 years, He warned us again and again of the impending Judgment of THE LORD in the nation of Kenya! We

were told to Repent, turn away from our wicked ways and go back to GOD in Holiness, way back in the year 2004 up till the very brinks of the Judgment, on 24th December 2007.

The Final Warning Of The Lord Broadcast Live On December 24, 2004

On this material day, The Prophet of GOD, Dr. Owuor called the JESUS is LORD Radio and this Mighty conversation of The HOLY SPIRIT with the Church was broadcast live on air, and everyone tuned in at that very prime morning hour at 7:00am, got the warning! Nevertheless, JESUS is LORD Radio, re-played that Mighty warning several times both during the day and during the night. Kenya, we can never say we were not told! Here is the whole of that Mighty eleventh hour live-on-air phone call from the Man of GOD Dr.Owuor, a tremendous last minute warning to this Church and this Nation on that Monday, The 24th December 2007, at 7am!

this year, in a Mighty press conference covered live. And they do not repent and some other Servants have gone back to sexual sin and the love of money!

So this is what The LORD says to this people: If you do not repent of your sins, the entire nation, repenting of her sins and turning way from wickedness, there are difficult times ahead of you! Remember when I spoke from Kapkatet and I told them, "I see an Earthquake coming to hit you!" And they took it very lightly, look at what happened yesterday. Now I see them running, running for their lives! There are Tremendous and Perilous times ahead of this nation, and The LORD is asking for National Repentance, that the Church lead the nation back to JESUS. The Church has loved money, the Church has preached money, the Church has gone back to sexual sin and false prophecies

and has gone back to preaching everything about prosperity and they have forgotten about the Holiness of The LORD!

The LORD is asking the Church to lead the entire nation back to HIM in CHRIST JESUS! Again, if the Church does not repent and lead the nation back to the LORD JESUS, I have seen very difficult times ahead of this nation! I have seen perilous and tremendous times, like I spoke from

Sackcloth & Ashes

THE WAILING WOMEN

The Lord continually seeks to draw the church to himself in the humble act of repentance. Repentance signifies the confession of sin and return to the Lord in holiness. Nevertheless, this act requires a sense deep earnestness, and

sincerity. Repentance has always been necessary in a nation, because it is the gateway to healing and blessings in the land (2 Chronicles 7:14). The Lord in his holy nature appears to be fond of a contrite spirit. This is because Christians with contrite spirit will always be awed at

are not normal. When a nation grieves the Lord to the level of abomination, the Lord commands through his servants that the wailing women in the land be called upon. These women are expected to wail over the sins of

the land and the impending judgment of the Lord that dangerously loom over the nation.

It is on this very platform, that thousands of wailing women across Kenya, upon hearing of the impending judgment

of the Lord that was coming over Kenya, decided to wear the sackcloth and cover their faces with ash. However, in as much as this was a holy act unto the Lord, it fell short of the Lord's expectation because he commanded the entire nation to wear the sack and return to him. The urban sophisticated Kenyan women did not seem to realize that the Lord had included them in this bracket, and that failure to heed the call to wail, would plunge the country into the judging hand of the Lord. The bible says that it is a horrendous thing to fall into the hands of the living God, judging a nation.

Christ become mature spiritual bride for the wedding of the Lamb. That kind of church presents enormous diligence and the principles of the law cease to be obscure to her. She walks in wisdom, which is the fear of the Lord. The fear of the Lord implies complete submission under the word of God.

It is for this matter that when the church has drifted afar, from the expectation of God, He commands a humble presentation before himself. The Word of God commands such a humble presentation to be clothed in both spiritual and physical sackcloth, as an act demonstrating that things

God Almighty, expected that when Christ Jesus died for the church, from the first drawing of wisdom and salvation, she would constantly grow in spiritual space, and the knowledge of God's works. In his heart, the Lord would have induced her to consent to sin.

When Jehovah ordered that Kenya returns to holiness, the carelessly convened controversial national repentance of the June 25, 2005, surely, vortexed the unquenchable wrath of God. The little nation of Kenya, had by tradition supplanted the fear of God with the craving for human glory and self gain. But little did Kenya know that Jehovah Adonai who commanded her to repent as a nation, is a perfect and non-renting God. His Word never returns to him void, but always accomplishes every

restoration especially in these days, in order to exude forth the mighty last revival. Moreover, the approval of God over a nation, comes with loving assurance upon the church that strives for greater levels of holiness. Such nations are blessed with peace and true, and not pseudo-prosperity. In such nations as ordained by God, the church resists and does not show willingness to be defective in society. However, God Almighty looked upon Kenya with pity, because for her case, the low estimate with which the church is held, is obvious among the heathen and reflected even across

purpose for which it comes forth.

Arising from this failed national repentance, the church of Christ in Kenya condescended to greater sin and wickedness, with all form of impunity. It is as though sin had now become institutionalized in the nation of Kenya. Sexual sin achieved significant gains, even as far as homosexuality being reported in the priesthood, the preaching of prosperity and the gospel of corruption, now reached a new high, form of sin became exalted and in the name of Jesus.

It was obvious that God was not

the secular media reportage. This condition must have moved the heart of God beyond threshold because it has caused contempt onto the holy name of Jesus. Secluded in such bondage, for many years, the Lord deemed it fit that the church in Kenya receive a refreshing and purifying renewal from the Holy Spirit. Unfortunately, nothing is beneath notice for this kind of purification, thereby, causing it to be thorough in leaving no stone unturned across economic and intellectual status,

on her side, and definitely a tragedy was looming over this nation. The only question was, when and not if. It is this impetus that caused a few churches to begin the repentance trail in a desperate attempt to salvage that which was spilled on the fateful day of the June 25, 2005 at Uhuru park, Nairobi.

the kenyan CRISIS

THE ONE & ONLY REMEDY!

THEY CAME IN ALL RANKS, But Minus THE PRINCE OF PEACE

By Dr. OWUOR

ONLY THE PRINCE OF
PEACE CAN RESTORE
PEACE

He that watches over Israel does not slumber, and is highly exalted as the loft one of Israel. Jehovah the God of Abraham is Holy. He watches over the nations and their peoples, keeping their cities safe, while also dressing the naked hills with vegetation for their flock. He does not forget to release the dew from heaven for the wheat fields that replenish the bread basket. The Blessed One of Israel, not only feeds the fish under the sea, but also directs the wind so she may not blow away the wheat heads at harvest. His name is Jehovah El Sheddai, the Father and God of our Lord Jesus. He is our Almighty Father in heaven.

The Lord Almighty blesses nations and endows them with wealth from his right hand. His glory fills the earth and all creation abides in his presence. But when he favours a nation, commanding her to return to him in due time, Jehovah He expects complete and resolute obedience, because He is the Lord. At any time when the Lord announces that a nation is to be uprooted, torn down and destroyed, and when that nation he warns turns from her wickedness, the Lord He relents causing that nation not to see that day of His wrath. However, when the nation the Lord warned to repent does not turn away from evil, the cup of His wrath overflows in that nation. At His anger, the heavens tremble and the nations of the earth cannot endure his wrath. The cup of the wrath of God contains the burning anger of the Lord and every nation would not like to face the wrath of God. Upon the pouring of the wrath of God in a nation, the full judgment of the Lord consumes the land. At the wrath of His burning anger, there is no remedy except to return to Him in humble repentance. Such is the case surrounding Kenya right now, whereby the Lord He warned Kenya to repent, failure of which He would judge Kenya. But Kenya failed to repent in the three years in which the window of repentance

was open, and consequently attracted the unquenchable wrath of God. It is important to mention here that the Prince of Peace, who has now taken away the peace from the land, is the only one who can restore Kenya.

By now, it is common consensus that the only and lasting solution to the post-election mayhem that has gripped the nation of Kenya, will not come from Nobel peace prize laureates, or any other human sources, but from the King of Salem, the very Prince of Peace. This is because it is a matter of the hearts. At this stage in the history of this nation Kenya, people have been killed, maimed, defiled, displaced, property lost, to such an extent that their hearts are severely broken. This definitely requires that the heart mender, Jesus

and that those who learn of it become the redeemed after the divine altar. This redemption would have helped Kenya escape the current blood-letting and enter the kingdom of God.

In this REPENTANCE wave, that the Holy Spirit initiated in Kenya, it were as though, the Lord Almighty was virtually saying,

"On the hills of Kakamega and the plains of Kapkatet, the heavens are open upon you Kenya. However, those scenes were but a token that I AM the LORD. And if you believe the message of My messenger, the message of repentance, that I have sent you, then your faith in Christ Jesus will be quickened. You shall then see that the heavens are open to you and your nation and are never to be closed. I have opened them to you. It is a rare portal through which the Holy Spirit will be trafficking your prayer petitions into heaven, while descending with answered blessings to your land, if and only if, you believe my prophet and return to Me in holiness."

It all boils down to one place, that the church of Christ in Kenya did not realize that a life characterized by a repentant meekness in Christ is the power to the world. It would be the only remedy to the Kenyan impasse and mayhem. The remedy, therefore, to the Kenyan situation is resident in the knowledge that the miracles of Christ for the afflicted and suffering are wrought by the power of God, through the ministration of the Holy Spirit. And it is only, and I repeat only, through Christ, by the ministration of his heavenly messenger, the precious Holy Spirit, that every blessing comes from God to a people and a nation. However, the nation of Kenya did not quickly realize that the message of REPENTANCE and holiness she rejected was as a matter of fact the ministration of the Holy Spirit. The peace that had dwelt in Kenya for sometime was in fact an outcome of the grace and mercy of God, and that now time had changed and God was never going to overlook such ignorance anymore, but to demand that every man everywhere repent, because the season has changed (Acts 17:30). But the advent of Christ is nigh.

What Kenya did not realize was that Christ is the foundation of her life. In which case, in taking upon himself humanity, our saviour Jesus Christ unites his interests with those of the fallen sons and daughter of Adam, but only through REPENTANCE and holiness. Moreover, as the Lord does this, he grasps the Holy throne of God in heaven, thereby drawing repentant nations into redemption from such mayhem that has now plagued Kenya. Most importantly, He draws those repentant nations into eternal life.

Judging from the Kenyan scenario, it would appear as though the advent of the wedding of the Lamb ushers in a prior interlude of darkness in which the system of heathenism tightens its hold on nations. Kenya fell into this obvious trap, it is this system of heathenism that has now led Kenya as a nation to fall to the bottom of this pit in which she is showing signs of being weary and feeble. Kenyans are now longing for solutions that are beyond human and

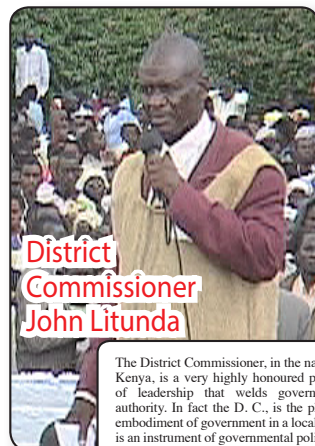

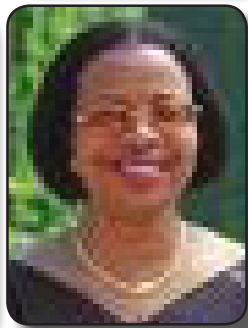

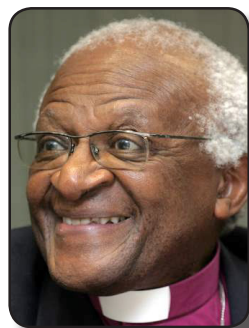

seeking the infilling of the void that has now been created in their hearts. In these lies the permanent solution to the post-election mayhem and blood-letting that has engulfed this country, because it is the heart that has been judged and injured in this milieu.

Furthermore, it is important for Kenya to seek her solutions from the Word, because in there are the ways of God. Kenya cannot fail to borrow from Israel at this very critical moment of her lifetime. Having said so, like the stars in the vast circuit of their appointed paths, God's purpose and plan for Kenya's restoration, knows no haste. It will come as a well thought, far-fetched, deep and genuine REPENTANCE before the Lord. As a caution, hastily convened national REPENTANCE meetings will head nowhere, but instead plunge her into the most undesirable cycle of the judgment of the Lord. This is the background of the remedy that Kenyans are now longing for, in a settlement that can satisfy their hearts. Israel in her afflictions, did not ever attempt to hastily return to Jehovah unless the appointed time had been proclaimed by the prophets.

Just like Israel, when she departed from God, her faith had grown dim, and hope had well-nigh ceased to illuminate her future. So is Kenya, for departing from God. She has resorted and depended on the teachings of baal that hold no hope for the future. Israel in her moment of defilement, having departed from God, did not comprehend the word of the prophets. So has been defiled Kenya. Inside this script, lies the remedy to the current situation in Kenya. The Lord is telling her to listen and try to comprehend the words of his prophet.

While still in the land of the bible, Israel, Kenya must borrow from the nation of Israel. The nation of Kenya must remember that the ways of God never change. Through symbols of great darkness and smoking fiery furnace, God revealed to Abraham the bondage of Israel to Egypt, and there sojourning for a period of four hundred years. After that, the Lord himself promised them revival and the return

District
Commissioner
John Litunda

The District Commissioner, in the nation of Kenya, is a very highly honoured position of leadership that welds governmental authority. In fact the D.C., is the physical embodiment of government in a locality. He is an instrument of governmental policy and the rod of authority. But when D.C. John Litunda, realized the wrath of God that would befall this land, he wore the sackcloth, in the public and humbled himself in repentance over the sins of this land. This was heavily castigated and mocked because many said, he was ashamed the office of D.C. But now, the entire nation of Kenya has surely known that D.C. Litunda, had had his eyes open by the Precious Holy Spirit of God. In fact, he now stands out as the national icon for all to be, to avert the wrath. This God, His ways must be very different from the ways of proud man! His ways must most definitely be, in the sackcloth. There, His ways are. There, Kenya must now go out of necessity. Fashion houses in Nairobi seems to have gotten there, live on television. That place is Kenya's destiny!

Rev. Salamba
PAG G. Superintendent
He showed Kenya church
REPENTANCE is the way

himself be approached in order to bind-up the broken hearted. It is devastating to realize that Kenya did not perceive that the teaching of REPENTANCE and holiness was actually the expression of an in-wrought conviction and experience,

The tragedy is that the church leadership ran to them as the only way out for Kenya. ...yet it should have been them running to the church, to ask; what is the Lord saying? The church has totally lost moral authority and link with the Lord. And the entire nation now knows!!!!

to the promised land by means of REPENTANCE (Genesis 15:14). Kenya too, should utilize this darkness and painful period that has covered her as a quality time for national and personal reproof, review, in meek REPENTANCE and look forward to her return to the Lord, to the Lord's restoration and revival. This kind of restoration and revival only happens through genuine REPENTANCE and sustainable holiness. It means that Kenya has to rid herself off prostitution, the gospel of prosperity, false prophets, idolatry, witchcraft, pride, malice, corruption, slander, modern christianism, among other sins.

We must be cognisant of the fact that Kenya's defilement has come from the reality that in the recent past, providence has directed all the movements of her heartbeat and life, including the tide of human impulse in this nation. This went on until she became ripe for the judgment of the Lord. It is time to repent in the land. Some of the church leaders fought and rejected the message of REPENTANCE and holiness in readiness for the rapture. It is against the word of the impending judgment of the Lord coming upon Kenya, if she failed to repent. Blood, blood, blood Dr. Owuor declared as way

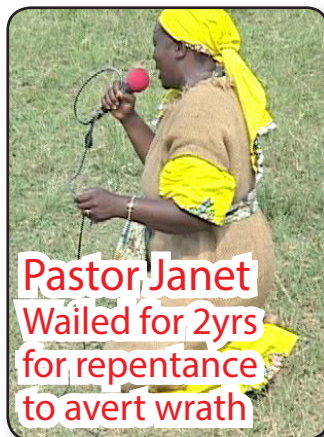

back as 2005. Earthquakes, earthquakes, earthquakes he prophesied but they refused to receive and in fact went ahead to preach peace to the nation when actually God had no peace with Kenya. But when the appointed time came, the

earthquakes happened and the blood is flowing. The Lord has made this into a strong statement that hints on the fact that the appointed time for the rapture has been set and no man can alter that clock in heaven therefore all these things shall come to pass.

The greatest remedy in all this,

is that the church of Christ in Kenya puts the appetites and passions of self-indulgence in the subjection to the Holy Spirit in order that she may become the light of the world and lead this nation to Jesus. In the natural order of things, she has gone virtually uninterrupted in her clamor for the world. It is by faith that she will be provided for, hence

no cause for alarm. It is through the same faith that her spiritual life is begotten. The church needs to seek for the heart-searching word of the Lord in order that she may purify her heart. The Holy Spirit is her only helper even in these painful days of the post-election mayhem, and he the

Holy Spirit is urging the church of Christ in Kenya to *hearken* to his counsel.

The hope that may still be lingering within the horizons above Kenya, is the hope that; would not he who had wrought so wonderfully in years past, manifest his power for Kenya's deliverance? The nation of Kenya should remember that he changes not. It is a fact that pain and anguish, in the refugee camps of displacements across Kenya is at its historic high. Such is the thought

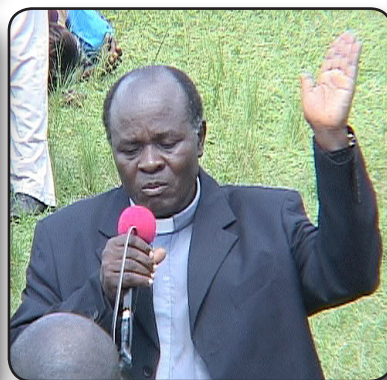

stirring the hearts of all the people who daily throng the refugee camps. The demand for confession of sins is forever established in heaven and on the earth, and it is the only door of exit through which Kenya has to pass to get out of the refugee camps.

The GOD of ISRAEL Is DEMANDING National Repentance!

Thus saith the Lord,

"Ye that wandereth within the gates of this nation, Repent for My wrath has come up against you."

This was the Word of the Lord that came to Dr. Owuor by voice,

on the early morning of February 10, 2007. Following this Word, Dr. Owuor urgently convened a national press conference in Nairobi, that was covered by all media, print and electronic, and aired as news items on the February 22, 2007. At this press conference Dr. Owuor intimated to the nation, what is in the heart of God regarding the state of sin in the land, and what would happen in the near

future to prove to them that the Lord had spoken to him on this matter of repentance. No one in Kenya can claim that they never heard this warning from the Lord. Dr. Owuor relayed very carefully that the Lord had consequently shown him the wrath of God that was coming to befall Kenya in the event that she fails to repent again.

God's plea for repentance in Kenya has been very clear ever since he sent Dr. Owuor to this land in 2004. At this press conference, Dr. Owuor spoke of earthquakes that were coming to the land in the event that Kenya failed to heed God's call to repent. He also outlined a series of tragedies that would hit the land as the judgment of the Lord enters the land. Among other things, Dr. Owuor talked of the cup of the wrath of God that the Lord had showed him

as completely overflowing. Again, in a desperate attempt to catch the attention of this nation, onto what the Lord was demanding, Dr. Owuor had appeared live on Citizen Television, in a programme hosted by Swaleh Mdoe, and called *Ana kwa Ana*, in which Dr. Owuor in the face of the entire viewership of this nation, he took a white cup, and filled it with water till it started overflowing. This took place on July 27, 2007, way in advance

of the current judgment that has totally consumed the nation to dysfunction. This, when asked what it meant, Dr. Owuor said, illustrated what the Lord had spoken to him about and shown him a vision, that the cup of His wrath was now overflowing over the land of Kenya because of her sins and iniquity. Again its understatement to say that Kenya, has been proverbial for her wickedness and a call to repentance required no justification before man or God.

Earlier on, Dr. Owuor had still warned of the impending judgement of the Lord in the event that Kenya failed to come to a complete stop, as one nation to repent before the Lord, in sackcloth, and ashes, and fasting

for three days. These words were not the words of man but the words of God Almighty himself.

Sure enough, barely four months from the February 22, 2007, press conference, every word to the letter,

that Dr. Owuor had placed before this nation came to pass when a series of earthquakes rocked the nation. Kenyans do not need to be rocket scientists to know that no single human being can ever shake the earth. They also do not need to be aerospace technocrats in order to perceive and understand that the true test of a prophet of

the Lord Almighty, is that when he speaks it must come to pass, however impossible that event may seem, be it the shaking of the earth from its age-old foundations, *it must come to*

pass. And when the cascade of troubling earthquakes rocked this land, people ran for their lives, and had nowhere to run to, in an event that greatly spoke of the

overwhelming nature of the judgment of the Lord when it arrives in the land. In this way, the Lord was giving the country of Kenya, a second order warning that if she failed to heed the words of his prophet, he would shake her very foundations in such a manner that she would have nowhere to run to. How come the church in Kenya, did not discern this and call for a major national repentance to avert that which has befallen the land now.

How about the Blood!, Blood!, Blood!, that Dr. Owuor has been prophesying as coming to this land of Kenya, for over three years? How about the DVD on the message Dr. Owuor delivered on October 8, 2005 at Gusii stadium, the DVD that has been

how the Lord Almighty, the God of Israel, fulfilled to the letter, every word of the tongue of his servant Dr. Owuor. Is God really on Kenya's side?

The Lord is calling for a total and complete national repentance in the land of Kenya. It is undeniably true that no amount of negotiations seeking human solutions to this problems, will avert the current precarious condition that the country has entered into. Judgment has come even as his servant announced in

advance and the solution is for the entire nation of Kenya to return to Jehovah Yahweh! This, Kenya must understand, is not a request or a plea, but a command that must be fulfilled if this country is to see the peace of God again. It is common knowledge that many people have been hurt in

many diverse ways to greater depths that a mere stroke on a pen on a piece of paper will not bring redress. Only the heart-mender, Christ Jesus the Messiah, has been given the authority to bind up the brokenhearted and to restore his peace in the land. The peace, Kenya has enjoyed in the

past, whether she likes it or not, came from the Prince of Peace that is our Lord Jesus. It did not come from all these other gods and religions that Kenya is now

exalting, and pledging loyalty to and covenanting with. This has brought the wrath of the Jealous God of Israel into the land of Kenya.

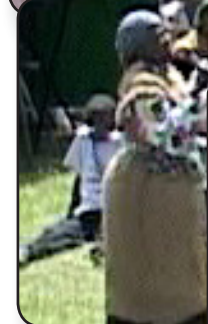

The pastors and bishops were told very clearly, on February 22, 2007, that if they did not repent and

turn away from their selfish pursuit or wealth and positions in parliament, the wrath of God would shake this land. To this end, Dr. Owuor said, earthquakes

would take place because of the exodus from pulpit to parliament. Many laughed and thought that these were the words of man. In fact many media houses presented Dr. Owuor as a crazy man, an act that speedily riled-up the anger of Jehovah, the God and Creator of heaven and earth, and all man therein. He is the One that gives them the breath of life every morning and yet they abused his servant, essentially abusing God Almighty, Himself.

Now, only and I repeat only, a national repentance, LIKE NINEVEH, will save Kenya. Otherwise, God is determined to sink her into the fiery pits of hell! Nehemiah, Ezra, King Josiah, Jonah, all were used to deliver this kind of message to nations under the judgment of the Lord, and God did not relent on his Word, till it was accomplished. The Lord He says, to Kenya, "That if at anytime, I will announce through My prophet, that a nation or a kingdom is to be uprooted, torn down and destroyed and if that nation repent of its evil, then I will relent and not inflict the disaster I had planned (Jeremiah 18:7). Kenya, the ball is in your court, and the church has surely, been rendered irrelevant like Dr. Owuor said during the February 22, 2007, national press conference. It is now upto the church to wake up and claim her position of leadership in time of crisis. Dr. Owuor has also prophesied horrendous famine that is knocking at Kenya's doors, awaiting to ravage the little of her that is left. REPENT KENYA OR ELSE. . .

It must be remembered that this is the moment when the sackcloth that Dr. Owuor has been championing across the country, for the past three years, as the only remedy, must be worn by all people in this land beginning from the king to the simplest man in the streets!!

The Rapture Of The Church

AND HE PRESENTED TWO WEDDING RINGS IN THE SKY

By Dr. OWUOR

Despite being the most anticipated and sometimes dreadful day coming to the earth, the rapture still remains the most obscure, and least understood phenomenon of the endtime events. Nevertheless, this frightening event will mark a major turning point and a climax in the lifespan of planet earth. However, it is fearfully astonishing to note that this day, which has such an enormous potential to significantly impact literary every living being, still remains very hidden to the church. As a result it is shocking that this day has continued to remain utterly unaddressed and consequently attracting even lesser and lesser attention across the globe. It is particularly interesting that this global lack of attention to the *rapture* comes at such a time when the signs of the endtime are all around us.

Are There Signs . . . THE PERILOUS TIMES

These signs cut across the globe in the relentless multimedia reportage of catastrophic instances of historic proportions that have all of a sudden plagued the planet earth. They include the record-breaking earthquakes, such as the astounding Asian tsunami that virtually split the Indian Ocean and changed the course of history of this planet earth; the humongous Pakistani quake that essentially wiped out an entire generation; the Peruvian quake that deleted entire cities thereby resulting into a calamity of monumental magnitude.

Today's generation has also been privy to monstrous floods of an order never seen in recent times. Such gigantic storms like Hurricane Katrina that have in the recent past visited planet earth, attest to these remarkable inundations. Katrina, for example, basically immersed an entire state and lay desolate colossal tracks of territory, hence leading to the largest human emigration of our time. The recent monsoon floods in Asia that went on to maroon up to a good record thirty-five million people in August 2007 around India, Bangladesh and its environs, elevated these floods to a new record high, never reached before. Needless to say, is the fact that these floods have become widespread even reaching Sudan, North Korea, Mexico, China, Germany, Ethiopia, Mozambique among other places.

This notwithstanding, strange and sometimes incurable diseases

such as HIV/AIDS, H5N1 bird flu, ebola, SARS, mad cow disease, have surfaced and brought the human race on its knees. These diseases have taken a grand bite of their share off this unique endtime generation, thereby leading mankind to wonder whether there is any public health safety system left at all.

Wars have also not been left behind. In this interlude, the world has been treated to the most horrendous wars such as the Iraqi war, which to date stands on its own as one of the most ceaseless war ever recorded in modern times.

The global war on terrorism and the upcoming Iranian war, have ultimately recruited all the nations of the earth into this *band-wagon*, thence creating a new world order. These and other historic events not mentioned here, have characterized our lifetime and literally redefining the spectrum of human suffering. Day by day, these monumental events have become the strong indicators of the proximity within which this generation sits towards the mighty day of the *rapture*.

On the other hand, the prophets of God, one after the other, in their holy manuscripts, have advanced the day of the *rapture* as the most critical moment of our lifetime and age. They have predicted the *rapture* to be the momentous day when ultimately, the earth will hit a finality. On this auspicious day, the spiritual wedding of the Lamb of God will take place, and in the skies right above the earth. This highly anticipated day will roll-out a cascade of historic events that heaven and earth have not seen before. It will all begin with the mighty shout of the voice of the archangel breaking the silence across the sky, and the sounding of the trumpet of God. This will immediately be followed by the historic opening of heaven into the sky, and the resurrection of the dead, from their tombs in a bizarre incident that will see the earth littered with open graves. Almost simultaneously, save for a few micro-second apart, will be the miraculous physical transformation of chosen living people, in what will be termed as the greatest sign and wonder ever since the creation of heaven and earth. As though this were not breathtaking enough, the highlight of the day will come when Christ the Messiah, in an unmatched majesty and glory, will literally come down from heaven and receive these elect, at that nick-of-a-second, as they ascend into the sky. All these events take place in the twinkling of an eye in a flash of a second. What is even more overwhelming, is that

the appearance of this day bespeaks a chaotic onslaught on earth and its inhabitants who will have been left behind. This description of the day that is dubbed the wedding of the Lamb of God, only fits a very secret day that will practically stun the nations of the earth with the dramatic disappearance of some chosen people among the living and the dead.

The Lord Jesus on this day will come like a thief, to snatch the holy church. In human terms, the despondency that will grip the earth, after the occurrence of the *rapture*, will be enormously unbearable and heart-wrenching. The upshot of which will be a chaotic and spooky scene characterized by empty tombs and coffins littering all across the earth. It is postulated that the sheer magnitude of accidents that will occur on this day, combined with the sudden disappearance of many people, and the complete crush of the entire global financial markets, will soften hearts to a level never seen at any one time. Needless to mention, is the horrendous traffic jams that will clog big cities across the globe, and failure in global security control systems, including nuclear and ballistic arsenals.

Be it as it may, understanding this powerful day, has still remained intricate, and to a large extent challenging. Interestingly, the obscurity surrounding the wedding of the Lamb is a complete aberration, because the entire bible is devoted to the events around and about the *rapture*. In fact, the day of the *rapture* is the single most important day in the lifespan of every person on earth. It is the reason man was created and the bible written. This is because this day will mark, for the first time, the entry of the church into heaven. Lack of the much needed teachings on the Holy Spirit in today's church, is to blame for the diminished revelation on the *rapture*. Therefore, simply put, the reason for which our Lord Jesus suffered rebuke and censure, is that mankind may live to see the day of the *rapture*. It is as though the entire process of creation will come to an end and a brand new dispensation will usher in on this august day of the *rapture*. Beyond the uncertainty and gloom of this day, will be the presentation by the Holy Spirit, of the glorious remnant church to Christ Jesus and the Father. This event that will take place in heaven, is honourably labelled the spiritual wedding supper of the Lamb of God.

The caveat in all this, however, is that this day will come utterly unannounced, hence leaving multitudes on earth, in perpetual perplexity. This calls for an urgent stringent preparation, by all people, for this day. God in heaven will use his age-old *criterion* of holiness, to determine the chosen few who are to celebrate this day in the safety of heaven. The sheer simplicity of the *measuring yard* with which the elect will be chosen, makes one wonder as to why for all this time

man has beclouded himself with human philosophies, and theologies that don't address the holiness of the Lord. Perhaps, it may be due to temptation that is prefaced with insinuation. Such insinuation are presumptuous of God, because only the holy dead Christians and the holy living Christians will partake of the *rapture*, and consequently eat the *wedding dinner* of the Lamb of God in heaven. This is the pinnacle of the blessings of God as prescribed by the bible.

PROPHECY ON THE SIGNS OF ENDTIME

Today, there is an increasing curiosity all around the globe concerning the sheer magnitude of catastrophic events that appear to be out of the control of man. The advent of information technology, coupled with aerospace science, has greatly improved *predictive science* to levels never achieved before. However, with all the advances in *predictive science*, there seems to be a growing inability on the part of man, to accurately predict the onset of such catastrophic events like floods, earthquakes, droughts, fires, diseases, among others. These catastrophic events, whenever they have occurred, have led to record loss of human life and property. It is for this reason, that a lot of effort has been devoted into satellite technology, in order to detect signature traces of these events before they happen for purposes of saving lives.

However, the effort doesn't seem to be paying off, instead this generation has witnessed some of the most record-breaking calamities ever since the earth was created. This has spurred-up a wave of anxiety on the safety of man, across the globe and right to individual households. In today's television footage of catastrophic events, be it earthquakes or floods, the newline stories would never be complete until there is the mention of the magnitude as being *historic* and *record-breaking*. The most obvious question then becomes, why would the most advanced generation on earth turn out to be the most vulnerable to the vagaries of nature. Concealed within the answer to this question, is a deep spiritual treasure that means heaven or hell for the church.

The Lord Jesus laboured earnestly for humanity, and treated his disciples in a every gentle and unobtrusive way to the point of sharing his heart with them. Perhaps, some of the most important secrets that the Lord ever shared with his disciples, was the secret of the signs of the times. He possessed a unique tact which allowed him to shrink from contact with multitude whenever it was his privilege to turn aside and pray. It is during one such event that his disciples passionately pleaded with him to reveal to them what the signs of his coming would be. And because he possessed a dignity and individuality that was wholly distinctive of his stature as the shepherd of the church, he gently revealed to them on the beginning of the birthpains that would grip the earth in the days

prior to his return. The birthpains encompassed the whole myriad of the historic catastrophic occurrences that today's generations watches when they turn their television sets on. These events are the historic and record-breaking earthquakes, floods, droughts, fires, etc. And contrary to human perception, the generation like ours, that is privy to these record-shattering catastrophic events, is a blessed and not a cursed generation. Blessed because these events are recorded in scripture as spiritual landmarks that were intended by the Holy Spirit for purposes of navigating the church into the wedding of the Lamb of God.

To qualify the role of these events in marking the endtime, the Lord has for sometime now been speaking with me on all the major catastrophic events prior to their appearance on earth. One such case, is the historic first Asian Tsunami which the Lord the God of heaven spoke with me about, one month before its occurrence. In that particular conversation, it was on the night of November 24, 2004 when the Lord he appeared to me, in a mighty vision of night. In this now, highly publicized vision, the Lord appeared to me in the thick dark cloud of his glory, and his voice came from within the thick dark cloud of his glory, saying,

"Go tell the eastern religions to repent in Christ Jesus, and I will restore them. Otherwise, they shall know that the Lord God has spoken."

Immediately following this conversation, with God in heaven by voice, the Lord lifted me in that vision into the future and allowed him to see what the Asian Tsunami would look like in the event that all mankind on earth failed to repent from sin, and especially eastern religions. Waking up from this vision, I was startled at what was about to happen to the earth, and immediately bore in my heart, a heavy burden for the nations of the earth. This was the reason for which I sent out the popular email that is dated November 25, 2004, an email that has been cited in several newspapers, television and radio programmes, periodicals, magazines, to mention a few. Furthermore, I pronounced this coming of the Asian Tsunami, in several ministers' conferences that I held in Kenya at Dama and Abbey Hotels on Luthuli Avenue in Nairobi. I spoke of historic floods that would kill record numbers of people. The emails that I wrote were sent across the globe hence warning the world, and way much in advance, of what was about to befall her. Most interestingly, I kept on asserting to the church that this event would mark the beginning of a cascade of record-breaking catastrophic events on earth, and would essentially change the history of the earth.

Those who may have thought that this was mere rhetoric must have been dumb-founded on the December 26, 2004, when the planet earth woke up to a day that they will never forget. The entire global population was treated to shock and stun when they watched on their television screens, the humongous earthquake that had split the Indian Ocean generating high speed floods, and killing man, as my words had proclaimed; record number of people

in Asian. (*See email excerpt*).

From this day on, surely, the planet earth has never been the same again, and hence experiencing more and more of such catastrophic events of monumental proportions. This is the beginning of birthpains, and it must occur on earth regardless of the sophistication of today's human technology, because it is intended to signal to the nations of the earth that the advent of Christ the Messiah has now drawn nigh. The beginning of birthpains is well documented in the book of Matthew 24 and Luke 21. They should be a source of joy unspeakable because the Redeemer is coming!

Another case worth noting is the coming of the disastrous hurricane Katrina. The Lord again spoke with me prior to the occurrence of this catastrophic event. It was on the July 11, 2005 when the Word of the Lord came to me concerning New Orleans and the East Coast of USA. In a mighty vision of the Lord, The Lord God spoke to me regarding the coming of a horrendous Atlantic storm to New Orleans. In this conversation, the Lord sent down two angels from heaven, and I saw them even as they were flying down from heaven and landed next to me. The angel on my left hand side spoke with me about the grand destruction that was coming to the earth. And he carried the scroll of the judgment of the Lord unto the nations of the earth. In this conversation, the Lord allowed me to hear the case being presented in heaven against the nations of the earth because of sin. The Lord highlighted to me on the rampant sexual sin in New Orleans and the entire East Coast of the US and Mexico. The Father also mentioned to me, the false gospel of prosperity that was defiling the church, false prophets, and false prophecies in the church, idolatry and witchcraft, nudity in the dressing of women in the church, among other sins. Promptly, even as the Word of the Lord reached me, I pronounced this judgment at a lunch hour prayer session in City Hall, Nairobi, Kenya on July 18, 2005 and July 20, 2005. At this time, the lunch hour prayer meeting was treated to a shock when all of a sudden I began to speak to the Atlantic Ocean, pronouncing judgment that was coming their way, if they did not repent in Christ Jesus. I then sent routine emails even to the US, informing them of this major decision that the Lord God had made regarding sin in their land.

Once more, this time coming exactly, after one month and nine days, the entire globe was treated to scenes of horror, when finally hurricane Katrina appeared. It slowly crept in undetected by the global storm-watching satellite system and wrecked havoc of unimaginable proportions, never before experienced since the birth of the US. Again, just like I had prophesied, dead bodies lay uncollected and the land became stench-ed up with death, and desolate todate. It is still amazing today, that when I prophesied the coming of hurricane Katrina, one month and nine days before its onslaught, noone took me seriously. And to watch news analysts all over the globe and across the networks, describe the storm as coming with *angry waves*, was absolutely stunning. Surely, God who had been telling the ocean where to stop every morning, was

now angry hence refusing to tell the ocean where to stop on that fateful August 29, 2005 day. Prior to the coming of hurricane Katrina, I had dubbed this prophecy as

**WHO TELLS THE OCEANS
WHERE TO STOP?**

On the Saturday of March 25, 2006, and Sunday, March 26, 2006, the Word of the Lord the God of heaven, came to me, and on these two days, I pronounced the coming of the two historic earthquakes in Iran and Russia. Five days later on Friday, March 31, 2006, a massive wave of historic earthquakes hit western Iran, around Lorestan, thereby fulfilling the Word the Lord had spoken through me. Then come the April 21, 2006, when historic earthquakes hit the far eastern part of Russia, bringing down even trains and uprooting railway tracks.

In the recent past, I have also prophesied the asteroid that came very close to the earth on the September 29, 2004. This I prophesied for more than six months prior to its being discovered by scientists, until it came to pass. I further also prophesied the Pakistani earthquake, Afghani earthquake, the East African quake and the bloodshed that has now hit Kenya. This bloodshed I prophesied on October 8, 2005, and has come to pass as I spoke the Word of the Lord.

These events are very critical to the church that is watchfully awaiting the coming of the Lord. They are the events that Jesus quietly whispered to his disciples about, regarding his return. The above events are the fulfilment of biblical prophecy and constitute the beginning of birthpain. It should be remembered that at the beginning of birthpain, the *rapture* takes place. This is immediately followed by the tribulation and the great tribulation before Christ returns to Jerusalem during the second coming.

PROPHECY OF UPCOMING EVENTS

- 1) The war coming to Iran
- 2) A planetary event that will present like two moons and travel across the sky followed by a spectacular eclipse above the earth

- 4) Floods coming to India
- 5) Earthquake coming to Pakistan
- 6) Earthquake coming to Texas
- 7) Earthquake coming to Lake Malawi region
- 8) Earthquake coming to Germany
- 9) Earthquake coming to Uruguay

THE WEDDING RINGS IN THE SKY

In what appeared to be a quiet night of prayer and fasting, came forth a very unusual visitation of the Lord, a visitation that would later turn out to be the mightiest revelation to the

nations of the earth. It all began in the wee hours of the morning of November 1st, 2006, at 3:00am, when the Lord God presented a mighty vision that has now become the turning point in the church of Christ. In this very powerful and amazing visitation, the Lord God opened heaven into the sky and made me focus on the mighty entrance to heaven. This entrance that the Lord opened into the sky was very brilliant and glowing with the glory of the Lord. The glory of the Lord, began to come out from the inside of heaven, into the sky. This glory that appeared at the entrance to heaven was in clusters around that part of the sky, thereby affording me a little precious glimpse of the stunning glory inside heaven. It is this glory, that prefigures the fulfilment of the latter outpouring of the Spirit of the Lord in the days prior to the rapture. This glory is symbolized by the massive cloud that came down on the mount of transfiguration when Jesus spoke to the two servants. Out of this cloud came the corrective voice that corrected the erroneous utterances of Peter and yet articulating the centrality of the importance of listening to Christ. This is the glory that purifies the church prior to the wedding of the Lamb.

The spectacular manifestation across the sky was so magnificent and breath-taking, that it was a once-in-a-lifetime sight to behold. As I got caught up by this overwhelming heavenly event, that was unfolding right before my eyes across the sky, all of a sudden and in a dramatic shift of events, out of heaven came two gorgeous wedding rings. In this whole amazement, these two wedding rings, initially appearing as very tiny, from a distant depth within heaven, were enveloped by the brilliant glory of the Lord in an impressive revelation. However, the more these two elegant wedding rings were being removed from the inside depths of heaven, towards the entrance that was opened into the sky, the larger they became thereby displaying a fine piece of divine and excellent adornment.

Following this phenomenal experience, the Lord God then took a unique and lavished antique-like golden casing, that contained the exquisite wedding rings and positioned it on the left hand-side of the entrance to heaven. At this moment, as this excellent display was unfolding, it all of a sudden dawned on me that a historic sign and wonder of this age, a kind never seen since creation, was rolling out right before my very eyes in a mighty visitation of the Lord.

Furthermore, these marvellous and exceptional rings, surrounded by so much heavenly glory that filled the entire sky, left me in awe of the might and power of the Lord God, the author of all creativity and originality. At that point, the Father then, got me looking at these absolutely exquisite wedding rings very closely. Once the Lord God, our Father was assured that I was focused and paying complete attention to these two extraordinary wedding rings in the sky, He then began to flip them gently and very slowly all around in every direction, so I could see all the sides of these rings. As I intensely studied the wedding rings carefully, it was evident to me that they appeared to have been held together. At this juncture, the Lord

God then separated them out to detach them from one another. After which He then placed a gorgeous golden case that contained the two rings on the left-hand side of the entrance to heaven, in a symbolic act of the emptiness that will consume the earth when the *wearer* of one ring will have been taken away. This wearer is the holy church of Christ. She is also the light of the world, and when this church is taken up, a deep void and emptiness will consume the earth.

Design Of The Rings

MESSAGE TO CHURCH

Initially, after the Lord God presented the two precious wedding rings in the sky, I immediately realised that the Father was laying stress on the remarkable heavy decoration that was adorned on one side of both rings. However, the side of the ring bearing this ornamentation, created a near flat-top design, that lay emphasis on the great novelty, uniqueness and purposefulness in the way the Father God took His time to develop these wonderful rings. In addition, the adornment that elaborately embedded the wedding rings, were intricately crafted with the purest form of rich gold, surrounded by so much shimmering glory. Needless to say, the gold that endowed the rings was shiny and glittering like diamonds, yet not losing her inherent golden attribute. What's even more fascinating, is that the entire surface of each ring was well textured, with little beautiful protrusions of dots of the rich gold finishing the surface. Interestingly, the Lord made me be aware of the fact that the emerging surface actually formed a texture that one would feel as gripping the fingers, upon touching these wonderful and miraculous spiritual rings.

One thing that stood out to me quite clearly, was that, as I scrutinized these intricate wedding rings even more closely, I then realized that they were very identical, just like mirror images of one another. Without a doubt, it became even clearer to me that besides the complex design and presentation of these two marvellous spiritual wedding rings, the Lord, the God of heaven, actually intended to relay a special and deeper spiritual message to the church of Christ on the importance and quality of this wedding, both to him and the church.

A further examination of these two precious wedding rings that Jehovah, the creator of heaven and earth, presented to me in the sky, on November 01, 2006, undoubtedly bore testimony of a mighty revelation about what is expected of the church (spiritual bride of Christ) in this up-coming and highly anticipated glorious spiritual wedding of the Lamb. This revelation, hidden in the design of the rings, can only be unveiled by the help of the Holy Spirit. It is only He, the Holy Spirit, that can help each reader unveil the deeper mysteries about Christ, that are purposefully hidden in this new and historic phenomenon that planet earth will finally have to live to see. The presentation of the rings, let alone the complex architecture endowed in them, greatly speaks

of the narrow count down into the ultimate finality of the much awaited major fulfilment of the holy bible. This fulfilment is the very purpose for which scripture was written by the Holy Spirit of Jehovah God. The accomplishment of scripture occurs at *rapture*. When the rings are ready, it simply means that the wedding preparations have been finalized in heaven. It is a wake-up call to the church to be watchful 24/7 as the clock ticks in zero-count down.

What further amazed me in this visitation, is the fact that, the simplicity with which the rings finally appeared in the sky, is such a major peak spiritual event. This event occurring at the entrance of heaven, essentially sums up the simplicity with which the chief bridegroom (our Lord Jesus) entered the earth to purchase His holy spiritual bride. For Jesus to wear the same type of wedding ring as the church, it reveals of the noble simplicity of the Messiah, a simplicity that the church must wear. Jesus was born in a cow shed in Bethlehem, (Luke 2:7), with such simplicity. In addition, this then gives rise to the final simplicity in the design of these wedding rings, at the peak of this much anticipated spiritual wedding (*rapture*) and even portraying the simplicity with which Jesus completed His glorious mission at Calvary. Even greater is the simplicity with which Christ the King of glory accepted to come down to earth in order to wear the sinful nature of man. This is the simplicity that allowed him to be like the church, loving her as she is.

Furthermore, this means that Christ is placing a burden on the church that will *rapture*, to wear simplicity as a prerequisite (Isaiah 66:3). Given that these are spiritual wedding rings, then one quickly realizes that Jehovah God respects and honours humility and simplicity as key spiritual characters as one approaches His mighty throne.

I, then could immediately pick out that these intricate and very glorious wedding rings are uncorrupted, obviously not bearing anything worldly in them, yet they vividly express originality. At one point in this mighty vision, I realized that these rings cannot be even be found on earth hence being entirely heavenly and invaluable. It implies that our Father in heaven treasures the original faith in Christ Jesus, a faith that was won at Calvary.

The Gold

PURITY OF THE CHURCH

The rings speak mightily to the spiritual bride of Christ, the *rapture* church. They hint at the purity of faith, without contamination or defilement of any kind, and in complete holiness. Remembering very well, that Jesus was born in Bethlehem, the wisemen brought three gifts of *pure gold*, *frankincense*, and *bitter myrrh*. These gifts symbolized the message of the Holy Spirit to the church. The *pure gold* represents the royalty and purity of God that Christ had brought to the church. While the *bitter myrrh* relays the bitterness which purified Godliness brings into the life of the church. *Frankincense* conveys the message that; for the

church to live in the holiness of God, which Jesus had brought, the church would have to face a bitter rejection from the dark world, and yet in that way, be able to emit a precious fragrance unto our Father in heaven. This fragrance attained in bitterness would saturate the throneroom. This is what pleased the Father and led to the atonement of the sins of the church from the life of Christ.

And for the Lord, to now present gold again, to the church, he surely must be reminding her of the royalty and purity of the kingdom of God that Jesus brought. This message is embedded in the wedding rings and intended for the church that would like to enter into the kingdom of God. Therefore, without a doubt, the awakening truth is that these rings would most definitely not be attractive to the world. A feature that is so revealing to the church that will be caught up with Christ. The Lord is saying that the church should not be attractive to the world so as to be attractive to the Messiah, the Redeemer of all man (Matthew 7:13-14).

The Rings & Calvary

THE FIRST CHURCH

The identical spiritual wedding rings in the sky, convey a critical and much needed message about the original faith and holiness that is embedded at Calvary. This is the faith and holiness that our Lord Jesus presented to the church, when he purchased her thereby redeeming her from sin. Put in modern terms, Jesus found the church in the pits of hell, and gave her a new lease of eternal life at Calvary. It is that particular redeeming original faith and gospel that the wedding rings were portraying in their design. In preparing these wedding rings the Father our God in heaven, the only one that knows the day of the wedding, is essentially telling the church that wants to enter the *rapture*, that he, the Lord, still adores, admires, treasures, honours and cherishes, the original, *durable incorruptible* qualities embedded in the first primitive, holy church.

In other words, these heavenly, spiritual wedding rings are spiritual antiques of the christian faith,thereby showing no loss of quality, stature, character, treasure and value, that was embedded at Calvary. This was made possible through the precious blood of Jesus. The maintenance of originality and antiqueness in these rings is a revelation on the need for the church that will wear one of them, to maintain the faithful original salvation and holiness of our Lord Jesus.

In other words, presenting the two glorious golden rings in the sky, revealed the character of the spiritual bride of Christ. The Lord pointed today’s church to the valueless treasure that was endowed in the primitive first holy church of Christ. Today’s modern church must return to this first primitive and holy church, that is worthy of wedding the chief bridegroom.

Pursuant of this, the two golden glorious spiritual wedding rings in the sky hence became an exposition of these combined qualities for the church; simplicity, humility,

holiness, righteousness, faithfulness, obedience, trustworthiness, tranquillity, peacefulness, longevity, stability, integrity, maturity, originality, among others. These she must wear to wed Christ. It is interesting that among the qualities on display by the Lord are longevity, and durability, which actually illustrate the character of the Holy Spirit in the church. The Lord again on this day directed the church to the Holy Spirit. Only the Spirit of the Lord can help the church to faithfully observe the original pre-wedding covenant that Jesus laid down for her at the last supper. That is the meaning of the longevity and durability that Jehovah God was emphasizing in the wedding rings on November 1, 2006.

The Rings & Eternity

APPRAISAL OF THE CHURCH

The fine purity and thickness of the gold on the wedding rings, signify the unmatched royalty and wealth of the kingdom of God, to which the church is entering. It is common knowledge that the purity of gold, the higher the karat and the higher the price. If this is the case in human terms, then how much more costly are these two wedding rings in heavenly terms. The Lord in so doing performed a major appraisal of the value of the church. In other words, he is telling the church that she is not cheap and should not settle for some cheap worldly compromises. For example, considering her lifespan, her earthly lifespan is a mere 100 years while her heavenly lifespan, is eternal. As an analogy, even after 1,000 trillion years of her life in heaven, are over, the eternity of her lifespan will appear like has not yet began. There is no comparison whatsoever between her heavenly worth and earthly worth. Surely, on November 01, 2006, when the Lord presented these costly wedding rings in the sky, it became a major wake up call to the church, as he arrayed just a little glimpse of the endless wealth and treasure abound heaven and awaiting the *rapture* church. This is a major appraisal, validation and restoration of the church so she may be heavenly focussed. These are the qualities of Christ Jesus in this spiritual equal yoking (2 Cor 6: 4-18), which qualities the bride of Christ must, and I repeat, must, wear to be yoked with Christ.

The authenticity portrayed on the gold in these two wedding rings is figurative of the inscription and seal of approval of the Lord. It presents originality which essentially reflects on the first original gold that the Lord created in the garden of Eden in the land of Havilah. That gold, the Lord described as good gold. When God says good, he implies holy. Therefore, the authenticity and originality on display in the wedding rings signifies the inscription of the seal of approval, which is the original holiness of the Lord, an approval the church must wear. (Genesis 2:11-12; 2 Timothy 2:19-20).

No wonder, it is He, the Father God that knows the date, day and hour of the wedding and has taken the onus upon himself to design and prepare these precious wedding rings, through the Holy Spirit. This in itself is a very mighty message to the church. It is a revelation on the

scripture in Rev. 19:6-9 which asserts that the entire heaven goes into a state of jubilation and felicitation on the day of the wedding of the Lamb. In other words, it implies that in the calendar of events in heaven, the day of the wedding of the Lamb is the most important day in heaven. In this way, the Lord was asking a question to the church; “Is the day of the wedding of the Lamb also the most important day in your calendar?” And if surely, the day of the rapture is supposed to be the most important day in the calendar of church, then the church should be fully preoccupied with the preparations for this day because it will be a make or break.

The Identical Rings

& THE AUTHORITY OF CHRIST

As the Lord continued flipping the two wedding rings in the sky at 3:00am, on that November 01, 2006, historic and landmark visitation, he essentially displayed all the sides of the rings. At that moment, the mighty and most powerful voice of the Lord God Almighty, coming from my right-hand side said,

“From today on, all authority in heaven and on earth has been given to Christ Jesus.”

First and foremost, one can only imagine, what a terrifying, awe-inspiring and overwhelming experience it is, to encounter the voice of Jehovah, the Lord God Almighty, the creator of heaven and earth. It was the most breathtaking moment of my life and it marked the peak of this mighty visitation of the wedding rings. That finally the voice of the Lord Almighty could be heard audibly explaining the events I was witnessing. There is no greater moment of reality than this. And, it in fact conveys a message of the changing of the times, because now God can speak audibly with man again.

In all this, the voice made me understand that there was now an even greater depth and gravity on this event that was unfolding in the sky. It had now taken a turn that appeared to go beyond the skies and involve heaven and earth. In a simple perception, it is possible to see that through these two wedding rings in the sky, there was now going to be a major change of events in heaven and on earth. In other words, these two wedding rings signified more and in fact become the epicenter around which the events in heaven and on earth would begin to change. By presenting the rings in the sky, the Lord spoke much to the church and the entire universe. The appearance of the voice of God enthroned Christ Jesus not only in heaven, but also on the earth. I understood that on this day, the Lord made Jesus central to all creation. And in this conversation, he appeared to have enthroned him, a process that seems to be centred around the wedding rings. It implies that, on the day when the church that Christ redeemed with his Blood on the Cross at Calvary, will finally enter into heaven, that will be the day when the Lamb of God will have been enthroned with full blown felicitation and jubilation. This is the day when the honour-giving mission that Jesus accomplished on

the Cross will bear fruit in heaven. He is the first fruit and first born over all creation and hence all the other fruits from the earth, that have followed after him, will too be able to enter and be seated before the Father (Colossians 1:6-18). The authority of God that was being bestowed upon Christ Jesus through the wedding rings, is the power that allows Him to redeem the dead during the *rapture*. On the day of the rapture, scripture will be fulfilled when Christ the Messiah takes complete authority over death, crushing its sting on man, and allowing the holy living christians to be translated, to wear glorious bodies and catch up with the Lord in the sky. It is will be the fulfilment of the scripture in the church, the scripture that says that Christ the Messiah locked the gates of hades. The highest expression of dignity that the church has ever received will take place on the day of the *rapture*. It is because on that day the *raptured* church will be dignified (John 14:1-10).

The fact that the two wedding rings in the sky are very identical, being mirror images of one another, reveals much to the church of Christ. The church is the ambassador of Christ on earth and therefore, must wear the character of the Lord Jesus. The most important of these characters, is the holiness of the Lord. Without sin he came and without sin he left. However, wearing the holiness and righteousness of Christ requires that the church receive the Holy Spirit and crucify the flesh (Ephesians 4:22-24).

When man was created, he was designed to be in the image and likeness of God (Genesis 1:26). The image and likeness of God has no death, and is without the sinful desires of the flesh. However, the church right now is in a state of sin and death. Therefore, it is prudent to say that only on the day of the rapture will the raptured church overcome death, wear a glorious body, and be in the image and likeness of God. Since, the wedding gown is prepared right here on earth, and used to enter into the eternal kingdom of God, then it is important to realize that by presenting the wedding rings in the sky, the Lord was literally telling the church to perfection her sainthood. It is a call to holiness that the Father made in the sky. The church is being called to enter into holiness in preparation for the kingdom of God.

Moreover, the Spirit of the Sovereign Lord, lavished us by bringing Jesus to redeem man, (Luke 1:35), and anointed Him, (Matthew 3:16), helping Him to overcome the tempter in the wilderness of repentance, (Matthew 4:1-11). The Holy Spirit finally helped Him to the cross (Mark 14:32-41), and resurrected Him from the dead, thereby over-coming death (Matthew 28). When it was all finished, the Spirit of the Lord ultimately raptured Jesus into heaven (Acts 1:7). He is the same Holy Spirit that is right now preparing the perfect bride of Christ (Matthew 3:11-12). By presenting the spiritual wedding rings in the sky, the Lord was essentially emphasizing to the church on the need to transform into a spiritual being, never walking in the sinful flesh again. The Holy Spirit is available and capable to help the church see the wedding of the Lamb.

The Wedding Rings

UNVEILING REVELATION

There is nothing that the Lord speaks about that he is not speaking to the church of Christ. It is for this reason, that every conversation, the Lord has spoken with man must be found in scripture. However, because of his infinite wisdom, when the Lord speaks with man, it takes the revelation of the Holy Spirit to fully comprehend the concealed message to the church.

The wedding rings that the Lord presented in the sky, in that early morning of November 01 2006, were made of very rich, pure and highly refined gold. It is a reddish-brown gold that has a light tinge of diamond-like yellowish sheen. Considering that it is the Lord Almighty preparing the wedding rings, then the gold he used is symbolic of how much he endears his one and only precious Son Jesus Christ. And in this chronology, it is now then possible to say that, the spiritual gold must have been refined and purified to the highest level ever possible in heaven. Because the Father loves Jesus so much, he has made him the darling of heaven, and glorified him. The purity, therefore, of the gold selected for the wedding of the darling of heaven, must be the highest ever. This definitely calls for the highest level of refinement. In doing this, the Lord of heaven, was actually revealing the character of the bride of Christ. As we can see now, it is a very highly purified and refined character. Understanding what the Lord is saying to the church through these novel wedding rings, requires that the processing of pure gold be explored.

In an analogy, the process that leads to purification of gold, normally requires fire. And as the gold ore is passed through the fire, the fire has the capacity to melt out and purify out all the contaminant metals like aluminium, iron, zinc to mention a few. The higher the karat of gold, the higher the process of refinement. It might involve passing a purified gold through another regime of fire, one of even a greater temperature. This is a precept that augers very deep into the life of the church, because the Lord is commanding the purification and refining of the church prior to the *rapture*. It also gives a new meaning to the scripture in the book of Zechariah 13:7-9, in which the Lord essentially describes the process that makes the remnant bride of Christ. It is no coincidences that in Zechariah 13:7-9 the Lord implores on the use of fire to purify the remnant and refine her like silver, while test her gold-worthy. It is symbolism that the Lord was developing for the church of Christ in order to purify her from sin so she can be Christ worthy. In the wedding of the Lamb of God, there will be pure glamour and majesty, and absolutely no room for defilement. This is a revelation that puts a very heavy burden on the church, that she may purify out from the world, and from the sinful desires of the flesh. Only this type of refinement will redeem the church and allow her into the *rapture*. The fire that Zechariah, the prophet of the Lord, was talking about is not a physical fire, but the spiritual fire of the Holy Spirit. Likewise, the golden rings

in the sky are not physical rings but spiritual. It is awesome that finally we see the inner content of the message in the wedding rings. The content of this message to the church is that there must be the visitation of the fire of the Holy Spirit in the house, for the church to be purified and refined for *rapture*. Right now, the church is mingled with the world, and is in much need of deliverance from sin. Scripture has described that the remnant bride of Christ will be radiant on that day. Now, we can understand how that radiance will come about. It will come about from constant process of spiritual purification and refinement, a process that will buffet her into the direction of holiness.

In the book of Isaiah 40:1-5, the Lord is pleading with the church to prepare for the *rapture*. In his plea, he tells her to bring down the hills and the mountains that have been exalted in her heart. He also asks her to raise the valleys of depression from sexual sin, witchcraft and many others so that she may prepare the way for the coming King. This is the purification of the church that enters the rapture. However, in Matthew 3, the Lord hints to the church about this dispensation of repentance and purification. There is an interesting inclination of purification towards the judgment of the Lord. He says that the axe is already at the foot of the tree demanding the good fruit of repentance. It is this very inclination towards purification judgment that Zechariah, the prophet, saw when he said, that the Lord will strike the shepherd and scatter the sheep, a whole two-thirds of them. It is the reality of the Lord that He is holy and separated from sin, therefore, the church that comes into his presence in the rapture must be purified from sin. This is the meaning of being Christ worthy. Christ worthiness of the church is what marks her with the identity of Christ, in which case she becomes Christ's ambassador on earth. Furthermore, the Lord is the light of the world and he ordained the church as the light of the world. In these kinds of scriptures, the intention of God to make the church be like Christ, becomes much clearer. It is the reason why when he made the wedding rings, he made them from the same source material of gold, and when it came time to design them, he developed very identical rings. For this matter, purification of the church is a must if she is to see the glory of the Lord.

The Wedding Rings
& THE SPIRITUAL TABERNACLE

The Lord Jesus, is the honoured and the dutiful Son of the Lord Almighty. The Lord in heaven has given him authority as the head of the church, and King of Israel, and all nations. Apart from this, The Lord in heaven has treasured him as the eternal light in the house of God in heaven. It is for this reason, that God in heaven, allowed Moses a little glimpse of the spiritual tabernacle in heaven. Following this visitation of the Lord with Moses, God commanded Moses to build a tabernacle of worship on the earth and ensure that it bears all the marks and traces of the heavenly tabernacle.

In the design of the tabernacle

that Moses built for Jehovah on earth, there is a concealed spiritual treasure that the church has not yet explored. It is astonishing to realize that in the design, and the act of worship that occurred in that tabernacle of Moses, the Holy Spirit was essentially revealing to the church the basic tenents on the wedding of the Lamb of God (Hebrews 9:1-10).

When the Lord presented the wedding rings in the sky on that mighty November 01, 2006, it essentially opened the way for mighty revelation to be accessed in the church. When heaven opened in that visitation, there was a massive out flux of the startling glory of the Lord from the inside of heaven into the sky. This was a very prophetic act that God performed to the church because he fundamentally demonstrated the massive outpouring of the glory of the Lord that precedes the rapture of the church (Joel 2:28-32). The massive outpour of the Lord's glory is meant to give the church revelation that she may be enlightened about the times and prepare promptly for the rapture.

One such revelation comes from a careful examination of the tabernacle of God that Moses raised on earth. This tabernacle had the design of the house of the Lord in heaven, and celebrated glorious worship in which the presence of the Lord visited the people. It was designed such that there would be an outer court called the holy place and the room behind the curtain called the Most Holy Place. In the Most Holy place was the gold-covered Ark of the Covenant of the Lord, the golden altar of incense, and the golden jar of manna. While the ministers and the congregation thronged and performed their daily duties in the outer court, only once a year, and only the high priest entered the most holy place, but never without blood.

This is a very intricate revelation on the rapture, because in this way the Holy Spirit was showing the different levels of purification and refinement in worship that was required for the church to finally access the presence of the Lord. Upon sacrifice, the glory of the Lord often filled the holy place. And by this, the Holy Spirit is reminding church of the rupturing of the veil that separated the presence of God in the Holy of Holies from the defilement that was being entertained in the outer court. The Lord is alerting the church of her right to access the Holy of Holies, where every article is golden. Gold is the purity and royalty of God. While in the outer court bronze and brass articles are in use for worship, in the Holy of Holies all articles are golden. And because the wedding rings are golden, then it becomes very easy now to understand that the wedding of the Lamb of God will take place in the spiritual Holy of Holies. Inside the Holy of Holies, there is no comedy, no false prophecies and falsehood of any kind, no sexual sin, no witchcraft. In the Holy of Holies, there is the serious presence of God and the one-on-one fellowshiping with God. This is what will happen on the day of the rapture, when the Holy bride of Christ, will finally fellowship with God on a one-on-one basis. So the Lord is asking the church to get out of the usual

and casual relationship that she has sustained with Jesus for a long time, and to move into the Holy of Holies where the fire of the glory of God purifies and sanctifies.

The appearance of the glittering golden wedding rings in the sky, on that November 01, 2006, prefigures the dawning of new and important era to the church that is aspiring for the rapture. Like the unsheathing of a sword, this revelation testifies to the beginning of the new communion between the church and the Lord. It is the dispensation of open heavens thereby requiring the sacrifice of perfect worship without deformity. In the recent past, today's modern church has deformed worship through prosperity preaching, immorality, homosexuality among the servant, false prophecy, false prophets. These are impurities that she must cast aside as worthless before the Lord. The open heavens now allow the church unlimited access into the Holy of Holies, from where she ceases to preach the casual gospel of the outer court and indulges herself in a divine Holy Ghost fire driven ministry unto the Lord. The opening of heaven and the arrival of the wedding rings in the sky, quickly noises the much awaited final fulfilment of scripture in Rev. 3:7-8, in the church. The church, however, needs to be aware of this open door in heaven and take advantage of it to purify out for he says,

“These are words of him who is holy and true, who holdeth the key of David. He that openeth and no man shuteth, shuteth and no man openeth. Behold, I have set before you and no man can shut.”

This is the message that the wedding rings in the sky, relay to the church on November 01, 2006 at 3:00am. He says the door he has opened for the church, no man can close. The church only needs to get her act together, cast aside the worthless values she has incorporated into worship, and prepare herself a new as a vessel worthy of carrying the endtime anointing of the Lord. The hoax that pastors have propagated in the church over the years when they perpetually say “I feel the presence of the Lord here or there is a mighty anointing of the Lord here. . .” while in the actual sense no such presence was felt in the church, that lie must now end because the real heaven is open to the church. All that the church leadership needs to do is to face the truth and reality of the moment. The scriptures say that when the Messiah appears, the remnant rapture church shall be like him implying that there will be no hoax or lie but a true character of Christ in the church (1 John 3:2). Therefore, the church must move into the Holy of Holies where the ark of the new covenant of the Lord is. At that place the glory of God is and the voice of the Lord can be heard. The today's modern church is most definitely sitting, defiling herself and laughing with the enemy in the outer court. She needs the fire of the inner court to purify her detestable act. The church in Kenya is this modern church that so much needs purification, if she is to make it into the rapture.

However, the church leadership should be aware that no occasion will be given to the charges of claim by

the enemy during this dispensation of the Holy of Holies. It can be remembered of Samuel, the prophet of God, that when he was lying next to the ark of the covenant of God, a new priesthood was birthed out while the old Eli priesthood of defilement faced the wrath of God. In like manner, the appearance of the wedding rings in the sky, signals the coming of the judgment of the Lord against the defiled priesthood in the land of Kenya, and other nations. This is because the Lord is now longing for an intimate relationship with the church and this can only be accomplished through the action of the Holy Spirit in the church. The intimation of these wedding rings in the sky, acts as a warning shot in the air, that the Lord will from now on not tolerate a church that bears a defiling similarity with the world.

New wine cannot be placed in an old wineskin. The Lord has purposed to search diligently for a church leadership that will build him a new house the dwelling of the latter glory. In the recent past, the church leadership has been busy accumulating the wealth and fame of the earth, hence they have not unmingled themselves with contempt. But now time has come to go up the hills, get timber, and build a new house unto the Lord, the resting place for the Holy Spirit (Haggai 2:6-9). When the Holy Spirit descended from heaven and rested upon Jesus at baptism, in this way, he that bore our sins, was telling the church that when heaven opens, the Holy Spirit of the Lord constantly searches for a resting place. And when he finds such a church, in these last days, he will dwell in her and cause her uptuned face to become glorious. The duality of the act of the Holy Spirit, in baptizing the church with wisdom for ministry, and with fire for purifying and burning the chaff (sin) (Matthew 3). Today's church of Christ needs this purifying fire in order to restore the original calling that God had on his servants. In this calling, he called the as apostles, prophets, evangelists, pastors, teachers, with the one and only intention, that they may prepare the church for the rapture. This is the blessing that the church received from God. It was not a blessing of earthly wealth, which as a matter of fact has driven many christians further and further away from God (Ephesians 4:11-16). The priesthood of the Lord, pastors were not called and raised for the political and economic systems of this world but for the perfectioning of the sainthood in the bride of Christ for the rapture.

A further acquaintance with the wedding rings that the Lord presented in the sky, on the mighty November 01, 2006, unveils yet a deeper message from the throneroom of God to today's church of Christ. Given that the wedding is a spiritual wedding, and Christ the Messiah is the Spirit-filled man, and the kingdom of God to which the church has been invited, is a spiritual kingdom, then it goes without saying that these wedding rings in the sky are spiritual wedding rings. Therefore, the tidings coming out of the November 01, 2006 announcement, spread a mighty message to the church that she must now transform into a spiritual being. This transformation will demand of her that she embraces

the Holy Spirit. It becomes the most important preparation of her life that she may enter eternity with God. In a snapshot, the church is reminded of the five wise virgins who heeded such a call and prepared by receiving the Holy Spirit (jar of oil) and the light of their lamps lit through this dark world, and also entered into the rapture. That implies that in this trumpeting by the wedding rings, the trumpet call that is warning to prepare, if the church will heed and begin to refine in holiness, that holiness has eternal implications in her life. That holiness is the fine linen, bright and clean that she needs for the wedding of the Lamb (Rev. 19:6-9; Isaiah 61:1). Therefore, the good tidings emanating from the sky that has now been punctuated with an open heaven and the wedding rings, is an announcement of the centrality of the Holy Spirit in the church. In other words, the Lord is saying that the reign of the Holy Spirit in the church has arrived.

Many nations of the earth are very good at looking at the sky and accurately predicting what is coming, be it rain, or spring, or just by looking at the color of yellowing leaves, and they can tell that the autumn is here. But how come that now the church cannot see that the sky has changed, and that a new season is nigh. In the sophistication of today's predictive electronic science, the church has lost the sense of perception. It is absolutely very clear that the current presence of the two wedding rings in the sky means that the new season has arrived. This is the season of repentance to prepare the way for the kingdom of God. It is the season of gold, implying the season for purification. How can the church of Christ continue in the self-indulgence of prosperity preaching? What the church needs right now is the fiery Holy Ghost filled message of holiness.

The fact that the two wedding rings the Lord has placed in the sky are very identical, also relays a special missive to the church. This report being delivered to her is an invitation to the wedding of the Lamb. However, it also stipulates clearly the requirements at the gate of the entrance to this wedding. One of the main conditions for the wedding, is that there be no unequal yoking. In which case, Christ being holy requires a holy bride, Christ being Spirit filled requires a Holy Ghost church (2 Corinthians 6:14-18).

This required transformation in the church must however take place very fast because time is running out. Everytime a wedding is planned, and the rings are ready, that means that the preparations for that wedding have been finalized and that wedding is ready. Moreover, the coming of the Lord in the rapture will be surprising, swift and unannounced (Rev. 16:15). None among the church can understand the gravity of the import of these rings from heaven into the sky, without the help of the Holy Spirit. The Holy Spirit is, at the moment, telling today's church not to take for granted, the message embedded in the wedding rings that appeared on November 01, 2006. There location at the entrance to heaven, is a message that should send chills along the spine of the church. This is because God is hinting to the church that the only way to enter into the kingdom of

God is through the wedding of the Lamb. And, any failure to prepare for the rapture will directly plunge the church into the eternal pits of hell. The church should not even contemplate pondering upon this matter but immediately take action and separate from the world and the prosperity churches of the world. Tied to this, is the great adornment with which Jehovah has decorated the wedding rings. This pampering of the rings that he placed in the sky, speaks of the state of his heart regarding this matter of the wedding of the Lamb. The Lord is saying to the church, that all things put together, the wedding of the Lamb is the most important thing in his heart. For which reason he is using it as they criterion for accepting or rejecting the church. Those who will prepare in holiness, and make it into the rapture, he will accept and institute eternal fellowship with them. To them belongs the kingdom of God. But, the church that fails to enter into the rapture because of her filthy and detestable defilements with the world, that church, He will eternally reject and throw her into fire, for the Lord will not dispense with holiness. The exception is the Hebrew church.

Vision Of The Rapture
Of The Asleep In Dust:

REVELATION TO THE CHURCH

The event of November 01, 2006, was an act of tenderness and dignity which the Lord is extending to today’s church of Christ. This kind of evidence of God trying to reach out to the church, is manifestation of faithfulness that must be treasured today in the church. By sin, the modern church has been cut off from heaven and alienated from communing with God. But now the Lord is extending a helping hand that he may restore the fallen church of today.

The demonstration of this reaching out by the Lord, can be seen in the follow-up visitation of the Lord that occurred on the November 26, 2006. At this time, in yet another mighty visitation of the Lord, he spoke with me about the rapturing of the dead. It was about 5:00am in the morning, when the Lord, He lifted me up above the earth, and from where he had lifted me to, I looked down and could clearly see the earth. At that instance, I saw what looked like an earthquake hit the earth, because the surface of the earth was cracking, with dust and soil particles being thrown up above the surface of the earth. Then, all of a sudden, the voice of the Lord, the God of heaven, coming from my right-hand side said,

“Look and see how many of the asleep under the dust of the earth are caught up in the rapture.”

Immediately, following the mighty voice of the Lord, when I looked then I realized it was actually not an earthquake, but the rapturing of the dead. In continuing to observe the events as they unfolded, I saw people rapturing from their tombs and they were wearing their glorious bodies. Initially, and close to the surface of the earth, the glory of the Lord was mixed with dust but the more

they were taken up into the sky the more they went into the pure radiant glory of the Lord. At that time, I immediately realized that it was the glory of the Lord that pulled them from their graves. Once in the sky, they became more glorious even as they approached the glory of the Lord. Then heaven opened and they were caught up with the Lord in the sky, and entered heaven.

However, the mighty voice of the Lord, again coming from my right-hand side said,

“And the majority of them have remained in the dust under the earth.”

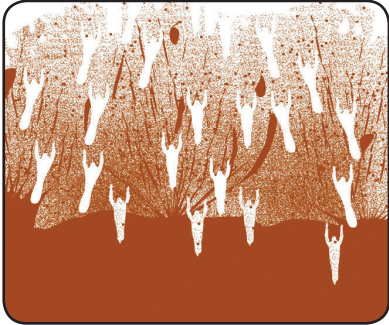

What could be the concealed message to the church, in this mighty vision of the rapture of the dead? First and foremost, it then dawned on me that the Lord had just spoken so mightily to the church in a repeat conversation about the wedding of the Lamb. Secondly, I realized that the Lord had just repeated to me, the same conversation that he had with Daniel, the prophet of the Lord.

Revelation here comes from the warning that the majority have remained under the dust of the earth. This is actually the most important part of this message to the church because the Lord is emphasizing that there is a small remnant that makes it into the rapture, while the majority fails to enter. Coming at such a time when the wedding rings are in the sky, the Lord is cautioning the church that only a holy remnant will be in the rapture.

In the book of Daniel 12:2-3, this is the same conversation the Lord relayed to Daniel. In that scripture, the Lord speaks with the same tone that hints on a remnant-elect. He says that on the material day of the rapture, those who are *wise* will shine like the brightness of the heavens, while those who lead many into righteousness, will shine like the stars forever and ever. It recounts of the fact that on this November 26, 2006, the Lord was essentially declaring to the church of the changing of season. In other words, the Lord is saying to the church that time has come to be *wise* so as to enter the rapture of the church. Notwithstanding human philosophy, if the Lord is announcing to the church that the dispensation to be *wise* beholds, then it is only appropriate that the biblical definition of being *wise* holds The fear of the Lord is the beginning of all wisdom (Proverb 9:10). That means that the church just received a very heavy message from the Lord on November 26, 2006. In that message, God is saying that the season has come for the church to live under the fear of the Lord. And that fear of the Lord can only be attained when the church submits herself under the complete and finally authority of the word of God. Put in other words, the Lord seems to be advancing a question to the church; “Now that the rapture is near, have you lived in the fear of the Lord?”

Furthermore, the scripture says that those who lead many into righteousness will shine like the stars forever and ever. The precepts of this message to the church is that the season has now come for her to lead many of the lost souls into the righteousness of the Lord.

The only way the church can lead many into the righteousness of the Lord, is when she herself walks in the righteousness of the Lord. But for the church to walk in the righteousness of the Lord, and be an influence to the perishing world, she must bear the light of Christ. That tells us that on that November 26, 2006, when the Lord presented the vision on the rapture of the dead, he basically asked the church to be the light of the world. It sounds as though the Lord is asking a question to the church, “Now that the advent of the rapture is nigh, have you led many into the righteousness of the Lord?” These are weighty matters that cannot be mingled with human philosophy and theology that the church has immersed herself into. In

fact, it creates anxiety to know that the Lord can ask such a question at this late hour. That implies that the Lord he has watched the church and realized that she has fallen short of the holiness at this prime time.

It has almost become normal today, to hear of homosexuality in the church and even among the pastors, pregnancies in the worship teams, financial mismanagement, witchcraft, false and lying prophets selling the gospel on television. How can a church with these traits lead the dying world into the righteousness of the Lord? In fact, the Lord is justified in having this conversation with the church, because in her current state the church has essentially led people away from the righteousness of the Lord. The eyes are the mirror of the inside of the body. When the eyes have light they testify of the light inside the body. Likewise, when the eyes are full of darkness then they automatically relay the state of gross darkness that has colonized the inside. If what the perishing world is seeing from the church, is such darkness, then how can they long to enter the gross darkness that resides inside the church. The church needs the help of the Holy Spirit in order that she may be in the rapture.

In the book of John 5:24-28, the Lord still speaks about the same thing, the rapturing of the dead. He says a time has come when the dead in their graves will *hear* the voice of the Son of Man, and those who *hear* will live forever. That implies that not all will *hear* the voice of the archangel and the trumpet of God on the day of the rapture. Considering that the voice of the archangel and the trumpet of God are spiritual, then the Lord is practically enlightening the church that a failure to have her spiritual ears open, will be her demise. Only those that have embrace the Holy Spirit of the Lord, chosen holiness, been transformed into spiritual beings, walking by faith and not by physical sight anymore, whose spiritual ears are open, will *hear* the spiritual voice of the archangel and rapture. The long cherished and highly celebrated day of the rapture is at hand and through

these conversations, the Lord is trying to purify the church.

Separating The Rings

PRESERVED FAITHFULNESS

In the vision of the wedding rings, the Lord allowed me to see how the two wedding rings were initially held together within the casing, and then they had to be broken apart, before being placed at the entrance to heaven that the Almighty opened. There is nothing the Lord speaks about that is not important to the church. And hence, the significance of this breaking of the glorious golden wedding rings in the sky, to the church, as she prepares for the rapture, can be traced in the events surrounding the last supper of the Lord. This last supper, also known as the *holy communion*, plays out as the most central confidence that the Lord imparted onto the church. If in human terms, weddings are a matter of hearts, how much more will it be a matter of the heart to the Lord, who actually died and resurrected to purchase the heart of the church. The fusion of the two wedding rings within the antiquity of the casing, explores the hidden treasure that God cherishes within the holy communion.

This is a fearful revelation to the church, because it talks about the unwavering, and original faithfulness of the bride of Christ from the time of the last supper to the time of the rapture. During the last supper, the Lord Jesus had found his church, and thus developed a pre-rapture covenant with her, through the glass of the drink that is his blood. This is similar to the vowing that two parties go into, pledging commitment to faithfulness, till the day of the wedding. The spiritual wedding of the Lamb of God is by no means a smaller event. It is about trust, confidence and is all centred around and about the heart of the church. Again, it can never be said enough, that the heart is the only thing Jesus ever died for and the only thing he ever asked the church to give to the Lord Almighty in heaven. By making the two wedding rings held together, prior to splitting them apart in the sky, the Lord was signalling to the church on the need to be in spiritual oneness with Christ in order to see the kingdom of God. It is a oneness that calls for the original faithfulness of holiness with which the Lord purchased and redeemed the church. It is for this reason that during the last supper, the Lord Jesus said, “Do this, whenever you drink, in remembrance of me”.

Unfortunately, the church has not kept this covenant of holy faithfulness with the Lord, over the years, thereby implying that she has not remembered the suffering Jesus. The oneness that God is championing through the breaking of the wedding rings, is the righteousness of God that Christ brought into the church so that she may be acceptable to our righteous God in heaven (Ephesians 4:24). Moreover, the wedding rings held together prior to their being broken apart, reveal the overwhelming and eternal power of the blood of Jesus, that whoever he purchases can never drift away from him, for as long they pursue holiness. Furthermore,

the precious ordinance that the Lord left in the church, to observe on a regular basis the commemoration of the last supper, is an affidavit of the constantly renewing power of the blood of Jesus. This implies that God in heaven gave Jesus as an ever-fresh and new gift to man. The feast at the table of holy communion, was intended by the Lord to provide for the soul and never failing satisfaction of joy that is always fresh everytime man communes with God. It is an advanced level of the water baptism which was basically intended for the remission of sin. The wine at the table symbolizes the shedding of the blood for sin, the blood that has efficacy to nourish the void in the soul on a daily basis till the rapture. It is the reason the wedding rings were held together from when they were made, until now that the rapture is about to take place, when they have to be split apart. It is no coincidence that a parallel of this scenario, is the first miracle Jesus performed at the wedding in Cana. At this wedding, the wine of man had run out in the heart of the wedding. When finally Jesus was called upon to provide for wine to keep the feast afloat. The Lord Jesus first and foremost said, his time had not yet come in a statement that was meant to direct the endtime church towards operating under complete guiding authority of the Holy Spirit. This is the only way, the church would fall under the will of God. This also raises the most important issue of the preparation of a new vessel for the new anointing in the rapture church. Even though he has been granted complete authority, Jesus did not allow himself to mix the new wine with the old wine of man that was being consumed prophylactically without control. It must be remembered that for Jesus, this wedding at Cana, symbolized the events of the rapture when he will finally bring the church into the kingdom of God. The old wine that was being consumed at this wedding was the one that comes out of fermentation, and is a wine that spoils. While when Jesus told them to pour water into the jar, he brought forth into the church, a new wine without fermentation. This is the wine that is ever refreshing day in, day out, and never spoils and is able to satisfy the void in the hearts of man. Hence, when the Father presented the two wedding rings that were held together in the sky, and broke them apart, he practically symbolized the ever refreshing, and renewing power in the cup of the wine, the wine that was celebrated at last supper, the same wine that will be celebrated during the wedding supper of the Lamb of God. This wine is the blood of Jesus.

The casing of the wedding rings, treasures the wedding of the Lamb of God, because the Lord uses this to give advice to the church on the importance of preserving jealousy that which was won at Calvary. And the placing of the empty casing on the left hand side at the entrance of heaven in the sky, prefigures the empty shell that the earth will be, after the church is taken away. That means that after the rapture, not only will darkness cover the earth, but also emptiness will consume the entire earth.

Golden Clock In The Sky

PREPARE *itis* 11:59PM!

By Dr. OWUOR

Vision Of The Golden Clock In The Sky:

TIME FAST RUNNING OUT!

The novelty of the remarks that our Lord Jesus made prior to his departure, when he said that he was going to the Father's house to prepare a place for the church, have never become so real like they do now. The Lord knew that at this point, he was now elevating the church upon a wider stage, at which she would cease to be only earthly, but also possessing a heavenly inheritance. Notwithstanding, the humiliation and bitter rejection, of taking upon himself our fallen nature, the Lord Jesus still expressed his deep-seated passion for the church to ultimately enter the *rapture*. He promised to come back for the church himself and in person, in his splendour.

The events of the May 03, 2007, when in a mighty visitation, the Lord once more spoke to me about the *rapture*, express a greater commitment and faithfulness that the Lord has towards his church. It was on this May 03, 2007, at about 5:38am, when in a mighty vision of the Lord, God the Father showed me the dark night sky. In that vision, as I continued looking at the dark night sky, seeing dark clouds as they passed by, then all of a sudden heaven opened into the sky. When he had opened heaven into the sky, he afforded me a rare, spectacular and breathtaking glimpse of the glory of the Lord inside heaven. It is at this threshold that the Lord abruptly lowered a precious golden clock into the sky. He placed this heavenly golden clock right at the entrance to heaven thereby fully covering the entrance. When I looked at the golden clock in the sky, in this vision, I realized that it was showing one-minute to midnight, a state that greatly shocked and stunned me. In this state of perplexity in the vision, when I further noticed that not only was it 11:59pm, but also the second hand was running so fast, I greatly panicked. This panic created a state of anxiety and fear in my heart because I realized that any moment now it is going to be midnight. When the second hand had made its rotations, and it was time to strike the midnight hour, it became a huge writing across the sky. This writing was in two semi-circles, one above the other. And when I carefully looked at the writing, I saw that the upper one wrote, "JESUS OF NAZARETH" while the lower one read, "IS COMING". In other words, the clock that was one

minute to midnight, when it came to the dying 00:00 hour, it converted to a writing that said, "JESUS OF NAZARETH IS COMING". This writing across the sky appeared more like an inscription of a seal,

more or less like a rubber stamp on the sky. And then the voice of the Lord coming from my right-hand side said, "Go tell this people to repent and prepare the way for the coming of the Lord."

What is the message that the Lord is trying to convey to the church of Christ, in the four ends of the earth? Firstly, scripture is very clear that no one knows the date, day and not even the hour, when the wedding of the Lamb of God will take place except the Lord God, the Father of our Lord Jesus in heaven (Matthew 24:36). Therefore, this clock that was lowered from heaven into the sky, must be the clock of God the Father in Heaven. It is the secret clock in his heart. And, for God to finally give a glittering glimpse of the face of the clock that sits in the throneroom, it becomes the greatest expression of direct love to the church of Christ.

Secondly, everytime it is 11:59pm, the implication is, that the old day is gone and the new day has come. This therefore, means that the God of heaven is alerting the church of Christ, on the fact that the old day is gone and the new day has arrived. To better understand what God is telling the church, at this 11:59pm, it is imperative that the church examines the events that surrounded Israel when God prepared them for the midnight hour. However, what caught my attention in this conversation with God Almighty, is that the writing across the sky did not say JESUS OF NAZARETH IS COMING SOON but said JESUS OF NAZARETH IS COMING. The absence of the word *soon*, connotes the fact that there is no more contemplation on the coming of the Lord but that heaven has decided he must now come.

Since the new day has come for the church, then it is only fair to

say that the church must now wear the character of the new day. To understand it better, today's church of Christ must learn from the lesson of Israel. The events of Israel's exodus from Egypt, marked a turning point for Israel. That means the Lord is telling the church that the turning point of her life has arrived. God's people Israel, were leaving their lives of slavery and gaining new lives of responsibility and freedom. To this end, the Lord Almighty is telling the church that time has come for her to get out of the irresponsibility of her past christianity and take full responsibility over her life if she is to enter the rapture. Moreover, just like Israel lived in Egypt where many gods were being worshipped, so is the church today, living in a spiritual Egypt with many gods being worshipped around and about her. When Israel lived in Egypt she mingled with the Egyptian traditions and gods to the point that it became very difficult to even identify her as sons of Jacob. The same thing has

happened to the church today in that she has so much mingled with the Egyptian gods of this world to the point of loss of identity. The world and the church seem to be one and the same thing now. Regardless of what measuring yard one may use, the church and the world will today give the same measurements. The sexual sin in the world is also prevalent in the church. The love of money of the world is fully established in the church. The lies of the world are found in the church. So when God gave Israel a notice to prepare for the midnight hour, it was a notice of change of identity. This is the same notice the Lord is giving the church today by placing the clock of God in the sky.

It is important to recognise that God is saying to the church, that there is the possibility of her building a new life that is markedly different from the one she had in the old day. This building of a new life can be executed to an extent that the church will be able to declare a new phase and season in her life. Such a declaration of newness can provide a new sense of identity and can be a healthy boundary line that can set the church apart from her past. This setting of boundary between the church and her past worldly life is what constitutes living a separated life for Christ. It is incredible what a short time she has left within which to reform conduct. At such a point in their history, the Israelites were declaring such a boundary line. This became their turning point from which they walked out of slavery. And by placing the clock of God that is 11:59pm, the Lord Almighty, on that May 03, 2007, literally commanded the church to hit a turning point in her life. This is the turning away from compromise with sin, essentially God pointed her in the

direction of **REPENTANCE**. This is the process that Amos the prophet of the Lord, referred to when he said on that day the Lord would return to rebuild David's fallen tent. It is the process of spiritual renewal that the church has been overdue in the church. It is the endtime restoration of the Church, but lo! What a short time within which to restore. Therefore, by placing the clock in the sky, the Lord Almighty spoke so much to the church of Christ that is looking forward to the rapture of the church.

In Egypt, those who trusted God's promise and put the blood of the sacrificial lamb on their doorposts were spared from judgment. Accordingly, the Lord is telling the church through this visitation, that the time has come to ensure that all are covered by the Blood of the Perfect Passover Lamb, Jesus. The church therefore becomes a brand new creation when she willingly allows herself to go through spiritual renewal and restoration. It is the process that gets rid of the old yeast (I Cor 5:7). Interesting enough, in preparing Israel for the midnight hour, the Lord commanded that they eat bread without yeast. That is the bible the true bread of life that came from our Lord Jesus. In which case, the Lord is telling the church leadership to feed the sheep from the word of God from the bible.

Part of the instruction of God regarding the necessary preparation to encounter the dreadful midnight hour, was that the lamb of sacrifice not eaten raw, nor should it be boiled, but roasted over fire. This the Lord intended for them, that when they roast the lamb he would receive the fragrance and be pleased with them for the atonement of their sins. Likewise, since the God of Israel is the same God that the church is serving, then, it would be advisable to learn from Israel on how they escaped judgement. God is using this example of Israel to emphasize to the church, that at 11:59pm worship becomes central. That the fragrance of worship in Christ Jesus must reach God in heaven so that he may deliver the church from the upcoming post-rapture tribulation.

But the manner in which they were to eat the fragrant roasted lamb, leaves a lot to be desired. Jehovah instructed Israel at the critical brinks of the midnight hour, to eat the lamb in readiness, with cloaks tucked under their belts, their sandals on their feet, and their staff on their hand, and to eat it hastily, in a very mighty eating anticipating that any moment now, something big will take place. In the same way, on that May 03, 2007, the Lord handed down a mighty instruction to the church that she should now do all things in a haste. These include purifying her worship, receiving the Holy Spirit and walking as the light of the world in order to draw many of the perishing to Christ.

How about the bitter herbs that Israel was instructed to eat as the midnight hour drew closer? The Lord is saying that this bitter herb coupled with the hardened hearts of the Egyptians, represents the bitter rejection that the church would go through at this eleventh-hour because the days are evil. It is alright to be rejected for the sake of a holy living in anticipation of the rapture.

Nowhere does the revelation of the clock that the Lord presented in the sky, come out deeper than in the parable of the five foolish

and five wise virgins. It is spell-binding to notice that as the two groups of virgins went out with their lamps to wait for the coming of the Messiah, they became *drowsy* and *sleepy* because in their perception the Lord was a long time in coming. It is just incredible to realize that that is the same position that the church today finds herself. The church for sometime now has based her argument on some empty whimsical notions directed at sensationalizing human feelings, when she says that the Lord is long time in coming. Today's church parallels the virgins because, she became drowsy and even fell asleep the very reason by which the enemy was able to enter into the house and sow the weed among the wheat. This weed seed in the church today include homosexuality, lesbianism, democracy, feminism, post-modernism, immorality, witchcraft, idolatry, human kingdoms, human glory, among other weeds. It is astounding to realize that by placing the 11:59pm clock, God spoke very heavy to the church. In other words, he told the church to stop being drowsy and sleepy, because time had come for her to wake up and be watchful. Together with prayer, watchfulness is a noble command that Jesus gave the church at the garden of Gethsemane so that she may not fall into temptation (Mark 14:38-41).

Nevertheless, according to the parable, only the wise virgins entered into the wedding of the Lamb. And that practically shifts the equilibrium in the church because God is using the 11:59pm clock to caution the church that the season has finally arrived to be wise. The season to be wise brings with it the fear of the Lord. The foolish and perishing despise the word of God, a description that marks the five foolish virgins at the midnight hour. The wisdom of God, can only come from the Holy Spirit of God and this is the reason why the five wise virgins carried a jar of oil. Olive oil symbolizes the Holy Spirit of God and hence, provided them with the wisdom of God when the midnight hour was nigh. Certainly, in this vision of the Lord, he is instructing the church to make sure that she receives the Holy Spirit of God as the only way to enter into the wedding of the Lamb. When God placed the clock in the sky on May 03, 2007, he surely loved the church.

The midnight hour is also the hour of great felicitation and jubilation in heaven and so the Lord is telling the church to be of good cheers despite the rejection from the world. Biblical scripture makes a powerful presentation about the midnight hour as the most momentous occasion when all the heavenly hosts will jubilate over the bride of Christ having put on the wedding gown. Therefore, God is telling the church through the heavenly clock, that she must now wear, nothing else, but the glorious wedding gown (Rev. 19:6-9).

The midnight hour is near, this is voice that is crying out in the wilderness, prepare the way, the King is coming.

GLOBAL REVIVAL OF REPENTANCE BEGINS FROM KENYA

Advocates of revivalism have for some time now, spoken with passion about the advent of a global revival. However, this call has always fallen short of defining the

has been a daunting task to pinpoint with accuracy, what nation or even continent would champion the course. This has been the secret of the Holy Spirit for sometime until

But underneath all this was the irrefutable fact that God Almighty had manifested a loveliness of disposition towards the nation of Kenya. That things spoken in Kenya

Tanzania among others.

The gospel of repentance has uniquely been empowered and driven by a very powerful Holy Ghost revelation on the rapture of the church. This has included the revelation of November 01, 2006 in which the Lord God revealed to His servant Dr Owuor, two golden wedding rings in the sky. Furthermore, the Lord has also spoken with Dr. Owuor on the proximity of the wedding of the Lamb, in order that he may sound an awakening to the nations of the earth. These and other revelation have placed this repentance revival into a whole new calibre. To the amazement of all, the repentance and holiness revival has had one common unchangeable denominator, that the coming of the Lord is nigh, and hence the need to prepare the way in righteousness and holiness (Isaiah 40:1-5).

This is the critical junction that theologians and theorists could not navigate because endtime revival as prophesied in the bible would have to go beyond a text book phenomenon in theology, but an anointed restoration of the altar of the Lord. And that God himself would

the fullness of the time when such a revival would simply explode in a manner that render human wisdom completely incapable.

When the Lord sent Dr. Owuor to awaken the church of Christ in Kenya, to a historic spiritual reformation, most people laughed

would come to pass, affecting the large number of lives across the globe is a matter that cannot be taken lightly. It became the beginning of the realization that the Lord may have marked the land of Kenya to fulfil the scripture in Isaiah 19:19. As repentance revival exploded across Kenya, accompanied by the mighty outpouring of the Holy Spirit, the church of Christ realized that she was sitting at the dawn of a new dispensation.

This new dispensation would have to be characterized by every biblical prophecy that has foretold it. Such prophecy indeed includes the enormous latter harvest that would manifest in the church and the release of the spirit of the Lord in the latter glory, through a portal that would be opened in the last of days. The fact that all of a sudden the mighty outpouring of the Holy Spirit became synonymous with repentance in Kenya, did not auger well with the pundits of revivalism, and the custodians of the *status quo* in church leadership. Radical spiritual changes in the church in the way of transformation and restoration has always been viewed by the old guard as insecurity of tenure. No wonder, in some circles revival of the church has been regarded as spiritual uprising.

The fact that repentance meetings started becoming very popular among the Christians, to the extent that in some places, the gatherings attracted more than 1 million people, did not make matters any better to the church establishment. Occasioned by the conviction of the Holy Spirit, at times more than 1 million people received the Lord in some meetings and vowed to adhere to a life of holiness. This, coupled with the fact that at times people stayed in the stadia for 3 straight days and nights of worship, measured upto the expectation of endtime revival. It is at this point, that repentance revival began to spread from Kenya, as Dr. Owuor took the gospel into Asia, India, Pakistan, Indonesia; South America, Uruguay and Argentina; Europe, Germany and the entire continent; Mexico, Uganda and

specific threshold of such revival, and the springboard from which such revival would be launched. It became more complicated to map out the path of endtime revival because it is common consensus

for they could not understand how the African continent could be of such utility to the Lord in these last days. A continent that has been plagued with lagging behind on all fronts, did not fit the description of a revival springboard. However, the insistence of Dr. Owuor on having communed with John the Baptist, may have raised a few eyebrows but largely ignored as inconsequential awaiting human approval.

In the simple garb of a servant of God, Dr. Owuor astonished many when from this land of Kenya, Africa, he began to prophesy humongous events with global repercussions, such as the first Asian Tsunami, the deadly Hurricane Katrina, the historic Pakistani earthquake, the record-breaking Russian quake, the mighty Iranian quake among others. When these prophesies and others not mentioned here came to pass, it became apparent that they changed the global course of events.

country that Dr. Owuor is invited to, he can be heard howling out on the need to return to the holiness of the Lord. The rebuking of all sin has hence become his main domain, an

have to speak into that revival for it to hold. Principally, this kind of radical restoration of the church must be Holy Spirit driven, thereby being perpetuated by the holiness of the church. No wonder, in every

aspect that has not earned him much popularity from neither the heathen nor also the religious and traditional christians. But to get into every country and prophesy earthquakes is one aspect that may not earn one much popularity anyhow. This revival of repentance is surely a purification of the church in order to perfection the spiritual bride of Christ.
